Item 8.01 Other Events.

On September 5, 2017, MRC Global Inc. (the Company) issued a press release announcing that it is launching an effort to refinance in full the Company's \$414 million in outstanding principal amount of senior secured term loans under its existing term loan B, scheduled to mature in November 2019. As part of this effort, the Company will seek to enter into a new, seven-year senior secured \$400 million term loan B credit facility. In addition, the Company intends to amend its existing asset based lending (ABL) facility to extend the maturity to 2022 and size the new ABL facility at \$800 million. The Company expects to use proceeds of such a new term loan facility, together with a draw under the company's ABL facility, to repay in full all indebtedness outstanding under the existing term loan facility.

Although the Company is seeking to enter into a new term loan and new ABL facility, there can be no assurance that the Company will actually enter into a new term loan or new ABL facility, or what the ultimate terms of such new facilities will be. The Company's ability to enter into these new facilities and use the proceeds thereof depends on, among other things, market conditions, reaching final agreement with lenders and the approval of the Company's board of directors. A copy of the press release is attached as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.
