**CAUTIONARY NOTE TO UNITED STATES INVESTORS CONCERNING
ESTIMATES OF MEASURED, INDICATED AND INFERRED MINERAL RESOURCES**

All resource estimates incorporated by reference in this annual report on Form 40-F (this "Annual Report") have been prepared in accordance with Canadian National Instrument 43-101 and the Canadian Institute of Mining and Metallurgy Classification System. These standards differ significantly from the requirements of the Securities and Exchange Commission (the "SEC"), and resource information incorporated by reference herein may not be comparable to similar information concerning U.S. companies.

Without limiting the foregoing, this Annual Report uses the terms "measured", "indicated" and "inferred" resources. United States investors are advised that, while such terms are recognized and required by Canadian securities laws, the SEC does not recognize them. Under United States standards, mineralization may not be classified as a "reserve" unless the determination has been made that the mineralization could be economically and legally produced or extracted at the time the reserve determination is made. United States investors are cautioned not to assume that all or any part of measured or indicated resources will ever be converted into reserves. Further, "inferred resources" have a great amount of uncertainty as to their existence and as to whether they can be mined legally or economically. It cannot be assumed that all or any part of the "inferred resources" will ever be upgraded to a higher category. Therefore, United States investors are also cautioned not to assume that all or any part of the inferred resources exist, or that they can be mined legally or economically. Accordingly, information concerning descriptions of mineralization and resources contained in this Annual Report may not be comparable to information made public by United States companies subject to the reporting and disclosure requirements of the SEC.

CAUTIONARY NOTE ON FORWARD LOOKING STATEMENTS

Certain statements included in this Annual Report and the exhibits hereto are forward-looking statements, which are made pursuant to the "safe harbor" provisions of the United States Private Securities Litigation Reform Act of 1995. They include estimates and statements that describe the Registrant's future plans, objectives and goals, including words to the effect that the Registrant or management expects a stated condition or result to occur. Wherever possible, words such as "anticipate", "may", "will", "expect", "believe", "plan" and other similar expressions have been used to identify these forward-looking statements. These statements reflect management's beliefs and are based on information currently available to the Registrant's management. Forward-looking statements involve significant risks, uncertainties and assumptions. Although the Registrant believes that these statements are based on reasonable assumptions, a number of factors could cause the actual results, performance or achievements of the Registrant to be materially different from future results, performance or achievements expressed or implied by such forward-looking statements. For a comprehensive review of risk factors, please refer to the section entitled "Risk Factors" in the Registrant's Annual Information Form and the section entitled "Risks and Uncertainties" in the Registrant's Management's Discussion and Analysis of Financial Condition and Results of Operations, each included in this Annual Report. The Registrant disclaims any obligation to update or revise any forward-looking statements to reflect new events or circumstances, except as required by law. Readers are cautioned not to put undue reliance on these forward-looking statements.

A. Disclosure Controls and Procedures

Disclosure controls and procedures are defined by the SEC as those controls and other procedures that are designed to ensure that information required to be disclosed by the Registrant in reports filed or submitted by it under the Exchange Act, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms.

The Registrant's Chief Executive Officer and Chief Financial Officer have evaluated the Registrant's disclosure controls and procedures as of the end of the period covered by this Annual Report and have determined that such disclosure controls and procedures were effective. See "Management's Discussion and Analysis of Financial Condition and Results of Operations - Disclosure Controls and Procedures," included in Exhibit 1.2 to this Annual Report.

B. Management's Annual Report on Internal Control Over Financial Reporting

D. Changes in Internal Control Over Financial Reporting

The SEC has indicated that the designation of a person as an audit committee financial expert does not make such person an "expert" for any purpose, impose any duties, obligations or liability on such person that are greater than those imposed on members of the audit committee and the board of directors who do not carry this designation or affect the duties, obligations or liability of any other member of the audit committee or board of directors.

G. Code of Ethics

The Registrant has adopted a code of ethics, entitled "Policies and Procedures Manual Code of Conduct," that applies to all directors, officers and employees. The Registrant's code of ethics can be viewed on its website at http://www.corriente.com/corporate/corporate_corp_governance.php.

Such services included: the auditing of certain tax information; review of certain internal financial models of the Registrant; and audit fees associated with the Arrangement. No services for other than reported in the preceding four paragraphs were performed or required for the fiscal year ended December 31, 2006.

L. Critical Accounting Policies

See "Management's Discussion and Analysis of Financial Condition and Results of Operations - Accounting Estimates, Policies and Standards," included in Exhibit 1.2 to this Annual Report.

M. AMEX Exemption

In connection with the Registrant's initial application to list its common shares on AMEX in 2006, the Registrant requested, and was granted, a waiver, pursuant to the first paragraph of Section 110 of the AMEX Company Guide, from the quorum requirement set forth in Section 123 of the AMEX Company Guide. The exemption was granted on the basis that the Registrant's existing quorum requirement complies with Canadian law and is consistent with Canadian business practices. Under the Registrant's bylaws, the quorum requirement for the transaction of business at a meeting of shareholders is a minimum of two persons who are, or who represent by proxy, shareholders who, in the aggregate, hold at least 5% of the issued shares entitled to be voted at the meeting. The Registrant's quorum requirements are not prohibited by the requirements of the *Business Corporations Act* (British Columbia) and the Registrant intends to continue to comply with the requirements of the *Business Corporations Act* (British Columbia).
