PROXY STATEMENT

**For the Annual Meeting of Shareholders
to be held on April 3, 2013**

GENERAL INFORMATION

The enclosed proxy is solicited by the Board of Directors (the Board or Board of Directors) of Photronics, Inc. (the Company), to be voted at the Annual Meeting of Shareholders to be held on April 3, 2013 at 9:30 a.m. Eastern Time at the offices of KelleyDrye and Warren, 101 Park Avenue, Main Room, 27th floor, New York, NY 10178, or any adjournments or postponements thereof (the Annual Meeting). This proxy statement and the enclosed proxy card are first being sent or given to shareholders on or about February 22, 2013. Our Annual Report on Form 10-K for the fiscal year ended October 28, 2012, as filed with the Securities and Exchange Commission (SEC) is included in the Annual Report to Shareholders being made available to our shareholders with this proxy statement.

The persons named as proxies on the accompanying proxy card have informed the Company of their intention, if no contrary instructions are given, to vote the shares of the Company s common stock (Common Stock) represented by such proxies FOR Proposals 1, 2, and 3, and at their discretion on any other matters which may come before the Annual Meeting. The Board of Directors does not know of any business to be brought before the Annual Meeting other than as set forth in the Notice of Annual Meeting of Shareholders.

Any shareholder who executes and delivers a proxy may revoke it at any time prior to its use upon (a) receipt by the Secretary of the Company of written notice of such revocation; (b) receipt by the Secretary of the Company of a properly executed proxy bearing a later date; or (c) appearance by the shareholder at the Annual Meeting and his or her request to revoke the proxy. Any such notice or proxy should be sent to Photronics, Inc., 15 Secor Road, Brookfield, Connecticut 06804, Attention: Secretary. Appearance at the Annual Meeting without a request to revoke a proxy will not revoke a previously executed and delivered proxy.

QUORUM; REQUIRED VOTES

Only shareholders of record at the close of business on February 13, 2013, are entitled to notice of and to vote at the Annual Meeting. As of February 13, 2013, there were 60,748,455 shares of Common Stock issued and outstanding, each of which is entitled to one vote. At the Annual Meeting, the presence in person or by proxy of the holders of a majority of the total number of shares of outstanding Common Stock will be necessary to constitute a quorum. Assuming a quorum is present, the matters to come before the Annual Meeting that are listed in the Notice of Annual Meeting of Shareholders require the following votes to be approved: (1) Proposal 1 (Election of Directors) a plurality of the votes cast by the shareholders entitled to vote at the Annual Meeting is required to elect 6 members of the Board of Directors; (2) Proposal 2 (Ratification of Selection of Independent Registered Public Accounting Firm for the Fiscal Year Ending November 3, 2013) a majority of the votes cast by the shareholders entitled to vote at the Annual Meeting is required to ratify the selection of Deloitte & Touche LLP; (3) Proposal 3 (Executive Compensation) a majority of the votes cast by the shareholders entitled to vote at the Annual Meeting is required to approve the non-binding resolution approving the compensation of the named executive officers as described in the Compensation Discussion and Analysis and the narrative disclosure as included in this proxy statement. Abstentions will be considered as present but will not be considered as votes in favor of any matter; broker non-votes will not be considered as present for the matter as to which the shares are not voted.

Neither the approval nor the disapproval of Proposal 3 will be binding on the Company or the Board of Directors nor will it be construed as overruling a decision by the Company or the Board of Directors. Neither the approval nor the disapproval of Proposal 3 will create or imply any change to our fiduciary duties or create or imply any additional fiduciary duties for the Company or the Board of Directors. However, the Company will consider the results of these advisory votes in making future decisions on the Company's compensation policies, and the compensation of the Company's named executive officers.

Pursuant to the rules that govern brokers and nominees who have record ownership of shares that are held in street name for account holders (who are the beneficial owners of the shares), brokers and nominees typically have the discretion to vote such shares on routine matters, but not on non-routine matters. If a broker or nominee has not received voting instructions from an account holder and does not have discretionary authority to vote shares on a particular item because it is a non-routine matter, a broker-non-vote occurs. Under the rules governing brokers, an uncontested director election is considered a non-routine matter for which brokers do not have discretionary authority to vote shares held by an account holder. Additionally, as required by Section 957 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act), advisory votes on executive compensation and on the frequency of such votes are also considered non-routine matters for which brokers do not have discretionary authority to vote shares held by account holders. Only the ratification of our independent registered public accounting firm under Proposal 2 is considered a routine matter.

Shareholders who hold their shares through a broker (in street name) must provide specific instructions to their brokers as to how to vote their shares, in the manner prescribed by their broker.

CORPORATE GOVERNANCE AND ETHICS

Photronics is committed to the values of effective corporate governance and high ethical standards. Our Board believes that these values are conducive to long-term performance and periodically reevaluates our policies to ensure they meet the Company's needs. Set forth below are a few of the corporate governance practices and policies that we have adopted.

- **Related Party Transaction Policy.** Our Audit Committee is responsible for approving transactions involving the Company and related parties and determining if such transactions are, or are not, consistent with the best interests of the Company and our shareholders.
- **Executive Sessions.** The Company's Board of Directors' meetings regularly include executive sessions without the presence of management, including the Chairman and Chief Executive Officer.
- **Shareholders Rights Plan Policy.** The Company does not have a shareholders rights plan and is not currently considering adopting one. The Board of Directors' position is that it will only adopt a shareholders' rights plan if the Board of Directors determines that it is in the best interests of the Company, taking into consideration all factors that it deems advisable and appropriate.

BOARD OF DIRECTORS POLICIES AND COMMITTEE CHARTERS

The Company has adopted a code of ethics and a corporate governance policy to assist the Board and its committees in the exercise of their responsibilities. The code of ethics and corporate governance policies apply generally to the Board and the Company's named executive officers. Each of the Board committees has a written charter that sets forth the goals and responsibilities of the committee. The charters can be found on the Company's website at www.photronics.com.

The number of directors on our Board will be no less than three nor more than fifteen members. Currently the Board has fixed the number of directors at six members. The Board is responsible for nominating members to the Board and for filling vacancies on the Board that may occur between annual meetings of shareholders, in each case upon the recommendation of the Nominating Committee. The Nominating Committee seeks input from other Board members and senior management and may engage a search firm to identify and evaluate potential candidates. The Board and each of the committees of the Board conduct annual self-assessments to determine their effectiveness. Additionally, each committee reviews the adequacy of its charter annually and considers any proposed changes.

The Board of Directors believes that the current Board leadership structure, in which the roles of Chairman and Chief Executive Officer are held by one person, is appropriate for the Company and its shareholders at this time. The current Board leadership structure is believed to be appropriate because it demonstrates to our employees, suppliers, customers, and other shareholders that the Company is under strong leadership, with a single person who sets the tone and has primary responsibility for managing the Company's operations. Having a single leader for both the Company and the Board reduces the potential for confusion or duplication of efforts, and provides clear leadership for the Company.

The Board will continue to reexamine our corporate governance policies and leadership structure on an ongoing basis to ensure that they continue to meet the Company's needs.

The Board of Directors has joined Corporate Board member to attend Board seminars and continuing education programs.

THE BOARD OF DIRECTOR'S ROLE IN RISK OVERSIGHT AND ASSESSMENT

The Company has a risk management program overseen by senior management and approved by the Board of Directors. Risks are identified and prioritized by senior management and each prioritized risk is assigned to either a Board committee or the full Board for oversight. For example, strategic risks are overseen by the full Board; financial and business conduct risks are overseen by the Audit Committee or the full Board; risks arising from related party transactions are overseen by the Audit Committee and compensation risks are overseen by the Compensation Committee. Management regularly reports on enterprise risks to the relevant committee or the full Board. Additional review or reporting on enterprise risk is conducted as needed or as requested by the Board or relevant committee.

COMPENSATION RELATED RISK

The Company regularly assesses the risks related to our compensation programs, including our executive compensation programs and does not believe that the risks arising from our compensation policies and practices are reasonably likely to have a material adverse effect on the Company. Incentive award targets and opportunities are reviewed annually allowing the Compensation Committee to maintain an appropriate balance between rewarding high performance without encouraging excessive risk taking.

These members of management assist the Committee in understanding the Company's business plan and long term strategic direction, developing the performance targets for our performance-based compensation and understanding the technical or regulatory considerations. Although the Committee solicits input and perspective from management regarding executive compensation, the ultimate decision on executive compensation is made solely by the Compensation Committee. The decision regarding the Chief Executive Officer's compensation is made by the Compensation Committee without the presence of the Chief Executive Officer. Messrs. If an opening for a Director arises, the Board will conduct a search for qualified candidates. The Nominating Committee utilizes its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Nominating Committee will also consider qualified candidates for Director suggested by shareholders in written submissions to Photronics, Inc., 15 Secor Road, Brookfield, Connecticut 06804, Attention: Secretary. The Nominating Committee also considers the diversity of backgrounds and expertise represented in the Board's composition and whether a nominee is qualified to serve may depend in part on the backgrounds of the other directors, so that the Board of Directors as a whole has an appropriate mix of backgrounds and breadth of experience. The Nominating Committee reviews its effectiveness in balancing these considerations through its ongoing consideration of directors and nominees, as well as its annual self-evaluation process. The Nominating Committee evaluates candidates in the same manner, whether the candidate was recommended by a shareholder or not.

The Nominating Committee has not received any recommendations for nomination of a Director from a shareholder for this meeting.

The Audit Committee operates under a written charter adopted by the Board of Directors of the Company. The Audit Committee also undertakes a written performance evaluation on an annual basis.

The Audit Committee held 11 meetings during the 2012 fiscal year. For the fiscal year ended October 28, 2012, the Audit Committee reviewed and discussed the audited financial statements with management, discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (communication with Audit Committees) as amended, as adopted by the Public Company Accounting Oversight Board ("PCAOB") in Rule 3200T. In addition, the Audit Committee has received the written disclosures and the letter from Deloitte & Touche LLP required by the applicable requirement of the PCAOB regarding Deloitte & Touche LLP's communication with the Audit Committee concerning independence and has discussed with Deloitte & Touche LLP that firm's independence from the Company and its management. The Audit Committee reviewed and discussed with management and the independent auditors, as appropriate, (1) the audited financial statements and (2) management's report on internal control over financial reporting and (3) the independent accounting firm's related opinions. The Committee considered whether the provision of non-audit services by Deloitte & Touche LLP to the Company is compatible with maintaining the independence of Deloitte & Touche LLP and concluded that the independence of Deloitte & Touche LLP was not compromised by the provision of such services. The Audit Committee met with management periodically during the fiscal year to review the Company's Sarbanes-Oxley Section 404 compliance efforts related to internal controls over financial reporting. Additionally, the Audit Committee pre-approved all audit and non-audit services provided to the Company by Deloitte & Touche LLP. Based on the foregoing meetings, reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements for fiscal year 2012 be included in the Company's Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

In 2003, the Audit Committee adopted a formal complaint procedure for accounting and auditing matters and violations of Company policies.

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee of the Board of Directors (the Compensation Committee) was established in 1992 and is comprised of two of the independent, non-employee members of the Board of Directors. Neither of these individuals was an officer or employee of the Company at any time during fiscal year 2012 or at any other time, and neither of them has interlocking relationships as described in Item 407 of Regulation S-K. The Compensation Committee is responsible for setting and administering the policies governing compensation of our executive officers. The Compensation Committee reviews and approves, among other things, the overall annual performances of the Named Executive Officers as well as those of all participants in the Company's 2011 Executive Incentive Compensation Plan (2011 EICP). The Compensation Committee periodically reviews its approach to executive compensation and makes changes when appropriate. Entering 2012 the Company was cautious of the general economic conditions of the semiconductor industry and was focused on controlling costs and improving its financial position. While overall revenue was down in fiscal 2012, the Company did see an increase in high-end IC photomask revenues which demonstrated the continued success of our strategy and strength of our technology. During the fiscal 2012 year, the Company improved on its lean and flexible business model which allowed the Company to invest in high-end capability to gain market share while sustaining profitability during a general industry downturn.

Compensation Philosophy

The Company's compensation philosophy is that rewarding the Company's executives for their collective efforts and contributions to the Company, in a manner that fosters teamwork and leads to the long-term success of the Company, is in the best interests of its shareholders. The Company also believes that delivering a substantial portion of such rewards in the form of stock or stock options, aligns the interest of the Company's executives with the interests of shareholders. The Company's compensation program is designed to attract and retain talented employees by providing adequate incentives to achieve the Company's business objectives, while not encouraging excessively risky behavior.

Compensation Objectives

Consistent with the Company's philosophy, the Company believes that executive compensation must be competitive with other comparable employers to insure that qualified employees can be attracted, motivated, rewarded and retained and that the Company's compensation practices should provide incentives for driving business performance and creating a return to the Company's shareholders. Accordingly, the four primary objectives of the Company's compensation program, as administered by the Compensation Committee are:

- to provide competitive compensation to attract and retain talented employees;
- to advance the goals of the Company by aligning executive compensation with shareholder interests;
- to minimize risks associated with compensation; and
- to balance the incentives associated with the program in a way that provides incentives for executives to assess and manage risks associated with the Company's business appropriately in the context of the Company's business strategy.

Elements of Compensation

The Compensation Committee uses three components to achieve the Company's primary objectives: base salary, annual cash incentives and stock-based awards and believes that these components of the Company's compensation result in a compensation program that is competitive and aligns the Named Executive Officer's interests with shareholder value creation.

Base salaries provide each executive with a fixed, minimum level of cash compensation. The Company believes that it is important for retention, stability and continuity of leadership, that base salaries be competitive with the Company's peers. Base salaries may be increased or decreased depending upon changes in duties or economic conditions. The base salary of the highest paid executive of the Company, its Chief Executive Officer, was approximately 39% of his total compensation in 2012.

Annual cash incentives are used to promote the achievement of specific short-term goals of the Company that correspond to performance goals of the Company set on an annual basis and the underlying metrics relating thereto. Since the achievement of the annual cash incentives is determined by Company performance, and the percentage of salary awarded as annual cash incentives for 2012 was the same for all Named Executive Officers, the Company believes that such awards foster teamwork among the Named Executive Officers to meet the Company's short-term objective goals. Approximately 6% of the Named Executive Officers' compensation in 2012 consisted of annual cash incentives.

Stock-based awards are the Company's preferred approach to align the interests of shareholders with the executives in addition to enhancing the Company's retention goals. By virtue of the stock-based awards, the Named Executive Officers are shareholders themselves and participate in the gains in value of the Company's stock. Approximately 31% of the Named Executive Officers' (excluding the Chief Executive Officer) compensation in 2012 consisted of stock-based compensation.

Executive Officers**

Determination of Total Compensation

When determining total compensation, the Compensation Committee assesses five primary factors:

- the overall performance of the Company;
- the Named Executive Officer's role in that performance;
- the compensation previously received by the Named Executive Officer;
- the compensation of similarly situated executive officers working for peer group companies; and
- shareholder feedback.

When linking the Company's performance and the total compensation of the Named Executive Officers, the Compensation Committee uses both the objective metrics provided for under the 2011 EICP as well as its subjective assessment of the performance of the Company in the context of general economic and industry trends.

When the Compensation Committee evaluates the role of each Named Executive Officer in the performance of the Company, it uses both the recommendation and evaluation of such Named Executive Officer by the Chief Executive Officer (the Chief Executive Officer does not evaluate his own performance) and the Compensation Committee's assessment of each Named Executive Officer's leadership qualities, paying particular attention to the scope of his or her duties and the level of collaboration with his or her peers.

In establishing compensation levels for the Named Executive Officers of the Company, presented in the Summary Compensation Table, the Compensation Committee considers compensation at fifteen publicly traded companies in the semiconductor/electronics industries with similar levels of sales and capital. These companies are Advanced Energy Industries, Inc., ATMI, Inc., Axcelis Technologies, Inc., Brooks Automation, Inc., Cabot Microelectronics Corp., Credence Systems Corp., Entegris, Inc., FEI Co, Kulicke & Soffa Industries, Inc., MEMC Electronic Materials, Inc., Novellus Systems, Inc., Varian Semiconductor Equipment Associates, Inc., and Veeco Instruments, Inc. The Compensation Committee adjusts executive compensation in connection with this review. Generally, the Compensation Committee believes that the compensation of its executive officers should be set near the median compensation of this comparison group; however it is also important to the Compensation Committee that compensation reflect individual performance and that may warrant compensation up to 20% above or below the median.

In addition, while establishing its compensation policies for a given year, the Compensation Committee will evaluate the results from the most recent shareholder advisory vote on compensation to consider the implications of such advisory vote for the compensation policies and determine whether changes are appropriate. At the 2012 Annual Shareholders Meeting 88% of the votes cast with respect to the advisory vote on executive compensation voted to overwhelmingly approve the compensation paid in fiscal 2011 to the Named Executive Officers listed in the Summary Compensation Table below. In light of this vote, the Compensation Committee determined that no significant change in its compensation policies would be made. The Compensation Committee will continue to consider the results from this year's and future shareholder advisory votes regarding executive compensation.

In connection with concerns raised by our shareholders, in March of 2012, the Compensation Committee reached agreement with each of the Named Executive Officers to remove the excise tax gross up provision from each of their employment agreements. During fiscal 2012, management did not receive any other feedback about executive compensation to report to the Compensation Committee.

The Compensation Committee does not use tally sheets.

Base Salary

The Compensation Committee evaluates and establishes base salary levels in light of economic conditions (generally and in the regions where executives work) and in comparison to other similarly situated companies. Base salary is designed to recognize an executive's knowledge, skills, abilities, level of responsibility and ongoing performance. The Compensation Committee targets base salary for all executives to be at a level consistent with our assessment of their value relative to their peers in the labor market, while also taking into account our need to maintain costs in light of business conditions and the challenging economic times. Any recommendations for salary changes (other than the Chief Executive Officer) are made by the Chief Executive Officer and presented to the Compensation Committee for approval.

Base salaries remained unchanged from fiscal year 2011 to fiscal year 2012, with the exception of the base salaries of Mr. Smith and Ms. Burr. Mr. Smith's salary was increased in fiscal year 2012 from \$360,000 to \$375,000, to make Mr. Smith's salary competitive with other similarly situated chief financial officers. Ms. Burr's salary was increased in fiscal year 2012 from \$205,000 to \$225,000 to make Ms. Burr's salary competitive with other similarly situated general counsels.

Base salaries remained unchanged from fiscal year 2012 to fiscal year 2013, with the exception of the base salary of Dr. Progler whose salary was increased in fiscal year 2013 from \$285,000 to \$300,000, because of the strategic planning initiatives he undertook in 2012, technology initiatives he implemented on behalf of the Company and to make Dr. Progler's salary competitive with other similarly situated chief technology officers.

Annual Incentives

During the 2011 Annual Meeting, our shareholders approved the 2011 EICP. Participation in the 2011 EICP is limited to key employees of the Company as designated by the Compensation Committee. The 2011 EICP is administered by the Compensation Committee which has full power and authority to determine which key employees of the Company receive awards under the 2011 EICP, to set performance goals and bonus targets for each fiscal year, to interpret and construe the terms of the 2011 EICP and to make all determinations it deems necessary in its administration, including any determination with respect to the achievement of performance goals and the application of such achievement to the bonus targets. The 2011 EICP sets out quantitative and qualitative categories of business criteria upon which performance goals are based. The business criteria measures within each category may be assigned different weightings based upon their relative degree of importance as determined by the Compensation Committee.

In the quantitative category one or more of the following business criteria may be used as performance measures: (i) net sales, (ii) operating income, (iii) net income, (iv) earnings per share of common stock, (v) net cash flows provided by operating activities, (vi) net increase in working capital, (vii) return on invested capital, (viii) return on equity and/or (ix) debt reduction. In the qualitative category, the business criteria relates to objective individual performance, taking into account individual goals and objectives. The performance goals with respect to each category of business criteria are established by the Compensation Committee within ninety days of the commencement of each fiscal year. In addition, within ninety days of the commencement of the fiscal year, a performance threshold for each performance goal is established with respect to each participant, representing the minimum level of achievement that the participant must attain in order to receive a bonus under the 2011 EICP. Annual bonus targets are either expressed as a percentage of current salary or a fixed monetary amount with respect to each category of business criteria applied. At the end of each fiscal year for which a bonus may be earned, the Compensation Committee determines each participant's level of achievement of the established performance goals. Consistent with the relevant provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act, the Company will clawback, or adjust if the relevant performance measures that awards are based upon are restated or otherwise adjusted in a manner that would reduce the size of the award or payment. The Compensation Committee may amend or terminate the 2011 EICP at any time provided that no amendment will be effective prior to approval of the Company's shareholders to the extent such approval is required to preserve deductibility of compensation paid pursuant to the 2011 EICP under Section 162(m) of the Internal Revenue Code or otherwise required by law.

Since the 2011 EICP was adopted by our shareholders halfway through our fiscal 2011 year, we did not use the 2011 EICP for bonuses in 2011. The 2011 EICP was initially used in 2012. Since the Compensation Committee met to determine the metrics for 2012 more than ninety days of the commencement of the fiscal year, the metrics used only relate to the Company's performance for the third and fourth fiscal quarters of 2012.

The Compensation Committee met in March 2012 and established four metrics to be used for a cash bonus for fiscal year 2012. The Compensation Committee determined that successful achievement of all four metrics would result in each Named Executive Officer being eligible for a maximum potential bonus of 20% of base salary. The four metrics that were used and our performance against such targets were:

Operating Metric	<u>Target</u> Based on full year performance	<u>Prorated</u> Second Half 2012 Target	<u>Second Half 2012 Actual</u> Performance
Operating margin percentage(1)	5%	5%	10%
Minimum EBITDA(2)	\$125 million	\$62.5 million	\$66 million
Minimum free cash flow(3)	\$40 million	\$20 million	\$37 million
Incremental operating leverage(4)	45%	45%	(-)(5)

- (1) Operating margin percentage is operating income, excluding one-time items, divided by sales.
- (2) Minimum EBITDA, as defined in our credit agreement, is GAAP net income plus interest expense, income tax expense, depreciation and amortization, and plus (less) special items as defined.
- (3) Minimum free cash flow is EBITDA less non-financed cash capital expenditures.
- (4) Incremental operating leverage is the increase in operating income, excluding one-time items, divided by the increase in sales.
- (5) Revenue decreased in the second half of fiscal 2012 and in the full year fiscal 2012 so there was no incremental operating leverage. Each of the four metrics was given equal weight of 5% each. In December of 2012, the Compensation Committee met and reviewed the metrics established in March 2012 and determined that based on the Company's performance in the third and fourth quarters of fiscal 2012 three out of the four metrics were met. The Company did not achieve the incremental operating leverage for the third and fourth quarters. Although the Company achieved three of its four metrics, and therefore the Named Executive Officers were eligible for a cash incentive equal to 15% of their respective salaries, the Compensation Committee determined that given that the Company's revenue decreased in fiscal year 2012 in comparison to fiscal year 2011, the Compensation Committee used its negative discretion to award each Named Executive Officer a cash bonus equal to 10% of base salary under the 2011 EICP.

Based on the determination of the Compensation Committee, the Named Executive Officers received the following cash bonuses in December 2012:

Constantine Macricostas	\$60,000
Dr. Soo Hong Jeong	\$47,500
Sean T. Smith	\$37,500
Dr. Peter S. Kirlin	\$32,000
Dr. Christopher J. Progler	\$28,500

The Compensation Committee met in January of 2013 and established metrics that will be used under the 2011 EICP for fiscal 2013.

The metrics to be used for fiscal 2013 are operating margin percentage, market share gain, minimum free cash flow, annualized revenue per employee and achievement of strategic milestones. Each metric will be equally weighted. The maximum payout upon attainment of targets for 2013 for the Named Executive Officers with the exception of the CEO is 25% of the applicable Named Executive Officer's base salary. The Chief Executive Officers maximum

payout is 40% of base salary. The Compensation Committee may reduce any maximum amount payable to any Named Executive Officer in its sole discretion. In order for the Named Executive Officers to be eligible for a cash bonus for fiscal 2013, the Company must meet at least two of the metrics.

Long Term Equity Incentives

The Company's long term incentive program uses restricted stock and stock option awards. The plans allow for the grant of stock options and restricted stock awards to directors and executive officers of the Company, as well as, other employees of the Company.

The Compensation Committee believes that the grant of stock options and restricted stock awards provides a strong link between executive compensation and shareholder return, aligning the long term interests of its executives with those of the Company's shareholders and thereby promoting strategic planning while minimizing excessive risk.

In March of 2007, the Company adopted a Long Term Equity Incentive Plan (LTEIP). In April of 2010, the LTEIP was amended to increase the number of shares available for issuance under the plan from 3 million to 6 million and the amount of restricted stock allowed to be issued thereunder from 10% to 15% of the total shares issued cumulatively. The LTEIP permits the grant of stock options, restricted stock, stock appreciation rights, performance shares and performance units as well as restricted stock units and other equity-based awards. The granting of equity awards under the LTEIP generally occurs every December at the Company's Board of Directors meeting. Grants to executive officers under the LTEIP are based on job responsibilities and their potential for positively impacting the Company's overall performance. When determining grant amounts, the Compensation Committee exercises judgment and discretion, generally using a sliding scale approach and also considers previous stock award grants in order to align generally with its overall compensation philosophy. For example, the Compensation Committee may consider reducing grants in a particular year, in which a Named Executive Officer has large realizable gains from stock award grants in previous years. To date, the Company has generally provided restricted stock awards and stock options to the executive officers pursuant to the terms of the LTEIP.

The annual option granting process generally begins with the Compensation Committee providing direction to the Chief Executive Officer as to the total number of shares available for grant in that year to Named Executive Officers other than himself. The Chief Executive Officer then provides individual grant recommendations to the Compensation Committee (except for his own) for review and approval. The Chief Executive Officer's recommendation is a subjective evaluation of the Named Executive Officers' contribution to the Company's future success, the level of incentive compensation previously received as well as the market price of the Company's common stock on the date of grant. The Compensation Committee considers the aggregate number of shares available, the number of shares previously awarded and the number of individuals to whom the Company wishes to grant stock options or restricted stock awards. The Compensation Committee reserves the right to consider the factors it considers relevant under the circumstances then prevailing in reaching its determination regarding the amount of each stock option and/or restricted stock award.

Options awards typically vest 25% per year beginning one year after the grant date, with full vesting on the fourth anniversary of the grant date. The options expire ten years after the grant date, unless the employee separates earlier from the Company, at which point the options expire 30 days after separation. The exercise price is equal to the fair market value of our common stock on the date of grant.

Restricted stock awards typically vest 25% per year beginning one year after the grant date, with full vesting on the fourth anniversary of the grant date. Any shares not fully vested on the date the employee separates from the Company are forfeited.

The Chief Executive Officer's grant is determined by the Compensation Committee at its sole discretion, based on the Compensation Committee's evaluation of the Chief Executive Officer's expected contribution to the Company's future success, the level of incentive compensation previously awarded, the overall performance of the Company, a review of the Chief Executive Officer's peer group compensation as well as the market price of the Company's common stock on the date of grant.

Based on the determination of the Compensation Committee, the Named Executive Officers received the following grants in December 2012:

	<u>Stock Options</u>	<u>Restricted Stock</u>
Constantine Macricostas	60,000	20,000
Dr. Soo Hong Jeong	40,000	14,000
Sean T. Smith	37,500	13,500
Dr. Peter S. Kirlin	33,000	11,000
Dr. Christopher J. Proglor	30,000	10,000

The stock options were granted with an exercise price of \$5.46 and will expire on December 7, 2022. The shares of restricted stock will vest quarterly over the next four years. The awards were made in December 2012 were based on the individual performance of the Named Executive Officer during fiscal 2012 and were also awarded.

In fiscal year 2013, the Compensation Committee will consider granting performance-based long-term equity awards instead of time based equity awards.

Health and Welfare and Retirement Benefits

The Named Executive Officers participate in a variety of health and welfare and paid time off benefits designed to allow the Company to retain its workforce. With the exception of the benefits described below for Dr. Jeong, the benefits program enjoyed by the Company's Named Executive Officers is the same as that offered to all other domestic employees.

The Company does not have a defined benefit pension plan or supplemental retirement plan. However, the Company does have a Profit Sharing and Saving Plan (the Plan). The Plan is a 401(k) compliant plan which enables participating employees to make contributions from their earnings and share in the contributions the Company makes to a trust fund maintained by the trustee. All employees are eligible to participate in the Plan except for nonresident aliens with no United States earned income from the Company and temporary employees or interns. The minimum amount that an employee can contribute is 1% and the maximum amount is 50% of his or her salary. In fiscal year 2012, the Company provided a matching contribution based on the contributions that participating employees made to the Plan. Participating employees received a matching contribution of 50% of the first 4% of their contribution to the Plan.

Dr. Jeong is entitled to participate in the PKL employee benefit plans and arrangements as may be established from time to time in Korea (which may include, without limitation, medical plan, dental plan, disability plan, basic life insurance and business travel accident insurance plan, as well as the Company's bonus plan(s), and stock award plans or any successor plans thereto). The Company and PKL have the right to terminate or change any such plans or programs at any time. Upon termination of Dr. Jeong's employment with PKL, Dr. Jeong will receive a lump sum payment of U.S. \$108,000 multiplied by the total number of years that Dr. Jeong was employed by PKL (including years prior to the date of this Agreement). The sum of \$108,000 is fixed and is not subject to escalation or increase based upon any bonus or salary increase that Dr. Jeong may receive during the term of his agreement.

Employment Agreements

In order to retain the Named Executive Officers and retain continuity of management in the event of an actual or threatened change of control, the Company has entered into employment agreements with each of the Named Executive Officers except for Mr. Macricostas. Each agreement covers title, duties and responsibilities and stipulates compensation terms. Each employment agreement also sets forth the severance benefits due in the event of a change

in control or termination without cause. These employment agreements are described below under the caption Certain Agreements. The estimate of the compensation that would be payable in the event of a change in control or termination without cause is described below under the caption Potential Payments Upon Termination or Change in Control. The Compensation Committee believes that these agreements are a competitive advantage to attract and retain highly qualified executive officers. Before authorizing the Company to enter into the employment agreements with the Named Executive Officers, the Compensation Committee analyzed each of the termination and change in control agreements and determined that each agreement was advisable and appropriate under the circumstances of the Company and given the circumstances of each of the individual Named Executive Officers. The Compensation Committee will review these arrangements again upon the renewal of each employment agreement. Mr. Macricostas does not have an employment agreement but does have a consulting agreement with the Company. However, the consulting agreement has been suspended for the period of time that Mr. Macricostas is an employee of the Company. Mr. Macricostas became an employee of the Company on November 10, 2008.

Tax and Accounting Impact on Compensation

Financial reporting and income tax consequences to the Company of individual compensation elements are important considerations for the Compensation Committee when it is analyzing the overall level of compensation and the mix of compensation. Overall, the Compensation Committee seeks to balance its objective of ensuring an effective compensation package for the Named Executive Officers while attempting to ensure the deductibility of such compensation while ensuring an appropriate and transparent impact on reported earnings and other closely followed financial measures.

Section 162(m) of the Internal Revenue Code limits the amount of compensation paid to each Named Executive Officer that may be deducted by the Company to \$1 million in any year. There is an exception to the \$1 million limitation for performance-based compensation that meets certain requirements. Historically, the compensation paid to our executive officers has not exceeded this limit. To the extent that it is practicable and consistent with the Company's executive compensation philosophy, the Company intends to design its executive officer compensation policy to ensure the deductibility of such compensation under Section 162(m). However if it is determined not to be in the best interest of stockholders, the Compensation Committee will abide by its compensation philosophy even if it results in a loss of deductibility.

COMPENSATION COMMITTEE REPORT

The Compensation Committee, comprised of independent directors, reviewed and discussed the above Compensation Discussion and Analysis (CD&A) with the Company's management. Based upon the review and discussions, the Compensation Committee recommended to the Company's Board of Directors that the CD&A be included in this Proxy Statement.

Respectfully submitted,

Walter M. Fiederowicz, Chairman
Joseph A. Fiorita, Jr.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Dr. Jeong, Dr. Kirlin, Dr. Progler and Mr. Smith are subject to employment agreements with the Company that provide for severance payments in the event of termination by the Company without cause, termination upon a change of control or resignation by such Named Executive Officer with good reason. The employment agreements are further described above under the caption Certain Agreements .

Mr. Macricostas does not have an employment agreement with the Company and, therefore, is not contractually entitled to severance payments in the event of termination by the Company without cause, termination upon a change of control or resignation with good reason. The table below was prepared as if the Named Executive Officers employment was terminated as of October 26, 2012, the last business day of our 2012 fiscal year and, if applicable, a change of control occurred on that date. The table also utilizes the closing share price of Photronics Common Stock on October 26, 2012.

(1) Assumes no bonus will be paid as part of the severance payment. The calculation was based on base salary for fiscal 2012.

(2) Assumes a payment of \$1,400 per month for COBRA premiums for 12 months.

(3) The value of options assumes all outstanding option awards that are in the money and as of October 28, 2012, were immediately vested upon the change of control, regardless of whether termination of employment, for any reason has occurred, as provided under the Company's stock incentive plans. The amount is calculated by multiplying the amount of options granted by the closing price on the date of grant and then deducting that number from the number of options granted multiplied by the closing share price on October 26, 2012. The closing price on the date of grant was \$3.27 for the award granted on August 20, 2008, \$0.76 for the award granted on November 10, 2008, \$4.42 for the award granted on December 21, 2009, \$6.71 for the award granted on December 10, 2010 and \$6.32 for the award granted on December 9, 2011. The closing share price on October 26, 2012 was \$4.83.

- (4) The value of restricted stock assumes all outstanding awards as of October 28, 2012, were immediately vested upon the change of control, regardless of whether termination of employment, for any reason has occurred, as provided under the Company's stock incentive plans. In the case of restricted stock the value is based on the number of outstanding shares that would not ordinarily have vested on October 26, 2012, multiplied by \$4.83, the applicable closing share price on that date.
- (5) The amount set forth above does not include the severance payment of \$108,000 multiplied by the number of years that Dr. Jeong was employed by PKL.

At the meeting of the Board of Directors held in December 2012, the Compensation Committee recommended to the Board the compensation to be paid to the Board for fiscal 2013. The Board, after considering this recommendation, then establishes the annual compensation for the directors. In making its recommendation, the Committee reviews a competitive assessment of the directors' compensation with that of the compensation peer group and reviews each element of director compensation including the annual retainer, the committee chair retainer, meeting fees and equity awards to determine whether the amount is competitive and reasonable for the services provided by the directors. We provide higher annual retainers for service as the Chair(s) of the Audit and Compensation Committee and members of the Executive Committee as consideration for the additional work required by those positions. We do not pay a committee chair retainer to the Chairman of the Board of Directors for service as Chair of any committee. We believe that providing part of the directors' annual retainer compensation in the form of equity rather than cash serves to align the interests of our directors with those of our shareholders, as they become shareholders themselves.

PROPOSAL 2
RATIFICATION OF THE SELECTION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected Deloitte & Touche LLP (D&T), independent registered public accounting firm, to audit the consolidated financial statements of the Company and its subsidiaries for the fiscal year ending November 3, 2013. We are asking you to ratify this selection at the meeting.

A representative of D&T will attend the meeting to answer appropriate questions and may make a statement.

Approval of this proposal to ratify the appointment of D&T requires a majority of the votes cast by the shareholders entitled to vote at the Annual Meeting.

The Board of Directors recommends that you vote FOR this proposal to ratify the selection of D&T as independent auditors for Photronics, Inc. and its subsidiaries for the fiscal year ending November 3, 2013.

PROPOSAL 3
TO APPROVE, BY NON-BINDING VOTE, THE COMPENSATION OF OUR NAMED
EXECUTIVE OFFICERS

Pursuant to the Dodd-Frank Act, we are asking our shareholders to provide advisory approval of the compensation of our Named Executive Officers, as we have described it in the Compensation Discussion and Analysis section of this proxy statement beginning on page 12. While this vote is advisory, and not binding on the Company, it will provide information to our Compensation Committee regarding investor sentiment about our executive compensation philosophy, policies and practices which the Compensation Committee will be able to consider when determining executive compensation for the remainder of fiscal year 2013 and beyond. For the reasons stated below, we are requesting your approval of the following non-binding resolution:

RESOLVED, that the compensation paid to the Company s Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED.

The compensation of our Named Executive Officers and our compensation philosophy policies are comprehensively described in the Compensation Discussion and Analysis, and its accompanying tables (including all footnotes).

The Compensation Committee designs our compensation policies for our Named Executive Officers to create executive compensation arrangements that are competitive, align pay with creating shareholder value and balance compensation risk appropriately in the context of the Company s business strategy. Based on its review of the total compensation of our Named Executive Officers for fiscal year 2012, the Compensation Committee believes that the total compensation for each of the Named Executive Officers is reasonable and effectively achieves the designed objectives of driving Company performance, attracting, retaining and motivating our people, aligning our executives with shareholders long-term interests and discouraging excessive risk taking.

Neither the approval nor the disapproval of this resolution will be binding on us or the Board of Directors or will be construed as overruling a decision by us or the Board of Directors. Neither the approval nor the disapproval of this resolution will create or imply any change to our fiduciary duties or create or imply any additional fiduciary duties for us or the Board of Directors.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR APPROVING THE
COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company has an operating policy the purpose of which is to ensure that contracts with entities in which any director, officer or other member of management or any immediate family member of any insider or 5% or greater shareholder has a financial interest are, competitively priced and commercially reasonable. Under the policy, any such contract must be reviewed and approved in advance by the Audit Committee. To the extent that anyone on the Audit Committee is the person with a financial interest, the Chief Executive Officer and Chief Financial Officer of the Company will obtain independent assessment of the commercial reasonableness of the contract as considered necessary.

The Company believes that the terms of the transactions described below with affiliated persons were negotiated at arm's length and were no less favorable to the Company than the Company could have obtained from non-affiliated parties.

The Company is a party to a long-term service contract entered into in 2002 pursuant to which it outsources the administration of its global wide area network and related communication services to RagingWire Enterprise Solutions, Inc. (RagingWire), a supplier of secure data center facilities and managed information technology services, located in Sacramento, California. Constantine Macricostas is a founder, majority shareholder and the Vice Chairman of the Board of Directors of RagingWire, and his son, George Macricostas is the Chairman of the Board, Chief Executive Officer and President and founder of RagingWire. The decision to pursue an outsourced solution to satisfy the Company's network and communication needs was made by our management, and we obtained bids from and reviewed the service offerings of six other global and regional vendors before RagingWire was selected as the most favorably priced solution for its service offerings. During the 2012 fiscal year, the Company incurred expenses of \$1.8 million for services provided to the Company by RagingWire. As of October 28, 2012, the Company had contracted with this service provider through June 2015 for a cost of approximately \$3.6 million.

Dr. Soo Hong Jeong, President and Chief Operating Officer Asia, who also serves as the Chairman, Chief Executive Officer and President of the Company's majority held subsidiary in Korea, PK Ltd. (PKL) is also a significant shareholder of S&S Tech which serves as a supplier of photomask blanks to the Company. In fiscal 2012, the Company purchased \$20.1 million of photomask blanks from S&S Tech of which \$4.2 million was owed to S&S Tech as of October 28, 2012.

We have engaged The Proxy Advisory Group, LLC[®], to assist us with the solicitation of proxies and provide related advice and informational support, for which they will receive a services fee and the reimbursement of customary disbursements both of which are not expected to exceed \$10,000 in the aggregate. In addition to solicitations by mail, The Proxy Advisory Group, LLC and certain of our officers may solicit proxies by telephone, email and personal interviews without additional remuneration. We will request brokers, custodians and fiduciaries to forward proxy solicitation material to the owners of shares of our common stock that they hold in their names. We will reimburse banks and brokers for their reasonable out-of-pocket expenses incurred in connection with the distribution of our proxy materials.

As of the date of this proxy statement, the Board of Directors knows of no matters which will be presented for consideration at the Annual Meeting of Shareholders other than the proposals set forth in this Proxy Statement. If any other matters properly come before the Annual Meeting of Shareholders the persons named in the proxy will act in respect thereof in accordance with their best judgment.

In addition, for shareholder proposals to be presented at the 2014 Annual Meeting of Shareholders without inclusion in the Company's proxy statement for that year, notice of such proposal must be received by the Company no later than January 8, 2014 to prevent the Company from being able to exercise its discretionary voting authority with respect to that proposal (subject to the rights of the Company and the proponent contained in the federal proxy rules). Proposals may be mailed to Photronics, Inc. to the attention of the Secretary, 15 Secor Road, Brookfield, Connecticut 06804.

SOLICITATION OF PROXIES AND COSTS THEREOF

This proxy solicitation is being made by the Board of Directors of the Company and the cost of such solicitation of proxies will be borne by the Company.
