## Edgar Filing: RESEARCH FRONTIERS INC - Form 8-K

### Item 7.01 Regulation FD Disclosure

**Woodbury, NY, May 20, 2015** Electronically Dimmable Windows (EDWs) using patented SPD-Smart light-control technology invented by Research Frontiers, and supplied by InspecTech Aero Service, have been selected as standard equipment on the King Air C90GTx, the King Air 250, and the King Air 350i. Visitors to the European Business Aviation Convention and Exhibition (EBACE) in Geneva this week can experience these state-of-the art EDWs on the King Air 250 being exhibited there by Beechcraft.

SPD-Smart EDW systems use Research Frontiers patented SPD-Smart light-control film technology as the foundation that delivers unprecedented benefits to all aircraft passengers. At the touch of a button, passengers can instantly and precisely control the amount of daylight and glare coming through their window. They continue to enjoy views while maintaining a comfortable level of daylight, by tinting their SPD-Smart EDW to any desired level. SPD-Smart EDWs also feature thermal and acoustic insulation, further improving the passenger experience by contributing to a cooler, quieter cabin.

Details are noted in the press release attached as Exhibit 99.1 to this Current Report on Form 8-K and incorporated herein by reference. This press release is also available on the Company's website at [www.SmartGlass.com](http://www.SmartGlass.com) and at various other places on the internet.

This report and the press releases referred to herein may include statements that may constitute "forward-looking" statements as referenced in the Private Securities Litigation Reform Act of 1995. Those statements usually contain words such as "believe", "estimate", "project", "intend", "expect", or similar expressions. Any forward-looking statements are made by the Company in good faith, pursuant to the safe-harbor provisions of the Act. These forward-looking statements reflect management's current views and projections regarding economic conditions, industry environments and Company performance. Factors, which could significantly change results, include but are not limited to: sales performance, expense levels, competitive activity, interest rates, changes in the Company's financial condition and several business factors. Additional information regarding these and other factors may be included in the Company's quarterly 10-Q and 10K filings and other public documents, copies of which are available from the Company on request. By making these forward-looking statements, the Company undertakes no obligation to update these statements for revisions or changes after the date of this report.

The information in this Form 8-K or the press release reproduced herein shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, nor shall they be deemed incorporated by reference in any filing under the Securities Act of 1933, except as shall be expressly set forth by specific reference in such filing.
