Location of Annual Meeting

The annual meeting will be held at The Country Club of Rochester, located at 2935 East Avenue, Rochester, New York 14610. Our telephone number is (585) 352-7777.

Mail Date of Proxy Materials

We are first mailing these proxy solicitation materials to shareholders on or about July 27, 2017.

Record Date and Shares Outstanding

Each holder of shares of our common stock at the close of business on July 19, 2017, the record date for the annual meeting, is entitled to notice of and to vote at the annual meeting. We have one class of shares outstanding, designated common stock, \$0.50 par value per share. As of the record date, there were 7,128,294 shares of our common stock issued and outstanding.

Quorum

A quorum is required for shareholders to conduct business at the annual meeting. According to our code of regulations, the holders of a majority of the issued and outstanding shares of our common stock present in person or by proxy at the meeting will constitute a quorum.

Vote Required

The table below shows the vote required to approve each of the proposals described in this proxy statement, assuming the presence of a quorum, in person or by proxy, at the annual meeting.

Proposal	Description	Vote Required
One	Election of three directors	Plurality of the votes duly cast at the annual meeting
Two	To approve, on an advisory basis, the compensation of our named executive officers	Majority of the votes duly cast at the annual meeting ⁽¹⁾
Three	To ratify the selection of Freed Maxick CPAs, P.C. as our independent registered public accounting firm for the fiscal year ending March 31, 2018	Majority of the votes duly cast at the annual meeting ⁽²⁾

Table of Contents

- (1) The result of the advisory vote to approve the compensation of our named executive officers is not binding on our board of directors or our compensation committee. However, our board and our compensation committee value the opinions expressed by our shareholders in their vote on this proposal and will consider the outcome of this vote when making future compensation decisions regarding our named executive officers.
- (2) We are presenting the selection of Freed Maxick CPAs, P.C. as our independent registered public accounting firm to our shareholders for ratification. The audit committee will consider the outcome of this vote when selecting our independent registered public accounting firm for subsequent fiscal years.

Recommendations of our Board of Directors

Our board of directors recommends that shareholders vote their shares:

FOR the three director nominees named in this proxy statement;

FOR the proposal to approve, on an advisory basis, the compensation of our named executive officers; and

FOR the ratification of the selection of Freed Maxick CPAs, P.C. as our independent registered public accounting firm for the fiscal year ending March 31, 2018.

Voting

Each shareholder is entitled to one vote for each share of common stock held as of the record date. Most of our shareholders hold their shares through a broker or other financial institution rather than directly in their own name. If your shares are registered in your name with our transfer agent, you are considered the shareholder of record of these shares, and we are making these proxy materials available directly to you. As a shareholder of record, you may vote your shares either by signing, dating, and returning your proxy or by attending the annual meeting and voting in person. If your shares are held through a broker or other financial institution, you are considered the beneficial owner of shares held in street name, and your broker or other financial institution is making these proxy materials available to you together with a voting instruction form. As the beneficial owner, you have the right to direct your broker on how to vote your shares. You are also invited to attend the annual meeting and vote in person.

If we receive a properly executed and dated proxy in time to be voted at the annual meeting, the shares represented by the proxy will be voted in accordance with the instructions given in the proxy. A properly executed proxy without specific voting instructions marked on it will be voted:

FOR the three director nominees named in this proxy statement;

FOR the proposal to approve, on an advisory basis, the compensation of our named executive officers; and

FOR the ratification of the selection of Freed Maxick CPAs, P.C. as our independent registered public accounting firm for the fiscal year ending March 31, 2018.

The named proxies may also vote a properly executed proxy without voting instructions marked on it for such other business as may properly come before the annual meeting or at any adjournment or postponement of the meeting.

Beneficial owners will receive voting instructions from their broker or other financial institution. Please note, however, that if your shares are held by a broker or other financial institution and you wish to vote in person at the annual meeting, you must bring to the annual meeting a legal proxy from the broker or other financial institution that gives you the right to vote your shares in person.

Table of Contents

Effect of Not Casting Your Vote and Broker Non-Votes

If you hold your shares in street name and you do not provide your broker with specific voting instructions, or if you do not obtain a legal proxy that gives you the right to vote the shares in person at the annual meeting, your broker is not permitted to, and will not, vote your shares on your behalf, and your shares will not be counted on the proposal to elect directors and the advisory vote on executive compensation, both of which are non-routine proposals. Your broker has discretionary authority to vote your uninstructed shares to ratify the selection of our independent registered public accounting firm, which is a routine proposal. Uninstructed shares with respect to which your broker does not have discretionary authority are known as broker non-votes.

We count shares subject to broker non-votes for the purpose of determining the presence of a quorum but do not count them for the purpose of the number of shares voting in the election of directors or the advisory vote on executive compensation. Thus, broker non-votes will have no effect on the outcome of these proposals.

If you are a shareholder of record and you do not cast your vote, in person or by proxy, no votes will be cast on your behalf on any of the items of business at the annual meeting.

Effect of Abstentions

An abstention represents a shareholder's affirmative choice to decline to vote on a proposal other than the election of directors. Shares that abstain from voting on a proposal are counted for the purpose of determining the presence of a quorum but are not considered votes duly cast for a proposal. Thus, abstentions will have no effect on the outcome of the vote on the proposals requiring the approval of a plurality or a majority of votes cast, because abstentions are not counted as votes duly cast.

Revocability of Proxies

You may change your vote by revoking your proxy at any time before it is voted at the annual meeting in one of three ways:

submit a signed proxy card with a later date;

notify our corporate secretary in writing before the annual meeting that you are revoking your proxy; or

attend the annual meeting and vote in person.

Solicitation of Proxies

Our board of directors is soliciting proxies for use at the annual meeting, and we will bear the cost of the proxy solicitation. In addition to solicitation by mail, our directors, officers and employees may solicit proxies personally, by telephone or other telecommunication. We will not compensate any of these persons for soliciting proxies on our behalf. We will reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. In addition, we have retained Regan & Associates, Inc., a professional solicitation firm, which will assist us in delivering these proxy materials and soliciting proxies for a fee of approximately \$7,000.

**PROPOSAL ONE:
ELECTION OF DIRECTORS**

Our code of regulations currently provides for a classified board of directors consisting of three classes of directors, each serving staggered three-year terms. As a result, only a portion of our board of directors is elected each year.

The term of three of our directors, Messrs. Harrison, Haseley and Smith, will expire at this year's annual meeting.

Based on the recommendation of the corporate governance and nominating committee, we have nominated Richard J. Harrison, Gary J. Haseley and John T. Smith, each to serve for a three-year term expiring in 2020.

The board of directors recommends that you vote FOR the election of each of Messrs. Harrison, Haseley and Smith.

Unless authority to vote for one of the nominees is specifically withheld according to the instructions on your proxy card, proxies will be voted FOR the election of Messrs. Harrison, Haseley and Smith.

We do not contemplate that any of the nominees will be unable to serve as a director, but if that contingency should occur prior to the voting of the proxies, the persons named in the enclosed proxy reserve the right to vote for such substitute nominee or nominees as they, in their discretion, determine, provided that proxies cannot be voted for a greater number of persons than the number of nominees named in this proxy statement.

The Securities and Exchange Commission's rules require us to briefly discuss the particular experience, qualifications, attributes or skills that led our board of directors to conclude that each director or nominee for director should serve on our board of directors. We have provided this discussion in a separate paragraph immediately below the biographical information of each director.

**PROPOSAL TWO:
TO APPROVE, ON AN ADVISORY BASIS, THE COMPENSATION OF
OUR NAMED EXECUTIVE OFFICERS**

Section 14A of the Securities Exchange Act of 1934, as amended, requires us to provide our shareholders with the opportunity to vote to approve, on an advisory basis, the compensation of our named executive officers (referred to as a "say-on-pay" vote). We first provided our shareholders with this opportunity at our 2013 annual meeting, at which time our shareholders expressed a preference for this vote to occur on an annual basis, as recommended by our board of directors. Our board of directors subsequently adopted this preference, and we are providing our shareholders with a say-on-pay vote this year.

The primary goal of our compensation program is to align the interests of our named executive officers with those of our shareholders to achieve long-term growth. As detailed in the Compensation Overview section of this proxy statement, our objectives with respect to executive compensation are to attract, motivate, and retain talented executive officers, promote the achievement of key business objectives and drive growth in corporate earnings by linking annual cash and long-term cash and equity incentives to the achievement of measurable corporate and, in some cases, individual performance goals, align the incentives of our executives with the creation of value for our shareholders, foster teamwork, support our core values, and contribute to our long-term success. To achieve these objectives, our compensation committee, in conjunction with a third-party compensation consultant, when appropriate, reviews and evaluates our executive compensation program. In addition, our executive compensation program ties a substantial portion of each executive's overall compensation to attainment of key business and operational goals. The Executive Compensation section of this proxy statement, including the Compensation Overview, describes in detail our executive compensation program and the decisions made by our compensation committee.

We are asking our shareholders to indicate their support and approval for our named executive officer compensation as described in the Executive Compensation section of this proxy statement. We believe that our compensation program for our named executive officers is designed to create value for our shareholders over the long term and appropriately aligns pay with performance.

For the reasons summarized above, and as discussed in more detail in the Executive Compensation section of this proxy statement, our board of directors is asking our shareholders to vote for the following advisory resolution:

RESOLVED, that the compensation paid to the company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Overview, compensation tables, and related narrative discussion is hereby approved.

The say-on-pay vote is advisory, and therefore it is not binding on our compensation committee or our board of directors. Nevertheless, our board of directors and our compensation committee value the opinions expressed by shareholders in their vote on this proposal and will consider the outcome of the vote in deciding whether to take any action as a result of the vote and when making future compensation decisions for our named executive officers.

The board of directors recommends that you vote FOR the proposal to approve, on an advisory basis, the compensation of our named executive officers.

**PROPOSAL THREE:
RATIFICATION OF SELECTION OF

The audit committee has selected Freed Maxick CPAs, P.C. as our independent registered public accounting firm for the fiscal year ending March 31, 2018. This selection is being presented to our shareholders for ratification at the annual meeting. The audit committee will consider the outcome of this vote in its future discussions regarding the selection of our independent registered public accounting firm.

We have been advised by Freed Maxick CPAs, P.C. that a representative will be present at the annual meeting and will be available to respond to appropriate questions. We intend to give such representative an opportunity to make a statement if he or she should so desire.

The board of directors recommends that you vote FOR the proposal to ratify the selection of Freed Maxick CPAs, P.C. as our independent registered public accounting firm for the fiscal year ending March 31, 2018.

The audit committee assists the board of directors in overseeing the company's accounting and financial reporting processes, financial statement audits and internal controls. The specific duties and responsibilities of the audit committee are set forth in the audit committee charter, which is available on our website, transcat.com, under the heading "Investor Relations" and the subheading "Corporate Governance."

The audit committee has:

CORPORATE GOVERNANCE

Board Meetings

The board of directors held five meetings during fiscal year 2017. Each director then in office attended at least 75% of the total of board meetings and meetings of board committees on which he or she served.

Director Independence

The board of directors has determined that Mr. Harrison, Mr. Haseley, Mr. Moore, Ms. Panzarella, Mr. Resnick, Mr. Sassano, and Mr. Smith are each independent under the independence standards of the Nasdaq Stock Market.

Executive Sessions

During fiscal year 2017, our independent directors met in regularly scheduled executive sessions, without management present, as required by the listing standards of the Nasdaq Stock Market. Mr. Sassano presided over the executive sessions of the independent directors.

Board Leadership Structure

The board of directors separates the roles of chief executive officer and chairman, based on the board's belief that corporate governance of the company is most effective when these positions are not held by the same person. The board recognizes the differences between the two roles and believes that separating them allows each person to focus on his individual responsibilities. Under this leadership structure, our chief executive officer can focus his attention on day-to-day company operations and performance, and can establish and implement long-term strategic plans, while our chairman can focus his attention on board responsibilities. Additionally, the board recognizes its obligations to confer in executive session with its independent directors.

Presently, the board believes it is appropriate to keep the roles of chief executive officer and chairman separate. The board may, however, change the leadership structure if it believes that a change would better serve the company and its shareholders.

Retirement Policy and Mandatory Resignation

The mandatory retirement age for board members is age 75. However, the board of directors has reserved the right to extend the mandatory retirement age if it will better serve the interests of our shareholders and our company.

In May 2016, the corporate governance and nominating committee adopted a mandatory resignation policy for directors in the event civil or criminal charges are brought against the director or if a director becomes infirmed.

Audit Committee

The board of directors has determined that each member of the audit committee has sufficient knowledge in financial and auditing matters to serve on the committee and is independent under applicable Securities and Exchange Commission rules. The board of directors has designated Mr. Harrison as an audit committee financial expert in accordance with applicable Securities and Exchange Commission rules and based on his professional experience in banking and finance as described in his biography under Proposal One: Election of Directors. The board of directors has determined that Mr. Moore would also qualify as an audit committee financial expert in accordance with applicable Securities and Exchange Commission rules and based on his professional experience in banking and corporate lending as described in his biography under Proposal One: Election of Directors.

The audit committee serves as an independent and objective party to monitor our financial reporting process and internal control system; retains, pre-approves audit and permitted non-audit services to be performed by, and directly consults with, our independent registered public accounting firm; reviews and appraises the services of our independent registered public accounting firm; and provides an open avenue of communication among our independent registered public accounting firm, financial and senior management, and our board of directors. Compensation Committee

The compensation committee is responsible for establishing and implementing compensation programs for our executive officers and directors that further the intent and purpose of our fundamental compensation philosophy and objectives and for performing such other tasks that are consistent with its charter.

For more information on executive compensation and director compensation and the role of the compensation committee, see Compensation Overview under the heading Executive Compensation and Director Compensation.

Corporate Governance and Nominating Committee

The corporate governance and nominating committee is charged with identifying candidates, consistent with criteria approved by the committee, qualified to become directors and recommending that the board of directors nominate such qualified candidates for election as directors. The committee is also responsible for reviewing our code of regulations, shaping corporate governance, overseeing the evaluation of the board of directors, board committees, and management, and performing such tasks that are consistent with the corporate governance and nominating committee charter.

The process the corporate governance and nominating committee follows to identify and evaluate candidates includes requests to board members, the chief executive officer, and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and their qualifications, and interviews of selected candidates.

The corporate governance and nominating committee also considers and establishes procedures for shareholder recommendations of nominees to the board. Shareholder recommendations, together with relevant biographical information, should be sent to the following address: Transcat, Inc., 35 Vantage Point Drive, Rochester, New York 14624, Attention: Corporate Secretary. The qualifications of recommended candidates will be reviewed by the corporate governance and nominating committee.

In evaluating the suitability of candidates (other than our executive officers) to serve on the board of directors, including candidates recommended by shareholders, the corporate governance and nominating committee seeks candidates who are independent under the independence standards of the Nasdaq Stock Market and meet certain selection criteria established by the corporate governance and nominating committee from time to time. The corporate governance and nominating committee also considers an individual's skills, character and professional ethics, judgment, leadership experience, business experience and acumen, familiarity with relevant industry issues, national and international experience, and other relevant criteria that may contribute to our success. The corporate governance and nominating committee evaluates candidates in light of their skill sets and other characteristics that complement those of the current board, including the diversity, maturity, skills, and experience of the board as a whole. Although the corporate governance and nominating committee does not have a specific written diversity policy, the committee values and considers diversity when seeking and evaluating candidates for the board. The committee believes that diversity is not limited to gender and ethnicity, but also includes perspectives gained from educational and cultural backgrounds and life experiences.

The Board's Role in Risk Oversight

Our board of directors is responsible for overseeing risks that could affect our company. This oversight is conducted primarily through the board's committees. The audit committee focuses on financial risks, including those that could arise from our accounting and financial reporting processes and financial statement audits. The compensation committee focuses on the management of risks arising from our compensation policies and programs. The corporate governance and nominating committee focuses on the management of risks associated with board organization, membership, and structure, as well as corporate governance.

While our board committees are focused on these specific areas of risk, the full board retains responsibility for general risk oversight. Our board satisfies this responsibility by reviewing periodic reports from each committee chairman regarding the risk considerations within each committee's area of expertise, as well as periodic reports to our board of directors or the appropriate committee from the members of our senior management team who are responsible for risk management.

As part of its risk oversight responsibilities, the board of directors and its committees review the processes that senior management use to manage risk exposure. In doing so, the board and its committees review our overall risk function and senior management's establishment of appropriate systems and processes for managing areas of material risk to our company, including, but not limited to, operational, financial, legal, regulatory, strategic, and information technology risks.

EXECUTIVE COMPENSATION

As a smaller reporting company under the Securities Exchange Act of 1934, as amended, we are providing the following executive and director compensation information in accordance with the scaled disclosure requirements of Regulation S-K.

Named Executive Officers

This proxy statement contains information about the compensation earned and paid to our named executive officers during fiscal year 2017. For fiscal year 2017, in accordance with the executive compensation disclosure rules and regulations of the Securities and Exchange Commission for smaller reporting companies, we determined that the following officers were our named executive officers:

Lee D. Rudow, our president and chief executive officer;

Michael J. Tschiderer, our vice president of finance and chief financial officer; and

Robert A. Flack, our vice president of service sales and operations.

Compensation Overview

Overview of the Compensation Committee

The compensation committee of our board of directors is responsible for establishing, implementing, and monitoring adherence to our compensation philosophy and objectives. The compensation committee's policy is to provide a competitive total compensation package to our named executive officers. Generally, the types of compensation and benefits provided to our named executive officers are similar to those provided to our other executive officers.

Compensation Philosophy and Objectives

Our compensation program is designed to attract, motivate and retain a highly qualified and effective senior management team. We believe the most effective executive compensation program is one that is designed to reward the achievement of specific annual, long-term, and strategic company goals, which are intended to align the interests of each of our named executive officers with those of our shareholders.

The objectives of the compensation program for our executive officers, including our named executive officers, are to ensure that such programs:

attract, motivate, and retain our talented executive officers;

promote the achievement of key business objectives and drive growth in corporate earnings by linking annual cash and long-term cash and equity incentives to the achievement of measurable corporate and, in some cases, individual, performance goals;

align the incentives of our executives with the interests of our shareholders;

foster teamwork on the part of management; and

support our core values and contribute to our long-term success.

Table of Contents

For fiscal year 2017, as in previous years, the key components of our compensation program for our named executive officers were: (1) annual base salary; (2) annual performance-based cash incentive compensation; and (3) long-term, performance-based cash and equity incentive compensation (non-performance based restricted stock or stock options may also be used in specific circumstances). The annual performance-based cash incentive compensation for our chief executive officer for fiscal year 2017 was based solely on company performance. The annual performance-based cash incentive compensation for our chief financial officer and vice president of service sales and operations was based on company and individual performance.

The compensation committee's intention is to provide a compensation program to our named executive officers that remains competitive with the compensation paid to executives with similar responsibilities in publicly traded companies of comparable size. The compensation committee believes that our executive compensation program is aligned with market best practices for companies of our size. Specifically, our executive compensation program contains the following features:

Focus on variable, performance-based compensation. We intend that total executive compensation corresponds to both corporate performance and the interest of our shareholders by placing our principal emphasis on variable, performance-based incentives through a combination of annual performance-based cash incentive compensation and long-term, performance-based cash and equity incentive compensation, including the use of stock options. A significant percentage of total compensation for our named executive officers is placed at-risk through annual and long-term performance-based incentive compensation.

Focus on long-term earnings growth. The amount earned under our long-term cash and equity compensation program is tied directly to our achieving specific cumulative fully diluted earnings per share objectives over a multi-year period.

Stock Ownership Objectives. All of our named executive officers are subject to significant stock ownership objectives based on a multiple of annual base salary.

Double-Triggered Change in Control Severance Agreement. The payment of severance under the change in control agreement with our president and chief executive officer requires an involuntary termination without cause or a constructive termination within 24 months following a change in control.

Clawback of Incentive Compensation. All of our named executive officers are subject to our recoupment policy (clawback) for long-term incentive compensation under the 2003 Incentive Plan, as Amended and Restated, which we refer to as the Incentive Plan.

Stock Ownership Objectives

To more closely align the efforts of our executive officers with the interests of our shareholders, we set a minimum stock ownership objective for our executive officers. This objective encourages all executive officers, including our named executive officers, to work towards acquiring and maintaining specific levels of equity ownership interests in our common stock. Under these objectives, our executive officers are expected to be in compliance with their respective ownership objectives within five years of becoming an executive officer. The compensation committee and the chief executive officer monitor the progress toward achievement of stock ownership objectives, and, if warranted, can make reductions in long-term compensation awards as deemed appropriate. Upon achievement of an executive officer's stock ownership objective prior to the date of an award of long-term performance-based incentive compensation, the executive officer can elect to receive cash in lieu of stock for such award upon attainment of the specific performance conditions.

Table of Contents

Mr. Rudow's stock ownership objective is 2.5 times his base salary; Mr. Tschiderer's stock ownership objective is 1.5 times his base salary, and Mr. Flack's stock ownership objective is 1.5 times his base salary. As of the end of fiscal year 2017, Messrs. Rudow, Tschiderer and Flack had achieved 82%, 18% and 21%, respectively, of his ownership objective.

Retirement Benefits

We have established certain retirement benefits for our employees, including our named executive officers, which we and the compensation committee believe are consistent with our goals of enhancing long-term performance by our employees.

Long-Term Savings and Deferred Profit Sharing Plan (our 401(k) Plan). The Long-Term Savings and Deferred Profit Sharing Plan is a tax-qualified defined contribution plan pursuant to which all U.S.-based employees, including our named executive officers, are eligible to participate. All employees are able to contribute a portion of their annual salary to the plan on a before-tax basis, subject to limitations imposed by the Internal Revenue Service. We currently match 50% of the first 6% of pay that employees contribute to the plan. All participant contributions to the plan are immediately vested, and all company matching contributions vest pro rata over a three-year period. The plan contains a discretionary deferred profit sharing component, which, if made, has the same three-year vesting schedule as is applicable to company matching contributions. The amount of company matching contributions under this plan for our named executive officers is included in the All Other Compensation column of the 2017 Summary Compensation Table.

Non-Qualified Deferred Compensation. Our non-qualified deferred compensation plan allows our executive officers, including our named executive officers, and directors to elect to defer designated percentages or amounts of their compensation. The plan also allows the company to make discretionary contributions to the account of a plan participant, which are intended to provide the match that would have been made under our 401(k) Plan but for the limitations imposed on our 401(k) Plan under the Internal Revenue Code. The amount of company discretionary contributions under this plan for our named executive officers is included in the All Other Compensation column of the 2017 Summary Compensation Table.

Post-Retirement Plan. The post-retirement benefit plan for officers is a group health plan that provides benefits to eligible retired officers and their spouses. The original effective date of the plan was December 23, 2006. Three kinds of benefits are provided under the plan: (1) long-term care insurance coverage; (2) medical and dental insurance coverage; and (3) medical premium reimbursement benefits. Officers who retire from active employment with us on or after December 23, 2006 at age 55 or older with five or more years of qualifying service and who do not work in any full-time employment (30 hours or more per week) after retirement are eligible to participate in the plan. Qualifying service is described as the individual's most recent period of continuous, uninterrupted employment with the company on or after the individual reaches age 50. Service with a business acquired by the company is not counted as qualifying service. For purposes of eligibility to participate in the plan, an individual is considered an officer if the individual has the title of vice president or higher.

Discussion of 2017 Summary Compensation Table

Employment Agreements

During fiscal year 2017, we were not a party to any employment agreement with our named executive officers.

Performance Incentive Plan

We maintain a performance incentive plan, which is an annual cash incentive program designed to compensate key management members, including our named executive officers, based on their contributions to the achievement of specific corporate fiscal year financial objectives and the achievement of individual performance goals. The performance incentive plan includes various incentive levels based on a participant's position within the company, accountability, and impact on company operations. Target award opportunities are established as a percentage of base salary. The target award opportunity under the performance incentive plan for fiscal year 2017 as a percentage of base salary for each of our named executive officers was 65% for Mr. Rudow and 45% for both Mr. Tschiderer and Mr. Flack.

Payment of performance-based cash incentive awards under the performance incentive plan for our chief executive officer is expressly linked to successful achievement of specific pre-determined corporate goals, which our board of directors approves on an annual basis. Payment of performance-based cash incentive awards for our chief financial officer and vice president of service sales and operations is based on successful achievement of the same specific pre-established corporate goals and individual performance goals which are determined by our chief executive officer. In addition to the corporate and individual performance goals, the performance incentive plan also provides guidelines for the calculation of annual incentive-based compensation, subject to compensation committee oversight and modification.

For fiscal year 2017 as in fiscal year 2016, Mr. Rudow's performance-based cash incentive award was based solely on corporate financial results, as measured against specific corporate financial objectives which were pre-established and approved by our board of directors. For performance incentive plan awards for fiscal year 2017, the following percentage of Mr. Rudow's performance-based cash incentive award was based on our achievement of the following objectives: Adjusted EBITDA, organic service revenue growth, organic distribution revenue growth, and the board of director's assessment of corporate performance. Mr. Tschiderer's and Mr. Flack's performance-based cash incentive awards were each evaluated 50% on the achievement of the same corporate financial objectives and 50% on individual performance objectives, in each case, as measured against approved objectives.

As described below, the corporate financial objectives are separated into five performance levels. Performance-based cash incentive awards can range from a minimum of 0% to a maximum of 150% of the targeted award depending on the level of performance achieved. An individual must achieve at least a minimum performance level (a rating of 1 on a scale of 1 to 5) against individual performance objectives to be eligible for any portion of the performance-based cash incentive award.

Generally, the target levels for corporate financial results are set in conjunction with our annual operating plan. Payment of the awards under the performance incentive plan is based upon the achievement of such objectives for the current fiscal year. With respect to the corporate performance portion of the award, participants in the performance incentive plan receive:

No payment for the corporate financial objective portion of the performance incentive plan award unless we achieve the minimum corporate performance level.

Table of Contents

A pro rata payment, up to 100% of the target award opportunity, for the corporate financial objective portion of the performance incentive plan award if we achieve or exceed the minimum corporate performance level but do not achieve the target corporate performance level.

A payment of 100% of the target award opportunity for the corporate financial objective portion of the performance incentive plan award if we achieve the target corporate performance level.

A pro rata payment of at least 100% but less than 150% of the target award opportunity for the corporate financial objective portion of the performance incentive plan award if we exceed the target corporate performance level but do not achieve the maximum corporate performance level.

A payment of 150% of the target award opportunity for the corporate financial objective portion of the performance incentive plan award if we achieve or exceed the maximum corporate performance level.

Upon completion of the fiscal year, our chief executive officer and our chief financial officer review our performance against each pre-established corporate financial objective, comparing the fiscal year results to the pre-determined minimum, target, and maximum levels for each objective, and an overall percentage for the corporate financial objectives is calculated. The results of our financial performance are then reviewed and approved by the compensation committee and the board.

With respect to the individual performance portion of the award, our chief executive officer evaluates each officer's accomplishments relative to their individual objectives and calculates a performance rating based on the performance incentive plan previously approved by the committee. Individual performance goals for our named executive officers are carefully designed to create alignment between the Company's short and long term objectives and strategies and the individual's performance.

For fiscal year 2017, we achieved the following levels of performance for each of the pre-determined, board-approved corporate financial objectives: adjusted EBITDA amounts 108%; organic distribution revenue growth 150%; and the board of director's assessment of corporate performance 125%. We did not achieve the minimum organic service revenue growth objective. Following the compensation committee's review of the achievement of corporate financial objectives and individual performance objectives for fiscal year 2017, the compensation committee awarded the following amounts of performance-based cash incentive compensation to each of our named executive officers: Mr. Rudow \$196,365, Mr. Tschiderer \$97,587 and Mr. Flack \$82,080. These incentive awards were earned based on performance during fiscal year 2017 and were paid on May 17, 2017. The amounts earned are reflected in the Non-Equity Incentive Plan Compensation column of the 2017 Summary Compensation Table.

Long-Term Cash and Equity Incentive Compensation

On March 30, 2016, the compensation committee approved long-term cash and equity incentive compensation award opportunities to our named executive officers as follows: Mr. Rudow 41,624 shares, Mr. Tschiderer 11,885 shares and Mr. Flack 9,477 shares. Long-term performance-based incentive compensation is targeted to a specific dollar award, which is reviewed and approved annually by the compensation committee. Pursuant to current compensation practices approved by the compensation committee, executive officers who have achieved their stock ownership objective may irrevocably elect, in advance of an award that would otherwise be settled in shares of our common stock, to receive an equivalent award in cash.

Table of Contents

The shares or cash underlying these long-term performance-based cash and equity incentive compensation awards for all named executive officers will vest after three years subject to our achieving specific cumulative fully-diluted earnings per share objectives, which we refer to as EPS, over the eligible three-year period ending in fiscal year 2019. At such times, the holders of these awards will receive a pro rata percentage based on a linear sliding scale of their respective award based on certain pre-determined EPS thresholds:

Maximum cumulative EPS 150%

Target cumulative EPS 100%

Minimum cumulative EPS 50%

Failure to achieve the minimum EPS will result in no shares or cash becoming earned under these awards. Awards are adjusted at the award date to reflect any change in our stock price subsequent to the date of grant. The aggregate grant date fair value (at target) of the long-term performance-based equity incentive award to Mr. Rudow, Mr. Tschiderer and Mr. Flack is reflected in the Stock Awards column of the 2017 Summary Compensation Table.

Payments upon Termination or Change in Control

On May 7, 2012, we entered into a change-in-control severance agreement with Mr. Rudow. This agreement requires a change in control of the company and a subsequent qualifying termination of the executive's employment (often referred to as a "double trigger"). The agreement is intended to promote continuity of leadership, maintain the focus of our executive officer on pursuing any corporate transaction that is in the best interests of our shareholders, and to retain services of our leadership by providing sufficient severance protection during a period of uncertainty.

A change in control occurs under Mr. Rudow's change-in-control severance agreement upon the occurrence of any of the following events: (1) we merge with or are consolidated into another entity and less than fifty percent of the outstanding voting securities of the resulting entity are owned by our former shareholders; (2) a majority of our directors before any tender offer, merger or other business combination, or sale or other disposition of assets do not constitute a majority of the board after such transaction; (3) a tender offer for over twenty-five percent of the combined voting power of our outstanding voting securities is made and consummated; (4) any person or group acquires more than twenty-five percent of the combined voting power of our outstanding voting securities; or (v) we transfer substantially all of our assets to another corporation that is not a wholly-owned subsidiary of ours.

If Mr. Rudow's employment had been involuntarily or constructively terminated on the March 25, 2017 fiscal year end and within the 24-month period following a change in control, as defined in the agreement, Mr. Rudow would be entitled to receive: (1) annual base salary for 24 months; (2) target annual bonus for 24 months; (3) annual benefits and allowances for 24 months; and (4) immediate vesting of all performance-based restricted stock awards and all stock options granted.

In addition, upon a change in control of the company, as defined under the Incentive Plan, each of our named executive officers would be entitled to immediate vesting of all unvested stock options and the pro-rated value of performance-based restricted stock awards assuming target performance. The performance-based restricted stock awards that vested at the end of fiscal year 2015 were the last awards that also included a tax gross-up feature.

Also, as described above under "Post-Retirement Plans," upon retirement at age 55 or older after five or more years of continuous service, each of our named executive officers is eligible to participate in the post-retirement health benefit plan for officers.

DIRECTOR COMPENSATION

Cash Retainers

For fiscal year 2017, each of our non-employee directors was entitled to an annual cash retainer of \$50,000 and a performance-based cash award of \$30,000, which we discuss in greater detail below. The chairman of the board was entitled to receive an additional \$30,000 annual retainer, the chairman of the audit committee was entitled to receive an additional \$15,000 annual retainer, and the chairman of the compensation committee was entitled to receive an additional \$10,000 annual retainer.

Performance-Based Cash Compensation

In addition to the annual cash retainer, each of our non-employee directors may receive an annual performance-based cash payment. The target payment under this program is \$20,000, with a maximum payment of \$30,000. This performance-based cash payment is tied to the company's stock price appreciation measured against a base price, which is the trading day average for the fourth quarter of the

Table of Contents

prior fiscal year. Based on the \$9.55 trading day average for the fourth quarter of fiscal year 2016, which we refer to as the Fiscal 2017 Base Price, if the trading day average for fiscal year 2017 was between 10% greater or less than the Fiscal 2017 Base Price, or between \$8.60 and \$10.51, the earned amount would be \$20,000; if the trading day average was above \$10.51, the earned amount would be \$30,000; if the trading day average was between \$8.59 and \$7.64, the earned amount would be \$10,000; and if the trading day average was below \$7.64 (20% below the Fiscal 2017 Base Price), no amount would be earned. If earned, payment to any director who has not met his or her stock ownership requirement after five years of service is limited to \$10,000.

Based on the trading day average of \$10.62 for fiscal year 2017, each non-employee director received a \$30,000 performance-based payment for fiscal year 2017.

Our non-employee directors are reimbursed for travel and other related expenses incurred in the performance of their duties.

Equity Compensation

Newly-elected non-employee directors are eligible to receive an initial five-year stock option grant of 10,000 shares of common stock pursuant to the Incentive Plan. The option will vest immediately; however, 2,000 shares subject to the option will expire each year if unexercised.

Stock Ownership Objective

In order to more closely align the interests of our non-employee directors with the interests of our shareholders, the compensation committee has adopted a minimum stock ownership objective that requires our directors to work towards acquiring and maintaining a specific level of equity ownership interest in our common stock within a specified time frame. The stock ownership objective for non-employee directors is common stock valued at 2.5 times their annual cash retainer.

We expect new non-employee directors to be in compliance with this stock ownership requirement within five years from the date of their election to the board. Non-employee directors who were elected prior to the adoption of the objectives in May 2008 were required to be in compliance with the objectives by the fifth anniversary of the adoption date. The compensation committee monitors the progress made by new non-employee directors in achieving their stock ownership objective.

As of the end of fiscal year 2017, each of our non-employee directors was in compliance with our stock ownership objective.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires directors, officers and greater than 10% shareholders to file with the Securities and Exchange Commission reports of ownership and changes in ownership regarding their holdings in company securities. During fiscal year 2017, all of our directors and officers timely complied with the filing requirements of Section 16(a) of the Securities Exchange Act of 1934, as amended, except for Mr. Sassano and Mr. Rudow who each filed one report late disclosing one late transaction. In making this statement, we have relied upon the written representations of our directors and officers, and copies of the reports that they have filed with the Securities and Exchange Commission.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Policies and Procedures for Review, Approval or Ratification of Related Person Transactions

Our board of directors has adopted a written policy for transactions with related persons. Pursuant to the policy, the audit committee reviews and, when appropriate, approves any relationships or transactions in which our company and our directors and executive officers or their immediate family members are participants. Existing related person transactions, if any, are reviewed at least annually by the audit committee. Any director with an interest in a related person transaction is expected to recuse him or herself from any consideration of the matter.

During its review of such relationships and transactions, the audit committee considers (1) the nature of the related person's interest in the transaction; (2) the material terms of the transaction, including the amount and type of transaction; (3) the importance of the transaction to the related person and to the company; (4) whether the transaction would impair the judgment of a director or executive officer to act in the best interest of the company; and (5) any other matters the committee deems appropriate.

In addition, to the extent that the transaction involves an independent director, consideration is also given, as applicable, to the listing standards of the Nasdaq Stock Market and other relevant rules related to independence.

There were no reportable related person transactions during fiscal 2017.
