On February 2, 2018, FreeSeas Inc. (the “Company”) filed an amendment to its Amended and Restated Articles of Incorporation to effectuate a reverse stock split of the Company’s issued and outstanding shares of common stock, par value \$0.001 per share. A copy of the amendment is attached hereto as Exhibit 3.01.

As previously disclosed on a Form 6-K filed on December 20, 2017, on December 19, 2017, the shareholders of the Company authorized the Board of Directors of the Company to effect one or more reverse splits of the Company’s issued and outstanding common stock at a ratio within the range from 1-for-2 up to 1-for-20,000, at any time prior to December 19, 2018, at the discretion of the Company’s Board of Directors.

On December 27, 2017, the Company’s Board of Directors authorized a reverse stock split at a ratio of 1-for-5,000, which will be effective at 12:01 a.m. New York time (5:01 p.m. Marshall Islands time) on February 6, 2018. As a result of the reverse stock split, every 5,000 shares of the Company’s pre-reverse split common stock will be combined and reclassified into one share of the Company’s common stock. No fractional shares of common stock will be issued as a result of the reverse stock split. Stockholders who otherwise would be entitled to a fractional share shall receive the next higher number of whole shares.

The par value and other terms of Company’s common stock were not affected by the reverse stock split. The Company’s post-reverse split common shares have a new CUSIP number, Y26496243. The Company’s transfer agent, American Stock Transfer & Trust Company, LLC, is acting as exchange agent for the reverse stock split and will send instructions to shareholders of record regarding the exchange of certificates for common stock.

On February 5, 2018, the Company issued the press release relating to the reverse stock split. A copy of the press release that discusses these matters is filed as Exhibit 99.01 to, and incorporated by reference in, this report.
