Item 2.02 Results of Operations and Financial Condition.

Due to a computational error, the Company's basic earnings per common share and diluted earnings per common share for the nine months ended September 30, 2008 were incorrectly stated in the Company's press release issued on October 21, 2008. Basic earnings per common share for the nine months ended September 30, 2008 were \$3.09, instead of \$3.11 as reported in the press release, and diluted earnings per common share for the nine months ended September 30, 2008 were \$2.81, instead of \$2.83 as reported in the press release. Weighted average common shares outstanding used to determine basic and diluted earnings per common share for the nine months ended September 30, 2008 were 49,963,232 and 57,633,619, respectively.

The Company does not intend to issue a revised press release to reflect the corrected amounts. The Company's quarterly report on Form 10-Q for the period ended September 30, 2008 contains the corrected amounts.

The information in this report shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, is not otherwise subject to the liabilities of that section and is not incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except as shall be expressly set forth by specific reference in such a filing.
