**Item 8.01 Other Events.**

On December 9, 2009, Kansas City Southern de Mexico, S.A. de C.V. ("KCSM"), a wholly-owned subsidiary of Kansas City Southern ("KCS"), was notified of a lawsuit filed by Minera México, a subsidiary of Grupo México, S.A.B. de C.V. and an affiliate of Ferrocarril Mexicano, S.A. de C.V. ("Ferromex"), against the Federal Government of Mexico, The Ministry of Communications and Transportation ("SCT"), KCSM, Nafta Rail, S.A. de C.V. ("Nafta Rail"), and KCS. The lawsuit claims that after the privatization bidding process for the acquisition of a majority interest in Ferrocarril del Noreste, S.A. de C.V. (now KCSM) had concluded in 1997, and the bidding was awarded to Transportación Ferroviaria Mexicana, S. de R.L. de C.V. and the relevant stock purchase agreement was signed, the defendants improperly amended the stock purchase agreement and the payment terms set forth therein. According to the lawsuit, the Mexican Federal government, the SCT, KCSM, Nafta Rail and KCS purportedly violated a variety of the rules and regulations associated with the privatization bidding process. As a result of these alleged improprieties, Minera México claims the acquisition of Ferrocarril del Noreste, S.A. de C.V. by KCS should be declared null and void and, consequently, the capital stock of Ferrocarril del Noreste, S.A. de C.V. should be returned to the Federal Government of Mexico and Minera México, as the second place bidder in the bidding process, should be awarded the right to purchase the capital stock of Ferrocarril del Noreste, S.A. de C.V.

KCSM has reviewed these claims with external legal counsel and believes that the lawsuit is totally without merit. KCSM denies that there were any improprieties in connection with the acquisition and intends to vigorously defend itself against these claims. KCSM is confident that it acted within the prescribed rules and regulations governing the bidding process. On December 22, 2009, KCSM filed its answer to these claims and raised numerous significant substantive and procedural defenses to the claims. The SCT also raised similar substantive and procedural defenses in its recently filed answer to this lawsuit. KCS believes that the final resolution of these claims will not have any material impact on KCS's or KCSM's results of operations, financial position or cash flows.
