INFORMATION STATEMENT

GENERAL INFORMATION

In this Information Statement we refer to Medical Alarm Concepts Holding, Inc., a Nevada corporation, as the “Company,” “we,” “us,” or “our.”

The Information Statement is furnished in connection with an action by written consent (the “Written Consent”) of the holder of a majority of the Company’s issued and outstanding voting capital stock (the “Majority Shareholder”). The actions taken by the Written Consent will not become effective until at least 20 business days after the Information Statement is sent or given to our shareholders in accordance with the requirements of the rules of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). The close of business on March 15, 2016, the date that the Majority Shareholder gave its written consent, is the record date (the “Record Date”) for the determination of shareholders entitled to notice of the action by the Written Consent.

Pursuant to the Written Consent, the Majority Shareholder approved an amendment to our Amended and Restated Articles of Incorporation (the “Articles”) to increase the total number of shares of authorized capital stock to 410,000,000 shares consisting of (i) 400,000,000 shares of Common Stock and (ii) 10,000,000 shares of Preferred Stock from 20,725,000 shares consisting of (i) 20,000,000 shares of Common Stock and (ii) 725,000 shares of Preferred Stock. (the “Proposal”).

Our Board of Directors unanimously approved the amendment to our Articles on March 14, 2016. Also on March 14, 2016, the Board of Directors set the Record Date as March 15, 2016.

This Information Statement contains a brief summary of the material aspects of the Proposal approved by the Board and the Majority Shareholder.

WE ARE NOT ASKING YOU FOR A PROXY AND YOU ARE REQUESTED NOT TO SEND US A PROXY.

ABOUT THE INFORMATION STATEMENT

What is the Purpose of the Information Statement?

This Information Statement is being furnished to you pursuant to Section 14 of the Exchange Act to notify our shareholders of certain corporate actions taken by the Majority Shareholder pursuant to the Written Consent. In order to eliminate the costs and management time involved in obtaining proxies and in order to effect the Proposal as early as possible to accomplish the purposes hereafter described, the Board elected to seek the written consent of the Majority Shareholder to reduce the costs and implement the Proposal in a timely manner.

Who is Entitled to Notice?

Each outstanding share of the Company's voting securities on the close of business on the Record Date will be entitled to notice of the actions to be taken pursuant to the Written Consent.

What Constitutes the Voting Shares of the Company?

The voting power entitled to vote on the Proposal consists of the vote of the holders of a majority of the Company's voting securities as of the Record Date. As of the Record Date, the Company's voting securities consisted of 7,874,177 shares of Common Stock and 138,888 shares of Series C Preferred Stock ("Series C Preferred Stock"). Each share of Common Stock is entitled to one vote per share on matters submitted to the Stockholders. Holders of shares of Series C Preferred Stock vote together with the holders of Common Stock on all matters and do not vote as a separate class. A holder of shares of Series C Preferred Stock is entitled to that number of votes, on a pro rata basis with all other holders of Series C Preferred Stock, equal to that number of common shares which is not less than 51% of the vote required to approve any action.

What Vote is Required to Approve the Proposal?

The affirmative vote of a majority of the voting stock outstanding on the Record Date is required for approval of the Proposal. As of the Record Date, the Company had 7,878,676 shares of Common Stock issued and outstanding and 138,888 shares of Series C Preferred Stock. Each share of Common Stock entitles its holder to one vote on each matter submitted to the shareholders. However, because the Majority Shareholder held 138,888 shares of Series C Preferred Stock as of the close of business on the Record Date and through its consent voted in favor of the Proposal, no other shareholder consents will be obtained in connection with this Information Statement.

THE PROPOSAL

AMENDMENT TO THE AMENDED AND RESTATED

ARTICLES OF INCORPORATION TO INCREASE THE

NUMBER OF AUTHORIZED SHARES OF COMMON STOCK TO 400,000,000

AND AUTHORIZED SHARES OF PREFERRED STOCK TO 10,000,000

The Company's Articles of Incorporation authorize the issuance of 20,000,000 shares of Common Stock, \$0.0001 par value per share, and 725,000 shares of Preferred Stock, \$0.0001 par value per share. On March 14, 2016, the Board of Directors of the Company approved an amendment to the Articles of Incorporation to increase the total number of shares of authorized capital stock to 410,000,000 shares consisting of (i) 400,000,000 shares of Common Stock, \$0.0001 par value per share, and (ii) 10,000,000 shares of Preferred Stock, \$0.0001 par value per share, all subject to shareholder approval.

Purpose and Effect of the Amendment

As of March 15, 2016, the Company has 20,000,000 authorized shares of Common Stock, of which 7,878,676 shares are issued and outstanding. The Company currently has 725,000 authorized shares of Preferred Stock, of which 138,888 are issued and outstanding following the exercise of a warrant purchased for \$12,500 by the Majority Shareholder.

The Board of Directors believes it continues to be in our best interest to have sufficient additional authorized but unissued shares of Common Stock and Preferred Stock available in order to provide flexibility for corporate action in the future. In addition, the Company requires the additional shares to be able to accommodate the conversion or exercise of all currently outstanding derivative securities and to fulfill its contractual requirements to reserve a sufficient number of shares of Common Stock to honor such conversions, if they are made. Management believes that the availability of additional authorized shares for issuance from time to time in the Board of Directors' discretion in connection with possible acquisitions of other companies, future financings, investment opportunities, stock splits or dividends or for other corporate purposes is desirable in order to avoid repeated separate amendments to our Articles of Incorporation, as amended, and the delay and expense incurred in holding special meetings of the Stockholders to approve such amendments.

Following adoption of the Amendment, the total number of authorized shares of Preferred Stock shall be ten million (10,000,000) shares with a par value of \$0.0001 per share. The board of directors shall have the authority to authorize the issuance of the Preferred Stock from time to time in one or more classes or series.

The Company recently sold \$612,500 worth of units (the “Units”) with two accredited investors. Each Unit consists of (i) \$25,000 face amount of 10% original issue discount unsecured convertible notes, convertible into shares of the Company’s common stock, par value \$0.0001 per share at a conversion price equal to \$0.01 and (ii) one warrant to purchase 277,778 shares (the “Preferred C Shares”) of Series C Convertible Preferred Stock, par value \$0.0001 per preferred share. Other opportunities for acquisitions and equity financings could arise at any time. If this proposal is approved, all or any of the authorized shares may be issued without further shareholder action (unless such approval is required by applicable law or regulatory authorities) and without first offering those shares to the stockholders for subscription. The issuance of shares otherwise than on a pro-rata basis to all stockholders would reduce the proportionate interest in the Company of each share.

The issuance of such preferred stock could adversely affect the rights of the holders of our common stock, and therefore reduce the value of such stock. It is not possible to state the actual effect of the potential future issuance of any series of preferred stock on the rights of holders of our currently outstanding stock unless and until our Board of Directors determines the specific rights of the holders of any such additional preferred stock; however, these effects may include:

- Restricting dividends on the common or preferred stock;
- Diluting the voting power of the common stock;
- Impairing the liquidation rights of the common or preferred stock; or
- Delaying or preventing a change in control of the Company without further action by the stockholders.

The increase in the authorized number of shares of Common Stock and Preferred Stock could have an anti-takeover effect. If the Company’s Board of Directors desire to issue additional shares in the future, such issuance could dilute the voting power of a person seeking control of the Company, thereby deterring or rendering more difficult a merger, tender offer, proxy contest or an extraordinary corporate transaction opposed by the Company. Because the authorization of “blank check” preferred stock could be used by our Board of Directors for the adoption of a shareholder rights plan or “poison pill,” the preferred stock may be viewed as having the effect of discouraging an attempt by another person or entity to acquire control of us through the acquisition of a substantial number of shares of common stock.

A copy of the proposed amendment to the Company’s Articles of Incorporation is attached hereto as Exhibit A. The amendment will become effective upon filing with the Nevada Secretary of State as required by the Nevada Revised Statutes. It is anticipated that this will occur not less than 20 days following March 16, 2016.

- We have determined beneficial ownership in accordance with the rules of the SEC. These rules generally attribute beneficial ownership of securities to persons who possess sole or shared voting power or investment power with respect to those securities. In addition, the rules include shares of common stock issuable pursuant to the exercise of stock options or warrants, or the conversion of convertible promissory notes, that are either immediately exercisable or convertible, or that will become exercisable within 60 days after March 15, 2016. These shares are deemed to be outstanding and beneficially owned by the person holding those options, warrants or convertible promissory notes for the purpose of computing the percentage ownership of that person, but they are not treated as outstanding for the purpose of computing the percentage ownership of any other person.
- (1) The percentage of shares beneficially owned is based on 7,878,676 shares of our common stock issued and outstanding as of March 15, 2016.
