#### HURCO REPORTS SECOND QUARTER 2003 RESULTS

INDIANAPOLIS, INDIANA, -- May 22, 2003--Hurco Companies, Inc. (Nasdaq:HURC) today announced that for its second fiscal quarter, which ended April 30, 2003, the Company recorded a profit of \$139,000, or \$.02 per share, compared to a loss of \$4,211,000, or \$.75 per share, for the corresponding period a year ago. For the first six months of fiscal 2003, the Company recorded a loss of \$443,000, or \$.08 per share, compared to a loss of \$5,852,000, or \$1.05 per share, for the corresponding 2002 period.

Sales and service fees for the second quarter were \$17,453,000, approximately \$2,458,000 (or 16%) higher than in the corresponding 2002 period. Sales and service fees reported in U.S. dollars benefited from significantly stronger European currencies, when translating foreign sales for financial reporting purposes. When measured at constant exchange rates, sales and service fees increased \$521,000, or 3.5%, from the prior year period.

New order bookings for the second quarter of fiscal 2003 were \$20,550,000, an increase of 25% from the \$16,461,000 recorded in the second quarter of 2002. Backlog was \$7,250,000 at April 30, 2003, compared to \$3,904,000 at January 31, 2003, and \$5,315,000 at October 31, 2002.

Gross margin for the quarter increased to 29.4% from 19.8% (exclusive of an inventory write-down of \$1,083,000) in the prior year period, due to a combination of cost cutting initiatives carried out in 2002 and stronger European currencies in relation to the US dollar in the 2003 period. Selling, general and administrative expenses were \$4,563,000, \$28,000 more than the second quarter of 2002.

Total debt was \$8,516,000 at April 30, 2003, as compared to \$9,867,000 at January 31, 2003, and constituted 23.7% of total capitalization. As of April 30, 2003, the Company had unutilized credit facilities of \$6,648,000 available for direct borrowing or commercial letters of credit.

Michael Doar, Chief Executive Officer, stated "We are encouraged by the small profit earned in the second quarter. However, competition in our worldwide markets remains very stiff. We believe we are seeing signs of a slow recovery in our US market, but in Germany the economy continues to weaken. Our outlook is quarded for the balance of fiscal 2003."

Hurco Companies, Inc. is an industrial technology company that designs and produces interactive computer controls, software and computerized machine tools for the worldwide metal cutting and metal forming industry. The end market for the Company's products consists primarily of independent job shops and short-run manufacturing operations within large corporations in industries such as the aerospace, defense, medical equipment, energy, transportation and

computer equipment. The Company is based in Indianapolis, Indiana, and has sales, application engineering and service subsidiaries in High Wycombe, England; Munich, Germany; Paris, France; Milan, Italy; Shanghai, China and Singapore, along with manufacturing operations in Taiwan. Products are sold through independent agents and distributors in the United States, Europe and Asia. The Company also has direct sales forces in the United Kingdom, Germany, France, Italy, and Asia.

This news release contains forward looking statements which involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. These factors include, among others, changes in general economic and business conditions that affect demand for computerized machine systems, computer numerical control systems and software products, changes in manufacturing markets, innovations by competitors, quality and delivery performance by our contract manufacturers and governmental actions and initiatives including import and export restrictions and tariffs.
