OCEAN BIO-CHEM, INC. REPORTS 1ST QUARTER 2007 SALES RESULTS

Fort Lauderdale, Florida April 12, 2007. Ocean Bio-Chem, Inc. (OBCI) reported today that gross sales for the 1st quarter 2007 were approximately \$4,420,000, compared to \$4,789,000 for the 1st quarter of 2006, a decrease of \$ 369,000 or 7.7%. To date, the Company has followed the policy to not release sales or operational results until they have been either audited or reviewed by

our Independent Auditors. With this release we are modifying such policy to give guidance on these matters on quarterly basis, when the data is available and material.

Ocean Bio-Chem President and CEO Peter Dornau commented, "Sales for the 1st quarter were adversely affected by the bad weather in the north and north-east regions of the United States. The bad weather contributed to a delay of the start of the boating season and the use of our products. This resulted in gross sales decreasing to our largest marine customer by approximately 23% or \$421,000. This decrease was partially offset by an increase in gross sales to a mass merchandiser by 93% or \$152,000. All other customers combined accounted for a sales decrease of \$100,000."

Peter Dornau continued "As we look forward, I am optimistic for the 2nd quarter and beyond. We anticipate a stronger 2nd quarter compared to our 1st quarter, 2007 as the weather improves around the country for boating. In addition, during the 1st quarter, we initiated a TV consumer advertising campaign on Ship Shape TV, targeting boating enthusiasts, explaining the benefits of StarTron, and the retail outlets where it can be purchased. We also set up a Web site exclusively for StarTron products. You can visit the Web site at www.startron.com. We are hopeful that as the boating season progresses, the advertising will translate into increased sales of StarTron. We are scheduled to release our 1st quarter earning report in the next few weeks, where I will comment further on our financial performance for the quarter." About Ocean Bio-Chem Ocean Bio-Chem, Inc. manufactures and markets a full line of maintenance and care products for boats, recreational vehicles, automobiles, motorcycles and aircraft.
