PROXY STATEMENT

Annual Meeting of Shareholders
May 20, 2015

INFORMATION ABOUT THE MEETING

Why have I received these materials?

We are sending this proxy statement and proxy card on behalf of the Board of Directors to solicit your vote on matters to be voted on at the annual meeting of the shareholders of Union Bankshares, Inc. to be held at 3:00 p.m. local time on Wednesday, May 20, 2015, at the Stone Grill Restaurant meeting room located at 116 Vermont Route 15 West, Morrisville, Vermont. This proxy statement and proxy card are accompanied by the Company's Annual Report on Form 10-K for the year ended December 31, 2014 containing the Company's audited consolidated financial statements and footnotes, and a brochure containing certain additional information about the Company. These materials were first sent to our shareholders on or about April 7, 2015. You are cordially invited to attend the annual meeting and are asked to vote on the following proposals:

1. To elect eight directors to the Company's Board of Directors (the "Board") for the ensuing year; and
2. To ratify the selection of our independent auditors for 2015.

Who is entitled to vote at the annual meeting?

Only holders of record of the Company's \$2.00 par value common stock as of the close of business on March 26, 2015 (the record date for the meeting) will be entitled to vote at the annual meeting. On that date there were 4,457,401 shares of the Company's common stock outstanding, and each such share is entitled to one vote on each matter presented for vote at the annual meeting.

How do I vote my shares at the annual meeting?

If you are a shareholder of record of the Company's common stock, you may vote your shares by completing and signing the accompanying proxy card and returning it in the enclosed postage paid envelope. Alternatively, you may vote your shares by telephone at 1-800-690-6903 or over the internet at <http://www.proxyvote.com>. Be sure to have your proxy card in hand if you vote by telephone or the internet and follow the instructions on the card. You are a shareholder of record if you hold your stock in your own name on the Company's shareholder records maintained by our transfer agent, Broadridge Corporate Issuer Solutions, of Brentwood, New York.

"Street name" shareholders of common stock, who wish to vote at the annual meeting will need to obtain a proxy card from the institution that holds their shares and follow the instructions on that form. Street name shareholders are shareholders who hold their common stock indirectly, through a bank, broker or other nominee.

Can I change my vote after I submit my proxy?

Yes, after you have mailed your proxy card or submitted your proxy by telephone or the internet, you may change your vote at any time before the proxy is exercised at the annual meeting. A timely-submitted later dated proxy supersedes all earlier proxies. Shareholders of record may change their vote by

mailing a proxy card bearing a later date. You may request a new proxy by contacting our transfer agent, Broadridge Corporate Issuer Solutions, Inc., at the following address or toll free telephone number: Broadridge Corporate Issuer Solutions, Inc. , Attn: Investor Relations Dept., P. O. Box 1342, Brentwood, NY 11717, (866) 321-8022. You may also contact our Assistant Corporate Secretary, Kristy Adams Alfieri, for assistance at the address and telephone number shown on page one of this proxy statement; or
submitting a later dated proxy by telephone or the internet; or
withdrawing your previously given proxy in person at the annual meeting and voting your shares by ballot.

“Street name” shareholders who wish to change their vote must contact the institution that holds their shares and follow the applicable procedures prescribed by the institution.

Can I vote in person at the meeting instead of voting by proxy?

Yes, a ballot will be available at the annual meeting for shareholders of record who wish to vote in person. However, we encourage you to complete and return the enclosed proxy card, or to vote your shares by telephone or the internet, to be certain that your shares are represented and voted, even if you should be unable to attend the meeting in person. If you wish, you may revoke your previously given proxy at the annual meeting and vote by ballot instead.

If you hold your shares through a bank, broker or other nominee, you must obtain a legal proxy from the bank, broker or nominee in order to vote your shares in person at the meeting.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered differently in more than one account (for example, “John Doe” and “J. Doe”). To ensure that all your shares are voted, you should complete, sign and return all proxy cards. We encourage you to register all your accounts in the same name and address. You may do so by contacting our transfer agent, Broadridge Corporate Issuer Solutions, Inc., at the following address or toll free telephone number: Broadridge Corporate Issuer Solutions, Inc. , Attn: Investor Relations Dept., P. O. Box 1342, Brentwood, NY 11717, (866) 321-8022. You may also contact our Assistant Corporate Secretary, Kristy Adams Alfieri, for assistance at the address and telephone number shown on page one of this proxy statement.

What is a broker nonvote?

Under stock exchange rules and brokerage industry practices, a broker may generally vote the shares it holds for customers on routine matters, but requires voting instructions from the customer on other, nonroutine matters. A broker nonvote occurs when a broker votes less than all of the shares it holds of record for any reason, including with respect to nonroutine matters where customer instructions have not been received. The “missing” votes in such a case are broker nonvotes.

Please note that under applicable brokerage industry rules for broker voting of shares, all director elections, whether or not contested, are considered nonroutine, and therefore, a broker may not vote a customer's shares in the election of directors without specific instructions from the beneficial owner. If you hold your shares through a broker, please be sure to follow your broker's instructions on how to direct the voting of your shares at the annual meeting.

The ratification of the appointment of the Company's independent auditors is considered to be a routine matter for purposes of a broker's discretionary voting authority under current stock exchange rules. Therefore, a broker may vote uninstructed shares on Proposal 2 under its discretionary authority.

What constitutes a quorum for purposes of the annual meeting?

The presence at the annual meeting in person or by proxy of the holders of a majority of the outstanding shares of common stock entitled to vote will constitute a quorum for the transaction of business. Proxies marked as “WITHHOLD AUTHORITY” on the election of directors (Proposal 1), or “ABSTAIN” on the ratification of the

appointment of the independent auditors (Proposal 2) will be treated as present at the meeting for purposes of determining a quorum.

Broker nonvotes are counted for determining a quorum to convene the meeting and on routine matters (such as ratification of the appointment of the independent auditors) since the broker is entitled to vote those shares under its discretionary authority. On any matter considered to be nonroutine (such as the election of directors) broker nonvotes are not considered shares entitled to be voted by the broker without voting instructions from the beneficial owner, and therefore would not be counted in determining a quorum as to those matters.

What vote is required to approve matters at the annual meeting?

The election of directors (Proposal 1) will require the affirmative vote of a plurality of the votes cast. That means that the nominees who receive the highest number of vote totals for the number of vacancies to be filled will be elected as directors. Therefore, a vote to WITHHOLD AUTHORITY for any nominee or the entire slate will not affect the outcome of the election unless there are more nominees than there are vacancies to be filled.

Ratification of the appointment of the Company's independent auditors (Proposal 2) will require that more votes be cast FOR the proposal than AGAINST. Therefore, abstentions will not affect the outcome of the vote on Proposal 2.

If any other matter should be presented at the meeting, approval of such matter would require that more votes be cast in favor than opposed. Management of the Company is not aware at this time of any matter that may be submitted to vote of the shareholders at the annual meeting other than the election of directors and ratification of the appointment of the independent auditors.

Do broker nonvotes affect the outcome of the shareholder votes on Proposals 1 and 2?

Because the election of directors (Proposal 1) is not the subject of an election contest and is by plurality vote, broker nonvotes at the annual meeting will not affect the outcome of the election of directors.

Broker nonvotes are not considered to be "votes cast" and therefore will not affect the outcome of the votes on approval on the ratification of the appointment of independent auditors (Proposal 2).

How does the Board recommend that I vote my shares?

The Board of Directors recommends that you vote FOR Proposal 1 to set the number of directors for the ensuing year at eight and to elect the eight nominees listed in this proxy statement; and FOR Proposal 2 to ratify the appointment of the independent registered accounting firm of Berry Dunn McNeil & Parker, LLC as the Company's external auditors for 2015.

If you vote by proxy card, your shares will be voted in the manner you indicate on the proxy card. If you sign and return your proxy card but do not specify how you want your shares to be voted, the persons named as proxy holders on the proxy card will vote your shares FOR Proposals 1 and 2, and in accordance with the recommendations of the Board of Directors on any other matters that may be presented for vote of shareholders at the meeting.

How are proxies solicited?

Proxies are being solicited by mail. Proxies may also be solicited by directors, officers or employees of the Company or our wholly-owned subsidiary, Union Bank ("Union" or the "Bank"), in person or by telephone, facsimile, or electronic transmission. Those individuals will not receive any additional compensation for such solicitation.

Who pays the expenses for soliciting proxies?

The Company pays the expenses for soliciting proxies for the annual meeting. These expenses include costs relating to preparation, mailing and returning of proxies. In addition, we may reimburse banks, brokers or other nominee holders for their expenses in sending proxy materials to the beneficial owners of our common stock.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers, directors and ten percent or more shareholders to file with the Securities and Exchange Commission ("SEC") reports of their ownership and changes in ownership of the Company's equity securities and to furnish the Company with copies of all such reports. Based solely on its review of copies of Section 16 reports received by it, or on written representations from certain reporting persons that no filings were required for them, the Company believes that during 2014 all Section 16(a) filing requirements applicable to its officers, directors and ten percent or more shareholders were timely complied with.

Director Qualifications

Community banking is about being a good member of the communities we serve and providing quality customer service and products, while ensuring that the interests of our stockholders and employees are satisfied and our regulatory requirements are met. The Company's Board meets at least quarterly, and Union Bank's Board meets semi-monthly, to

strategize, guide and monitor the activities of the Bank to achieve these goals. We rely on our directors for their strategic vision, business acumen and knowledge of local markets and opportunities. All of our directors live or work in the communities we serve and bring a unique set of talents, perspectives and backgrounds to our Board. They have been active members in organizations of their choice and interest over their lifetimes, usually in a leadership position, which has added to their reputations as respected individuals. Our incumbent directors include long-standing members of the Board who have served through many economic cycles, technological advancements, regulatory changes and periods of Company growth.

The information below summarizes the specific experience, qualifications, attributes and skills that led our Board to conclude that the individual should serve on the Company's Board. We believe that in their professional and personal lives and through their Board service, each has demonstrated sound judgment, leadership capabilities, high ethical standards and a strong commitment for service to the Company.

Steven Bourgeois began his career in banking in 1969. He served as the President and Chief Executive Officer (“CEO”) of Franklin Lamoille Bank in St. Albans, Vermont from 1991 to 2001 when the Company was acquired. He is also a member of Union's St. Albans Advisory Board. Steve's many years of experience in Vermont community banking, including as a community bank CEO, and his financial knowledge and expertise provide an important contribution to the Board.

Kenneth Gibbons has served as Chairman of the Board since the 2011 annual meeting and served as President of both the Company and Union from 1991 until April 1, 2011 and as CEO of the Company and Union until his retirement at the 2012 annual meeting. Ken's banking career began in 1965 in Massachusetts and he has worked in all areas of banking during the intervening years. In 1975, he moved to Vermont and joined Union in 1984 as Vice President of Commercial Lending. Ken has served on many committees of the VBA and is a past VBA Chair. He has also been actively involved with the American Bankers Association and is a former member of the board of directors of the Independent Community Bankers of America (ICBA). Ken joined the Company's Board in 1989, and serves on Union's Pension Committee.

John Goodrich has been a Union Bank director since March 2013 and was elected to the Company's Board at the 2014 annual meeting of shareholders. He currently is the Vice President of production for Americas for Weidmann Electrical Technology, with operations in Piracicaba, Brazil, Saltillo, Mexico, Urbana, Ohio and St. Johnsbury, Vermont. Mr. Goodrich remains active in the Vermont political process at the local and state level, and was appointed by then Governor Jim Douglas to first serve and then chair the Commission for the Future of Economic Development. John's considerable experience in management of a large business enterprise and his knowledge of one or our important local markets, adds valuable strength to the

Board.

Director's Compensation

Directors' fees, committee fees and advisory board member fees are determined annually by the Company's Board of Directors for service on the Boards of the Company and Union. The appropriateness of the fees paid is reviewed on a periodic basis by the Compensation Committee ("Committee") or the Company's Board based on published surveys, consultant recommendations and knowledge of other financial institutions' director compensation practices.

Director fees for 2014 followed the same compensation structure as in 2013, with a 3% fee increase in the retainer paid to Board members and to the Board Chairman for both the Company and Union, and a 3% increase in the Union per meeting fee. This percentage increase matched the average salary increase for Union employees in 2014. As in recent prior years, director compensation in 2014 was based on an analysis conducted by Pearl Meyer & Partners, LLC ("PM&P") in 2011. The Compensation Committee and the Boards of the Company and Union believe that director compensation remains commensurate with our peers. An updated analysis of director compensation levels and practices will be conducted by PM&P in 2015.

Each of the eight incumbent directors of the Company also served as a director of Union throughout 2014, other than director John M. Goodrich, who served as a Union director throughout 2014 and was elected to the Company's Board on May 21, 2014. All directors of the Company received an annual retainer of \$8,975, prorated for Mr. Goodrich from the time of his election to the Company's board, but did not receive any fees for attendance at regular or special meetings of the Company's Board. Mr. Gibbons also received an additional retainer of \$2,000 for his service as Chairman of the Company's Board throughout 2014. For 2014, the Committee Chairs of the Company's Compensation and Audit Committees were paid an annual retainer of \$750. All members of the Audit Committee received a \$350 per meeting fee and all members of the Compensation Committee received a \$300 per meeting fee. The Audit Committee member who sits on the Company's Disclosure Control Committee received a \$750 per meeting fee. Nonemployee directors of Union received an annual retainer of \$6,925, and a per meeting fee of \$685 for service on Union's Board during 2014. Mr. Gibbons received an annual retainer of \$2,000 for his service as Union Board Chairman in 2014. In addition, nonemployee directors of Union who serve on Union's Trust Committee received a \$125 per meeting fee, and the Chair of the Trust Committee received an annual retainer of \$500. All nonemployee directors who serve on Union's Defined Benefit Pension Plan Committee and/or 401(k) Plan Committee received a \$125 per meeting fee. Union's special meeting fee for its nonemployee Directors is \$250 for ½ day sessions and \$500 for all day sessions. From time to time, ad hoc meetings for special projects occur which are compensated at the special meeting rate. No such projects occurred in 2014.

Directors may also serve on one of Union's three regional advisory boards, for St. Johnsbury or St. Albans, Vermont or Northern New Hampshire. Nonemployee directors of Union who serve on any of these advisory boards receive a per meeting fee of \$275.

During 2014, Mr. Silverman, who is a full-time employee of Union, served as a Director of the Company and of Union. Mr. Silverman received an annual retainer of \$8,975 for serving as a Company director but was not separately compensated for attendance at Company Board meetings, nor did he receive any compensation for his service on Union's Board, Union's advisory boards or on any of Union's committees. The annual retainer paid to Mr. Silverman during 2014 for his service on the Company's Board is disclosed in the Summary Compensation Table and footnotes contained elsewhere in this proxy statement under the caption "EXECUTIVE COMPENSATION - 2014 Summary Compensation Table."

Company and Union directors are eligible to participate in the Executive Nonqualified Excess Plan. The plan is a defined contribution plan designed to provide a means by which participants may elect to defer receipt of current compensation from the Company or Union in order to provide retirement or other benefits as selected in the individual adoption agreements. Additional information about the plan is contained elsewhere in this proxy statement under the caption "EXECUTIVE COMPENSATION - Deferred Compensation Plans."

The Company and Union also maintain the 2008 Amended and Restated Nonqualified Deferred Compensation Plan, which was closed to new participants in 1998 and closed to new deferrals in 2004. Two nonemployee directors received annual payouts under the plan in 2014, both of whom are also entitled to future annual payments. The Company and

Union have jointly purchased insurance on the lives of the participants and other Union employees for the purpose of recouping, in the future, the benefit payments made under the plan. Additional information about the plan is contained elsewhere in the proxy statement under the caption "EXECUTIVE COMPENSATION - Deferred Compensation Plans." Nonemployee directors are eligible to receive grants of nonqualified stock options, restricted stock and restricted stock units under the Company's 2014 Equity Incentive Plan, which was approved by the Company's shareholders at the 2014 annual meeting. However, no grants to any of the directors were made under the Plan during 2014. Except as described above, the Company's and Union's nonemployee directors were not eligible to receive any other form of compensation during 2014 for their services as directors.

The following table lists the annual compensation paid to or earned during 2014 by the Company's nonemployee directors for service on the Boards of the Company and the Bank:

Attendance at Directors' Meetings

During 2014, the Company's Board of Directors held 13 regular meetings and no special meetings. All incumbent directors attended at least 99% of the aggregate of all such meetings and meetings of Board committees of which they were members. In addition to serving on the Company's Board, each of the Company's directors also serves on Union Bank's Board, which meets twice monthly.

Director Independence

The Board of Directors has determined that each of the incumbent directors is independent within the meaning of The NASDAQ Stock Market LLC ("NASDAQ") rules for listed companies, except Messrs. Gibbons and Silverman due to their status as a previous and current employees of the Company, respectively. Under these rules, a director is generally not considered to be independent if he or she has a material relationship with the listed company that would interfere with the exercise of independent judgment. An employment relationship with the Company or the Bank within the past three years is deemed to constitute such a material relationship.

Board Committees and Corporate Governance

As further described below, the Company's Board of Directors has two standing committees, the Audit Committee and the Compensation Committee. The Company does not have a standing nominating committee; rather, all independent directors on the Board serve the function of such a committee.

Audit Committee. The Audit Committee comprises Directors Steven Bourgeois (Chair), Timothy Sargent and Schuyler Sweet. NASDAQ rules for listed companies and applicable securities laws require that the Company have an Audit Committee consisting of at least three directors, each of whom is independent. NASDAQ rules also require that all members of a listed company's audit committee be able to read and understand fundamental financial statements, including a company's balance sheet, income statement and cash flow statement, and require that at least one member of the committee qualify as "financially sophisticated," based on past employment experience in finance or accounting, professional accounting certification or other comparable experience or background. Similarly, SEC rules require that at least one member of a listed company's audit committee qualify as a "financial expert." The Board of Directors, in its discretion, and based on all of the information available to it, has determined that each of the members of the Audit Committee is independent under applicable legal standards, that each is able to read and understand fundamental financial statements and that Mr. Bourgeois, with his extensive bank management experience, including formerly as a community bank President and CEO, is "financially sophisticated" within the meaning of the NASDAQ rules and is an "audit committee financial expert" within the meaning of applicable SEC rules.

The Audit Committee is responsible for selecting the independent auditors and determining the terms of their engagement, for reviewing the reports of the Company's internal and external auditors, for monitoring the Company's adherence to accounting principles generally accepted in the United States of America and for overseeing the quality and integrity of the accounting, auditing and financial reporting practices of the Company and its system of internal controls. In addition, the Audit Committee has established procedures for the confidential reporting of complaints (including procedures for anonymous complaints by employees) on matters of accounting, auditing or internal controls. A copy of the Audit Committee's charter, as revised most recently in 2015, is posted on the Investor Relations page of the Company's website at www.unlocal.com.

During 2014, the Company's Audit Committee met 7 times. A report of the Audit Committee on its 2014 activities is included elsewhere in this proxy statement under the caption "AUDIT COMMITTEE REPORT."

Compensation Committee. The Compensation Committee comprises Directors Schuyler Sweet (Chair), John Goodrich, John Steel, and Neil Van Dyke. The Board has determined that each of such directors is independent under applicable NASDAQ rules for listed companies. The Compensation Committee evaluates, reviews and makes decisions or recommendations to the Board of Directors on executive salary levels, bonuses, stock option awards and benefit plans. A copy of the Compensation Committee's charter, as revised in 2014, is posted on the Investor Relations page of the Company's website at www.ublocal.com.

During 2014, the Compensation Committee met 12 times. A report of the Compensation Committee on its 2014 activities is set forth elsewhere in this proxy statement under the caption "COMPENSATION COMMITTEE REPORT."

Board Nominating Functions. In lieu of a separate committee, the functions of a nominating committee are performed by all of the Company's independent directors (all directors other than Mr. Silverman and Mr. Gibbons, who are not considered independent due to their current and previous positions, respectively, as executive officers of the Company and Union Bank). The Board has elected not to establish a separate nominating committee at this time in order to obtain the widest possible input on the nominations process from all of the independent, nonmanagement directors.

The independent directors have adopted a resolution addressing the process for director nominations, including recommendations by shareholders and minimum qualifications for director nominees. In accordance with these criteria, directors and director candidates should possess the following attributes:

- Strong personal integrity;
- Previous leadership experience in business or administrative activities;
- Ability and willingness to contribute to board activities, committees, and meetings;
- Willingness to apply sound and independent business judgment;
- Loyalty to the Company and concern for its success;
- Awareness of a director's role in the Company's corporate citizenship and image;
- Willingness to assume broad, fiduciary responsibility;
- Willingness to become familiar with the banking industry and regulations;
- Familiarity with the Company's service area; and
- Qualification as an independent director under applicable NASDAQ rules for listed companies.

Although the Board does not have a formal policy with regard to the consideration of diversity in identifying director nominees, the director nomination process is designed to ensure that the Board consists of members with diverse backgrounds and viewpoints, including diversity of skills and experience, with a focus on appropriate financial and other expertise relevant to the Company's business, as well as geographic location throughout our market area and community service. The goal of this process is to assemble a group of directors with deep, varied experience, sound judgment, personal integrity and commitment to the Company's success. For a discussion of the individual experience and qualifications of our directors, please refer to the section above under caption "Director Qualifications."

In reviewing the composition of the Board, the directors are also mindful of the requirement that at least a majority of the directors must be independent under NASDAQ criteria for listed companies, and of the requirement under SEC rules and NASDAQ listed company criteria that at least one member of the Audit Committee must have the qualifications and skills necessary to be considered an "audit committee financial expert."

The process followed by the independent directors to identify and evaluate director candidates includes requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and, if warranted following preliminary evaluation, interviews of selected candidates.

In addition, all nominees for election at the annual meeting who are incumbent directors of the Company were deemed by the independent directors to meet the criteria for Board membership.

Board Leadership Structure and Role in Risk Oversight

The Company currently has a Chairman of the Board separate from the CEO. Our commitment to independent oversight is demonstrated by the fact that, except for two directors, the Chairman and the CEO, all of our directors are independent, and only the CEO is currently an employee of the Company. The Board believes that its structure, with a nonemployee Chairman providing leadership, helps to ensure that the Board discharges its independent oversight function by enabling nonemployee directors to raise issues and concerns for Board consideration without immediately involving management. The Chairman presides at meetings of the Board, including executive sessions and also serves as a liaison between the Board and senior management. Separation of the positions of Chairman and CEO permits the CEO to better focus on his management responsibilities and on expanding and strengthening our franchise. While the CEO's role is respected as to the day-to-day management and operations of the Company and the Bank, the Chairman's independence provides meaningful and appropriate oversight in fulfilling the fiduciary responsibilities of the Board and representing the interests of the Company's stockholders.

Risk is inherent in every business, particularly financial institutions. We face a number of risks, including credit risk, interest rate risk, liquidity risk, operational risk, strategic risk and reputation risk. As a one-bank holding company much

of our risk management process takes place at the Bank level, where all of the Company's incumbent directors also serve on the Bank's Board. Union Bank's enterprise-wide risk management processes are designed to bring to the Board's attention material risks and to facilitate the Board's understanding and evaluation of those risks, as well as its decision-making process in overseeing how management addresses them.

The Board performs its risk oversight function in several ways. The Board establishes standards for risk management by approving policies and procedures that address and mitigate the Company's most material risks. These include policies addressing credit and investment risk, interest rate risk, liquidity risk and risks relating to Bank Secrecy Act/Anti-Money Laundering compliance. The Board also monitors, reviews and reacts to our risks through various reports presented by management, internal and external auditors and bank regulatory examiners.

In addition, Board committees, both at the Bank and Company Board level, provide risk oversight in discrete areas. In particular, at the holding company level the Audit Committee plays a central role in risk oversight in connection with the Company's accounting, auditing and financial reporting practices and its system of internal controls. A description of the Audit Committee's 2014 activities is contained elsewhere in this proxy statement under the caption "AUDIT COMMITTEE REPORT."

Codes of Ethics

The Board expects all of its directors, officers and employees to maintain the highest standards of professionalism and business ethics. All directors, officers and employees are required to adhere to the Company's Code of Ethics, which is contained in the Union Bank Employee Handbook. In addition, CEO and President David Silverman and Treasurer and CFO Karyn Hale are subject to a separate Code of Ethics for Senior Financial Officers and the Chief Executive Officer. Copies of both Codes of Ethics are posted on the Investor Relations page of the Company's website at www.ublocal.com.

Shareholder Recommendations for Board Nominations

Shareholders of record wishing to recommend individuals to the independent directors for consideration as possible director nominees should submit the following information, in writing, at least ninety days before the annual meeting of shareholders:

- the name, address and share ownership of the shareholder making the recommendation;
- the proposed nominee's name, address, biographical information and number of shares beneficially owned (if available); and
- any other information that the recommending shareholder believes may be pertinent to assist in evaluating the nominee.

The information should be delivered in person to the Assistant Corporate Secretary, Kristy Adams Alfieri, at the main office of Union Bank, 20 Lower Main Street, Morrisville, Vermont, or mailed to: Chairman, Union Bankshares, Inc., P.O. Box 1346, Morrisville, VT 05661. The independent directors will use the same criteria to evaluate an individual recommended by a shareholder as they do other potential nominees. The recommending shareholder will be notified of the action taken on his or her recommendation.

Any beneficial owner of shares who is not a shareholder of record who wishes to recommend a person for consideration as a board nominee must make appropriate arrangements with such owner's nominee (record) holder to submit the recommendation through such nominee.

During the course of evaluating a potential nominee, the independent directors may contact him or her for additional background and other information as they deem advisable, and may choose to interview the potential nominee in an effort to determine his or her qualifications under the specified criteria, as well as his or her understanding of director responsibilities. The independent directors will then determine if they will recommend the nominee to the shareholders.

No person will be nominated unless he or she consents in writing to the nomination and to being named in the Company's proxy statement and agrees to serve, if elected.

Attendance at Annual Meeting of Shareholders

The Board of Directors has adopted a policy stating that incumbent directors are expected to attend the annual meeting of shareholders, absent exigent circumstances, such as illness, family emergencies and unavoidable business travel. Last year, all eight of the incumbent directors as well as former director Cynthia Borck, who retired from the Board on December 31, 2014, attended the annual meeting.

Communicating with the Board

Shareholders who wish to do so may communicate in writing with the Board of Directors, its committees, or individual directors regarding matters relating to the Company's business operations, financial condition or corporate governance. Any such communication should be addressed to the Board of Directors, or Board committee or individual director, as applicable, Union Bankshares, Inc., P.O. Box 1346, Morrisville, VT 05661. The correspondence will be forwarded to the addressee for review and response, as appropriate in the circumstances.

Transactions with Management and Directors

Some of the incumbent directors and executive officers of the Company, and some of the corporations and firms with which these individuals are associated, are customers of Union Bank in the ordinary course of business, or have loans outstanding from the Bank, and it is anticipated that they will continue to do business with Union Bank in the future. All loans to such persons or entities were made in the ordinary course of business, do not involve more than normal risk of collectibility or present other unfavorable features, and were made on substantially the same terms, including interest rates and collateral, as those prevailing at the same time for comparable transactions by Union Bank with unaffiliated persons, although directors and executive officers were generally allowed the lowest interest rate given to others on comparable loans.

Compensation Committee Interlocks and Insider Participation

The Company is not aware of the existence of any interlocking relationships between the senior management of the Company and that of any other company.

Vote Required to Approve Proposal 1

Election of directors is by a plurality of the votes cast.

Unless authority is withheld, proxies solicited hereby will be voted to fix the number of directors at eight and in favor of each of the eight nominees listed above to serve a one year term expiring at the 2016 annual meeting of shareholders, or until their successors are elected and qualify. If for any reason not now known by the Company any of such nominees should not be able to serve, proxies will be voted for a substitute nominee or nominees designated by the Board of Directors, or will be voted to fix the number of directors at fewer than eight and for fewer than eight nominees, as the Board may deem advisable in its discretion.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR PROPOSAL 1.

2014 AUDIT COMMITTEE REPORT

In accordance with its written charter adopted by the Board of Directors ("Board"), the Audit Committee of Union Bankshares, Inc. assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Company.

The Audit Committee is comprised of Mr. Bourgeois (Chair), Mr. Sweet and Mr. Sargent. The Board has determined that each member of the Committee satisfies the independence requirements of the NASDAQ listing standards, that each member of the Committee is financially literate, knowledgeable and qualified to review financial statements, and that Mr. Bourgeois has the attributes of an audit committee financial expert as defined by the regulations of the SEC.

In 2014, the Audit Committee appointed Berry, Dunn, McNeil & Parker, LLC. ("BerryDunn"), an independent registered public accounting firm, to perform the audit of our consolidated financial statements for the year ended December 31, 2014. BerryDunn was also appointed to audit our controls over financial reporting as of December 31, 2014. The appointment was ratified by the Board and the shareholders.

The Audit Committee has reviewed and discussed both with management and with BerryDunn, the Company's audited consolidated financial statements as of and for the year ended December 31, 2014. The Audit Committee has also discussed with management its assertion on the design and effectiveness of the Company's internal control over financial reporting as of December 31, 2014. Management has the responsibility for the preparation of the Company's consolidated financial statements and for assessing the effectiveness of internal controls over financial reporting; the independent registered public accounting firm has the responsibility for the audit of the consolidated financial statements and for expressing an opinion on whether such financial statements are in conformity with generally accepted accounting principles in the United States of America. The independent registered public accounting firm reports directly to the Audit Committee, which meets with the independent auditors on a regular basis, in separate executive sessions when appropriate. In 2014, the Audit Committee met seven times.

The Audit Committee has also discussed with the independent auditors the matters required to be communicated to the Audit Committee in accordance with generally accepted audit standards, including the auditors' judgment regarding the quality as well as the acceptability of the Company's accounting principles, as applied in its financial reporting. The Audit Committee has received and reviewed the written disclosures from the independent auditors required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditors' communications with the Audit Committee concerning independence, and has discussed with the independent auditors their independence from the Company and its management. The Committee has determined that the services performed by BerryDunn are compatible with maintaining that firm's independence in connection with serving as the Company's independent auditors.

Relying on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2014 for filing with the SEC.

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee (the "Committee") of the Board of Directors of Union Bankshares, Inc. is made up of four nonemployee directors. Schuyler W. Sweet (Chair), John H. Steel and Cornelius (Neil) J. Van Dyke each served on the Committee throughout all of 2014. John M. Goodrich has served on the Committee since his election to the Company's Board in May 2014. Each of the members of the Committee was determined by the Board to be independent within the meaning of applicable listing standards of the NASDAQ stock exchange, taking into consideration all relevant factors under applicable NASDAQ rules, including compensation earned by Committee members in fulfilling their duties, any other fees paid by the Company to the Committee members, any other affiliation with the Company or subsidiary, and all other factors specifically relevant to determining whether a Committee member has a relationship to the Company which is material to his ability to be independent from management in discharging the duties of a Committee member.

This Compensation Discussion and Analysis discusses the compensation awarded to, earned by or paid to the Company's named executive officers (the "NEOs"), the objectives of our executive compensation program for 2014 (including certain elements for 2015), what the compensation program is designed to reward, a description of each element of compensation, why the Company has chosen to pay each element, how the amount of each element was determined, how each element

fits into the overall compensation objectives, and how the most recent shareholder advisory “say-on-pay” vote affected our executive compensation decision-making. For 2014, the Company’s NEOs were: David S. Silverman, President and CEO; Marsha A. Mongeon, Chief Financial Officer (until her retirement on March 31, 2014), Karyn J. Hale, Chief Financial Officer (effective April 1, 2014); and Jeffrey G. Coslett, Vice President.

Executive Summary

Performance Summary

Our results for the Company in 2014 were very strong in comparison to prior years and in comparison with our peers in New England. The following summarizes the year’s key performance highlights:

Record earnings for 2014 of \$7.7 million, a 7.8% increase from 2013

- Net loan growth of \$25.9 million, or 5.6%, in 2014
- Deposit growth of \$33.7 million, or 6.5%, in 2014

Total capital increase of \$1.6 million, or 3.24%, in 2014

Continuing to exceed regulatory guidelines for being well capitalized, with a total risk based capital ratio of 13.60% at December 31, 2014 versus the guideline of 10.0%.

We have been able to achieve these results despite the generally slow economic recovery throughout parts of our market area, continued low interest rate environment affecting net interest margin, cautious consumer confidence, and sporadic improvement in the housing market.

Creation of Shareholder Value

The following highlights our key achievements during 2014 in creating shareholder value:

- Increase in book value per common share of 3.31% from December 31, 2013 to December 31, 2014
- Increase in earnings per common share of 9.37% from December 31, 2013 to December 31, 2014
- Increase in dividends paid per common share from \$1.01 in 2013 to \$1.04 in 2014
- Maintaining a dividend payout ratio in excess of 60.0%.

2014 Compensation Objectives

We develop our total executive compensation package with the purpose of attracting, retaining and motivating talented members of senior management to help us achieve the Company’s business goals and objectives. Ultimately our compensation programs are designed to achieve the following objectives: provide a competitive total compensation and benefits package; reward superior performance while appropriately balancing short and long-term performance and incentives consistent with prudent risk management goals and practices; and align management interests with those to the Company’s shareholders, with the ultimate goal of enhancing overall shareholder value. To achieve these objectives, the Compensation Committee regularly reviews and modifies our compensation and incentive programs to ensure they align with these core objectives. We assess our program from the perspective of our shareholders and regulators, considering best practices and making changes as appropriate.

Highlights of Compensation Program and 2014 Results:

-

Our NEOs, with the exception of Ms. Mongeon who retired on March 31, 2014, received base salary increases in 2014 ranging between 3.0% - 5.8%. Ms. Hale additionally received a 19.6% salary increase upon assuming her role as CFO on April 1, 2014, commensurate with her enhanced responsibilities.

For 2014, our NEOs earned annual cash incentives ranging between 10.0% and 16.6% of base salary based upon attaining above budgeted (target) performance for the year. Overall, each NEO's earned incentive was 138.7% of the target opportunity. These cash incentives were paid in February 2015.

In December 2014, the Company's Board granted 6,000 incentive stock options for the three NEOs, consistent with our past practice of including equity-based compensation in the overall compensation package, to help further align the economic interests of our NEOs with those of our shareholders.

Our Executive Compensation Program

Compensation Philosophy

Our compensation program and philosophy for executive officers was developed by the Compensation Committee and approved by our Board of Directors. The objectives of our executive compensation program are to:

- attract, retain and motivate talented members of senior management;
- provide a competitive total compensation and benefits package;
- reward superior performance, while appropriately balancing short and long-term performance and incentives, consistent with prudent risk management goals and practices; and
- align management interests with those of the Company's shareholders, with the ultimate goal of enhancing overall shareholder value.

To meet our executive compensation objectives, our program is designed to provide the following:

- base salary - pay commensurate with executive position, skill and responsibility (fixed compensation);
- short-term incentives - reward for achievement of annual goals/results (variable compensation);
- long-term incentives (including equity-based awards) - reward for long-term sustained performance and shareholder value creation; and
- executive benefits - promote health and well being and financial security for our executives.

The Compensation Committee strives to ensure our executive compensation program is designed to appropriately balance risk by utilizing short and long-term performance and incentives, consistent with prudent risk management goals and practices.

The Compensation Committee will continue to review, evaluate, and revise the compensation philosophy as appropriate to meet its desired objectives and adhere to emerging regulations as well as industry best practices.

Our Short Term Incentive Performance Plan is designed to:

- recognize and reward achievement of Union's annual business goals;
- motivate and reward superior performance;
- attract and retain key talent needed to grow Union;
- be competitive with market; and
- ensure incentives are appropriately risk-balanced (i.e. do not unintentionally motivate inappropriate risk taking).

Our long-term incentive plan strategy and equity grant allocation guidelines for key executives is based upon their role and our desired total compensation philosophy. The objectives of our long-term incentive plan are to:

- align the interests of Union’s executives with those of the Company’s shareholders;
- increase Union’s executives’ Company stock ownership/holdings;
- ensure sound risk management by providing a balanced view of performance and aligning rewards with the time horizon of risk;
- position Union’s total compensation to be competitive with market for meeting performance goals;
- motivate and reward long-term sustained performance; and
- enable Union to attract and retain the talent needed to drive the Company’s continued success.

Executive Compensation Mix

We strive to provide a total compensation package that is competitive with market practice, including awards of variable compensation that appropriately recognize Company and individual performance. In the aggregate, we believe our total compensation program provides the appropriate balance that enables us to ensure proper pay-performance alignment and reduces the potential that our compensation program might encourage inappropriate risk taking.

The objective is to pay competitive (i.e. market median) compensation for achieving performance goals consistent with the Company’s business goals and relative to the performance of industry peers. Actual compensation should exceed market, defined as 50th percentile of comparable banks, when superior performance is achieved, and be lower than market when performance falls below expectations.

The charts below summarize our 2014 target total direct compensation mix for the CEO and for our other three NEOs for 2014 as a group. The charts illustrate the mix of pay expressed as a percentage of total direct compensation (base salary + short-term incentives + long-term incentives).

Role of the Compensation Consultant

The Compensation Committee has the sole authority to retain and terminate a compensation consultant and to approve the consultant’s fees and all other terms of the engagement. The Compensation Committee has direct access to outside

advisors and consultants throughout the year as they relate to executive compensation. The Compensation Committee has direct access to and meets periodically with the compensation consultant independently of management.

During 2014, the Compensation Committee retained the services of Pearl Meyer & Partners, LLC ("PM&P"), an independent outside consulting firm specializing in executive and Board compensation, to assist the Committee. PM&P reports directly to the Compensation Committee and carries out its responsibilities to the Compensation Committee in coordination with both the CEO and the Human Resources Officer. As discussed below, services provided in 2014 by PM&P consisted of providing consultation for the design of the 2014 Union Bankshares, Inc. Equity Incentive Plan and the 2015 Equity Plan Summary.

The Compensation Committee regularly reviews the services provided by its outside consultants and believes that PM&P is independent in providing executive compensation consulting services. The Committee conducted a specific review of its relationship with PM&P in 2014, and determined that PM&P's work for the Committee did not raise any conflicts of interest. In making this determination, the Compensation Committee noted that during 2014:

PM&P did not provide any services to us or our management other than services to the Compensation Committee and its services were limited to executive and director compensation advisory services;

Fees paid by the Company and Union were less than 1% of PM&P's total revenue for FY 2014;

PM&P maintains a Conflicts Policy to prevent a conflict of interest or any other independence issues;

None of the PM&P consultants had any business or personal relationship with Committee members outside of the engagement;

None of the PM&P consultants had any business or personal relationship with executive officers of the company outside of the engagement; and

None of the PM&P consultants maintains any direct individual position in Union Bankshares, Inc. stock.

The Compensation Committee continues to monitor the independence of PM&P and its other compensation advisers on a periodic basis.

Role of Management

Although the Compensation Committee makes independent recommendations to the Board of Directors on all matters related to compensation of the named executive officers, certain members of management are requested to attend and provide input to the Compensation Committee throughout the year. Input may be sought from the CEO, CFO, Human Resources Officer and others as needed to ensure the Compensation Committee has the information and perspective it needs to carry out its duties.

The Compensation Committee meets with the CEO to discuss his performance and compensation package, but the Compensation Committee's recommendations for the CEO compensation package are subject to the approval of the Board and the CEO does not participate in the Board vote on his own compensation. For the other executives the Compensation Committee considers recommendations from the CEO to determine and approve compensation packages, as reported to the Board.

Annual Performance Evaluations

CEO: The Compensation Committee evaluates the performance of the CEO annually in the following seven categories:

1. Strategy and vision - How well the CEO conveys the Company's vision and develops a clear guide for current and future courses of action.
2. Leadership - How well the CEO motivates and energizes employees to implement the business strategy and achieve the Company's vision.
3. Innovation/Technology - Providing a vision for the development of new/better products and services.
4. Operating Metrics - How well the Company is meeting its current financial objectives.
5. Risk Management - Adequately managing risk and receiving satisfactory regulatory reviews.
6. People Management - To what extent the CEO takes steps to improve and expand the capabilities of senior managers.
7. External Relationships - How well the CEO interacts with shareholders, the Board, customers, regulators, media and other stakeholders.

Other NEOs: The CEO evaluates the performance of our other executive officers annually. Each executive officer's annual performance review serves as the basis for adjustments to his or her base salary. Individual performance evaluations are tied closely to achievement of short-term and long-term business goals and objectives, individual initiative, team-building skills, level of responsibility and corporate performance.

The CEO makes annual recommendations to the Compensation Committee for changes to executive officer salaries (other than his own) for the following year. These recommendations are based on individual performance within their respective areas of expertise, the CEO's assessment of their contributions to our earnings and growth during the year, as well as their management style and effectiveness in relation to our customers, shareholders, employees, fellow executive officers, Board and committee members and the community. The Compensation Committee reviews these recommendations and makes its final recommendations to our Board of Directors. Decisions regarding compensation for executive officers, including that of the CEO, are approved by our Board of Directors based on the recommendations from the Compensation Committee.

Benchmarking

The Compensation Committee typically engages a compensation consultant (PM&P in 2013 and again in 2015) to conduct a competitive review of our executive compensation program every two years. A primary data source used in setting market-competitive guidelines for the executive officers is the information publicly disclosed by a peer group of other publicly traded banks and thrifts. Our peer group is developed jointly by the Compensation Committee and PM&P using objective parameters that reflect banks of similar asset size, performance and region.

When developing the peer group, PM&P includes financial institutions ranging from approximately one-half to two times our asset size that are located in the New England and New York region of the United States (excluding Boston and the New York City metro areas). The peer group is also designed to position us at approximately the 50th percentile in regards to assets.

PM&P conducted a competitive review of our executive compensation programs in 2013 and at that time, a peer group was developed and approved by the Compensation Committee. This peer group was used to make decisions related to executive compensation for 2013 and 2014. In 2015, PM&P will again be engaged to update the peer group and assess our executive compensation programs in order to assess the effectiveness of our 2015 decisions and provide input for the 2016 programs.

The following banking organizations constituted our peer group for decisions related to executive compensation made by the Compensation Committee and Board for 2013 and 2014:

SI Financial Group, Inc.
BSB Bancorp, Inc.
Evans Bancorp, Inc.
Oneida Financial Corp.
Northeast Bancorp
Hampden Bancorp, Inc.
Bankwell Financial Group, Inc.
Patriot National Bancorp, Inc.
Salisbury Bancorp, Inc.
Chicopee Bancorp, Inc.
Green County Bancorp, Inc (MHC)
Peoples Federal Bancshares, Inc.
Community Bancorp
Elmira Savings Bank
Lake Shore Bancorp, Inc. (MHC)
Pathfinder Bancorp, Inc. (MHC)
PSB Holdings, Inc. (MHC)
Jeffersonville Bancorp
SBT Bancorp, Inc.
Wellesley Bancorp, Inc.

In addition to the peer group data, PM&P uses additional banking compensation surveys as part of the analysis focusing on banks similar to us in asset size and region.

Information from the competitive analysis is used by the consultant to provide market-competitive guidelines that support our total compensation philosophy. Guidelines for base salary, short and long-term incentive targets and estimated total direct compensation are provided with suggested ranges for performance. This allows the Compensation Committee to see the potential pay, and range of pay, for each executive role. These guidelines provided a useful framework for consideration by the Compensation Committee in setting cash and non-cash compensation levels.

Risk Oversight of Compensation Programs

We believe that our compensation program is structured to encourage executive performance in a manner consistent with prudent risk management. Among the factors in our executive compensation program that support our enterprise risk management goals are the following factors:

The Company's only operating subsidiary, Union Bank, is subject to regulation and supervision by the Federal Deposit Insurance Corporation and the Commissioner of the Vermont Department of Financial Regulation, and as such, adheres to defined risk guidelines, practices and controls to ensure the safety and soundness of the organization.

Management of Union conducts regular reviews of our business processes to ensure we adhere to appropriate regulatory guidelines and practices. These practices are monitored and supplemented by our internal audit function, as well as our external auditors.

-

Our incentive plan provides a maximum cap on payment and does not have highly leveraged payout curves and steep payout cliffs at specific performance levels that could encourage short-term actions to meet payout thresholds.

Our short and long term incentive plans are subject to clawbacks in the event of accounting restatement due to fraud or misconduct or in the event of material violations of our code of ethics.

A balanced mix of fixed and variable compensation is utilized.

The Company's Board has the discretion to make positive or negative adjustments as they deem advisable based on business environment and market conditions.

Components of Executive Compensation and 2014 Decisions

Our compensation program for all executive officers, including the CEO, consists of four key components, which are reviewed regularly by the Committee:

Base Salary;
Short-term Incentive;
Long-Term Incentive (including equity-based awards); and
Executive Benefits.

As in prior years, during 2014 we provided a company-owned vehicle for our CEO, an annual benefit valued at less than \$10,000, but provided no other perquisites of any kind to any of our executive officers.

The executive officers are not covered by employment agreements and hence are considered employees at will. They are not entitled to any severance benefits upon termination of employment, except for a termination that is preceded within a specified period by a change-in-control of the Company or Union, as described below under the caption "Change in Control Agreements".

The following section summarizes the role of each component of our compensation package, how decisions are made and the resulting 2014 decision process as it relates to the NEOs.

Base Salary

We believe the purpose of base salary is to provide competitive and fair base compensation that recognizes the executives' role, responsibilities, experience and performance. Base salary represents fixed compensation that is targeted to be competitive with our peer group.

Typically, the Compensation Committee reviews and sets base pay for each executive in January of each year following the performance evaluation process. Competitive markets for similar roles are considered, as well as each individual's experience, performance and contributions.

The Compensation Committee approved the following 2014 base salary adjustments for NEOs that were intended to recognize each executive's contribution and performance, as well as the factors referred to in the preceding paragraph, and if needed, bring salaries more in line with market:

Name	Title	January 2013 Base Salary	January 2014 Base Salary	Percent Increase in January 2014	January 2015 Base Salary	Percent Increase in January 2015
David S. Silverman	President and CEO	\$260,000	\$275,000	5.77%	\$286,000	4.00%
Marsha A. Mongeon	CFO and Treasurer (until March 31, 2014)	\$167,630	\$167,630	0.00%	N/A	N/A
Karyn J. Hale (1)	CFO and Treasurer (effective April 1, 2014)	\$97,360	\$100,310	3.03%	\$123,600	3.00%
Jeffrey G. Coslett	SVP, Human Resources and Branch Administration	\$115,640	\$119,140	3.03%	\$124,000	4.08%

(1) Ms. Hale received a salary increase from \$100,310 to \$120,000 (19.63%) on April 1, 2014 upon assuming the role of VP, CFO and Treasurer.

The executive compensation objective set by the Compensation Committee is to pay competitive (i.e. market median) compensation for achieving goals consistent with the Company's business goals and relative to industry peers. When the 2013 PM&P executive compensation review was conducted, CEO base salary was determined to be at the 35th percentile of the peer group. The Committee has recommended that the CEO's salary be increased over time to be closer to the market median. Base salary for the other NEOs were in the 40th to 45th percentile of the peer group.

Short-term Incentive

Annually, the Board on a discretionary basis may choose to offer incentive compensation under the Union Bank Short Term Incentive Performance Plan (the "STIPP"), by establishing annual performance and award targets for a designated performance period, which has generally been the calendar year. On February 5, 2014, the Company adopted the 2014 performance criteria and bonus opportunities under the STIPP, following the general pattern and timing of adoption of STIPP performance measures and bonus opportunities for the 2013 and 2012 annual performance periods. Participants are designated each year by the Union Board, upon recommendation of the Compensation Committee. All of the named executive officers were designated as participants for 2014, 2013 and 2012, and have been so designated for 2015. The Union Board on February 4, 2015 adopted annual performance and award targets under the Plan for 2015. Financial results utilized in establishing performance targets and calculating awards are based on performance of Union Bank only, not the consolidated results of the Company. Awards (if any) are paid in cash within two and one-half months after the end of the calendar year. The 2014 awards were paid in February 2015 for the account of Mr. Silverman, Ms. Hale and Mr. Coslett, the 2013 awards were paid in February 2014 for the account of Mr. Silverman, Ms. Mongeon and Mr. Coslett, and the 2012 awards were paid in March 2013 for the account of Mr. Silverman and Ms. Mongeon, all of which are included in the 2014 Summary Compensation Table under "Nonequity Incentive Plan Compensation." Participants do not have a vested right in any award prior to payout.

The objective of our STIPP is to recognize and reward achievement of Union's annual business goals, motivate and reward superior performance, attract and retain key talent needed to grow the franchise, be competitive within our market, and ensure incentives are appropriately risk-balanced. Rewards under this Plan represent compensation that must be earned (and re-earned each year) based upon performance by the Company's subsidiary, Union Bank.

Our proposed performance goals for the incentive plan are based on budget projections and typically presented by the CEO to the Compensation Committee during the first quarter of the year. Once the Compensation Committee finalizes and preliminarily approves the performance goals, the goals are presented to the Board of Directors for final approval. The following details the framework of the 2014 STIPP:

Incentive Opportunity: Each participant had a target award (expressed as a percentage of earned base salary during the fiscal year) and range that defined the incentive opportunity. The CEO's target for 2014 was 12.0% of base salary and the target for all other executive officers was 8.0% of base salary. Actual awards vary based on actual performance during the year and range from 0% of target (not achieving threshold performance for a goal) to 150% of target for meeting or exceeding stretch performance. Target incentive opportunities (percentages) have remained unchanged since the plan was first implemented in 2012.

Performance Measures: The Committee and Board believe that the 2014 performance measures are aligned with our strategy and business plan. In order for the 2014 STIPP to activate, attainment of 90% of budgeted 2014 annual net income of Union was required. Additionally, each eligible participant, including the NEOs, needed to achieve in aggregate a rating of "fully meets expectations" for their most recent annual performance evaluation. The awards for all NEOs were based upon achieving targets (on a Bank-only basis) with respect to our return on average assets, net income, efficiency ratio, loan growth (excluding municipal loans) and loan quality (defined as loan charge-offs plus net OREO write downs plus (gain) or loss on sale of other real estate owned and other assets owned, less loan recoveries). Minimum (threshold) and maximum (stretch) levels of performance were defined for the 2014 STIPP and are summarized in the table below. No awards are paid for performance below threshold for a particular performance measure. Actual payouts for each performance goal are based upon final performance between threshold and stretch levels and are awarded on a five step basis from threshold (50% payout), Lower Mid (75% payout), Target (100% payout), Upper Mid (125% payout) and Stretch (150% payout). The Compensation Committee may recommend and the Board has the discretion to make positive or negative adjustments to any payouts as they deem advisable to reflect the business environment and market conditions.

The 2014 performance measures for Mr. Silverman, Ms. Hale and Mr. Coslett were as follows (Ms. Mongeon was not eligible to receive a 2014 STIPP award):

Performance Measure	Weighting	Threshold (Minimum) Goal Funds 50% of target award	Target Goal Funds 100% of target award	Stretch (Maximum) Goal Funds 150% of target award
ROAA	25%	0.98%	1.09%	1.20%
Net Income (dollars in thousands)	30%	\$5,701	\$6,335	\$6,968
Efficiency Ratio	15%	74.94%	72.94%	68.94%
Loan Growth (dollars in thousands)	15%	\$13,299	\$20,910	\$36,111
Loan Quality (dollars in thousands)	15%	\$625	\$500	\$375

At the end of the calendar (fiscal) year, the Compensation Committee assesses Union's performance relative to each of the performance measures and determines the awards based upon the extent to which each goal has been attained. The Compensation Committee retains the discretion to recommend to the Board modification of executives' incentive payouts based on significant individual performance or Union performance shortfalls. Our Board of Directors has the discretion to determine the amount and manner of executive incentive payments and to make such adjustments as they deem appropriate. No such adjustments were made in 2014.

2014 Performance Results: The following table summarizes the 2014 performance results and the associated payouts (as a percent of target opportunity for each predefined performance measure) for Mr. Silverman, Ms. Hale and Mr. Coslett:

Performance Measure	2014 Target Goal	2014 Result	Payout Allocation (0-150% of target opportunity)
ROAA	1.09	1.36	150%
Net Income (dollars in thousands)	\$6,335	\$7,961	150%
Efficiency Ratio	72.94	67.69	150%
Loan Growth (dollars in thousands)	\$20,910	\$19,370	75%
Loan Quality (dollars in thousands)	\$500	\$54.6	150%
		TOTAL	138% of Target Incentive Opportunity

Based upon the actual performance results summarized above, the table below summarizes the actual incentive payouts (as dollar amount and percent of base salary) for each of the NEOs.

Executive	Title	2014 Annual Incentive Target Opportunity		2014 Annual Incentive Actual Awards	
		Amount	% of Base Salary	Amount	% of Base Salary
David S. Silverman	President and CEO	\$33,000	12%	\$45,691	16.65%
Karyn J. Hale (1)	CFO and Treasurer	\$8,260	7.21%	\$11,460	10.00%
Jeffrey G. Coslett	SVP - Human Resources and Branch Administration	\$9,520	8%	\$13,210	11.10%

Ms. Hale was eligible for a target award of 6.0% as a Vice President of Union from January 1, 2014 through May (1)20, 2014, at which point she was named a Senior Vice President of Union and became eligible for a target award of 8.0% from May 21, 2014 through December 31, 2014.

2015 Plan Design: In February, 2015, the Board, upon recommendation of the Compensation Committee, approved the annual performance goals and incentive opportunities under the STIPP (2015 STIPP). The plan design for the 2015 STIPP is identical to the 2014 STIPP with the exception of reducing the weighting for net income from 30% to 25% and increasing the weighting of loan growth from 15% to 20%. The possible payouts under the 2015 STIPP range from 0% to 150% of these target awards based upon Union's performance. In order for the 2015 STIPP to activate, attainment of 90% of budgeted 2015 annual net income of Union is required. Additionally, in order to be eligible to receive an award a participant, including the NEOs, must achieve in aggregate a rating of "fully meets expectations" for his or her most recent annual performance evaluation as of the end of 2015. The awards for the NEOs, including the CEO, will be based upon actual achievement of performance results compared to target (budgeted) performance levels with respect to Union's return on average assets, net income, efficiency ratio, loan growth and loan quality, with all definitions remaining the same as for the 2014 STIPP. The Compensation Committee may recommend and the Board reserves the right to adjust any payouts as they deem advisable to reflect the business environment and market conditions.

Long-Term Compensation

The Company's current stock-based compensation plan is the Union Bankshares, Inc. 2014 Equity Incentive Plan (the "2014 Equity Plan"), which was approved by the shareholders at the 2014 annual meeting. This Plan replaces the 2008 Incentive Stock Option Plan (the "2008 ISO Plan"). The primary purpose of the 2014 Equity Plan is to link senior management compensation more closely to corporate performance and increases in shareholder value, and to assist the

Company in attracting, retaining and motivating executive management. Eligible participants consist of only nonemployee directors, executive officers and other key employees of the Company or the Bank who are in a position to contribute

significantly to profitability and who are recommended by the Compensation Committee, which administers the 2014 Equity Plan, and approved by the Company's Board.

Like the predecessor 2008 ISO Plan, the 2014 Equity Plan provides for grants of incentive stock options. However, unlike the 2008 ISO Plan, the 2014 Equity Plan also allows for granting of nonqualified options, restricted stock awards and restricted stock units to eligible officers and nonemployee directors of the Company and of Union. The total number of shares of the Company's common stock that may be awarded under the 2014 Equity Plan is 50,000, which includes approximately 25,000 unused shares remaining from the authorization under the 2008 ISO Plan, subject to standard anti-dilution adjustments in the case of stock dividends, stock splits, recapitalization and similar changes in the Company's capitalization. As of December 31, 2014, 44,000 shares remain available for future equity awards under the 2014 Equity Plan.

As of December 31, 2014, exercisable options with respect to 7,500 shares granted under the 2008 ISO Plan remain outstanding and expire seven years after the grant date. In addition, there were options granted under the 2014 Equity Plan with respect to 6,000 shares awarded in December 2014, that are not yet exercisable and which will expire seven years after the date of grant or six years after they become exercisable one year following the grant date. All outstanding grants are subject to early termination following the optionee's termination of employment during the option period, and to early vesting if the individual retires, dies or is disabled, as defined by the equity plan under which the option awards were granted.

2014 Decisions: In December, 2014, the Compensation Committee recommended and the Board approved incentive stock option awards under the 2014 Equity Plan with respect to 3,000 shares to Mr. Silverman and 1,500 shares each to Ms. Hale and Mr. Coslett. The incentive stock options granted and the timing of the awards in 2014 were consistent with previous practice.

There were 6,000 options granted under the 2008 ISO Plan in both 2013 (3,000 options to Mr. Silverman, 1,500 options to Ms. Mongeon, and 1,500 options to Mr. Coslett) and in 2012 (3,000 options to Mr. Silverman and 1,500 shares to Ms. Mongeon, and 1,500 shares to Mr. Coslett).

2015 Plan Design: In March, 2015, the Compensation Committee recommended and the Board approved the 2015 Equity Summary Plan, consisting of annual performance goals and incentive targets for the designated participants. The 2015 Equity Summary Plan will only become effective if Union achieves satisfactory results from the most recent final safety and soundness regulatory examination, and individual participants achieve performance evaluation ratings in aggregate of "fully meeting expectations". Under this program, executives are eligible to receive a grant of time-based restricted stock units ("RSUs"), a portion of which is also subject to Union's attainment of certain performance metrics. All RSUs will be settled upon satisfaction of vesting conditions solely in the form of Company common stock and, prior to vesting, do not earn dividends or dividend equivalents, nor do they bear any voting rights.

The Compensation Committee and the Board chose to award RSUs since this type of equity grant helps to create an ownership focus and alignment with shareholders while also serving as a powerful retention feature for our top executives. The CEO's target opportunity is 15% of base salary and the other executive officers' target opportunity is 10% of base salary. The time-based RSUs will vest at approximately 1/3 of the total award over each of the three years after the end of the plan year. The performance-based RSUs, subject to the attainment of certain performance objectives, will vest at the rate of 50% of the total award over each of the two years after the end of the 2015 plan year. The measurement criteria for performance-based RSUs will be relative ROAA to a peer group of New England banks and thrifts with assets from \$300 million to \$1 billion, as reported by SNL Financial LC. The Compensation Committee will review the long-term incentive program on an annual basis and will have the ability to change the mix of equity instruments (i.e. mix of restricted stock, RSUs and stock options) as deemed necessary and permitted by the 2014 Equity Plan. These grants are subject to clawbacks in the event of accounting restatement due to fraud or

misconduct or in the event of material violation of our code of ethics.

The Compensation Committee believes that Unions' executive officers should maintain a material personal financial stake in the Company to promote a long-term perspective in managing the Company and to better align shareholder and executive interests. Therefore, under the 2014 Equity Plan, executive officers are required to retain ownership of 25% of their after tax vested share awards until termination or retirement.

If an executive experiences personal economic hardship, the Compensation Committee will have the authority to decide whether the holding requirements will be waived for that particular award or if the executive will be allowed to sell more shares than the holding requirements permit.

Change-in-Control Agreements

In June, 2014, each of our NEOs (other than Ms. Mongeon who retired on March 31, 2014) entered into Change-in-Control Agreements with the Company. These agreements contain standard terms and conditions customarily found in Change-in-Control agreements for executives holding comparable positions. No severance is payable unless there is an involuntary termination after a change in control. If an executive officer is terminated without "cause" (as defined in such agreements) or the executive officer resigns for "good reason" (as defined in such agreements) following a change in control the executive is entitled to receive a lump sum payment of 100% of the executive's annual base salary (200% of base salary in the case of our CEO) plus 100% of the executive's bonus (short-term incentive) amount (200% in the case of our CEO), plus an amount equal to the employer contributions made by the Bank or its Affiliates under the Bank's 401(k) and profit sharing plan for the account of the Executive with respect to the last completed plan year immediately prior to the change in control, including any employer matching contributions, "safe harbor" contributions and profit sharing contributions. The Bank shall also continue to provide to the Executive (and the Executive's dependents, if applicable), at the Bank's sole expense, the same level of medical insurance benefits upon substantially the same terms and conditions (including contributions required by the NEO, if any, for such benefits) as existed immediately prior to the Executive's Date of Termination for a period of 12 months following the date of separation (24 months in the case of our CEO), and will also provide outplacement services. Any equity-based awards (whether to be settled in cash or stock) held by the NEOs under any equity-based plan of the Company, including any outstanding awards under the Company's 2008 ISO Plan, 2014 Equity Plan, or any successor equity-based plans, will be governed by the provisions of the respective plan. In return, each NEO has agreed to be subject to restrictive covenants (non-competition and non-solicitation) for a specified period following termination of employment. There are no tax "gross up" provisions in the employment agreements. We believe it is appropriate to provide a severance package of a comparable level as that of similarly situated companies in exchange for restrictive covenants which protect the Company.

Split Dollar Life Insurance

Union's group life insurance plan (described below) has a stated benefit of three times annual salary, subject to a maximum benefit limit of \$300,000. Due to this benefit cap, those employees (including the three NEOs) whose salary exceeds \$100,000 do not receive the full value of a life insurance benefit of three times annual salary. Accordingly, on January 21, 2015, Union's Board approved the purchase of \$5 million in Bank-Owned Life Insurance on the lives of certain executives as an investment for Union. In conjunction with this purchase, split-dollar life insurance agreements have been entered into with certain officers, including the three NEOs, which provide that a portion of the death benefit on the life insurance policy owned by Union will be paid to the executive's beneficiary if the NEO dies while employed with Union. The agreements will expire upon termination of employment. The value of the death benefit under split-dollar life insurance arrangement is \$500,000 for Mr. Silverman and \$250,000 and for each of Ms. Hale and Mr. Coslett. The split-dollar life insurance benefit is in addition to the \$300,000 group life insurance coverage generally available to Union's employees.

Other Benefits

Our executive officers are also eligible for other benefits available to all other employees on substantially the same terms, such as our 401(k) plan, and health, dental, and life insurance plans.

401(k) plan: we match individual plan contributions for participating employees, including the NEOs, on a \$0.50 per dollar basis up to 6.0% of annual salary up to annual IRS maximums. Additionally, we provide a 3.0% Safe Harbor contribution for participating employees, including NEOs, up to annual IRS maximums. Finally, Union's Board approved a 3.0% profit share contribution for participating employees, including NEOs, for 2014 (contributed in February 2015), for 2013 (contributed in February 2014) and for 2012 (contributed in February 2013).

Group medical and dental health insurance plans.

Life insurance plan (benefit equal to three times annual salary, subject to a maximum benefit of \$300,000) and short and long-term disability insurance plans (with disability benefits paid at two-thirds of annual salary up to certain benefit limits).

Effect of 2013 Advisory Vote on NEO Compensation

In 2013, we provided our shareholders with the opportunity to cast a non-binding advisory vote on executive compensation (a "say-on-pay proposal"). At our 2013 Annual Meeting of Shareholders, 95.5% of the votes cast on the say-on-pay proposal were voted in support of the compensation paid to our NEOs. The Compensation Committee believes this affirms shareholders' support of our approach to executive compensation, and as such we have not significantly changed our approach to executive compensation. Also at our 2013 Annual Meeting of Shareholders, 83.0% of the votes cast on a non-binding advisory vote on the frequency of future say-on-pay votes approved the proposal to hold say-on-pay votes every three years. Therefore, the next say-on-pay advisory vote will occur no later than at the Company's annual shareholder meeting in 2016. Additionally, the next say-on-frequency vote will occur no later than at the Company's annual shareholder meeting in 2019. The Compensation Committee and Board will continue to consider the outcome of our say-on-pay proposal, regulatory changes and emerging best practices when making future recommendations regarding compensation for the Company's NEOs.

Impact of Accounting and Tax Consequences on the Form of Compensation

The Compensation Committee and management consider the accounting and tax (individual and corporate) consequences of the compensation plans prior to making changes to the plans.

Section 162(m) of the Internal Revenue Code limits deduction of compensation paid to NEOs to \$1,000,000 unless the compensation is "performance-based." Based on current compensation levels, we do not believe the section 162(m) cap on compensation will be triggered for our CEO or other NEOs, but may consider this in future years.

COMPENSATION COMMITTEE REPORT

The Compensation Committee reviewed and discussed the above Compensation Discussion and Analysis with our management. Based on the review and discussion, the Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

EXECUTIVE COMPENSATION

Summary Compensation Table

The following table sets forth a summary of compensation paid during the last three years to each person who served as an executive officer of the Company during 2014. Each of these NEOs also served as an executive of Union Bank during 2014.

Deferred Compensation Plans

Union Bankshares, Inc. and Union Bank sponsor two nonqualified deferred compensation plans for Directors and certain key officers. Promised benefits under the plans are general unsecured obligations of the Company and/or the Bank. No assets of the Company or the Bank have been segregated to meet the payment obligations under the plans. However, the Company and the Bank have jointly purchased life insurance and mutual funds to fund substantially all of the benefit payments under the plans.

As part of the overall compensation plan, the Company's Executive Nonqualified Excess Plan is a defined contribution plan, which provides a means for participants to elect to defer receipt of current compensation from the Company or the Bank in order to provide retirement or other benefits as selected in the individual adoption agreements.

Participants may select among designated reference investments consisting of investment funds, with the performance of the participant's account mirroring the selected reference investment. Distributions are made only upon a qualifying distribution event, which may include a separation from service, death, disability or unforeseeable emergency or (in the case of distributions from an in-service withdrawal account or education funding account) upon a date specified in the participant's deferral election form. As of December 31, 2014, Mr. Silverman was a participant in this plan and Ms. Mongeon is entitled to future annual payments with respect to compensation deferred by her in prior years.

The Company also maintains the 2008 Amended and Restated Nonqualified Deferred Compensation Plan, a defined benefit plan, which was frozen in 1998 to new participants and in 2004 to additional deferrals. The plan was amended and restated in 2008 in order to comply with the provisions of Section 409A of the Internal Revenue Code, added by the American Jobs Creation Act of 2004. Two nonemployee directors and Ms. Mongeon are participants in the plan and are entitled to future annual payments with respect to compensation deferred by them in prior years.

Defined Benefit Pension Plan

The Union Bank Defined Benefit Pension Plan ("Plan") covers all eligible employees of the Bank employed prior to October 5, 2012. On October 5, 2012, the Company closed the Plan to new participants and froze the accrual of retirement benefits for current participants. Union continues to maintain the frozen Plan and related Trust and to distribute benefits to participants at such time and in such manner as provided under the terms of the Plan. Employees were eligible who were not classified as "summer" or "temporary" and who had completed more than 1,000 hours of service in a calendar twelve month period. The plan is noncontributory, nondiscriminatory and nonconvertible. An employee generally became 100% vested in the plan after 7 years. Benefits begin on retirement after age 65, although early retirement may be taken after age 55, with an actuarially reduced benefit. Mr. Coslett is eligible for early retirement. Mr. Coslett's monthly life annuity payments if he had retired on December 31, 2014 would have been \$819. Ms. Mongeon retired on March 31, 2014 but chose not to begin to draw on her pension benefit at that time. If Ms. Mongeon had begun to draw on her pension benefit on December 31, 2014, her monthly life annuity payment would have been \$3,306. Benefit calculations disregarded any years of service over 20 (which Mr. Silverman and Ms. Mongeon had exceeded as of the date of the freeze but Ms. Hale and Mr. Coslett had not) and are subject to the

limitations under the Internal Revenue Code on the amount of the annual benefit payable under the plan (\$210,000 for 2014). Covered compensation for purposes of the benefit calculations includes salary and cash bonuses, but not other forms of compensation. Employees choose the form of annuity payout at

the point of retirement. The plan was amended in 2014 to allow for the option of a lump sum payout if the present value of the payout is \$100,000 or less. This lump sum option was made available to all former employee plan participants in 2014.

PENSION BENEFITS

Karyn J. Hale	The Union Bank Pension Plan	6.93	\$37,620	—
Jeffrey G. Coslett	The Union Bank Pension Plan	9.63	\$136,274	—

Reported as the number of years of benefit service as of 12/31/14, recognizing that benefit service after 10/5/2012 is disregarded. The number of years of vesting service as of 12/31/14 are as follows: Mr. Silverman, 28.41 years; (1) Ms. Mongeon, 24.55 years (reflects her retirement on 3/31/14); Ms. Hale, 9.16 years; and Mr. Coslett, 11.87 years. There is no resulting benefit augmentation for the additional vesting years of service for any participant, including the NEOs.

Due to the frozen status of the plan, no further years of benefit service will accrue. The monthly retirement benefits payable at age 65 for Mr. Silverman under the plan is approximately \$6,071, for Ms. Mongeon is approximately \$5,119, for Ms. Hale is approximately \$873, and for Mr. Coslett is approximately \$1,456.

Defined Contribution Retirement Savings Plan

Union Bank maintains a contributory, tax qualified Employee Savings 401(k) and Profit Sharing Plan covering all employees who meet certain eligibility requirements. Participants may elect to contribute up to the IRS maximum dollar amount limitations of their eligible compensation to their 401(k) plan account on a tax deferred basis. Effective January 1, 2013, the plan provided for a non-discretionary 3% Safe Harbor contribution. The plan also provides for matching contributions by Union Bank, in the sole discretion of the Bank's Board of Directors. During 2014, 2013 and 2012, Union Bank made a discretionary 401(k) matching contribution of fifty cents for every dollar of compensation deferred by the participant, up to 6% of each participant's eligible compensation. In February 2015, a 3% discretionary profit sharing contribution, declared in November 2014, was made to each eligible employee's 401(k) account. In February 2014, a 3% discretionary profit sharing contribution, declared in December 2013, was made to each eligible employee's 401(k) account. In February 2013, a 3% discretionary profit sharing contribution, declared in December 2012, was made to each eligible employee's 401(k) account. Nondiscretionary Safe Harbor contributions, discretionary matching contributions and the profit sharing contribution made for the accounts of the three executive officers named in the 2014 Summary Compensation Table are included in the table under "All Other Compensation."

“Good reason” means, among other things, a material diminution of responsibility or salary; a change in location of more than 50 miles from the executive’s current location; or the inability of Union to perform its obligations under the agreement. “Cause” means, among other things, illegal acts, gross misconduct or the executive’s failure to perform in any material respect their obligations under this agreement.

Related Party Transactions

Certain of our directors and executive officers, as well as members of their immediate families and the companies, organizations, trusts, and other entities with which they are associated, are, or during 2014 were, also customers of Union Bank in the ordinary course of business. As permitted by applicable law, these persons may have had loans outstanding during 2014, and it is anticipated that these persons and their associates will continue to be customers of and indebted to Union Bank in the future. All of these loans were made in the ordinary course of business, and did not involve more than normal risk of collectability or present other unfavorable features, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the same time for comparable transactions with unaffiliated persons and, where required by law, received prior approval by Union Bank’s Board of Directors. At December 31, 2014, these

loans totaled approximately \$.909 million. None of these loans to directors, executive officers, or their associates are past due, in a nonperforming status, or have been restructured to provide a reduction or deferral of interest or principal because of a deterioration in the financial position of the borrower.

Compensation Committee Interlocks and Insider Participation

The Company is not aware of the existence of any interlocking relationships between the senior management of the Company and that of any other company.

Compliance with Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Exchange Act requires our executive officers, directors, and 10% shareholders to file reports of ownership (Form 3) and changes of ownership (Forms 4 and 5) with respect to our common stock with the SEC. Executive officers, directors and 10% shareholders are required to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such reports furnished to us with respect to 2014, all Section 16(a) filing requirements applicable to our executive officers and directors during 2014 were met.

PROPOSAL 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The independent registered public accounting firm of BerryDunn was engaged to serve as the Company's independent accountants to audit the Company's consolidated financial statements for the year ended December 31, 2014 and to audit the internal controls over financial reporting as of December 31, 2014 upon recommendation of the Audit Committee and ratification by the shareholders.

BerryDunn has advised the Audit Committee that they are independent accountants with respect to the Company within the meaning of standards established by the American Institute of Certified Public Accountants, the PCAOB, the Independence Standards Board and federal securities laws administered by the SEC. A representative of BerryDunn is expected to be present at the annual meeting. She/he will have the opportunity to make a statement if she/he so desires, and she/he is expected to be available to respond to appropriate questions.

The Audit Committee has appointed BerryDunn to serve as the Company's independent registered public accounting firm to audit the Company's consolidated financial statements and internal controls over financial reporting for the year ending December 31, 2015, and to perform such other appropriate accounting services as may be required. Although ratification by the shareholders is not required by law, consistent with evolving corporate practices the Board has determined that it is desirable to request shareholder approval of the appointment. The Audit Committee has not determined what action it will take if the shareholders do not ratify the appointment of BerryDunn. In such event, the Committee could decide to continue to retain the services of BerryDunn for 2015 and consider a change in auditors for 2016. Moreover, even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time if it determines that such a change would be in the best interests of the Company and its shareholders.

BerryDunn has audited the Company's consolidated financial statements for the last six calendar years and has audited the controls over financial reporting for the first time in 2014.

Audit Fees

Aggregate fees billed for professional services rendered to the Company by BerryDunn for the years ended December 31, 2014 and 2013, are detailed in the table below.

Services Provided	BerryDunn	
	2014	2013
Audit	\$179,498	\$149,159
Audit Related	13,580	16,929
Tax	14,500	20,301
Total	\$207,578	\$186,389

Audit fees in both years were for the audits of the annual consolidated financial statements of the Company included in the Company's annual report on Form 10-K and review of quarterly financial statements included in the Company's quarterly reports on Form 10-Q, filed with the SEC. Audit fees in 2014 also include amounts for the audit of internal controls over financial reporting.

Audit Related fees in both years were for assurance and related services relating to Union Bank's trust operations, attendance at the annual shareholders meeting and other accounting matters.

Tax fees in both years were for services related to tax compliance, including the preparation of tax returns, review of estimates, consulting and tax planning, and tax advice. Tax fees in 2013 include assistance with the examination of the Company's 2011 Federal Income Tax return by the Internal Revenue Service.

Audit Committee Preapproval Guidelines

All audit and nonaudit services provided by the registered independent accounting firm during the preceding two fiscal years were approved in advance by the Audit Committee. The Audit Committee has adopted Preapproval Guidelines relating to the provision of audit and nonaudit services by the Company's external auditors. Under these Guidelines, the Audit Committee preapproves both the type of services to be provided by the external auditor and the estimated fees related to these services. During the approval process, the Audit Committee considers the impact of the types of services and the related fees on the independence of the auditor. The services and fees must be compatible with the maintenance of the auditor's independence, including compliance with SEC rules and regulations.

In order to ensure timely review and approval, the Audit Committee has delegated to the Chair of the Committee the authority to amend or modify the list of preapproved services and fees, subject to prompt reporting to the full Committee of action taken pursuant to such delegated authority.

Vote Required to Approve Proposal 2

Ratification of the appointment of BerryDunn as the Company's independent auditors for 2015 will require that more votes be cast "FOR" than "AGAINST" the proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR PROPOSAL 2.

SHAREHOLDER PROPOSALS

Under SEC rules, management of the Company will be permitted to use its discretionary authority conferred in the proxy card for the annual meeting to vote on a shareholder proposal even if the proposal has not been discussed in the Company's proxy statement, unless the shareholder-proponent has given timely notice to the Company of his or her

intention to present the proposal at the meeting. In order to be considered timely for consideration at the 2016 annual meeting, the

shareholder-proponent must have furnished written notice to the Company of the proposal no later than February 23, 2016. If timely notice is received, the Company may exercise its discretionary authority under the proxy in connection with such proposal only if otherwise permitted to do so under applicable SEC rules.

There is a separate process under SEC rules, with an earlier notification deadline, if an eligible shareholder seeks to have his or her proposal included in the Company's proxy materials for the annual meeting. In order to be eligible for inclusion in the Company's proxy material for the 2016 annual meeting, the shareholder must meet specified eligibility requirements in the SEC rules and the proposal must be submitted in writing to the Secretary of the Company no later than December 10, 2015 and must comply in all respects with applicable SEC rules relating to such inclusion. Any such proposal will be omitted from or included in the proxy material at the discretion of the Board of Directors, subject to such SEC rules.
