Explanatory Note

On December 17, 2014, National Health Investors, Inc. (“we,” “our,” “us” and the “Company”) filed a Current Report on Form 8-K (the “Initial Report”) with the Securities and Exchange Commission (the “SEC”) announcing the acquisition of a portfolio of eight retirement communities (the “Senior Living Communities Portfolio”), with a total of 1,671 units, for a cash purchase price of \$476 million, pursuant to the Asset Purchase Agreement between the Company and Senior Living Communities, LLC (“Senior Living Communities”) and certain of its affiliates dated December 1, 2014 which was previously announced and disclosed in the Company’s Current Report on Form 8-K that was filed with the Securities and Exchange Commission on December 1, 2014. The Senior Living Communities Portfolio has been leased to Senior Living Communities pursuant to a 15-year master lease and will continue to be managed by an affiliate of Senior Living Communities.

Pursuant to the Securities Exchange Act of 1934, as amended, we hereby amend the Initial Report to provide the financial statements of the Senior Living Communities Portfolio and pro forma information required by Item 9.01 of Form 8-K. This amendment should be read in conjunction with the Initial Report.

Independent Auditor's Report

To the Members
of Senior Living Communities, LLC and Subsidiaries

We have audited the accompanying consolidated financial statements of Senior Living Communities, LLC (a North Carolina limited liability company) and subsidiaries, which comprise the consolidated balance sheets as of December 31, 2014 and 2013, and the related consolidated statements of operations, changes in members' deficit, and cash flows for the years ended December 31, 2014, 2013 and 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Senior Living Communities, LLC and subsidiaries as of December 31, 2014 and 2013, and the results of their operations, their changes in members' equity, and their cash flows for the years ended December 31, 2014, 2013 and 2012, in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principles

As described in Note S to the financial statements, during the year ended December 31, 2014 the Company changed its method of accounting for commissions paid for new occupancy agreements. As described in Note J to the financial statements, during the year ended December 31, 2013 the Company changed its method of accounting for contingent liabilities with respect to refundable occupancy fees secured by mortgages. As described in Note R to the financial statements, during the year ended December 31, 2013 the Company changed its method of accounting for goodwill, and reverted back to its previous method during the year ended December 31, 2014. Our opinion is not modified with respect to these matters.

SENIOR LIVING COMMUNITIES, LLC AND SUBSIDIARIES

Notes to Consolidated Financial Statements December 31, 2014 and 2013

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

Business Activity

Senior Living Communities, LLC was organized November 1, 2005 for the purpose of developing and operating retirement communities located in the United States. It operates as a limited liability company (LLC) in accordance with and pursuant to the North Carolina Limited Liability Company Act, and its members have limited personal liability for the obligations or debts of the entity. Only one class of member's interest exists.

Consolidated Financial Statements

These consolidated financial statements include the accounts of Senior Living Communities, LLC and its subsidiaries - BrightWater Retirement, LLC; Cascades Retirement, LLC; Cascades Nursing, LLC; Homestead Hill Retirement, LP; Litchfield Retirement, LLC; Marsh's Edge, LLC; Osprey Village at Amelia Island, Ltd.; Ridgecrest Retirement, LLC and Summit Hills, LLC. For the years ended December 31, 2013 and 2012, they also included the subsidiaries Stratford Retirement, LLC; Abingdon Retirement, LLC; Viera Retirement, LLC; Vero Retirement Associates, LLC and its subsidiary Arbors Retirement, LLC. All material intercompany transactions and accounts are eliminated in consolidation.

As described in Note P, effective June 30, 2013, Senior Living Communities, LLC divested of its operations in Stratford Retirement, LLC. It sold most of its property and equipment to a new landlord of the facility and distributed its limited liability membership interest in Stratford Retirement, LLC to one of the members of Senior Living Communities, LLC. Effective December 31, 2012, Senior Living Communities, LLC divested itself of its operations and sold substantially all of the assets of the communities operated by Abingdon Retirement, LLC; Vero Retirement Associates, LLC; and Viera Retirement, LLC.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain accounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.

SENIOR LIVING COMMUNITIES, LLC AND SUBSIDIARIES

Notes to Consolidated Financial Statements (Continued)

December 31, 2014 and 2013

NOTE A - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Limited Liability Company / Income Taxes

The Company has elected to file its income tax return on the accrual basis as a partnership for federal and state income tax purposes. As a result, the Company's taxable earnings or losses are passed through to the Company's members who are then taxed based on their allocable share of such taxable earnings or losses. Accordingly, no provision or benefit for federal or state income taxes has been reported by the Company.

In the third quarter of 2014, the Internal Revenue Service began an examination of the Company's U.S. income tax return for 2012. As of December 31, 2014, the IRS had not completed its examination. Any tax adjustments resulting from the IRS's examination would be passed through to the individual members. The Company is no longer subject to U.S. federal or state income tax examinations by tax authorities for 2011 and prior years.

As a limited liability company, each member's liability is limited to amounts reflected in their respective member capital accounts.

Cash and Cash Equivalents

The Company considers all highly liquid unrestricted investments with maturities of three months or less to be cash equivalents for purposes of the statement of cash flows.

Checks in Process

The Company has a sweep arrangement with its bank that includes the bank accounts of Senior Living Communities, LLC and its subsidiaries. Under this arrangement, the operating accounts of most of the subsidiaries of Senior Living Communities, LLC are zero balance accounts. The daily ending balance is zeroed by a sweep transfer to a master account held by Senior Living Communities, LLC. When funds are required in the operating accounts to clear checks and other disbursements, automatic transfers from the master account to the operating accounts occur for the required amounts. Checks issued and outstanding on the subsidiaries' operating accounts are shown as current liabilities on the consolidated balance sheet.

Accounts Receivable and Allowance for Doubtful Accounts

The Company carries its accounts receivable at cost less an allowance for doubtful accounts. On a periodic basis, management evaluates accounts receivable balances and establishes an allowance for doubtful accounts, based on history of past write-offs and collections. At December 31, 2014 and 2013, the allowance for doubtful accounts was \$152,255 and \$520,054, respectively.

Inventory

Inventories are stated at cost determined principally on the first-in, first-out basis.

SENIOR LIVING COMMUNITIES, LLC AND SUBSIDIARIES

Notes to Consolidated Financial Statements (Continued)

December 31, 2014 and 2013

NOTE A - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property and Equipment

Property and equipment are carried at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. Major renewals and improvements are capitalized while replacements, maintenance, and repairs which do not improve or extend the life of the assets, are expensed currently. When assets are sold or retired, their cost and accumulated depreciation are removed from the accounts and resulting gains and losses are included in the Statement of Operations.

Revenue Recognition

The Company recognizes revenue from monthly service and ancillary fees as they become due from the residents. The non-refundable portion of occupancy fees received from residents prior to moving into the communities is earned over a five-year amortization period.

Advertising

Senior Living Communities, LLC and its subsidiaries expense advertising costs when the advertising first takes place. Consolidated advertising expense for the years ended December 31, 2014, 2013 and 2012 was \$552,772; \$683,535 and \$950,735, respectively.

Self Insurance

The Company self insures health related claims for its covered employees up to certain limits. Claims in excess of these limits are insured with stop-loss insurance. The Company has accrued a liability it believes is adequate to cover the outstanding claims and claims that have been incurred but not yet reported as of December 31, 2014 and 2013. Any subsequent changes in estimate are recorded in the period in which they are determined.

Master Lease Agreements

Through December 17, 2014, Senior Living Communities, LLC had a master lease agreement with Health Care REIT, Inc. (HCN) for the lease of each community. The master lease had an initial lease term which was set to expire on December 31, 2025, and an option to renew for an additional fifteen years. Senior Living Communities, LLC entered into sub-lease agreements with its subsidiaries under the same lease terms it had with Health Care REIT, Inc.

On December 17, 2014, National Health Investors, Inc. (NHI) acquired substantially all of the tangible property of Senior Living Communities, LLC and that which the Company leased from Health Care REIT, Inc. The Company entered into a new master lease agreement with National Health Investors, Inc. The new master lease has an initial lease term that is set to expire on December 31, 2030, and has two options to extend the lease for an additional five years with each extension. Senior Living Communities, LLC entered into sub-lease agreements with its subsidiaries under the same lease terms it has with National Health Investors, Inc.

NOTE A - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Rent Expense

Rent expense is recognized on a straight-line basis over the life of the lease. The difference between rent expense recognized and rental payments, as stipulated in the lease, is reflected as deferred rent expense in the consolidated balance sheets.

Fair Value of Financial Instruments

FASB ASC 820-10 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

Quoted market prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Cash, restricted cash, and occupancy fee deposits in escrow are carried at amounts considered by management to approximate fair value based on Level 1 valuation. Long-term notes payable are carried at amounts considered by management to approximate fair value based on Level 3 valuation, using discounted cash flow analyses based on debt with similar interest rates, maturities and collateral.

NOTE B - RESTRICTED CASH

The Master Lease Agreements with National Health Investors, Inc. and with Health Care REIT, Inc. require the Company to maintain an escrow account(s). These cash accounts are reported on the balance sheet as current assets. At December 31, 2014 and 2013, the restricted cash balances were:

	2014	2013
Settle-Up Escrow	\$ 2,600,000	\$ -
Property Tax Account	81,948	1,305,496
Construction Escrow	-	150,132
Health Care Claims Account	31,000	34,000
Cash Collateral Account	-	5,247
Total Restricted Cash	\$ 2,712,948	\$ 1,494,875

NOTE C - CONCENTRATIONS

Senior Living Communities, LLC and most of its subsidiaries maintain their cash balances at one bank under a sweep investment arrangement. The operating accounts of Senior Living Communities, LLC and each of its participating subsidiaries are zero balance accounts. The daily ending balance of each account is zeroed by a sweep transfer to a master account held by Senior Living Communities, LLC. Funds held in the master account are owned by the respective entities, and Senior Living Communities, LLC is the custodian. When funds are required in the operating accounts to clear checks and other disbursements, the necessary amounts are automatically transferred from the master account back to the operating accounts.

Deposit insurance through the Federal Deposit Insurance Corporation is a function of ownership of the funds on deposit. Each entity participating in the master account is entitled to its own separate deposit insurance up to \$250,000. Amounts on deposit with other banks are also insured through the Federal Deposit Insurance Corporation up to \$250,000. At times the balances may exceed the insured amounts. The Company periodically reviews the financial condition of the institutions and believes the risk of loss to be minimal.

NOTE D - ACCOUNTS RECEIVABLE - OTHER

Accounts receivable-other at December 31, 2014 includes \$161,368 of property taxes to be refunded to the community operated by Cascades Retirement, LLC.

During the year ended December 31, 2013, the Company submitted claims for insurance reimbursements for lightning damage at two of its communities. The costs of repairs in excess of the deductible expected to be reimbursed totaled \$212,083. During the year ended December 31, 2014, additional costs were incurred and submitted for reimbursement totaling \$25,720. At December 31, 2014, the balance remaining to be collected for these claims included in the accounts receivable-other balance totaled \$150,750.

NOTE D - ACCOUNTS RECEIVABLE – OTHER (Continued)

Under the master lease agreement with Health Care REIT, Inc., Senior Living Communities, LLC acted as an agent for construction and property development at each of the communities. Construction activities have consisted of entirely new communities, expansion and renovation of existing communities and the continuing construction of new cottages at both new and existing communities. At December 31, 2013, the net unreimbursed construction costs of \$358,347 were included in the balance in Accounts Receivable-Other. There are no such receivables as of December 31, 2014.

NOTE E - CONSTRUCTION IN PROGRESS

Costs related to the construction of single-family cottages at the various communities are allocated to the specific project under construction, including interest on the allocated portion of the construction line of credit. Once the cottage has received its certificate of occupancy, the cost of the cottage is removed from construction in progress and is included in leasehold improvements. Any interest charged after the cottage has been capitalized is included in expense until the allocated construction advance is repaid.

Costs related to the construction of the additional villa building at the community operated by Homestead Hill Retirement, LP, including interest on the allocable portion of the construction line of credit, are included in construction in progress until the building receives its certificate of occupancy. Once the entire building is completed, the total cost of the project will be removed from construction in progress and will be included in leasehold improvements. Any interest charged on the allocated portion of the construction advance after the building has been capitalized will be expensed until the allocated portion of the construction advance has been repaid in full.

Costs related to the expansion project at the community operated by Cascades Retirement, LLC including costs of land improvements, building costs and interest on the allocable portion of the construction line of credit, are included in construction in progress. As each portion of the project is completed, those costs will be removed from construction in progress and will be included in leasehold improvements. Any interest charged on the allocated portion of the construction advance after the project has been capitalized will be expensed until the allocated portion of the construction advance has been repaid in full.

NOTE F - CONSTRUCTION ADVANCE AGREEMENT

The Company and Health Care REIT, Inc. had an agreement under which Health Care REIT, Inc. would advance funds for the construction of single-family cottages. The maximum amount available to the Company under the agreement was \$6,000,000. Rent was due monthly at 8.41% on the outstanding balance. Repayment of advances for any cottage was due within thirty days of the Company's receipt of move-in payment of the occupancy fee for that cottage. Outstanding advances at December 31, 2014 and 2013, under this agreement were \$0 and \$1,891,523, respectfully.

NOTE G - LINE OF CREDIT FROM NHI

National Health Investors, Inc. has provided a line of credit to Senior Living Communities, LLC to be used for various construction projects and to provide working capital as necessary. The maximum amount available to the Company under the agreement is \$15,000,000 through December 31, 2019. Interest on the outstanding principal balance of the loan shall accrue at a floating per annum rate of the Ten Year Treasury Note Rate (as published in the Wall Street Journal on the fifteenth (15th) day of each month or if the Wall Street Journal is not published on the fifteenth day of the month then the next publication day thereafter) plus six percent (6%). Commencing on February 1, 2015 and continuing on the first business day of each successive month thereafter, the Company shall pay to the landlord, (a) accrued interest at the Note Rate based upon the principal outstanding during the Interest Accrual Period, and (b) any other amounts due under the Loan Documents. The Company shall have the option of capitalizing the interest hereunder by adding it to the principal balance each month and paying it on the Maturity Date. Principal payments under a Working Capital Loan shall be due on the first day of the month following receipt by the landlord of the Company's consolidated quarterly financial statements, if the Fixed Charge Coverage Ratio for the trailing twelve month period of operation ending on the last day of such quarter is at least 1.00 to 1.00, in an amount equal to 75% of the amount by which the numerator of such ratio exceeds the denominator of such ratio. In addition, a principal payment of \$10,000,000 shall be due and payable on December 31, 2019 and after that date the maximum principal amount of the Loan and any further draws shall be limited to the remaining \$5,000,000 of the loan and may be used only for working capital or as otherwise approved by the landlord. Outstanding advances at December 31, 2014 and 2013, under this agreement totaled \$2,816,146 and \$0, respectfully.

NOTE H - NOTES PAYABLE

NOTE I - REFUNDABLE OCCUPANCY FEES

Senior Living Communities, LLC and its subsidiaries recognize a long-term liability for the refundable portions of occupancy fees received from residents. Under the terms of the occupancy agreements and the master lease with the landlord, the refunds are to be made from occupancy fees collected from replacement residents.

The Company offers three forms of Occupancy Agreement: The “90% Minimum Refund Plan,” the “60% Minimum Refund Plan,” and the “Endowment Plan.” In the past, the Company also offered a “100% Minimum Refund Plan” and an “80% Minimum Refund Plan” which have been discontinued. The “100% Minimum Refund Plan” and the “90% Minimum Refund Plan” Occupancy Agreements provide for repayment to the resident 100% or 90% of the original occupancy fee paid by the resident, respectively, regardless of when the resident subsequently moves out of the home. The “80% Minimum Refund Plan” Occupancy Agreements provide for repayment of 90% of the original occupancy fee to the resident if the resident moves out of the home in the first year and 80% of the original occupancy fee paid by the resident if the resident moves out of the home in the second year or thereafter. The “60% Minimum Refund Plan” Occupancy Agreements provide for repayment to the resident 90%, 80%, or 70% of the original occupancy fee paid by the resident if the resident moves out of the home in the 1st, 2nd or 3rd year, respectively, after becoming a resident. In the 4th year or thereafter, the resident is entitled to a 60% refund of the occupancy fee paid. The “Endowment Plan” Occupancy Agreements provide for repayment to the resident of 90% of the original occupancy fee paid by the resident if the resident moves out of the home within the first six months of becoming a resident. After six months, the refundable portion is reduced each month by 2% of the total occupancy fee paid by the resident until the refundable portion is reduced to zero.

For all plan types, the refund is payable upon the earlier of securing a substitute resident who pays to the Company the then applicable occupancy fee or five years from the date the resident moves out.

Some of the residents of the community operated by Cascades Retirement, LLC were residents prior to the acquisition by Senior Living Communities, LLC. The occupancy agreements with these residents provide for a refund of 90% of the occupancy fee received from the substitute resident.

Certain refund obligations on single family homes are secured by mortgages from the landlord. Beginning January 1, 2009, the Company and the landlord discontinued the practice of securing refund obligations on single-family cottages with mortgages.

Notes to Consolidated Financial Statements (Continued)

December 31, 2014 and 2013

NOTE J - CHANGE IN ACCOUNTING PRINCIPLE RELATED TO CONTINGENT LIABILITIES

Prior to the year ended December 31, 2013, the Company considered the refundable occupancy fees secured by mortgages from the landlord to be contingent liabilities because the asset that secures the mortgage is not owned by Senior Living Communities, LLC. Effective January 1, 2013, management decided to accrue all secured refundable occupancy fees because the Company believes it to be a more meaningful presentation of its obligations according to the terms of the occupancy agreements as described above. The Company reduced its members' equity \$42,275,016 as of January 1, 2012 for the cumulative effect of the change for all periods preceding January 1, 2012. The restatement resulted in an increase of previously reported net income of \$6,636,624 for the year ended December 31, 2012. See Note T.

NOTE K - DEFERRED REVENUES

A portion of the occupancy fee received from residents represents payment for future services and therefore is non-refundable. The non-refundable portion is recorded as deferred revenue and recognized as earned revenue over a period of five years from the resident's move-in date, which approximates the average residency of the communities' residents in independent living. Periodically, the Company re-evaluates the appropriate revenue recognition period for income earned from these contracts. Prior to January 1, 2014, the Company recognized revenue over a period of 6.5 years, which approximated the average residency in independent living at that time. Total deferred revenue to be recognized under existing occupancy fee contracts as of December 31, 2014 and 2013 is \$10,859,004 and \$12,176,294, respectively. The amount scheduled to be recognized in 2015 is \$6,837,388.

NOTE L - GAIN ON SALE OF ASSETS

On December 17, 2014, the Company and Health Care REIT, Inc. sold the assets located at the 8 communities operated by the subsidiaries of Senior Living Communities, LLC to National Health Investors, Inc. Senior Living Communities, LLC received \$73,287,138 in cash and other consideration from the sale of assets having a net book value of \$14,304,735, and wrote off other costs previously capitalized of \$1,205,294.

Non-cash consideration received from the sale of property to National Health Investors, Inc. includes the relief from liability for construction advances and other loans made by Health Care REIT, Inc., to Senior Living Communities, LLC totaling \$39,735,564. It also includes \$10,000,000 retained by National Health Investors, Inc. as a security deposit to be held in an escrow account with interest to accrue to the benefit of Senior Living Communities, LLC. The security deposit and any accrued interest thereon are not accessible to Senior Living Communities, LLC until the expiration or termination of the lease.

NOTE M - OPERATING LEASES

The master lease agreement between Senior Living Communities, LLC and its subsidiaries and National Health Investors, Inc. is set to expire on December 31, 2030. It includes an option to renew for two additional five-year terms. The following is a consolidated schedule of future minimum base rental payments for the facilities over the next five years and in total:

Year Ending	Amount
December 31	
2015	\$ 31,000,000
2016	32,240,000
2017	33,529,600
2018	34,870,784
2019	35,916,908
Thereafter	424,099,506
Total	\$ 591,656,798

Periodically Senior Living Communities, LLC had been required to pay the former landlord, Health Care REIT, Inc., “conversion rent” upon the conversion of an independent living villa from a rental contract to an occupancy fee contract at certain communities. “Conversion rent” was paid in addition to base rent. When paid, these amounts were recorded as prepaid rent on each subsidiary’s balance sheet and amortized over the remaining lease term. “Conversion rent” payments were not required on conversions after December 31, 2012. All of the unamortized balance was expensed in the year ended December 31, 2014, when the properties were acquired by the new landlord, and the lease agreement with Health Care REIT, Inc. was cancelled.

NOTE O - DISCONTINUED OPERATIONS (Continued)

Effective December 31, 2012, Senior Living Communities, LLC divested of its operations and sold substantially all of the assets of the communities operated by Abingdon Retirement, LLC; Vero Retirement Associates, LLC; and Viera Retirement, LLC. Net losses recognized in the year ended December 31, 2012 totaled \$8,412,315. Net gain on the disposal of assets and relief from liabilities recognized was \$36,307,125.

NOTE P - 401(k) PROFIT SHARING PLAN

The Company has established a 401(k) profit sharing plan for the benefit of its eligible employees and the eligible employees of its subsidiaries and related companies. Employees who are 21 years of age or older are immediately eligible to participate in the plan and are eligible for matching contributions. Employees become fully vested in the employer contributions to the plan after one year of service. The Company's matching contribution to the plan is discretionary. Currently, the Company's matching contribution equals 20% of up to 5% of compensation. Consolidated pension expense for the years ended December 31, 2014, 2013, and 2012 was \$151,550; \$142,135 and \$180,313, respectively.

NOTE Q - OTHER INCOME

Other income for 2012 includes a refund of 2010 and 2011 property taxes totaling \$482,210, less \$82,996 paid to a consulting firm to negotiate on behalf of the Company. The Company expects the renegotiated assessment to result in continued savings.

NOTE R - RESTATEMENT OF CONSOLIDATED FINANCIAL STATEMENTS PERTAINING TO ACCOUNTING FOR GOODWILL

The Company has restated its previously issued financial statements for the year ended December 31, 2013, to reflect a change in accounting for goodwill. In 2013, the Company recognized amortization expense of \$2,788,623 related to goodwill using an alternate accounting method which permitted amortization of goodwill on a straight-line basis over ten years. In 2014, the Company elected to follow ASC 350 - Goodwill and Other Intangible Assets, and reversed the previously recorded amortization expense. See Note T.

During 2014, 2013 and 2012, the Company performed its annual review of goodwill and determined that no impairment charge was necessary.

NOTE S - CHANGE IN ACCOUNTING PRINCIPLE FOR COMMISSIONS PAID ON INITIAL OCCUPANCY AGREEMENTS

Effective January 1, 2014, the Company changed its accounting method of accounting for commissions paid on initial or first-generation occupancy fee agreements. Previously, the Company capitalized those commissions and amortized them over the average resident stay which was 6.5 years. Currently, the Company is expensing all such costs in accordance with ASC 954 - Health Care Entities as all of the communities are substantially constructed and occupied. Comparative statements of prior years have been adjusted to apply the new method retrospectively. See Note T.

NOTE T - CUMULATIVE EFFECTS OF CHANGES IN ACCOUNTING PRINCIPLES

The effects of the restatements on affected line items of the Company's results of operations and financial position as of and for the year ended December 31, 2013 are as follows:

NOTE U - SUBSEQUENT EVENTS

The Company evaluated transactions occurring after December 31, 2014 in accordance with ASC 855 - Subsequent Events through February 13, 2015, which is the date the financial statements were available for issuance. Based on this evaluation, no disclosures or adjustments were made to the financial statements.

(b) Pro Forma Financial Information

UNAUDITED PRO FORMA CONDENSED CONSOLIDATED FINANCIAL INFORMATION

The following unaudited pro forma condensed consolidated financial information has been derived from the application of pro forma adjustments to our historical consolidated financial statements. This unaudited pro forma condensed consolidated financial information should be read in conjunction with the other information contained in the related notes to this pro forma financial information and with our historical consolidated financial statements and the related notes and the other information included in our filings with the SEC.

The unaudited pro forma condensed consolidated financial information set forth below reflects our historical financial information, as adjusted to give effect to the following transactions as if they occurred on January 1, 2013, in the case of our condensed consolidated statements of income, which are described in more detail elsewhere in the notes:

Consummation of our December 2014 acquisition of the Senior Living Communities Portfolio, consisting of seven entrance-fee communities and one senior living campus, for a cash purchase price of \$476 million (plus \$89,000 of certain transaction costs required to be expensed under generally accepted accounting principles, which are included in the Company's historical results of operations for the year ended December 31, 2014).

Our entry into a triple-net master lease with Senior Living Communities relating to the Senior Living Communities Portfolio.

The sale of 4,427,500 shares of common stock in an offering in December 2014 at a price to the public of \$63.80 per share, to fund a portion of the purchase price of the Senior Living Communities Portfolio.

Borrowings under a credit facility that closed in January 2015, consisting of two non-amortizing senior unsecured term loans with an aggregate principal amount of \$225 million, to fund a portion of the purchase price of the Senior Living Communities Portfolio and specified transaction costs.

The retirement of approximately \$17.8 million of debt outstanding under our existing revolving credit facility from the application of net proceeds from the sale of common stock and borrowings from the senior unsecured term loans in excess of the cost of the Senior Living Communities Portfolio.

Additionally, the unaudited pro forma condensed consolidated statement of income for the year ended December 31, 2013 also gives effect to our acquisition of (i) Care YBE Subsidiary LLC on June 28, 2013, which owns 14 assisted living and memory care facilities (the "Care YBE Portfolio"), and (ii) 25 independent living facilities on December 23, 2013 from affiliates of Holiday (the "Holiday Portfolio"), as if such acquisitions had occurred on January 1, 2013.

Because the acquisition of the Senior Living Communities Portfolio is already reflected in the Company's historical consolidated balance sheet as of December 31, 2014 included in our Annual Report on Form 10-K for the year then ended, no pro forma consolidated balance sheet is required to be presented as part of our unaudited pro forma condensed consolidated financial information. The historical financial information presented in the unaudited pro forma condensed consolidated statements of income for the years ended December 31, 2014 and 2013 is derived from our audited consolidated statements of income for the years ended December 31, 2014 and 2013, which are included in our Annual Report on Form 10-K for the year ended December 31, 2014.

In the opinion of management, all adjustments necessary to reflect the effects of the matters described above and in the notes to the unaudited pro forma condensed consolidated statements of income have been included and are based upon available information and assumptions that management believes are reasonable. Further, the historical financial

information presented herein has been adjusted to give pro forma effect to events that we believe are factually supportable and which are expected to have a continuing impact on our results.

Other than as described above, no other pro forma adjustments have been made, including for other investment and disposition activity completed during 2014. The unaudited pro forma condensed consolidated financial information is provided for informational purposes only. The unaudited pro forma condensed consolidated statements of income do not purport to represent what our results of operations would have been had such transactions been consummated on the dates indicated; additionally, they may not be indicative of our financial position or results of operations as of any future date or for any future period.

NOTES TO UNAUDITED PRO FORMA CONDENSED CONSOLIDATED STATEMENTS OF INCOME

(A) Historical amounts reported by us in our Annual Reports on Form 10-K for the years ended December 31, 2014 and 2013.

(B) Represents rental income from the triple-net master lease between us and Senior Living Communities relating to the Senior Living Communities Portfolio for the years ended December 31, 2014 and 2013. Rental income is based on generally accepted accounting principles, which require that the average contractual rent be recognized on a straight-line basis over the term of a lease without regard to the actual cash rent specified in the lease. Due to rent escalation provisions in the master lease, the pro forma adjustment for the year ended December 31, 2013 includes cash rent of approximately \$31 million plus a straight-line adjustment of approximately \$8.4 million. The pro forma adjustment for the year ended December 31, 2014 includes cash rent of approximately \$32.2 million plus a straight-line adjustment of approximately \$7.2 million, net of amounts recognized. The rental income recognized from our lease relating to the Senior Living Communities Portfolio from December 17, 2014, the date of acquisition, is included in our historical operating results for 2014.

(C) Represents estimated depreciation expense related to the Senior Living Communities Portfolio for the years ended December 31, 2014 and 2013. Depreciation was calculated on a straight-line basis using estimated useful lives of 7, 15, and 39 years for furniture and equipment, land improvements, and buildings, respectively. We use the mid-month convention for recording depreciation, and, accordingly, the pro forma adjustment for the year ended December 31, 2014 relating to the Senior Living Communities Portfolio is not reduced by any actual depreciation expense, since we purchased the portfolio on December 17, 2014.

(D) In connection with our December 2014 acquisition of the Senior Living Communities Portfolio, in January 2015 we issued \$225 million in debt related to two senior unsecured notes. From the net proceeds of these notes, approximately \$207 million was used to fund the remaining purchase price and specified transaction costs not funded by our December 2014 equity offering (Note H). We used the remainder of the net proceeds to retire existing borrowings under our revolving credit facility. Pro forma interest adjustments for 2014 and 2013 reflect this reduction in borrowings under our revolving credit facility throughout 2014 and 2013. Our 2014 historical results of operations include interest on funds drawn on our credit facility which were used to bridge to the closing of our senior unsecured notes in January 2015. Accordingly, 2014 pro forma adjustments eliminate interest on these bridge loans for the last fifteen days of 2014. Final terms on the notes that closed in January 2015 included \$125 million with a maturity in December 2022 and an annual interest rate of 3.99% and \$100 million, with a maturity in December 2026, and an annual interest rate of 4.51%.

(E) Represents pro forma rental income from our leases relating to the Care YBE Portfolio and the Holiday Portfolio, which were entered into on June 28, 2013, and December 23, 2013, respectively, as if such leases were entered into on January 1, 2013. The actual rental income from our leases relating to the Care YBE Portfolio and the Holiday Portfolio from June 28, 2013 and December 23, 2013, their respective dates of execution, are included in our historical operating results. In year one of the lease relating to the Care YBE Portfolio, the annual straight-line adjustment based on contractual terms increases income by approximately \$603,000 in addition to contractual, cash-basis rent of approximately \$9.8 million. In year one of the lease relating to the Holiday Portfolio, the annual straight-line adjustment based on contractual terms increases income by approximately \$11.8 million, in addition to contractual, cash-basis, rent of approximately \$31.9 million.

(F) Adjustments to depreciation expense related to the Care YBE Portfolio and the Holiday Portfolio for the year ended December 31, 2013 are based on our allocation of the purchase prices of these portfolios to land, building and improvements and are calculated on a straight-line basis using the estimated remaining life of approximately 39 years for buildings, 7 years for furniture, fixtures and equipment and 15 years for land improvements. The pro forma

adjustment for the year ended December 31, 2013 relating to the Care YBE Portfolio is net of the actual depreciation expense taken for the Care YBE Portfolio for the period from our June 28, 2013 acquisition of the portfolio through December 31, 2013, which is included in our historical operating results. We use the mid-month convention for recording depreciation, and, accordingly, the pro forma adjustment for the year ended December 31, 2013 relating to the Holiday Portfolio is not reduced by any actual depreciation expense, since we purchased the portfolio on December 23, 2013.

(G) The pro forma adjustment to interest expense reflects additional interest expense (including the amortization of financing costs) relating to indebtedness incurred in connection with our acquisitions of the Holiday Portfolio and the Care YBE Portfolio. In connection with our December 23, 2013 acquisition of the Holiday Portfolio, we borrowed approximately \$250 million under a term loan that bears variable interest at an annual rate assumed to be 1.92%. In connection with our June 28,

2013 acquisition of the Care YBE Portfolio we (i) assumed two mortgage loans with Fannie Mae with principal balances of \$71.5 million and \$7.3 million, respectively at the date of acquisition, bearing interest at 6.85% and 7.17% per annum, respectively; and (ii) borrowed approximately \$44 million under our existing credit facility at a variable interest rate assumed to be 1.59% per annum. The adjustment does not include interest expense incurred after the respective dates of acquisition, as such expense is included in our historical results.

(H) Weighted average number of shares of common stock outstanding and income from continuing operations per share of common stock are adjusted to reflect our issuance of 5,175,000 shares of common stock in connection with our acquisition of the Holiday Portfolio in November 2013 and our issuance of 4,427,500 shares of common stock in December 2014, as if such issuances had taken place on January 1, 2013. The adjustment for the year ended December 31, 2013 reflects the 35 days of 2013 during which the 5,175,000 shares of common stock issued in connection with our acquisition of the Holiday Portfolio were actually outstanding and included in our historical financial statements. For the year ended December 31, 2014, the adjustment reflects the 27 days of 2014 during which the 4,427,500 shares of common stock issued in connection with our acquisition of the Senior Living Communities Portfolio were actually outstanding and included in our historical financial statements.
