TO THE SHAREHOLDERS OF INSIGNIA SYSTEMS, INC.:

NOTICE IS HEREBY GIVEN that the Annual Meeting of Shareholders of Insignia Systems, Inc. (the Company), a Minnesota corporation, will be held on Thursday, May 20, 2004 at 9:00 a.m., Central Daylight Savings Time, at the Radisson Hotel & Conference Center, 3131 Campus Drive, Plymouth, Minnesota, for the following purposes:

1. To elect five directors to serve for one year;
2. To approve an amendment to the Company's 2003 Incentive Stock Option Plan to increase the number of shares reserved for issuance under the Plan from 350,000 to 1,000,000 shares;
3. To transact such other business as may properly come before the meeting or any adjournment thereof.

The foregoing items of business are more fully described in the Proxy Statement accompanying this Notice.

The Board of Directors has fixed the close of business on March 22, 2004 as the record date for the determination of shareholders entitled to notice of and to vote at the meeting.

By Order of the Board of Directors

Denni Jo Lester
Secretary

Maple Grove, Minnesota
April 12, 2004

ALL SHAREHOLDERS ARE CORDIALLY INVITED TO ATTEND THE MEETING IN PERSON. HOWEVER, TO ENSURE YOUR REPRESENTATION AT THE MEETING, YOU ARE URGED TO VOTE, SIGN AND RETURN THE ENCLOSED PROXY AS PROMPTLY AS POSSIBLE IN THE POSTAGE-PAID ENVELOPE ENCLOSED FOR THAT PURPOSE.

PROXY STATEMENT

This Proxy Statement is furnished to the shareholders of Insignia Systems, Inc. in connection with the Board of Directors' solicitation of proxies to be voted at the annual meeting of shareholders to be held on May 20, 2004 or any adjournment thereof (the Meeting). The mailing of this Proxy Statement to shareholders commenced on or about April 12, 2004.

All expenses in connection with solicitation of proxies will be borne by the Company. The Company will pay brokers, nominees, fiduciaries, or other custodians their reasonable expenses for sending proxy material to, and obtaining instructions from, persons for whom they hold stock of the Company. The Company expects to solicit proxies by mail, but directors, officers, and other employees of the Company may also solicit in person, by telephone, by telegraph or by mail. The Company's principal offices are located at 6470 Sycamore Court North, Maple Grove, Minnesota 55369.

Any proxy may be revoked at any time before it is voted by written notice, mailed or delivered to the Secretary of the Company, or by revocation in person at the Meeting; but if not so revoked, the shares represented by such proxy will be voted in the manner directed by the shareholder. If no direction is made, proxies received from shareholders will be noted for the proposals set forth in the Notice of Meeting.

The Company has 12,475,625 shares of Common Stock, par value \$.01 per share (the Common Stock) outstanding and entitled to vote at the Meeting. Each share of Common Stock is entitled to one vote. Only shareholders of record at the close of business on March 22, 2004 are entitled to vote at the meeting and at any continuation or adjournment thereof. The presence, in person or by proxy, of the holders of a majority of the shares of Common Stock entitled to vote at the meeting will constitute a quorum for the transaction of business.

Under Minnesota law, each item of business properly presented at a meeting of shareholders generally must be approved by the affirmative vote of the greater of: (1) the holders of a majority of the voting power of the shares present, in person or by proxy, and entitled to vote on that item of business; or (2) a majority of the voting power of the minimum number of the shares entitled to vote that would constitute a quorum for the transaction of business at the meeting. Votes cast by proxy or in person at the Meeting will be tabulated at the Meeting to determine whether or not a quorum is present. Abstentions will be treated as unvoted for purposes of determining the approval of the matter submitted to the shareholders for a vote. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present and entitled to vote with respect to that matter.

Since 1980, Mr. Stofer has been the managing general partner of Cherry Tree Investments, Inc., a venture capital and investment banking firm located in Minneapolis, Minnesota. Mr. Stofer has been a director of numerous public and private companies over the past 25 years.

Compensation of Directors

Prior to 2003, the Company's directors did not receive any fees for their service on the Board of Directors, other than reimbursement of reasonable out-of-pocket expenses incurred on behalf of the Company. Beginning in 2003, outside directors receive a fee of \$10,000 per year and \$1,000 for each Board meeting that they attend. In addition, the Chair of each committee receives \$1,000 for each meeting of the committee, and members of the committee receive \$500 for each meeting of the committee that they attend. The 2003 Incentive Stock Option Plan provides for the grant to each non-employee director of a non-qualified option to purchase 10,000 shares of common stock at the time the director is first elected or appointed to the Board, and grants of non-qualified options for 5,000 shares each year that the director is re-elected. All grants have an exercise price equal to the closing market price on the date of grant.

Meetings and Committees of the Board of Directors

The Board of Directors met five times during 2003. Each director attended at least 75% of all meetings of the Board and committees of the Board on which he served. Directors are expected to attend substantially all of the meetings of the Board and the Committees on which they serve, except for good cause. Directors who have excessive absences without good cause will not be nominated for re-election or, in extreme cases, will be asked to resign or be removed. The Board of Directors has three standing committees, the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee.

Audit Committee. The current members of the Audit Committee are Mr. Kramer, Mr. Kelen, Mr. Stofer and Mr. Trestman, each of whom is independent as that term is defined in the Nasdaq Listing Standards. Mr. Kramer has been designated by the Board as the Audit Committee's financial expert, as that term is defined by rules of the Securities and Exchange Commission (SEC). The Audit Committee provides independent objective oversight of the Company's financial reporting system, reviews and evaluates significant matters relating to the audit and the internal controls of the Company, reviews the scope and results of audits by, and the recommendations of, the Company's independent auditors and approves additional services to be provided by the auditors. The Audit Committee operates pursuant to a written Charter, that was most recently amended on February 19, 2004. A copy of the Charter is attached as an Appendix. The Committee met nine times during 2003. These meetings were designed to facilitate and encourage private communication between the Audit Committee and the Company's independent auditors. See the Report of the Audit Committee in this Proxy Statement.

Compensation Committee. The Compensation Committee consists of Mr. Stofer, Mr. Kelen, Mr. Ramsdell and Mr. Trestman, all of whom are independent as that term is defined by the Nasdaq Listing Standards. Among other duties, the Compensation Committee reviews and approves the compensation of the Company's officers, benefits policies, strategies and pay levels necessary to support corporate objectives. The

Compensation Committee also approves option grants to employees. The Compensation Committee met two times during 2003. See the Report of the Compensation Committee in this Proxy Statement.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee was formed in December 2002. The current members of the Committee are Mr. Trestman, Mr. Kelen, Mr. Ramsdell and Mr. Stofer, each of whom is independent as that term is defined in the Nasdaq Listing Standards. The Committee operates pursuant to a written Charter, that was most recently amended on February 19, 2004. A copy of the Charter is attached as an Appendix. Among other duties, the Committee is responsible for nominating the slate of directors to be considered for election at the Company's annual meeting of shareholders. The Committee met one time in 2003.

The Nominating and Corporate Governance Committee Charter states that the Committee will evaluate candidates for election as directors using the following criteria: education, reputation, experience, industry knowledge, independence, leadership qualities, personal integrity, and such other criteria as the Committee deems relevant. The Committee will consider candidates recommended by the Board, management, shareholders, and others. The Charter authorizes the Committee to retain and pay advisors to assist it in identifying and evaluating candidates.

Shareholders who wish to recommend candidates to the Nominating and Corporate Governance Committee should submit the names and qualifications of the candidates to the Committee at least 120 days before the date of the Company's proxy statement for the previous year's Annual Meeting. Submittals should be in writing, addressed to the Committee at the Company's headquarters.

Shareholder Communications with the Board

Shareholders may send written communications to the Board or to any individual director at any time. Communications should be addressed to the Board or the individual director at the address of the Company's headquarters. The Board may direct that all of such communications be screened by an employee of the Company for relevance. The Board will respond to shareholder communications when it deems a response to be appropriate.

Code of Ethics

The Board of Directors has adopted a Code of Ethics to promote the highest honest and ethical conduct and compliance with laws, regulations and Company policies by the Company's directors, officers, employees and contractors.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR ELECTION OF THE MANAGEMENT SLATE OF NOMINEES.

ITEM II AMENDMENT TO 2003 INCENTIVE STOCK OPTION PLAN

The Board of Directors has adopted, subject to shareholder approval, an amendment to the Company's 2003 Incentive Stock Option Plan (the "2003 Plan"). The amendment provides for an increase in the total number of shares available under the 2003 Plan from 350,000 shares to a total of 1,000,000 shares. As of March 22, 2004, there were options outstanding to purchase 345,600 shares under the 2003 Plan and no shares had been issued upon the exercise of options under the 2003 Plan. Therefore, without shareholder approval of the amendment to the 2003 Plan, the Company believes that the remaining shares will be insufficient to cover future option grants and awards. The Board of Directors deemed it prudent to increase the shares available for grant under the 2003 Plan by 650,000 shares to facilitate future option grants and restricted stock awards.

On May 20, 2003, the shareholders approved the 2003 Plan to replace the 1990 Stock Plan (the "1990 Plan"). Options granted under the 1990 Plan for 1,042,455 shares will remain in effect until they are exercised or expire according to their terms. All future option grants will be made under the 2003 Plan.

Summary of the Plan

The 2003 Plan provides for the granting of stock options to employees, non-employee directors, consultants and advisors. There are currently 95 employees and five non-employee directors who are eligible to receive options under the 2003 Plan. An aggregate of 350,000 shares of Common Stock have been issued or reserved for issuance under the 2003 Plan. Shares covered by expired or terminated stock options may be used for subsequent awards under the 2003 Plan.

The 2003 Plan is administered by the Compensation Committee, whose members are appointed by the Board. The Committee has the power to select recipients, make grants of stock options, and adopt regulations and procedures for the 2003 Plan. Non-employee directors receive automatic option grants for 10,000 shares in the year in which they are first appointed or elected to the Board, and option grants for 5,000 shares each year they are re-elected.

The 2003 Plan permits the grant of both stock options that qualify as incentive stock options under the Internal Revenue Code and options that do not so qualify (non-qualified options). Incentive stock options differ as to their tax treatment and are subject to a number of limitations under the Internal Revenue Code. Incentive stock options may only be granted to employees, and may not be granted with an exercise price less than 100% of the fair market value of the Common Stock on the date of the grant (or, for an option granted to a person holding more than 10% of the Company's voting stock, at less than 110% of fair market value). On March 31, 2004, the closing sale price of the Common Stock was \$1.55 per share. The 2003 Plan states that the maximum number of shares for which any person may be granted options in any year shall not exceed 100,000 shares.

Following an optionee's death or disability, the optionee's options may be exercised by the optionee (or the optionee's legal representative or legatee) for a period of one year or until the expiration of the stated term of the option, whichever is less. If an optionee's employment with the Company terminates for any other reason, the optionee's options will remain exercisable for 90 days or until the expiration of the stated term, whichever is less, except if such optionee is terminated for conduct which is contrary to the best interest of the Company, or violates any written nondisclosure agreement, the optionee's options will immediately terminate. Options may not be transferred other than by will or the laws of descent and distribution, and during the lifetime of an optionee may be exercised only by the optionee.

The term of each option, which is fixed by the Committee at the time of grant, may not exceed ten years from the date the option is granted (except that an incentive option granted to a person holding more than 10% of the Company's voting stock may be exercisable only for five years). Options may be made exercisable in whole or in installments, as determined by the Committee. The vesting of options will be accelerated upon a change in control of the Company.

Federal Income Tax Treatment

Generally the grant of either an incentive stock option or a non-qualified option under the 2003 Plan will not cause recognition of income by the optionee or entitle the Company to an income tax deduction. Upon exercise of an option, the tax treatment will generally vary depending on whether the option is an incentive stock option or a non-qualified option. The exercise of an incentive stock option will generally not cause recognition of income by the optionee or entitle the Company to a tax deduction. However, the amount by which the fair market value of the shares obtained exceeds the exercise price on the date of exercise is an item of tax preference to the optionee for alternative minimum tax purposes.

The exercise of a non-qualified option will generally cause the optionee to recognize taxable income equal to the difference between the exercise price and the fair market value of the stock obtained on the day of exercise. The Company must then in most cases obtain from the optionee funds to meet tax withholding requirements arising from that income recognition. The exercise of a non-qualified option will also generally entitle the Company to an income tax deduction equal to the amount of the income recognized by the exercising option holder.

The foregoing discussion of the federal income tax treatment of options is necessarily general and any option holder should consult his tax advisor as to his own particular circumstances and applicable laws and regulations.

Registration with the SEC

Upon approval of the amendment to the Plan, the Company will file a Registration Statement on Form S-8 with the SEC to register the issuance of the additional shares.

Shareholder Approval and Board Recommendation

Approval of the amendment to the Plan requires the affirmative vote of a majority of the shares present and entitled to vote at the Meeting.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR APPROVAL OF THE PROPOSED AMENDMENT TO THE PLAN.

The Compensation Committee of the Board of Directors (the Committee) operates pursuant to a Charter adopted by the Board of Directors on February 24, 2003. The Charter includes a mission statement which states that the Committee's mission is to ensure that the Company's executive officers are compensated consistent with the following philosophy and objectives: (1) to support the Company's overall business strategy and objectives; (2) to attract, retain and motivate the best executives in the Company's industry; (3) to promote the Company's pay-for-performance philosophy; and (4) to ensure that the Company's compensation programs and practices are of the highest quality and designed with full consideration of all accounting, tax, securities law, and other regulatory requirements.

Pursuant to the Charter, the Committee is appointed by the Board and is comprised of between three and five outside directors. The main duties of the Committee, as described in the Charter, are as follows: (1) review and approve annual base salary and incentive compensation levels, employment agreements, and benefits of the Chief Executive Officer and other key executives; (2) review the performance of the Chief Executive Officer; (3) review and assess performance target goals established for bonus plans and determine if goals were achieved at the end of the plan year; (4) act as the administrative committee for the Company's Stock Plans, the Employee Stock Purchase Plan, and any other incentive plans established by the Company; (5) consider and approve grants of incentive stock options, non-qualified stock options, restricted stock or

any combination to any employee; and (6) prepare the Report of the Compensation Committee for inclusion in the Annual Proxy Statement.

It is the intention of the Committee to utilize a pay-for-performance compensation strategy that is directly related to achieving the financial objectives of the Company. The primary elements of the executive compensation program are base salary, annual incentives, and long-term incentives.

Base Salary

Base salaries of the Company's executive officers are intended to be competitive with the median base salaries paid by other corporations similar to the Company and to serve as a platform for performance-based (incentive) pay. Base salaries are determined for executive positions using compensation surveys, taking into account variables such as geography, job comparability, size of the company and nature of the business. In addition to base salary, executive officers are eligible to participate in the Company's employee benefit plans on the same terms as other employees.

Annual Incentives

No bonuses were paid to executive officers for the three fiscal years ended December 31, 2001, 2002 and 2003.

Long-term Incentives

The 1990 Stock Plan, and now the 2003 Incentive Stock Option Plan, are the basis of the Company's long-term incentive plans for executive officers and other key employees. The objective of the plans is to align executives' long-term interests with those of the shareholders by creating a direct incentive for executives to increase shareholder value. The stock option grants allow executives to purchase shares of Company stock at a price equal to the fair market value of the stock on the date of grant over a term of five to ten years. The options generally vest and become exercisable over a period of up to four years following the date of grant. The award of option grants is consistent with the Company's objective to include in total compensation a long-term equity interest for executive officers, with greater opportunity for reward if long-term performance is sustained.

The Company also maintains the Employee Stock Purchase Plan, pursuant to which eligible employees can contribute up to ten percent of their base pay per year to purchase shares of Common Stock. The shares are issued by the Company at a price per share equal to 85 percent of market value on the first day of the offering period or the last day of the plan year, whichever is lower.

Chief Executive Officer Compensation

The Committee determines compensation for the Chief Executive Officer on an annual basis. Mr. Drill's current base salary was established by the Compensation Committee, and became effective January 1, 2002. The Committee believes that this base salary is consistent and competitive with salaries paid to Chief Executive Officers of companies of similar size and type. Mr. Drill has not received a bonus for the past five years.

Conclusion

The Committee believes that the executive compensation plan discussed in this Proxy Statement is consistent with the overall corporate strategy for growth in earnings and shareholder value.

AUDIT COMMITTEE REPORT

The Audit Committee reviewed and discussed the 2003 audited financial statements with management and Grant Thornton LLP. Management represented to the Audit Committee that the Company's financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the financial statements with management and the independent auditors. The discussions with Grant Thornton LLP also included the matters required by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

Grant Thornton LLP provided to the Audit Committee the written disclosures and the letter regarding its independence as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). The Committee discussed with the independent auditors the auditors' independence from management and the Company and considered the compatibility of nonaudit services with the auditors' independence.

Based on the discussions with management and Grant Thornton LLP, the Audit Committee's review of the representations of management and the report of Grant Thornton LLP, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003 filed with the Securities and Exchange Commission.

Donald Kramer, Chairman Erwin Kelen Gordon Stofer Frank Trestman

The preceding report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 (the "1933 Act") or the Securities Exchange Act of 1934 (the "1934 Act"), except to the extent the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under the 1933 Act or the 1934 Act.

AUDITORS

As recommended by the Company's Audit Committee, the Board of Directors, on August 28, 2003, dismissed Ernst & Young (E&Y) as independent auditors and engaged Grant Thornton LLP (Grant Thornton) to serve as the Company's independent auditors for 2003. This decision followed the Audit Committee's decision to seek proposals from other independent auditors to audit the Company's financial statements for its fiscal year ending December 31, 2003.

The audit reports of E&Y on the financial statements of the Company as of and for the two fiscal years ended December 31, 2002 neither contained any adverse opinion or disclaimer of opinion, nor were these opinions qualified or modified as to uncertainty, audit scope or accounting principles. During the Company's two fiscal years ended December 31, 2002 and during the subsequent interim period preceding the replacement of E&Y, there were no disagreements between the Company and E&Y on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to E&Y's satisfaction, would have caused E&Y to make reference to the subject matter of the disagreement in connection with its reports. During the two most recent years and the subsequent interim period preceding the replacement of E&Y, there were no reportable events (as described in Regulation S-K Item 304 (a)(1)(v)).

No consultations occurred between the Company and Grant Thornton during the two fiscal years ended December 31, 2002 and any subsequent interim period prior to Grant Thornton's appointment regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed, the type of audit opinion that might be rendered on the Company's financial statements, or other information provided that was considered by the Company in reaching a decision as to an auditing or financial reporting issue or (ii) any matter that was the subject of disagreement or a reportable event requiring disclosure under Item 304(a)(1)(v) of Regulation S-K.

The Company reported the change in accountants on Form 8-K on September 4, 2003. The Form 8-K contained a letter from E&Y, addressed to the Securities and Exchange Commission, stating that it agreed with

the statements contained in the third paragraph of Item 4 and indicating they did not have a basis to agree or disagree with the other statements contained therein.

A representative of Grant Thornton LLP is expected to be present at the Meeting, and will be given the opportunity to make a statement and will be available to answer appropriate questions.

All of the services described above were pre-approved by the Company's Audit Committee.

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers, directors and 10% shareholders to file reports with the Securities and Exchange Commission concerning their initial beneficial ownership and changes in beneficial ownership of Company securities. To the Company's knowledge, all such reports were filed in a timely manner for 2003.

1. **Purpose.** The purpose of this Plan is to provide a means whereby Insignia Systems, Inc. (the Company), may be able, by granting options to purchase stock in the Company, to attract, retain and motivate capable and loyal employees, directors, consultants and advisors of the Company and its subsidiaries, for the benefit of the Company and its shareholders. Both incentive stock options which qualify for favorable tax treatment under Section 422 of the Internal Revenue Code (the Code), and nonqualified stock options which do not qualify for favorable tax treatment, may be granted under the Plan.

2. **Reservation of Shares.** A total of 1,000,000 shares of the authorized but unissued shares of Common Stock of the Company, par value \$.01 per share, is reserved for issue upon the exercise of options granted under the Plan. If any option expires or terminates for any reason without having been exercised in full, the unpurchased shares covered thereby shall become available for additional options which may be issued to persons eligible under the Plan so long as it remains in effect. Shares reserved for issue as provided herein shall cease to be reserved upon termination of the Plan.

3. **Administration.** The Plan shall be administered by the Compensation Committee of the Board of Directors (the Committee). The Committee shall be appointed by the Board of Directors and shall be comprised solely of two or more non-employee directors within the meaning of SEC Rule 16b-3. Each member of the Committee shall also be an outside director within the meaning of Code Section 162(m). The Committee shall have the full power to construe and interpret the Plan and to establish and amend rules and regulations for its administration. The Committee shall determine which persons shall be granted options hereunder, the number of shares for which each option shall be granted, the types of options to be granted, and any limitations on the exercise of options in addition to those imposed by this Plan. The Committee may also waive any restrictions on the exercise of outstanding options and approve amendments to outstanding options, provided there is no conflict with the terms of the Plan. The Committee shall apply such criteria as it deems appropriate in determining the persons to whom options are granted and the number of shares to be covered by each option.

4. **Eligibility.** An option may be granted to any employee, director, consultant or advisor of the Company or its subsidiaries, except that no consultant or advisor shall be granted options in connection with the offer and sale of securities in a capital raising transaction on behalf of the Company. The maximum number of shares for which any person may be granted options under the Plan in any year is limited to 100,000 shares.

5. **Option Grants To Outside Directors.** Each outside director of the Company shall automatically be granted an option to purchase 10,000 shares of Common Stock on the date first appointed or elected as a director. Each outside director shall also automatically be granted an

option to purchase 5,000 shares of Common Stock on (a) the date of each subsequent annual meeting of the shareholders, provided the outside director is either reelected or continues to serve as an outside director, or (b) the anniversary of the prior year's grant in any year in which there is no meeting of the shareholders. In no event shall a director receive more than one grant in any fiscal year.

The period within which an option granted to an outside director must be exercised shall be the earlier of (a) ten years from the date of grant, or (b) 90 days after the director ceases to be a director for any reason. Options granted to outside directors shall be immediately exercisable in full when granted.

6. **Exercise Price.** The per share exercise price for each option shall be determined by the Committee at the time of grant, provided that the per share exercise price for any incentive stock option, and any option granted to an outside director, shall be not less than the fair market value of the Common Stock on the date the option is granted. In making such determination, the Committee shall rely on market quotations, if available, but if not available, upon independent appraisals of the stock or such other information deemed appropriate by the Committee.

7. **Changes in Present Stock.** In the event of a recapitalization, merger, consolidation, reorganization, stock dividend, stock split or other change in capitalization affecting the Company's present capital stock, appropriate adjustment may be made by the Committee in the number and kind of shares and the option price of shares which are or may become subject to options granted or to be granted hereunder.

8. **Exercise of Option.** Receipt by the Company of a written notice from an optionee, specifying the number of shares to be purchased, and accompanied by payment of the purchase price for such shares, shall constitute exercise of the option as to such shares. The date of receipt by the Company of such written notice shall be the date of exercise of the option. The Company may accept payment from a broker and, upon receipt of written instructions from the optionee, deliver the purchased shares to the broker.

9. **Option Agreement Provisions.** Each option granted under the Plan shall be evidenced by a Stock Option Agreement executed by the Company and the optionee, and shall be subject to the following terms and conditions, and such other terms and conditions as may be prescribed by the Committee:

- (a) **Payment.** The full purchase price of the shares acquired upon exercise of an option shall be paid in cash, certified or cashier's check, or in the form of Common Stock of the Company with a market value equal to the option exercise price and free and clear of all liens and encumbrances.

The Committee in its sole discretion may also permit the cashless exercise of an option. In the event of a cashless exercise, the optionee shall surrender the option to the Company, and the Company shall issue the optionee the number of shares determined as follows:

$X = Y (A-B)/A$ where:

X = the number of shares to be issued to the optionee.

Y = the number of shares with respect to which the option is being exercised.

A = the closing sale price of the Common Stock on the date of exercise, or in the absence thereof, the fair market value on the date of exercise.

B = the option exercise price.

- (b) **Exercise Period.** The period within which an option must be exercised shall be fixed by the Committee, and shall not exceed ten years from the date of grant for an incentive stock option. The Committee may provide that an option will vest and become exercisable upon the completion of specified periods of employment, or the attainment of specified performance goals. To the extent exercisable, an option may be exercised in whole or in part. Outstanding unvested options shall become immediately exercisable in full in the event the Company is acquired by merger, purchase of all or substantially all of the Company's assets, or purchase of a majority of the outstanding stock by a single party or a group acting in concert.

Edgar Filing: INSIGNIA SYSTEMS INC/MN - Form DEF 14A

- (c) **Rights of Optionee Before Exercise.** The holder of an option shall not have the rights of a shareholder with respect to the shares covered by his or her option until such shares have been issued to him or her upon exercise of the option.
- (d) **No Rights to Continued Employment.** Nothing in the Plan or in any Stock Option Agreement entered into pursuant hereto shall be construed to confer upon any optionee any right to continue in the employ of his or her employer or interfere in any way with the right of his or her employer to terminate his or her employment at any time.
- (e) **Death of Optionee.** Upon the death of an optionee, the option, or any portion thereof, may be exercised to the extent the optionee was entitled to do so at the

time of the optionee's death, by his or her executor or administrator or other person entitled by law to the optionee's rights under the option, at any time within one year subsequent to the date of death. The option shall automatically expire one year after the optionee's death to the extent not exercised.

- (f) **Disability of Optionee.** If an optionee is an employee of the Company or its subsidiaries, and if the optionee's employment is terminated due to his or her disability, the optionee may, within one year of such termination, exercise any unexercised portion of the option to the extent he or she was entitled to do so at the time of such termination. The option shall automatically expire one year after such termination to the extent not exercised.
- (g) **Other Termination of Employment.** If an optionee is an employee of the Company or its subsidiaries, and if the optionee's employment is terminated other than by death, disability, or conduct which is contrary to the best interests of his or her employer, the optionee may, within 90 days of such termination, exercise any unexercised portion of the option to the extent he or she was entitled to do so at the time of such termination. The option shall automatically expire 90 days after such termination to the extent not exercised. If the optionee's employment is terminated by his or her employer for conduct which is contrary to the best interests of his or her employer, or if the optionee violates any written nondisclosure agreement with his or her employer, as determined in either case by the optionee's employer in its sole discretion, the unexercised portion of the optionee's option shall automatically expire at that time. Inter-company transfers and approved leaves of absence for up to 90 days shall not be considered termination of employment.
- (h) **Non-transferability of Option.** No option shall be transferable by the optionee other than by will or by the laws of descent and distribution, and each option shall be exercisable during the optionee's lifetime only by the optionee. No option may be attached or subject to levy by an optionee's creditors.
- (i) **Date of Grant.** The date on which the Committee approves the granting of an option shall be considered the date on which such option is granted.

10. **Additional Provisions for Incentive Stock Options.**

- (a) **Dollar Limit.** Each option granted to an employee shall constitute an incentive stock option, provided that no more than \$100,000 of such options (based upon the fair market value of the underlying shares as of the date of grant) can first become exercisable for any employee in any calendar year. To the extent an option grant exceeds the \$100,000 limitation, it shall constitute a non-qualified stock option. Each Stock Option Agreement with an employee shall specify the extent to which it is an incentive and/or non-qualified stock option. For purposes of applying the \$100,000 limitation, options granted under this Plan and all other incentive stock option plans of the Company and any parent or subsidiary corporation shall be included.
- (b) **Ten Percent Shareholders.** No incentive stock option shall be granted to any employee who at the time directly or indirectly owns more than 10 percent of the combined voting power of all classes of stock of the Company or of a parent or subsidiary corporation, unless the exercise price is not less than 110 percent of the fair market value of such stock on the date of grant, and unless the option is not exercisable more than five years after the date of grant.

11. **Restrictions on Transfer.** During any period in which the offering of the shares under the Plan is not registered under federal and state securities laws, an optionee shall agree in his or her option agreement that he or she is acquiring shares under the Plan for investment purposes, and not for resale, and that the shares cannot be resold or otherwise transferred except pursuant to registration or unless, in the opinion of counsel for the Company, registration is not required.

Any restrictions upon shares acquired upon exercise of an option pursuant to the Plan and the Stock Option Agreement shall be binding upon the optionee, and his or her heirs, executors, and administrators. Any stock certificate issued under the Plan which is subject to restrictions shall be

endorsed so as to refer to the restrictions on transfer imposed by the Plan, and by applicable securities laws.

12. **Withholding of Taxes.** The Company shall make such provisions and take such steps as it may deem necessary or appropriate for the withholding of any taxes that the Company is required by any law or regulation to withhold in connection with any option including, but not limited to, withholding a portion of the shares issuable on exercise of an option, or requiring the optionee to pay to the Company, in cash, an amount sufficient to cover the Company's withholding obligations.

13. **Duration of Plan.** The Plan shall terminate ten years after the date of its adoption by the Board of Directors, unless sooner terminated by issuance of all shares reserved for issuance hereunder, or by the Board of Directors pursuant to Section 13. No option shall be granted under the Plan after such termination date.

14. **Termination or Amendment of the Plan.** The Board of Directors may at any time terminate the Plan, or make such modifications to the Plan as it shall deem advisable. No termination or amendment of the Plan may, without the consent of the optionee to whom any option shall previously have been granted, adversely affect the rights of such optionee under such option.

15. **Shareholder Approval.** The Board of Directors shall submit the Plan to the shareholders for their approval within 12 months of the date of its adoption by the Board. Options granted prior to such approval are contingent on receipt of such approval, and shall automatically lapse if such approval is not granted. The Board shall also submit any amendments to the shareholders for approval if required by applicable law or regulation.

16. **Interpretation.** The Plan shall be interpreted in accordance with Minnesota law.
