PROXY STATEMENT

Annual Meeting of Stockholders

February 23, 2005

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of proxies in the accompanying form. Shares will be voted in the manner directed by the stockholders; provided, however, that if no direction is given by a stockholder, the shares will be voted as recommended by the Corporation's Board of Directors. A stockholder giving a proxy may revoke it at any time before it is exercised by (i) giving written notice of revocation to the Office of the Secretary of the Corporation, (ii) delivering a duly executed proxy bearing a later date, or (iii) voting in person at the Annual Meeting.

Registered stockholders may vote in one of three ways; by completing and returning the enclosed proxy card via regular mail or by voting via the Internet or telephone, as permitted by Delaware law. Specific instructions for using these methods are set forth on the enclosed proxy card. The Internet and telephone procedures are designed to authenticate the stockholder's identity and to allow stockholders to vote their shares and confirm that their instructions have been properly recorded.

Proxies are being solicited by mail, and, in addition, directors, officers and employees of the Corporation may solicit proxies personally, by telephone, telegram or letter at no additional compensation to them. The Corporation will pay the expense of soliciting proxies and will reimburse brokerage firms and others for their expenses in forwarding proxy materials to beneficial owners of Common Stock.

If a stockholder abstains from voting on any matter, the abstention will be counted for purposes of determining whether a quorum is present at the Annual Meeting of Stockholders for the transaction of business as well as shares entitled to vote on that matter. Under Section 216 of the Delaware General Corporation Law, on matters other than the election of directors, an action of the stockholders generally requires the affirmative vote of shares present in person or represented by proxy at the meeting and entitled to vote on the matter. Accordingly, an abstention on any matter other than the election of directors will have the same effect as a vote against that matter. A non-vote occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the nominee does not have discretionary voting power and has not received instructions from the beneficial owner. Broker non-votes on a matter are counted as present for purposes of establishing a quorum for the meeting, but are not considered entitled to vote on that particular matter. Consequently, non-votes generally do not have the same effect as a negative vote on the matter.

PROPOSAL NUMBER ONE

Election of Directors

In accordance with the Corporation's By-Laws, the number of directors is currently fixed at twelve, divided into three classes. Each class consists of four seats, with each director serving a term of three years. There are currently eleven directors serving on the Board of Directors. The terms of Class I

directors will expire at the annual meeting in 2005. The Board of Directors has nominated Thomas R. McBurney, Richard M. Rompala and Richard L. White for re-election as Class I directors. Michael P. Sullivan, Sr., presently a Class I director, is not standing for re-election and will retire from the Board immediately prior to the 2005 Annual Meeting of Stockholders. Edward B. Pollak, presently a Class II director, will retire from the Board immediately prior to the 2005 Annual Meeting of Stockholders. Mr. Sullivan and Mr. Pollak are retiring upon reaching age 70 in accordance with the Corporation's retirement policy. Unless otherwise directed by the stockholders, it is intended that shares represented by proxy will be voted in favor of the election of the three nominees listed in Class I below, to hold office until the annual meeting in 2008 and until their successors are elected and qualify. If any of the nominees is unable or unwilling to stand for election, it is intended that shares represented by proxy will be voted for a substitute nominee recommended by the Board of Directors, unless the stockholder otherwise directs. The Board is not aware that any of the nominees is unable or unwilling to stand for election.

The Board of Directors met seven times during fiscal 2004.

The Audit Committee held four meetings during the fiscal year. The Audit Committee Chair also held four teleconferences with management and the Independent Auditors prior to quarterly earnings releases and other significant corporate announcements. The duties and activities of the Audit Committee are described in the Board Audit Committee Report on page 16. All members of the Audit Committee are independent, as required by the applicable listing standards of the New York Stock Exchange (NYSE), including the amended NYSE listing standards and the requirements for audit committee independence under Rule 10A-3 under the Securities Exchange Act of 1934. The Board of Directors has determined that at least one member of the Audit Committee, Jeffrey H. Curler, is an audit committee financial expert who is independent of management as defined in Item 401(h)(2) of Regulation S-K.

The Compensation Committee held four meetings during the fiscal year at which it reviewed and approved the compensation plans and arrangements or granted options for officers, key employees and directors.

The Governance Committee held three meetings during the fiscal year at which it conducted Chief Executive Officer performance evaluations, reviewed succession plans, considered nominations for Board membership and considered other matters related to corporate governance. The Governance Committee operates pursuant to a written charter. A copy of the Governance Committee's Charter is available on the Corporation's website at www.valspar.com. Each of the members of the Governance Committee are considered independent within the NYSE listing standards.

During fiscal 2004, each director attended 75% or more of the meetings of the Board and of the committees on which the director served.

Director Nomination Process

The Corporation's Board of Directors has adopted a formal process by which individuals are reviewed for possible nomination to the Corporation's Board of Directors. Under this process, the Governance Committee will consider nominees for Board membership submitted by stockholders. Any stockholder recommendation should be submitted in writing to the Corporation in care of the Corporate Secretary at 1101 Third Street South, Minneapolis, Minnesota 55415, along with the written consent of such nominee to serve as a director if so elected. Any such recommendation by a stockholder shall be referred to the Governance Committee, and the Governance Committee, in consultation with the Corporation's General Counsel, will review the nomination in accordance with the Corporation's Board Candidate Review and Nomination Process, certificate of incorporation, by-laws and applicable laws and regulations. The Governance Committee considers general business experience, industry experience, track record as a director of other companies, probable tenure if elected and other factors as relevant in evaluating Board nominees.

When the Board considers an individual for possible nomination to the Board, the Governance Committee, in consultation with the Corporation's Chief Executive Officer, will prepare a profile of a candidate expected to provide the most meaningful contribution to the Board as a whole. The Governance Committee (or a subcommittee designated

by the Governance Committee) will normally consider all of the following: (a) the candidate's skills, experience and other relevant biographical information, (b) the candidate's general interest in serving a public corporation, (c) the candidate's ability to attend Board and committee meetings and (d) any potential concerns regarding independence or conflicts of interest. Following the initial screening, if the Governance Committee approves a candidate for further review, the Governance Committee will establish an interview process for the candidate. It is expected that at least a majority of the members of the Governance Committee, along with the Corporation's Chief Executive Officer, would interview each candidate. At the same time, the

5

Governance Committee, assisted by the Corporation's General Counsel, will conduct a comprehensive conflicts-of-interest assessment for the candidate. The Governance Committee will then consider reports of the interviews and the conflicts-of-interest assessment and determine whether to recommend the candidate to the full Board of Directors. A subcommittee of the Governance Committee, management representatives designated by the Governance Committee and a search firm selected by the Governance Committee may assist with the process. Any nominee recommended by a stockholder would be subject to the same process.

Director Compensation

Directors who are not officers or employees of the Corporation receive an annual fee of \$50,000, with the Chairs of the Audit and Compensation Committees receiving an annual fee of \$60,000 and the Chair of the Governance Committee receiving an annual fee of \$65,000. Prior to May 1, 2004, the annual fee for non-employee directors was \$40,000, with the Chairs of the Audit and Compensation Committees receiving an annual fee of \$50,000 and the Chair of the Governance Committee receiving an annual fee of \$55,000. Attendance fees of \$1,000 are paid for each meeting of the Board of Directors and \$1,000 for each meeting of a committee of the Board of Directors. At a director's option, the annual fee and attendance fees may be paid by the Corporation purchasing shares of its Common Stock in the open market on behalf of the director. Any costs of such purchases are paid by the Corporation. In addition, each non-employee director is automatically granted non-qualified stock options every year under the Corporation's Stock Option Plan for Non-Employee Directors. See Proposal Number Two Approval of Increase in Shares Reserved Under The Valspar Corporation Stock Option Plan for Non-Employee Directors. For grants in respect of service in fiscal year 2004 and subsequent fiscal years, each non-employee director serving as a member of the Board of Directors on the date of the October Board meeting in any year will automatically be granted on the date of such meeting non-qualified stock options with a value equal to \$50,000. The number of shares subject to the option is based on the same option valuation model used to value options for purposes of the notes to the Corporation's audited financial statements for the current fiscal year. The per share option exercise price is equal to 100% of the fair market value of the Corporation's Common Stock on the date of grant as determined by the closing price on the day preceding the date of grant. Each option is immediately exercisable in full, has a term of ten years and is transferable to family members during the lifetime of the optionee. The non-employee directors received options on October 13, 2004 to purchase the following numbers of shares at an exercise price of \$46.68: Ms. Boren, 4,300 shares; Mr. Curler, 4,300 shares; Mr. Gaillard, 4,300 shares; Dr. Jemison, 4,300 shares; Mr. McBurney, 4,300 shares; Mr. Palen, 4,300 shares; Mr. Perlman, 4,300 shares; Mr. Pollak, 4,300 shares; Mr. Sullivan, 4,300 shares; and Dr. White, 4,300 shares.

Director Independence

The Board of Directors of the Corporation is comprised of a majority of directors who are considered independent within the meaning of the NYSE listing standards. This determination has been made based on written answers provided by each of the directors to a director questionnaire regarding relationships and possible conflicts of interest between each of the directors and members of their family and the Corporation.

The Chair of the Governance Committee, currently Mr. Thomas R. McBurney, presides at regularly scheduled executive sessions of the non-management directors. Stockholders wishing to contact the presiding director or the non-management directors as a group may do so by writing to the Chairman of the Governance Committee in care of the Corporation's Secretary at the Corporation's headquarters address.

6

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "1934 Act"), requires the Corporation's directors, executive officers and beneficial owners of more than 10% of the common stock of the Corporation to file with the Securities and Exchange Commission ("SEC") certain reports regarding their ownership of common stock or any changes in such ownership. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish the Corporation with copies of all Section 16(a) forms that they file.

Based solely on its review of the copies of such reports received by it, and/or written representations from certain reporting persons that no Forms 5 were required for such persons, the Corporation believes that, during the year ended October 29, 2004, the reporting persons have complied with all filing requirements of Section 16(a) of the 1934 Act.

TERMINATION OF EMPLOYMENT AND CHANGE IN CONTROL AGREEMENTS

The Corporation has entered into agreements with certain key employees, including the Named Executives, providing for the continued employment of such executives for a period of up to two years following a change in control of the Corporation. During such two-year period, executives would continue to be employed and compensated commensurate with their positions and compensation prior to the change in control. Each agreement continues in effect until the earlier of (i) a termination of the executive's employment prior to the occurrence of a change in control or (ii) a payment event shall have occurred and the Corporation shall have satisfied all of its obligations under the agreement. Payment event means the occurrence of a change in control coincident with or followed at any time before the end of 24-month period immediately following the month in which the change in control occurred, by the termination of the executive's employment with the Corporation or a subsidiary for any reason other than: (a) by the executive without good reason; (b) by the Corporation as a result of the disability of the executive or for cause; or (c) as a result of the death of the executive. Payments required under each agreement include a severance payment

amount which, in the case of the Named Executives, is equal to: (a) the higher of: (i) three times the sum of the executive's annual base salary in effect prior to the change in control and the target potential amount payable to the executive under all incentive compensation plans with a performance period commencing coincident with or most recently prior to the date on which a payment event occurs, assuming continuous employment until the end of the performance period (the applicable incentive amount) or (ii) three times the sum of the executive's annual base salary in effect prior to the payment event and the applicable incentive amount; plus (b) the pro rata portion of the applicable incentive amount for the year during which the termination occurs. The Corporation will also pay any excise taxes that the executive may incur as a result of such payments, and any income and excise taxes on such excise tax payments.

On October 29, 2001, the Corporation established The Valspar Corporation Supplemental Executive Retirement Plan for Richard Rompala (the SERP), a non-qualified unfunded retirement plan, as amended and restated effective April 20, 2004. Mr. Rompala will be entitled to receive the benefits under the SERP if his employment terminates due to death, disability, normal retirement or involuntary termination by the Corporation other than for cause. If Mr. Rompala is eligible, payments will

11

commence on a date selected by him after the date of termination of employment. The basic SERP benefit will be an annual annuity amount specified in the SERP, ranging from \$250,000 to \$400,000 per year, depending on the date of termination. In lieu of the annuity payment, Mr. Rompala can elect to receive a lump sum payment equal to the actuarial equivalent of the annuity payments for his life, with a minimum lump sum payment ranging from \$2,790,000 to \$4,330,000, depending on the date of termination. If Mr. Rompala elects the lump sum payment option, the actual lump sum payment may exceed the minimum, depending on the date of termination and interest rates prevailing at the time of payment. In lieu of these amounts, Mr. Rompala may also elect an annual payment for the joint lives of Mr. Rompala and his wife, or an annual payment for his life and, upon his death, 50% of the annual payment for the life of his wife. These amounts are calculated to be the actuarial equivalent of the annual annuity payment for his life set forth in the SERP.

On December 5, 2003, the Corporation entered into a separation agreement with John M. Ballbach, its former President and Chief Operating Officer. Mr. Ballbach resigned from these positions on the date of the agreement, and his employment with the Corporation terminated on March 31, 2004. Under the agreement, Mr. Ballbach received additional compensation in return for certain restrictive covenants. The compensation received by Mr. Ballbach under the agreement is summarized in the next paragraph.

Mr. Ballbach received 52 weeks of separation pay at his then current salary of \$475,000, less applicable withholding, payable in three equal quarterly installments of \$158,333, plus accrued interest. The first two payments were made in 2004 (July and October), and the final payment was made in January 2005. In January 2004, Mr. Ballbach received a payment of \$747,065, equal to the aggregate value of the option spread on vested options held by Mr. Ballbach to acquire 68,001 shares of the Corporation's Common Stock. Vested options held by Mr. Ballbach to acquire 18,123 shares were not affected and remained in effect in accordance with their terms. He also received payments equal to the aggregate value of the option spread of \$691,262 on unvested options to acquire 88,332 shares. This amount was payable in three equal quarterly installments of \$230,421, plus accrued interest. The first two payments were made in 2004 (July and October), and the final payment was made in January 2005. In March 2004, the Corporation vested and delivered to Mr. Ballbach 16,711 shares of restricted stock that were scheduled to vest in April 2004. The Corporation also vested Mr. Ballbach in his unvested payout value of \$301,903 under the Key

Employee Long-Term Incentive Bonus Program for calendar years 2002 and 2003. This amount was paid in three equal quarterly installments of \$100,634, plus accrued interest. The first two payments were made in 2004 (July and October), and the final payment was made in January 2005. The agreement also contains provisions relating to, among other things, medical continuation at reduced rates for a period of 18 months, provision of outplacement services and a mutual release of claims.

BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors (the Committee) is comprised entirely of independent directors within the listing standards of the New York Stock Exchange. The Committee is responsible for setting and administering the policies which govern both annual compensation and stock ownership programs. The Corporation's incentive plans are designed to condition a significant amount of an executive's compensation on the performance of the executive and of the Corporation as a whole. The compensation plans are also designed to encourage employee stock ownership. The Compensation Committee believes such ownership effectively motivates executives to increase stockholder value and aligns the interests of employees with those of the stockholders. In its administration of the

12

various compensation plans, the Committee focuses on these goals of tying compensation to performance and encouraging executive stock ownership.

Compensation of Executive Officers

Salary. In setting each executive officer's base salary, the Committee considers quantitative measures related to the Corporation's financial performance as well as a number of qualitative measures related to the executive's duties and responsibilities. The Committee also uses compensation studies provided by an independent consultant to compare the salary of its executive officers with salaries of executive officers of other companies of similar size and profitability, including, but not limited to, the companies in the peer group used in connection with the Stock Performance Graphs on pages 17 and 18. The purpose of using these studies is to assure that the Corporation's compensation of executive officers reflects financial performance and is competitive with compensation offered by comparable companies. The base salary of the Named Executives increased by an average of 8.6% from fiscal 2003 to fiscal 2004. The Committee does not use the market value or performance of the Corporation's Common Stock as a direct factor in determining the base salaries or bonuses of the executive officers.

Bonus Programs. Since prior to fiscal 1988, the Corporation has had a policy of granting incentive bonuses to its key employees (including executive officers), referred to as the Incentive Bonus Plan. In the first quarter of each fiscal year, specific performance targets are identified for each participant in the Incentive Bonus Plan, including both general corporate measures of performance (such as sales, profits, expense control, unit growth and return on equity) and specific measures of performance within the participant's area of responsibility. After the end of such fiscal year, if the participant remains employed by the Corporation, a bonus not to exceed a specified percentage of the participant's salary (capped at 81.25% - 137.5% for executive officers in fiscal 2004) will be paid, depending on the level of achievement of the participant's performance targets. For executive officers, general corporate performance measures and specific measures within the executive's area of responsibility are included. Among these corporate performance measures, net income is generally weighted most heavily. The bonuses earned by the Named Executives under the Incentive Bonus Plan for fiscal 2004 ranged from 45.4% to 73.8% of salary.

Pursuant to the Key Employee Annual Bonus Plan (the Key Employee Plan), adopted for fiscal 1993 and subsequent years, the Committee may select those key employees (including executive officers) who are eligible to participate in the plan. Twenty-eight employees, including all executive officers, were selected to participate for fiscal year 2004 in the plan. For fiscal 2004, the Key Employee Plan is comprised of four elements: a stock option grant, a cash bonus, a restricted stock award equal to the cash bonus and, for some employees (including the Named Executives), an award under the LTIP (as defined below). In addition, 445 employees were selected to participate in the Annual Option Bonus Plan, in which a participant receives stock options, with the number of options calculated so that the value of the options equals a percentage of base salary for the fiscal year based on performance.

Participants in the Key Employee Plan receive a nonqualified stock option, with the value of shares subject to the option calculated as a multiple of base salary for the fiscal year based on performance. For fiscal 2004, the employees who qualify for participation in The Valspar Corporation Key Employee Long-Term Incentive Bonus Program (the LTIP) as described below, including the Named Executives, the option was reduced by 50%, and the other 50% of the value of the option was awarded in the form of a LTIP award. The value of the shares subject to options for fiscal 2004 bonuses ranged from 150% to 175% of the 2004 base salary for the Named Executives, after the 50% reduction of the option as a result of the LTIP award. However, the Chief Executive Officer did not receive the stock option grant

13

for fiscal 2004, as described below under Compensation of Chief Executive Officer. These options were granted in October 2004 with an exercise price based on the fair market value of the Corporation's Common Stock at the closing price on the day preceding the date of grant.

As to the cash bonus element of the Key Employee Plan, each participant could elect prior to the beginning of fiscal 2004 to convert all or any portion of his or her cash bonus under the Incentive Bonus Plan into a grant of restricted stock. The participant was required to be employed on the last day of fiscal 2004 to receive the restricted stock grant for that fiscal year, and the restricted stock was granted in January 2005. The restricted stock is forfeitable for three years from the date of grant if the participant's employment with the Corporation terminates for any reason other than death, disability, retirement or a change in control of the Corporation. In addition, for fiscal 2004, participants in the Key Employee Plan received a restricted stock grant equal in amount to their cash bonus and having the same forfeiture provisions as described above. For fiscal 2005 and subsequent years, participants will receive a restricted stock grant equal to 150% of their cash bonus and having the same forfeiture provisions.

On January 22, 2002, the Committee approved The Valspar Corporation Key Employee Long-Term Incentive Bonus Program (the LTIP). The purpose of the LTIP is to provide long-term incentives for the participants and to reduce dependence on stock option grants as a component of executive compensation. Twenty officers of the Corporation, including all of the Named Executives other than Mr. Rompala, were selected in fiscal 2004 for an award that will provide a future cash bonus based on the achievement by the Corporation of a specified range of earnings per share for the three-year period ending in fiscal 2006. The Compensation Committee has the authority to accelerate the achievement of performance goals or make other adjustments it deems appropriate. To be eligible to receive the award, the participant must be an active employee of the Corporation on the last day of the performance period, provided that the participant will receive a prorated amount if his or her employment is terminated during the performance period due to death, disability or retirement. The ranges of bonuses awarded to each of the Named Executives in fiscal 2004 are described under Executive Compensation Long Term Incentive Plans Awards in Last

Fiscal Year above. These bonuses will be paid after the end of the three-year performance period in October 2006. For fiscal 2004, these awards were calculated so that the target payout level is equal to the value of the stock option granted under the Key Employee Plan described above.

Option Programs. In 1991, the Corporation's stockholders approved the adoption of the Corporation's 1991 Stock Option Plan. Currently, 10,000,000 shares of common stock are reserved for issuance upon exercise of options granted thereunder. Options granted under the 1991 Plan are granted at exercise prices equal to the fair market value of the Corporation's common stock at the closing price on the day preceding the date of grant. The options granted to the Named Executives in 2004 were determined under the Key Employee Plan as described under Bonus Programs above.

Deductibility of Compensation. Section 162(m) of the Internal Revenue Code, enacted in 1993, generally limits to \$1 million the tax deductibility of compensation paid by a public company to its chief executive and four other most highly compensated executive officers. Certain performance-based compensation is not subject to the limitation. The Committee considers the deductibility of compensation arrangements as one factor in executive compensation decisions for executives. However, deductibility is not the sole factor used by the Committee in ascertaining appropriate levels or modes of compensation. The provisions of the 1991 Stock Option Plan and the Key Employee Plan are intended to permit compensation income of the Named Executives received under such plans to be deductible by the Corporation. Since corporate objectives may not always be consistent with the requirements for full deductibility, it is conceivable that the Corporation may enter into compensation arrangements under which compensation in excess of \$1 million is not deductible under Section 162(m).

Compensation of the Chief Executive Officer

In setting Mr. Rompala's base salary, the Committee considered quantitative measures related to the Corporation's financial performance as well as a number of qualitative measures related to Mr. Rompala's duties and responsibilities. The Committee also compared Mr. Rompala's salary with salaries of chief executive officers of other companies of similar size and profitability, including, but not limited to, the companies in the peer group used in connection with the Stock Performance Graphs on pages 17 and 18. Mr. Rompala's base salary increased approximately 8.1% from fiscal 2003 to fiscal 2004. This increase reflected general corporate performance, based on sales, profits, expense control, unit growth and return on equity. The Corporation also granted an incentive bonus to Mr. Rompala under the Incentive Bonus Plan. Mr. Rompala's performance targets included net income, net sales and modified cash flow. Mr. Rompala was eligible for a bonus of up to 137.5% of his salary, depending upon the level of achievement of these performance targets. Net income of the Corporation was weighted most heavily in connection with Mr. Rompala's compensation. Mr. Rompala's bonus earned under the Incentive Bonus Plan for fiscal 2004 was \$718,559 or 73.8% of his salary. Under the terms of the Key Employee Plan, Mr. Rompala elected to receive the bonus in cash and also received a grant of restricted stock with a fair market value equal to the amount of the bonus.

As described under Termination of Employment and Change in Control Agreements, on October 29, 2001, the Corporation established a supplemental non-qualified unfunded retirement plan (the SERP) for Mr. Rompala, which was amended and restated effective April 20, 2004. The SERP provides for annuity or lump-sum payments to Mr. Rompala upon his retirement or in certain other circumstances. The Committee established the SERP to provide Mr. Rompala with additional compensation in lieu of his participation in a one-time restricted stock grant program for

executive officers in January 2002.

Mr. Rompala did not receive a stock option grant in October 2004 pursuant to the Key Employee Plan. In December 2002, the Corporation established The Valspar Corporation Deferred Compensation Plan for Richard M. Rompala. This plan is intended to be in lieu of any annual stock option grant for Mr. Rompala during the period the plan is in effect. Under this plan, annually, commencing in December 2002, the Corporation allocates to a deferred compensation account an amount equal to 90% of his then current base salary. The Corporation may, in the sole discretion of the Committee, make additional contributions to the account. The account accrues interest in an amount equal to the long-term applicable federal rate, adjusted annually. Mr. Rompala will be entitled to receive the deferred compensation upon retirement or in certain other circumstances. The amounts accrued to the deferred compensation account will be distributed after termination of Mr. Rompala's employment, if he is eligible, subject to his election to receive these amounts in the form of an annuity. In fiscal 2004, the Corporation allocated \$900,000 to Mr. Rompala's account, equal to 90% of his base salary. This amount is included as bonus in the Summary Compensation Table above.

Stock Performance Graphs

The graphs below compare the Corporation's cumulative total shareholder return for the last five fiscal years and the last ten fiscal years with the cumulative total return of (1) the Standard & Poor's 500 Stock Index and (2) a Peer Group of companies selected by the Corporation on a line-of-business basis. The graphs assume the investment of \$100 in the Corporation's Common Stock, the S&P 500 Index and the Peer Group at the end of fiscal 1999 and fiscal 1994, respectively, and the reinvestment of all dividends.

The companies selected to form the peer group index are: PPG Industries, Inc.; Rohm and Haas Company; Ferro Corporation; NL Industries, Inc.; H.B. Fuller Company; The Sherwin-Williams Company; RPM, Inc.; and Detrex Corporation. Grow Group, Inc., Guardsman Products, Inc., Pratt & Lambert, Inc., Lawter International, Inc. and Lilly Industries, Inc. were excluded from the Peer Group as a result of being acquired, and Standard Brands Paint Company was excluded as a result of bankruptcy.

The Corporation included the ten-year graph because it believes the ten-year graph provides useful information regarding performance of the Corporation's Common Stock over an extended period.

PROPOSAL NUMBER TWO

Approval of Increase in Shares Reserved Under

The Valspar Corporation Stock Option Plan For Non-Employee Directors

In December 2004, the Compensation Committee of the Corporation's Board of Directors amended The Valspar Corporation Stock Option Plan for Non-Employee Directors (the "Director Plan"), subject to approval of the

stockholders, to increase the total number of shares reserved for issuance upon exercise of options to be granted under the Director Plan. The amendment increases the total number of shares available for stock option grants by 250,000 shares to a total of 500,000 shares.

Background of the Director Plan

The Corporation's Board of Directors originally adopted the Director Plan on December 10, 1997, and reserved 250,000 shares of Common Stock for issuance under the Director Plan, subject to approval of the stockholders of the Corporation, which was obtained on February 25, 1998. The Director Plan was developed to serve as part of a compensation program for non-employee directors. The Director Plan is intended to enhance the Corporation's ability to attract and retain the services of experienced and knowledgeable independent directors and to provide additional incentive for these directors to increase their interest in the Corporation's long-term success and progress. A registration statement covering the shares issuable under the Director Plan was filed in February 1998 with the Securities and Exchange

18

Commission. Non-qualified stock options may be granted pursuant to the Director Plan until the Director Plan is discontinued or terminated by the Compensation Committee of the Board of Directors.

Summary of the Director Plan

Option Grants Under the Director Plan. Only members of the Corporation's Board of Directors who are not employees of the Corporation or any of its subsidiaries (Non-Employee Directors) are eligible to receive option grants under the Director Plan. For fiscal year 2002 and subsequent fiscal years, each Non-Employee Director serving as a member of the Board of Directors of the Corporation on the date of the October board meeting in any year, was automatically granted a stock option on the date of such board meeting.

For fiscal year 2004, the value of each stock option granted under the Director Plan was determined to be \$50,000. The value of shares subject to the option is based on the same option valuation model used to value options for purposes of the notes to the Corporation's audited financial statements for the prior fiscal year. If no option valuation model is used for financial reporting purposes, the Board of Directors will determine the appropriate valuation model to be used for this purpose.

Terms of Stock Options. All options granted under the Director Plan are designated as non-qualified stock options. The per share option exercise price is equal to 100% of the fair market value of the Corporation's Common Stock on the date of grant, as determined by the closing price of the Corporation's Common Stock on the last business day prior to the date of grant. Each option is immediately exercisable in full, has a term of ten years and is transferable to family members during the lifetime of the optionee. Upon termination of a person's service as a director of the Corporation, such director will be allowed to exercise the option for the shorter of the remaining term of the option or a period of three years after the date on which such person ceased to be a director.

Administration. The Director Plan is administered by the Compensation Committee of the Board of Directors. The Director Plan vests broad powers in the Committee to administer and interpret the Director Plan, including the authority to prescribe the form and conditions of the options.

Eligibility. Each Non-Employee Director of the Company will be eligible to participate in the Director Plan. The Corporation currently has ten Non-Employee Directors. As of the date of the Annual Meeting of Stockholders, the Corporation will have eight Non-Employee Directors.

Exercise Of Options. Upon exercise of an option under the Director Plan, the exercise price is to be paid in cash, by check or by delivering Common Stock of the Corporation valued at its then fair market value. The closing price of the Corporation's Common Stock was \$50.01 on December 31, 2004.

Amendment. The Compensation Committee may from time to time suspend or discontinue the Director Plan for Non-Employee Directors or revise or amend it in any respect; provided, however, that no such revision or amendment shall impair the terms and conditions of any option which is outstanding on the date of such revision or amendment to the material detriment of the optionee without the consent of the optionee. In addition, no such revision or amendment may, without the approval of the Corporation's stockholders, (i) materially increase the number of shares subject to the Director Plan except as provided in the case of stock splits, consolidations, stock dividends or similar events, (ii) change the designation of the class of individuals eligible to receive options, or (iii) materially increase the benefits accruing to participants under the Director Plan.

The Compensation Committee may equitably adjust the maximum number of shares of Common Stock reserved for issuance under the Director Plan, the number of shares covered by each outstanding

19

option and the option price per share in the event of stock splits or consolidations, stock dividends or other transactions in which the Corporation receives no consideration. The Compensation Committee may also provide for the protection of optionees in the event of a merger, liquidation, or reorganization of the Corporation.

Federal Income Tax Consequences

Nonqualified stock option grants are not intended to and do not qualify for the favorable tax treatment permitted for incentive stock options. Under present law, an optionee will not realize any taxable income on the date an option is granted to the optionee pursuant to the Director Plan. Upon exercise of the option, however, the optionee will realize, in the year of exercise, ordinary income to the extent of the difference between the option price and the fair market value on the date of exercise. Upon the sale of shares, any resulting gain or loss will be treated as capital gain or loss. The Corporation will receive a deduction in its fiscal year in which options are exercised, equal to the amount of compensation required to be included as ordinary income by those optionees exercising options.

Stock Options Granted Under the Stock Option Plan for Non-Employee Directors

The maximum number of shares currently issuable for stock grants under the Plan is 250,000. Approximately 206,300 option shares have been granted to date under the Plan, and approximately 43,700 shares of unissued shares are currently available for further option grants. On adoption of the proposed amendment, the maximum aggregate number of shares issuable under the Plan will be increased by 250,000, to 500,000 shares. The following table sets forth information as to the stock options granted in October 2004 to each of the Non-Employee Directors. The value of each stock option was determined to be \$50,000 according to the valuation method described under "Summary of the Director Plan - Option Grants Under the Director Plan" above.

Vote Required

The Board recommends that the stockholders approve the increase in the shares reserved under The Valspar Corporation Stock Option Plan for Non-Employee Directors. The affirmative vote of the majority of the shares represented at the Annual Meeting and entitled to vote is required for approval.

Section 1. Purpose.

This plan is known as The Valspar Corporation Stock Option Plan for Non-Employee Directors and is hereinafter referred to as the Plan. The purpose of the Plan is to promote the interests of The Valspar Corporation, a Delaware corporation (the Company), by enhancing its ability to attract and retain the services of experienced and knowledgeable independent directors and by providing additional incentive for these directors to increase their interest in the Company's long-term success and progress.

Section 2. Participation in the Plan.

Each director of the Company who is not an employee of the Company or any subsidiary of the Company (a Non-Employee Director) will be eligible to participate in the Plan.

Section 3. Stock Subject to the Plan.

Shares to be issued under the Plan shall be common stock of the Company (par value \$.50 per share) (common stock), not to exceed a maximum of 250,000 shares, and may be unissued shares or reacquired shares. If options granted under the Plan expire or terminate without having been exercised in full, such unpurchased shares shall be available for other option grants. If shares of common stock are delivered as full or partial payment upon exercise of an option, the number of shares so delivered shall again be available for other option grants.

Section 4. Non-Qualified Stock Option Grants.

a.) For grants in respect of board service in fiscal year 2000 and prior fiscal years, each Non-Employee Director serving as a member of the Board of Directors of the Company on the December 31 immediately preceding each annual meeting of the stockholders of the Company, will automatically be granted on the date of such annual meeting a Non-Qualified Stock Option with a value equal to 50% of the amount of the current annual retainer and meeting fees paid to Non-Employee Directors for their service on the Board of Directors and board committees for the preceding fiscal year. The per share option exercise price will be equal to 100% of the Fair Market Value of one share of the Company's common stock on the date of grant, as determined by the closing price of the Company's common stock on the last business day prior to the annual meeting date.

b.) For grants in respect of service in fiscal year 2001, each Non-Employee Director serving as a member of the Board of Directors of the Company on October 26, 2001 will automatically be granted, on the date of the Company's annual meeting in 2002, a non-qualified stock option with a value equal to 100% of the annual retainer and meeting fees paid to Non-Employee Directors for their service on the Board of Directors and board committees during fiscal year 2001. The per share option price will be equal to 100% of the fair market value of one share of the Company's common stock on the date of grant as determined by the closing price of the Company's common stock on the last business day prior to such annual meeting.

c.) For grants in respect of service in fiscal years 2002 and 2003, each Non-Employee Director serving as a member of the Board of Directors of the Company on the date of the October board meeting in any year will automatically be granted on the date of such meeting a non-qualified stock option with a value equal to 100% of the amount of the current annual retainer and meeting fees paid to Non-Employee Directors for service on the Board of Directors and board committees during the current fiscal year. The per share option exercise price will be equal to 100% of the fair market value of one share of the Company's common stock on the date of grant, as determined by the closing price of the Company's common stock on the last business day prior to such October board meeting date. In the event no Board meeting is held in October of any year, the grant date shall be the last day of the current fiscal year and the per share option exercise price shall be equal to 100% of the fair market value of one share of the Company's common stock on the last business day preceding such grant date.

d.) For grants in respect of service in fiscal year 2004 and subsequent fiscal years, each Non-Employee Director serving as a member of the Board of Directors of the Company on the date of the October board meeting in any year will automatically be granted on the date of such meeting a non-qualified stock option with a value equal to \$50,000.00. The per share option exercise price will be equal to 100% of the fair market value of one share of the Company's common stock on the date of grant, as determined by the closing price of the Company's common stock on the last business day prior to such October board meeting date. In the event no Board meeting is held in October of any year, the grant date shall be the last day of the current fiscal year and the per share option exercise price shall be equal to 100% of the fair market value of one share of the Company's common stock on the last business day preceding such grant date.

Edgar Filing: VALSPAR CORP - Form DEF 14A

The number of shares subject to the option will be determined by using the same option valuation model used to value options for purposes of the notes to the Company's audited financial statements for the prior fiscal year. If no option valuation model is used for financial reporting purposes, the Board of Directors will determine the appropriate model to be used for this purpose. All such options will be designated as Non-Qualified Stock Options. Each option will be immediately exercisable in full and have a term of ten years. Upon termination of a person's service as a director of the Company, such Non-Employee Director will be allowed to exercise the option for a period of three years after the date on which such person ceased to be a director, but in no event may the option be exercised after the expiration of its original term.

Section 5. Option Agreement and Exercise of Option.

Promptly after determination of the number of stock options to be granted to each Non-Employee Director under Section 4, the Company will prepare and deliver a Non-Qualified Stock Option Agreement to each Non-Employee Director, containing the terms described in this Plan. Optionee is not required to exercise options in the sequential order that the options were granted. An option shall be exercised by written notice in a form designated by the Company accompanied by full payment of the purchase price. All or part of the purchase price may be paid by surrender (or deemed surrender through attestation) of previously acquired shares of common stock valued at the fair market value at the closing price on the day preceding the date of exercise. Until an option is exercised and the stock certificate issued, the Optionee shall have no rights as a stockholder with respect to such option.

Section 6. Withholding of Taxes.

Upon exercise of an option, the Optionee shall (i) pay cash, (ii) surrender previously acquired shares of common stock or (iii) authorize the withholding of shares from the shares issued upon exercise of an option for all taxes required to be withheld.

Section 7. Non-Transferability.

Except as otherwise provided by the Committee, Options shall not be transferable, voluntarily or involuntarily, except by will or applicable laws of descent and distribution. Only the Optionee, Optionee's legal representative or guardian or a permitted transferee may exercise the option.

Section 8. Dilution or Other Adjustments.

The number of shares subject to the Plan, the outstanding options and the exercise price may be adjusted by the Committee as it deems equitable in the event of stock split, stock dividend, recapitalization, reclassification or similar event to prevent dilution or enhancement of option rights.

Section 9. Mergers, Acquisitions, or Other Reorganization.

The Committee may make provision, as it deems equitable, for the protection of Optionees with grants of outstanding options in the event of (a) merger of the Company into, or the acquisition of substantially all of the stock or assets of the Company by, another entity; or (b) liquidation; or (c) other reorganization of the Company.

Section 10. Administration and Amendment of the Plan.

The Plan shall be administered by the Compensation Committee of the Board of Directors. The Committee may suspend or discontinue the Plan or revise or amend it in any respect deemed advisable and in the best interests of the Company; provided, however, that no such revision or amendment would impair the terms and conditions of any option which is outstanding on the date of such revision or amendment to the material detriment of the Optionee without the consent of the Optionee. In addition, no such revision or amendment may, without the approval of the Corporation's stockholders, (i) materially increase the number of shares subject to the Plan except as provided in the case of stock splits, consolidations, stock dividends or similar events, (ii) change the designation of the class of individuals eligible to receive options, or (iii) materially increase the benefits accruing to Optionees under the Plan.

Section 11. Effective Date of the Plan.

The Plan became effective as of February 25, 1998, the date stockholders of the Company approve such Plan. The first option grant under this Plan was granted on the date of the annual stockholder meeting held in 1999 to all Non-Employee Directors who were members of the Board of Directors on December 31, 1998. This Plan was adopted to replace The Valspar Corporation Restricted Stock Plan for Non-Employee Directors, which was automatically terminate following the issuance of the restricted stock grant that was earned for services during 1997. The effectiveness of the amendments to Section 4(b) relating to grants in fiscal 2001 was approved by stockholders on February 27, 2002. An increase in the shares reserved under the Plan is subject to stockholder approval at the Corporation's Annual Meeting of Stockholders on February 23, 2005.
