People's Credit Card Master Trust

Management Report on Internal Control Over Financial Reporting for the Credit Card Services Division of People's Bank and Management Report on People's Bank Compliance with Article IV, Section 4.2 of the Pooling and Servicing Agreement

As of December 31, 2002

Management Report on Internal Control Over Financial Reporting for the Credit Card Services Division of People's Bank

Management of People's Bank ("People's") is responsible for establishing and

Edgar Filing: PEOPLES BANK - Form 10-K

maintaining effective internal control over financial reporting for the Credit Card Services division of People's, inclusive of the accounts transferred to and serviced for the People's Bank Credit Card Master Trust, that is sufficient for the prevention and detection of misstatements due to errors or fraud in amounts that would be material to People's consolidated financial statements. This internal control contains monitoring mechanisms, and actions are taken to correct deficiencies identified.

There are inherent limitations in any internal control, including the possibility of human error and the circumvention or overriding of controls. Accordingly, even effective internal control can provide only reasonable assurance with respect to the preparation of financial information. Further, because of changes in conditions, the effectiveness of any internal control may vary over time.

Management assessed whether the internal control over financial reporting for People's Credit Card Services division as of December 31, 2002 was sufficient for the prevention and detection of misstatements due to error or fraud in amounts that would be material to People's consolidated financial statements. The assessment was based on criteria for effective internal control over financial reporting described in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this assessment, management believes that, as of December 31, 2002, the Credit Card Services division of People's maintained effective internal control over financial reporting that was sufficient for the prevention and detection of misstatements due to error or fraud in amounts that would be material to People's consolidated financial statements.

Management Report on People's Bank's Compliance with Article IV, Section 4.2 of the Pooling and Servicing Agreement

Management of People's Bank ("People's") is responsible for complying with the provisions of Article IV, Section 4.2 of the Amended and Restated Pooling and Servicing Agreement dated March 18, 1997 (as heretofore amended, supplemented or otherwise modified including the applicable supplements dated July 1, 1996, March 18, 1997, September 1, 1997, April 1, 1998, September 29, 1999, March 28, 2002 and September 27, 2002) by and between People's as transferor and servicer, and Deutsche Bank Trust Company Americas as trustee (the "Agreement"). Management of People's is also responsible for establishing and maintaining effective internal control over compliance with the aforementioned requirements.

Management has performed an evaluation of People's compliance with the aforementioned requirements of Article IV, Section 4.2 of the Agreement, as of December 31, 2002. Based on this evaluation, management believes that, as of December 31, 2002, People's was in compliance with the aforementioned requirements of Article IV, Section 4.2 of the Agreement.

People's Credit Card Master Trust

Independent Accountants' Report on Management's Assertion Concerning
Internal Control Over Financial Reporting for the
Credit Card Services Division of People's Bank

Independent Accountants' Report

People's Bank
850 Main Street
Bridgeport, Connecticut 06604

Deutsche Bank Trust Company Americas
280 Park Avenue, 9th Floor
New York, New York 10017

We have examined the assertion made by the management of People's Bank ("People's") that its Credit Card Services division (which includes the accounts transferred to and serviced for the People's Bank Credit Card Master Trust) maintained effective internal control over financial reporting as of December 31, 2002 that was sufficient for the prevention and detection of misstatements due to errors or fraud in amounts that would be material to People's consolidated financial statements. This assertion is included in the accompanying Management Report on Internal Control Over Financial Reporting for the Credit Card Services Division of People's Bank, dated March 20, 2003, and is based on criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Management of People's is responsible for maintaining effective internal control over financial reporting. Our responsibility is to express an opinion on management's assertion based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included obtaining an understanding of the internal control over financial reporting, testing, evaluating the design and operating effectiveness of the internal control, and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

Because of inherent limitations in any internal control, misstatements due to errors or fraud may occur and not be detected. Also, projections of any evaluation of the internal control over financial reporting to future periods are subject to the risk that the internal control may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, management's assertion that the Credit Card Services division of People's maintained effective internal control over financial reporting as of December 31, 2002 that was sufficient for the prevention and detection of misstatements due to errors or fraud in amounts that would be material to People's consolidated financial statements is fairly stated, in all material respects, based on criteria described in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission.

We have examined the assertion made by the management of People's Bank ("People's") that, as of December 31, 2002, People's was in compliance with the requirements of Article IV, Section 4.2 of the Amended and Restated Pooling and Servicing Agreement dated March 18, 1997 (as heretofore amended, supplemented or otherwise modified including the applicable supplements dated July 1, 1996, March 18, 1997, September 1, 1997, April 1, 1998, September 29, 1999, March 28, 2002 and September 27, 2002) by and between People's as transferor and servicer, and Deutsche Bank Trust Company Americas as trustee (the "Agreement"). This assertion is included in the accompanying Management Report on People's Bank Compliance with Article IV, Section 4.2 of the Pooling and Servicing Agreement, dated March 20, 2003. Management of People's is responsible for compliance with the aforementioned requirements. Our responsibility is to express an opinion on management's assertion about People's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about People's compliance with the aforementioned requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on People's compliance with the aforementioned requirements.

In our opinion, management's assertion that, as of December 31, 2002, People's was in compliance with the aforementioned requirements of Article IV, Section 4.2 of the Agreement is fairly stated, in all material respects.
