PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

MAY 21, 2002

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Quidel Corporation, a Delaware corporation, for use at the 2002 Annual Meeting of Stockholders to be held on Tuesday, May 21, 2002, and at any and all adjournments and postponements of the meeting. This Proxy Statement and the accompanying form of proxy will be first mailed to stockholders on or about April 12, 2002. Proxies allow properly designated individuals to vote on your behalf at the meeting.

The expense of this solicitation will be paid by Quidel. In addition to solicitation by mail, proxies may be solicited in person or by telephone or facsimile by personnel of Quidel who will not receive any additional compensation for such solicitations. Quidel has retained InvestorCom, Inc., a professional soliciting organization, to aid in the solicitation of proxies to be voted at the annual meeting at an estimated cost of \$4,000 plus out-of-pocket expenses. Quidel will also pay brokers or other persons holding stock in their name or the names of their nominees for the expenses of forwarding soliciting material to their principals.

VOTING

The close of business on April 2, 2002 has been fixed as the record date (the "Record Date") for determining which stockholders are entitled to notice of and to vote at the meeting. On the Record Date, 28,757,102 shares of Quidel's voting common stock were outstanding. Each share of common stock is entitled to one vote on any matter that may be presented for consideration and action by the stockholders at the meeting. A quorum is required to transact business at the meeting. The holders of a majority of the outstanding shares of common stock on the Record Date and entitled to be voted at the meeting, present in person or by proxy, will constitute a quorum for the transaction of business at the meeting and any adjournments and postponements of the meeting. Abstentions and broker non-votes are counted for the purpose of determining the presence or absence of a quorum for the transaction of business. With regard to the election of directors, votes may be cast in favor of a director nominee or withheld. Because directors are elected by plurality, abstentions from voting and broker non-votes will be entirely excluded from the vote and will have no effect on its outcome. If a quorum is present at the meeting, the nominees receiving the greatest number of votes

Edgar Filing: QUIDEL CORP /DE/ - Form DEF 14A

(up to seven directors) will be elected. For proposals other than the election of directors, the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote at the meeting is required for approval. With regard to these proposals, abstentions will be counted in tabulations of the votes cast on a proposal presented to stockholders and will have the same effect as a vote against the proposal, whereas broker non-votes will not be counted for purposes of determining whether a proposal has been approved.

Unless otherwise designated, each proxy will be voted FOR the seven nominees for election as directors named below. The seven nominees receiving the highest number of votes at the meeting will be elected. Where the stockholder has appropriately directed how the proxy is to be voted, it will be

1

voted according to the stockholder's directions. Any stockholder has the power to revoke his or her proxy at any time before it is voted at the meeting by submitting a written notice of revocation to the Secretary of Quidel or by filing a duly executed proxy bearing a later date. The proxy will not be voted if the stockholder who executed it is present at the meeting and elects to vote in person the shares represented by the proxy. Attendance at the meeting will not by itself revoke a proxy.

CHANGE IN FISCAL YEAR END

During October 1999, the Company changed its fiscal year from a March 31 fiscal year end to a December 31 fiscal year end. Therefore, certain tables in the Proxy Statement present data for the nine months ended December 31, 1999.

PROPOSAL 1 ELECTION OF DIRECTORS

Nominees for Election

Quidel's directors are to be elected at each Annual Meeting of Stockholders. At the meeting, seven directors will be elected to serve until the next Annual Meeting of Stockholders and until their successors are elected and qualified. The nominees for election as directors at the meeting set forth in the table below are all incumbent directors. The Board of Directors currently intends to appoint André de Bruin to continue as the Executive Chairman of the Board provided that he is reelected. Each of the nominees has consented to serve as a director if elected. Unless authority to vote for any director nominee is withheld in a proxy, it is intended that each proxy will be voted FOR the nominee. If any of the nominees for director should before the meeting become unable to serve if elected, it is intended that shares represented by proxies will be voted for such substitute nominees, if any, as may be recommended by Quidel's existing Board of Directors, unless other directions are given in the proxies.

Under Quidel's 1996 Non-Employee Directors Plan, each non-employee director was automatically granted a one-time option to purchase 40,000 shares of common stock (subject to a four-year quarterly vesting schedule) upon initial election or appointment to the Board of Directors. The 1996 Non-Employee Directors Plan was amended on November 1, 2000, to provide for the one-time grant of an option to purchase up to 20,000 shares of common stock (subject to a four-year quarterly vesting schedule) to each non-employee director serving on the Board of Directors on that date, except for George Dunbar who was previously a director. All such options were granted at exercise prices equal to the fair market value of the common stock on the date of grant. The 1996 Non-Employee Directors Plan was terminated in 2001 upon stockholder approval of the 2001 Equity Incentive Plan and no new options are being granted under the 1996 plan. However, options previously granted under the 1996 plan will continue to be governed by the 1996 plan until they either expire or are exercised. As of December 31, 2001, options to purchase 339,445 shares of common stock under the 1996 Non-Employee Directors Plan remained outstanding.

Under the 2001 Equity Incentive Plan, each non-employee director automatically receives, upon becoming a non-employee director, a one-time grant of an option to purchase up to 40,000 shares of Quidel's common stock, which will vest 25% on the first anniversary of the grant date and 6.25% at the

end of each of the twelve three-month periods following the first anniversary of the grant date, in each case if such non-employee director has remained a director for the entire period from the date of grant to such vesting date. In addition, each non-employee director also automatically receives an option to purchase up to 40,000 shares of common stock on the fourth, eighth, etc. anniversary of such director's initial appointment or election as a director, which will vest 25% on the first anniversary of the grant date and 6.25% at the end of each of the twelve three-month periods following the first anniversary of the grant date, in each case if such non-employee director has continuously served as a director since his or her election or appointment and is a non-employee director on such date, *provided however*, that each non-employee director who was elected as a continuing director at Quidel's 2001 Annual Meeting of Stockholders received a one-time grant of an option to purchase up to 20,000 shares of common stock on the date of the 2001 Annual Meeting and is not eligible to receive an additional option to purchase up to 40,000 shares of common stock until the fourth, eighth, etc. anniversary of the date of the 2001 Annual Meeting of Stockholders, in each case if the non-employee director has continuously served as a director since his or her election or appointment and is a non-employee director on such date. All of the foregoing automatic grants of "non-employee director options" under the 2001 Equity Incentive Plan will have an exercise price equal to the fair market value of Quidel's common stock on the date of grant, have a term of 10 years and vested options cease to be exercisable on the date that is 365 days after a non-employee director ceases to be a director of Quidel. In addition to the foregoing automatic awards of non-employee director options, each non-employee director is eligible to receive other awards under the 2001 Equity Incentive Plan, such as non-qualified stock options other than non-employee director options, at the discretion of the administrator of the plan. No such other awards have been granted as of April 12, 2002. As of December 31, 2001, options to purchase 490,550 shares of common stock under the 2001 Equity Incentive Plan were outstanding.

Vote Required and Board Recommendation

The nominees for election as directors will be elected by a plurality of the votes of the shares present in person or represented by proxy and entitled to vote at the annual meeting.

The Board of Directors recommends that you vote in favor of each named nominee in Proposal 1.

- (2) During the year ended December 31, 2001, Quidel made contributions under the 401(k) Plan for Mr. Kay, Mr. de Bruin, Mr. Landers, Mr. Paiz, Dr. Tamerius and Ms. Tanner of \$2,625, \$2,181, \$692, \$2,426, \$2,541, and \$2,159, respectively. - (3) Mr. Kay joined Quidel as President and Chief Operating Officer on January 1, 2001. Quidel paid the costs of Mr. Kay's relocation to the San Diego area. A portion of the relocation assistance was taxable and Quidel "grossed-up" the taxable amounts based on the applicable federal and state tax rates. The total compensation relating to Mr. Kay's relocation amounted to \$129,111. In January

2001, Quidel loaned Mr. Kay \$200,000 at an interest rate of 4.77% to assist with his relocation to the San Diego area. One quarter of the principal and interest owing on Mr. Kay's loan will be forgiven each December 31 over a four year period, provided Mr. Kay is an employee of Quidel on that date. As of December 31, 2001, \$76,864 was included in Mr. Kay's compensation. This represents one quarter of the loan forgiveness which was "grossed up" to include applicable federal and state taxes.

- (4) At the meeting of the Board of Directors on August 8, 2001, the Board voted to appoint Mr. de Bruin Executive Chairman of the Board of Directors. Previous to that, Mr. de Bruin had served as Quidel's Chief Executive Officer since June 8, 1998. Quidel paid the costs of Mr. de Bruin's relocation to the San Diego area in 1999. A portion of the relocation assistance was taxable and Quidel "grossed-up" the taxable amounts based on the applicable federal and state tax rates. The total compensation relating to Mr. de Bruin's relocation amounted to \$173,495.

- (5) Mr. Landers became Vice President, Chief Financial Officer and Secretary of Quidel in September 2001. If Mr. Landers had been employed by Quidel for the entire 2001 fiscal year, Mr. Landers' annual salary would have been \$200,000. In connection with Mr. Landers initial employment, Mr. Landers has received \$11,538 for relocation expenses.
- (6) Mr. Paiz, the Company's Senior Vice President, Information Technology and Supply Chain Management, was previously promoted to Senior Vice President, Product Development and Supply Operations in August 1999 and was granted an additional 50,000 stock options. The following table summarizes options granted to the following executive officers during the year ended December 31, 2001, and the value of the options held by these officers at December 31, 2001. Quidel has not granted Stock Appreciation Rights.

- (1) All options granted in the year ended December 31, 2001 vest over a four-year period commencing on the date of grant. The exercise price of the above options is equal to the fair market value of the common stock on the date of grant.
- (2) Options representing a total of 1,274,000 shares of common stock were granted during the year ended December 31, 2001.
- (3) The exercise price on the date of grant was equal to 100% of the fair market value.
- (4)

The options have a term of ten years, subject to earlier termination related to the termination of employment.

(5)

The fair value of each option grant was estimated on the date of grant using the Black-Scholes option pricing model with the following weighted average assumptions used for grants during the year ended December 31, 2001: risk free interest rate of 4.6%, expected option life of 6.5 years, expected volatility of 2.9 and a dividend rate of zero. Option valuation using a Black-Scholes-based option pricing model generates a theoretical value based upon certain factors and assumptions. Therefore, the value of a stock option, if any, is dependent on the future price of the stock, overall stock market conditions and continued service with Quidel, since options remain exercisable for only a limited period following retirement, death or disability. The values reflected in this table or any other value may not be achieved.

EMPLOYMENT AND CHANGE OF CONTROL ARRANGEMENTS

S. Wayne Kay joined Quidel on January 2001 as President and Chief Operating Officer. Mr. Kay became a member of Quidel's Board of Directors on May 23, 2001 and was promoted to President and Chief Executive Officer on August 8, 2001. Upon the commencement of his employment, Mr. Kay entered into a written employment agreement with Quidel which was amended on August 10, 2001 to reflect his promotion to Chief Executive Officer. His minimum base salary is \$375,000 per annum, subject to adjustment upward by the board of directors, plus a bonus to be determined annually by the board based upon attainment of goals set by the board, up to a maximum of 35% of Mr. Kay's base salary. At the time of commencement of Mr. Kay's employment, Quidel also provided to Mr. Kay a forgivable loan in the amount of \$200,000 to assist in the purchase of a new home. The loan documents provide that the loan will be forgiven over a four year period, with 25% of the loan amount, plus applicable interest, to be forgiven on each anniversary of Mr. Kay's employment date; provided, that, if Mr. Kay's employment is terminated prior to full forgiveness of the loan, Mr. Kay will be required to repay the remaining portion of the loan, including interest, within 30 days following the termination of his employment.

Under the employment agreement, as amended, Mr. Kay is an "at-will" employee, which means that either Mr. Kay or Quidel may terminate Mr. Kay's employment with Quidel at any time. However, if Mr. Kay's employment with Quidel is terminated without cause or he terminates his employment for good reason (as such terms are defined in his employment agreement) he is entitled to a severance payment equal to twelve (12) months of his then base salary, a pro-rated portion of his bonus (unless termination of Mr. Kay's employment is in connection

with a change in control), payment of insurance premiums for a period of twelve (12) months following termination, and forgiveness of all principal and interest then outstanding on the home loan. In addition, Quidel's Board of Directors is required to consider whether vesting of Mr. Kay's stock options will be accelerated.

André de Bruin served as Quidel's Chief Executive Officer from June 9, 1998 until he was appointed Executive Chairman of Quidel's Board of Directors on August 8, 2001. Mr. de Bruin's employment agreement with Quidel was amended on August 13, 2001 to reflect the revised scope of

13

Mr. de Bruin's responsibility. Mr. de Bruin's employment agreement, as amended, provides for a base salary from August 13, 2001 until the 6 month anniversary of the amendment date of \$16,667 per month, during which time Mr. De Bruin is required to make himself available to work an aggregate of 520 hours for Quidel. From the six month anniversary of the amendment date until termination of the employment agreement, Mr. de Bruin will receive a base salary of \$8,344 per month, and from the six month anniversary of the amendment date until the first anniversary of the amendment date, Mr. de Bruin will be required to make himself available to work an aggregate of 260 hours for Quidel. After the first anniversary of the amendment date, Mr. de Bruin will be required to make himself available to work for Quidel an average of 10 hours per week. Mr. de Bruin is also entitled to receive 75% of the bonus for calendar year 2001 Mr. de Bruin would have been entitled to receive if he had remained Quidel's Chief Executive Officer for the entire 2001 year, as well as an Office/Administrative allowance of \$1,000 per month. The Compensation Committee of Quidel's Board of Directors has the sole discretion to determine whether Mr. de Bruin will be eligible to participate in management bonus programs for periods after December 31, 2001. Mr. de Bruin's employment agreement may be terminated by either Mr. de Bruin or Quidel upon at least three (3) months advance written notice, unless termination is for cause (as such term is defined in Mr. de Bruin's employment agreement, as amended), in which case Mr. de Bruin's employment may be terminated immediately; provided, however, that neither Quidel nor Mr. de Bruin may terminate the amended employment agreement prior to the first anniversary of the amendment date, except for cause.

Each of Mr. Kay and Mr. de Bruin's stock option agreements with Quidel provide that upon a "change in control" of Quidel, all options automatically vest and become exercisable immediately prior to such change in control. For purposes of each of Mr. Kay and Mr. de Bruin's employment agreements and stock option agreements, a change in control is deemed to have occurred (a) if any person, other than Quidel or any employee benefit or stock ownership plan of Quidel or any underwriter becomes the beneficial owner, directly or indirectly of securities of Quidel representing 50% or more of the outstanding shares of common stock of Quidel or the combined voting power of Quidel's then outstanding securities entitled to vote generally in the election of directors; (b) if individuals who at the date of the option grant constitute the board of directors cease for any reason to constitute at least a majority thereof, unless the election of each director who was not a director at the beginning of the period is approved by a vote of directors representing at least a majority in which case each such director shall be deemed to be a director serving on the option grant date, unless such individual is nominated or elected by a person who exercises voting power with respect to 20% or more of Quidel's common stock, in which case such newly elected director must be approved by a vote of directors representing at least two-thirds of the members of the board in office, or deemed to be in office on the option grant date, to be deemed to be a director serving on the option grant date; (c) upon consummation by Quidel of the sale or other disposition of substantially all of its assets or a reorganization or merger or consolidation of Quidel with any other person, entity or corporation, other than a reorganization that does not result in a material change in beneficial ownership of the voting securities of Quidel or any other reorganization where more than 50% of the combined voting power of the voting securities of Quidel immediately prior to the reorganization continue to represent more than 50% of the voting power of the entity following the reorganization; or (d) upon approval by stockholders of Quidel or an order by a court of competent jurisdiction of a plan of liquidation of Quidel.

INDEPENDENT PUBLIC ACCOUNTANTS

Independent Public Accountants for 2001

The Board of Directors, on the recommendation of the Audit Committee, selected the firm of Arthur Andersen LLP as its independent public accountants for the fiscal year ended December 31, 2001. Quidel does not expect a representative of Arthur Andersen LLP to be present at the Annual Meeting.

Edgar Filing: QUIDEL CORP /DE/ - Form DEF 14A

Arthur Andersen LLP's report on the financial statements for the year ended December 31, 2001 did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to audit scope or accounting principles. In addition, during the two most recent fiscal years, there were no disagreements with Arthur Andersen LLP on any matter of accounting principles or practices, financial statement disclosures or auditing scope or procedure. During these same periods, there have occurred none of the "reportable events" listed in Item 304(a)(1)(v)(A-D) of Regulation S-K. In addition, no consultations listed in Item 304(a)(2)(i)-(ii) occurred during these same periods.

Independent Public Accountants for 2002

On April 4, 2002, the Board of Directors, on the recommendation of the Audit Committee, appointed the firm of Ernst & Young LLP as its independent public accountants for the fiscal year ending December 31, 2002. This decision to change independent public accountants was not the result of any disagreement between Quidel and Arthur Andersen LLP, but reflected the Board of Directors and the Audit Committee's view that changing independent public accountants was in the best interests of Quidel. The appointment of Ernst & Young LLP was made after careful consideration by the Board of Directors and the Audit Committee. Quidel expects a representative of Ernst & Young LLP will be present at the Annual Meeting, to have an opportunity to make a statement if he or she so desires, and to be available to respond to appropriate questions.

Audit Fees

The fees paid to Quidel's independent public accountants, Arthur Andersen LLP, during the year ended December 31, 2001 for professional services rendered for audit of Quidel's 2001 financial statements and reviews of Quidel's financial statements included in Quidel's quarterly reports on Form 10-Q for 2001 were \$145,000.

Financial Information Systems Design and Implementation

Quidel's independent public accountants have performed no services relating to the operation or supervising of Quidel's information system, managing Quidel's local area network, or designing or implementing a hardware or software system that aggregates source data underlying the financial statements or generates information significant to Quidel's financial statements as a whole.

All Other Fees

During the year ended December 31, 2001, Quidel also paid to Arthur Andersen LLP approximately \$331,000 of fees for all other services.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under the securities laws of the United States, the directors and executive officers of Quidel and persons who own more than ten percent (10%) of Quidel's common stock are required to report their initial ownership of Quidel common stock and any subsequent changes in that ownership to the Securities and Exchange Commission and The Nasdaq National Market. Specific due dates for these reports have been established, and Quidel is required to disclose in this Proxy Statement any late filings

15

during the year ended December 31, 2001. To Quidel's knowledge, based solely on its review of the copies of the reports required to be furnished to Quidel, all of the reports were timely filed, with the following exceptions:

Ms. Wattleton failed to timely file a Form 4 with respect to a January 5, 2001 broker-assisted cashless exercise of 23,500 stock options and subsequent sale of Quidel common stock.

Mr. Landers failed to timely file a Form 3 within the required 10 day period following his appointment as Vice President, Chief Financial Officer and Secretary of Quidel to indicate he did not own any securities of Quidel on the date of his appointment.

Forms were subsequently filed with the Securities and Exchange Commission for these transactions.

To assist Quidel's officers and directors with complying with their reporting responsibilities under Section 16 of the Securities Exchange Act of 1934, as amended, and the rules and regulations thereunder, Quidel has implemented a Section 16 compliance program whereby Quidel sends a monthly written reminder to Quidel's officers and directors that they must report transactions in Quidel securities on a Form 4 and asking them to submit to Quidel any information on transactions in Quidel securities during the previous month.

**REPORT OF THE COMPENSATION COMMITTEE OF THE
BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION**

The Compensation Committee of the Board of Directors administers Quidel's executive compensation programs and approves salaries of all elected officers, including those of the executive officers named in the Summary Compensation Table. The Committee is responsible for reporting to the Board and administering all other elements of executive compensation, including annual incentive awards and stock options.

Philosophy

The executive compensation program is structured to support the Company's mission, values and corporate strategies. The executive compensation programs are designed to provide competitive levels of total compensation in order to attract, retain and motivate high-quality senior management by providing what the Company believes to be a competitive total compensation package based on both individual and corporate performance. The executive compensation program is composed of three elements: (1) competitive base salaries which reflect individual performance, (2) annual incentive opportunities which are a function of individual and business performance payable in cash, and (3) long-term stock-based incentive opportunities pursuant to the Company's stock incentive plans which link the interests of senior management and the Company's stockholders. The mix of total compensation is designed to cause greater variability in the individual's absolute year-to-year compensation based on the success of the Company and the individual contribution to that success. The total compensation program provides focus on both short-term and long-term results.

The Compensation Committee does not currently anticipate that the compensation of any executive officer during fiscal 2002 will materially exceed the limit on deductibility imposed by Section 162(m) of the Internal Revenue Code.

Base Salary

Base salary is targeted to be moderate yet competitive in relation to salaries commanded by those in similar positions in comparable companies. The Compensation Committee reviews management recommendations for executives' salaries and examines survey data for executives with similar responsibilities in comparable companies in the medical and biotechnology industry. Individual salary determinations are based on experience, sustained performance and comparison to peers inside and outside of Quidel.

Annual Incentive Awards

Quidel maintains a senior management incentive compensation plan that is designed to reward senior management for their contributions to corporate and individual objectives. Under the plan, each participating officer is entitled to receive a cash bonus if certain corporate goals are met in a particular fiscal year.

Each eligible employee's potential annual award under the plan is expressed as a percentage of the total base compensation earned by the individual during the fiscal year. For the year ended December 31, 2001, the percentages for the Chief Executive Officer were 40% for Mr. de Bruin and 35% for Mr. Kay and all participating Vice Presidents were set at 30%. These percentages could be increased in the event the maximum target levels are exceeded for corporate goals. For the year ended December 31, 2001, certain targeted corporate goals were not achieved and incentive compensation has not been awarded to date.

Stock Options

The Compensation Committee administers the Company's stock option plans and makes grants of stock options. The plans are designed to align the interests of management with those of the stockholders. The number of stock options granted is related to the recipient's base compensation and level of responsibility. All options are granted with an option exercise price equal to the fair market value of the common stock on the date of grant and generally vest over a four-year period. The Compensation Committee, in its discretion, may grant additional options to executive officers, including the Chief Executive Officer, for increases in level of responsibility and promotions, in recognition of sustained exceptional performance, or annually based upon Company and individual performance. The option grant will have value to the officer only if he or she continues in the Company's services during the vesting period and then only if the market price of the underlying option shares appreciates over the option term.

Compensation of the Chief Executive Officer

The Chief Executive Officer participates in the same executive compensation program provided to the other executive officers and senior management of the Company as described above. The Compensation Committee's approach to setting compensation for the Chief Executive Officer is to be competitive with comparable companies and to have a portion of total compensation depend on the achievement of performance criteria. Each year, the Board of Directors approves business goals to include financial measures, which are used to evaluate the Chief Executive Officer's performance for the year.

Mr. de Bruin served as Chief Executive Officer until August 8, 2001. Total cash compensation paid to Mr. de Bruin for the year ended December 31, 2001 was \$353,848 in base salary. Mr. Kay has served as our President and Chief Executive Officer since August 8, 2001 and as our President and Chief Operating Officer from January 1, 2001 to August 10, 2001. Total cash compensation paid to Mr. Kay for the year ended December 31, 2001 was \$344,231 in base salary. Specific accomplishments that were considered by the Board and occurred during this period are as follows: (1) business operations performance, (2) FDA clearance and CLIA waiver of new Strep A and (3) successful facilities consolidation of our Northern California operations, (4) successful launch of QuickVue Influenza test in Japan and (5) successful integration of the urine test strip manufacturing operation in Marburg, Germany.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee reviews Quidel's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process. Quidel's independent public accountants are responsible for expressing an opinion on the conformity of our audited financial statements to generally accepted accounting principles.

Under rules promulgated by the Securities and Exchange Commission ("SEC"), for all votes of stockholders occurring after December 15, 2000, the proxy statement must contain a report of the Audit Committee addressing several issues. In addition, the SEC recommends that committees adopt written charters and that any such charter be attached to the proxy statement at least once every three years. Our Audit Committee adopted a charter in May 2000, which was included in last year's Proxy Statement as *Appendix C*.

Edgar Filing: QUIDEL CORP /DE/ - Form DEF 14A

All of the members of the Audit Committee are independent directors within the meaning of Rule 4200(a)(14) of the National Association of Securities Dealers' listing standards. Under the rule, a director will not be considered independent if, among other things, he or she has:

been employed by the corporation or its affiliates in the current or past three years or accepted any compensation from the corporation or its affiliates in excess of \$60,000 during the previous fiscal year (except for board service, retirement plan benefits, or non-discretionary compensation);

an immediate family member who is, or has been in the past three years, employed by the corporation or its affiliates as an executive officer;

been a partner, controlling shareholder or an executive officer of any for-profit business to which the corporation made, or from which it received, payments (other than those which arise solely from investments in the corporation's securities) that exceed five percent of the organization's consolidated gross revenues for that year, or \$200,000, whichever is more, in any of the past three years; or

been employed as an executive of another entity when any of the company's executives serve on that entity's compensation committee.

The Audit Committee has reviewed and discussed Quidel's financial statements for 2001 with Quidel's management. The Audit Committee discussed with Quidel's auditors the matters required to be discussed under SAS 61 (Codification of Statements on Auditing Standards, AU Section 380).

The Audit Committee has received the written disclosures and the letter from Quidel's independent accountants Arthur Andersen LLP required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and has discussed with Arthur Andersen LLP its independence from Quidel. The Audit Committee has also considered whether the independent public accountants' provision of non-audit services to Quidel is compatible with the auditor's independence.

Based on the review and discussions outlined above, the Audit Committee recommended to Quidel's Board of Directors that the audited financial statements be included in Quidel's annual report on Form 10-K for the year ended December 31, 2001.
