FPL GROUP, INC.
ANNUAL MEETING OF SHAREHOLDERS
MAY 24, 2002
PROXY STATEMENT

ANNUAL MEETING

The Annual Meeting of Shareholders of FPL Group, Inc. ("FPL Group" or the "Corporation") will be held at 10:00 a.m. on Friday, May 24, 2002. The enclosed proxy is solicited by your Board of Directors, who urge you to respond in the belief that every shareholder, regardless of the number of shares held, should be represented at the Annual Meeting.

Whether or not you expect to be present at the meeting, please mark, sign, and date the enclosed proxy card and return it in the enclosed envelope. Alternatively, you may cast your vote by telephone or electronically by following the instructions on your proxy card. Please note that there are separate arrangements for using electronic voting depending on whether your shares are registered in your name or in the name of a brokerage firm or bank. You should check the proxy card or voting instructions forwarded by your broker, bank or other holder of record to see which options are available. If voting by telephone you should dial the toll-free number indicated on the proxy card; you will then be prompted to enter the control number printed on your proxy card and to follow subsequent instructions. Any shareholder giving a proxy may revoke it at any time before it is voted at the meeting by delivering to the Corporation written notice of revocation or a proxy bearing a later date, or by attending the meeting in person and casting a ballot. You may also change your vote by telephone or electronically. You may change your vote by using any one of these methods regardless of the procedure used to cast your previous vote. Votes cast in person or by proxy will be tabulated by the inspectors of election appointed by the Board of Directors.

The shares represented by your proxy will be voted in accordance with the specifications made on your proxy. Unless otherwise directed, such shares will be voted:

- For the election as directors of the nominees named in this proxy statement.
- For the ratification of the appointment of Deloitte & Touche LLP as auditors.
- In accordance with the best judgment of the persons acting under the proxy concerning other matters that are properly brought before the meeting and at any adjournment or postponement thereof.

Shareholders of record at the close of business on March 15, 2002, are entitled to notice of, and to vote at, the meeting. Each share of Common Stock, \$.01 par value, of the Corporation is entitled to one vote. At the close of business on March 15, 2002, the Corporation had 175,944,248 shares of Common Stock outstanding and entitled to vote. The Corporation anticipates first sending this proxy statement and the enclosed proxy card to shareholders on or about April 19, 2002.

In determining the presence of a quorum at the Annual Meeting, abstentions are counted and broker non-votes are not counted. The current Florida Business Corporation Act (the "Act") provides that directors are elected by a plurality

Edgar Filing: FPL GROUP INC - Form DEF 14A

of the votes cast and all other matters are approved if the votes cast in favor of the action exceed the votes cast against the action (unless the matter is one for which the Act or the articles of incorporation require a greater vote). Therefore, under the Act, abstentions and broker non-votes have no legal effect on whether a matter is approved. However, FPL Group's Bylaws, which were adopted prior to the current Act and remain in effect, provide that any matter, including the election of directors, is to be approved by the affirmative vote of a majority of the total number of shares represented at the meeting and entitled to vote on such matter (unless the matter is one for which the Act

1

or some other law or regulation expressly requires or permits the Board of Directors to require a greater vote, or FPL Group's Articles of Incorporation or Bylaws require a greater or different vote). Therefore, as to any matter voted on by shareholders at the Annual Meeting, including the election of directors, the affirmative vote of a majority of the total number of shares represented at the meeting and entitled to vote is required, abstentions have the same effect as a vote against a matter, and broker non-votes have no legal effect.

Edgar Filing: FPL GROUP INC - Form DEF 14A

FPL Group and its subsidiaries for the fiscal year ending December 31, 2002, and to perform such other services as may be required of them. If the shareholders do not ratify the appointment, it will be reconsidered by the Audit Committee and the Board of Directors.

Representatives of Deloitte & Touche LLP will be present at the 2002 Annual Meeting and will have an opportunity to make a statement and to respond to appropriate questions raised at the meeting.

Audit Fees

The aggregate fees billed by Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, Deloitte & Touche) for professional services rendered for the audit of FPL Group's annual consolidated financial statements for the fiscal year ended December 31, 2001 and for the reviews of the financial statements included in FPL Group's Quarterly Reports on Form 10-Q for that fiscal year were \$1,013,000.

These amounts include \$1,323,000 of fees billed by Deloitte Consulting. Audit related services generally include fees for comfort letters and consents related to registration statements, audits of employee benefit plans, due diligence pertaining to acquisitions and consultation on accounting standards or transactions.

The Audit Committee has considered whether the provision of the non-audit services is compatible with maintaining Deloitte & Touche LLP's independence.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" RATIFICATION.

PERFORMANCE GRAPHS

The graph below compares the cumulative total returns, including reinvestment of dividends, of FPL Group Common Stock with the companies in the Standard & Poor's 500 Index (S&P 500), the Standard & Poor's Electric Companies Index (S&P Electrics) and the Dow Jones Electric Utilities Index (Dow Jones Electrics). The comparison covers the five years ended December 31, 2001, and is based on an assumed \$100 investment on December 31, 1996, in each of the S&P 500, the S&P Electrics, the Dow Jones Electrics and FPL Group Common Stock. The S&P Electrics is based on the performance of 27 companies; the Dow Jones Electrics is based on the performance of 66 companies. The S&P Electrics is more heavily weighted toward companies engaged in the traditional state-regulated electric utility business. The Dow Jones Electrics, which includes all of the companies included

Edgar Filing: FPL GROUP INC - Form DEF 14A

in the S&P Electrics, also includes a number of companies that are exclusively or primarily engaged in the independent power production business. FPL Group is primarily engaged in the traditional electric utility business, but is increasingly engaged in the independent power production business as well. Therefore, both indexes have been selected for comparison purposes. FPL Group is included in all three indexes.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based upon a review of these filings and written representations from the directors and executive officers, all required filings were timely made in 2001 except for the late filing of a Form 3, and one transaction involving 153 phantom shares credited as of July 30, 2001 under the FPL Group, Inc. Supplemental Executive Retirement Plan to a Supplemental Matching Contribution Account, for Mr. Stall.

DIRECTOR MEETINGS AND COMMITTEES

The Board of Directors met ten times in 2001. Each director attended at least 75% of the total number of Board meetings and meetings of the committees on which he or she served.

FPL Group's Audit Committee, comprised of Mrs. Barrat and Messrs. Arnelle, Beall (Chair), Dover, and Dreyfoos met eight times in 2001. An updated written charter for the Committee was approved by the Board in May 2000. As set forth in more detail in the charter, the Audit Committee assists the Board in monitoring the financial reporting process, the internal control structure and the independence and performance of the internal audit department and the independent public accountants. During the year, the Board examined the composition of the Audit Committee in light of the adoption by the New York Stock Exchange of new rules governing audit committees. Based upon this examination, the Board confirmed that all members of the Audit Committee are "independent" within the meaning of the Exchange's new rules.

The Compensation Committee, comprised of Messrs. Arnelle, Beall, Brown (Chair), Codina, and Tregurtha, met seven times in 2001. Its functions include reviewing

Edgar Filing: FPL GROUP INC - Form DEF 14A

and approving the executive compensation program for FPL Group and its subsidiaries; setting performance targets; assessing executive performance; making grants of salary, annual incentive compensation, and long-term incentive compensation; and approving certain employment agreements.

The Executive Committee, comprised of Messrs. Broadhead (Chair), Beall, Brown, Codina, Malek, and Tregurtha, met three times in 2001. It functioned as the Nominating Committee through 2001. Starting in 2002 that responsibility has been assumed by the Governance Committee, which is comprised of Mrs. Barrat and Messrs. Codina (Chair), Dover, Dreyfoos and Tregurtha. As such, it is responsible for identifying and evaluating potential nominees for election to the Board and recommends candidates for all directorships to be filled by the shareholders or the Board. The Committee will consider potential nominees recommended by any shareholder entitled to vote in elections of directors. Potential nominees must be submitted in writing to the Secretary, P.O. Box 14000, 700 Universe Boulevard, Juno Beach, Florida 33408-0420 and must be received not later than 90 days in advance of the Annual Meeting of Shareholders.

9

DIRECTOR COMPENSATION

Directors of FPL Group who are salaried employees of FPL Group or any of its subsidiaries do not receive any additional compensation for serving as a director or committee member. Non-employee directors of FPL Group receive an annual retainer of \$32,000 plus 700 shares of restricted Common Stock. Non-employee committee chairpersons receive an additional annual retainer of \$4,000. A fee of \$1,300 is paid to non-employee directors for each Board or committee meeting attended. Newly-elected non-employee directors are awarded 200 shares of restricted Common Stock when they join the Board.

Effective November 1, 1996, FPL Group's Non-Employee Director Retirement Plan was terminated. Retirement benefits of non-employee directors in office in 1996 and not retiring at or prior to the 1997 annual shareholders' meeting were converted to share units of FPL Group Common Stock. Such directors will be entitled to payment of the then current value of these share units upon ending service as a Board member at or after age 65. Upon his retirement from the Board in May 2001, Marshall Criser received \$425,457, which he elected to receive in the form of an annuity, for the value of his share units.

Non-employee directors are covered by travel and accident insurance while on FPL Group business. Total premiums attributable to such directors amounted to \$2,888 for 2001.

AUDIT COMMITTEE REPORT

The Audit Committee submits the following report for 2001:

In accordance with its written charter adopted by the Board of Directors (Board), the Audit Committee of the Board (Committee) assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Corporation. During 2001, the Committee met eight times, including four meetings where the Committee discussed the interim financial information contained in each quarterly earnings announcement with the chief accounting officer and independent auditors prior to public release.

In discharging its oversight responsibility as to the audit process, the Audit Committee obtained from the independent auditors a formal written statement describing all relationships between the auditors and the Corporation that might bear on the auditors' independence consistent with Independence Standards Board

Edgar Filing: FPL GROUP INC - Form DEF 14A

Standard No. 1, "Independence Discussions with Audit Committees," discussed with the auditors any relationships that may impact their objectivity and independence and satisfied itself as to the auditors' independence. The Committee also discussed with management, the internal auditors and the independent auditors the quality and adequacy of the Corporation's internal controls and the internal audit function's organization, responsibilities, resources and staffing. The Committee reviewed with both the independent and the internal auditors their audit plans, audit scope, and identification of audit risks.

The Committee discussed and reviewed with the independent auditors all communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees" and, with and without management present, discussed and reviewed the results of the independent auditors' examination of the financial statements. The Committee also discussed the results of the internal audit examinations.

The Committee reviewed the audited financial statements of the Corporation for the year ended December 31, 2001, with management and the independent auditors. Management has the responsibility for the preparation of the Corporation's financial statements, and the independent auditors have the responsibility for the examination of those statements.

10

Based on the above-mentioned review and discussions with management and the independent auditors, the Committee recommended to the Board that the Corporation's audited financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2001, for filing with the Securities and Exchange Commission.

COMPENSATION COMMITTEE REPORT

The Compensation Committee submits the following report for 2001:

FPL Group's executive compensation program is designed to align compensation with the Corporation's business strategy, its goals and values, and the return to its shareholders. The program is also designed to provide a competitive compensation package, both in terms of its components and overall, that will attract and retain key executives critical to the success of the Corporation.

The Board of Directors adopted, and in 1994 and 1999 shareholders approved, an Annual Incentive Plan and a Long Term Incentive Plan that are intended to prevent, under normal circumstances, the loss of the federal income tax deductions available to the Corporation for the amount of any compensation paid thereunder to the chief executive officer and the four other most highly-compensated officers. In accordance with these plans, the Committee structured the 2001 executive compensation program to qualify for deduction, under normal circumstances, all compensation paid thereunder to these officers, and it intends to do likewise with the executive compensation programs for 2002 and future years as long as doing so is compatible with what the Committee considers to be a sound compensation program.

Edgar Filing: FPL GROUP INC - Form DEF 14A

The Committee determines an executive's competitive total level of compensation based on information drawn from a variety of sources, including utility and general industry surveys, proxy statements, and independent compensation consultants. The Corporation's "comparator group" consists of twelve electric utilities (all of which are included in the Dow Jones Electric Utilities Index and eleven of which are included in the Standard & Poor's Electric Companies Index) and twelve telecommunications and general industry companies located in the Eastern United States. Electric utility industry trends (i.e., reregulation and increasing competition) and the need to recruit from outside the industry are the principal reasons for including companies other than electric utilities in the comparator group. In 2001, compensation for James L. Broadhead, Lewis Hay III, Paul J. Evanson, Dennis P. Coyle, Lawrence J. Kelleher, and Armando J. Olivera was affected by the terms of their Employment Agreements (see "Employment Agreements" herein).

There are three components to the Corporation's executive compensation program: base salary, annual incentive compensation, and long-term incentive compensation. In 2001, the three components were structured so that base salary represented 25% to 60% of an executive officer's total targeted compensation, annual incentive compensation represented 15% to 25% of such compensation, and long-term incentive compensation represented 20% to 55% of such compensation. The more senior the position, the greater the portion of compensation that is based on performance.

11

Base salaries are set by the Committee and are designed to be competitive with the comparator group companies described above. Generally, the Committee targets salary levels between the second and third quartiles of the comparator group, adjusted to reflect the individual's job experience and responsibilities. Increases in base salaries are based on the comparator group's practices, the Corporation's performance, the individual's performance, and increases in cost of living indices. The corporate performance measures used in determining adjustments to executive officers' base salaries are the same performance measures used to determine annual incentive compensation, weighted as discussed below in regard to the chief executive officer's compensation. Base salaries are reviewed and adjusted annually. Employment Agreements in effect for Messrs. Broadhead, Hay, Evanson, Coyle, Kelleher, and Olivera provide for each officer that his base salary shall be at least equal to his base salary as in effect in 2000 and shall be reviewed at least annually and increased substantially consistent with increases in base salary awarded to peer executives of the Corporation, but not less than increases in the consumer price index.

Annual incentive compensation is based on the attainment of net income goals for the Corporation which are established by the Committee at the beginning of the year. The amounts earned on the basis of this performance measure are subject to reduction based on the degree of achievement of other corporate performance measures (and in the case of Florida Power & Light Company, business unit performance measures), and in the discretion of the Committee. These other corporate performance measures, which for 2001 consisted of the financial and operating indicators discussed below in regard to the chief executive officer's compensation, and business unit performance measures were also established by the Committee at the beginning of the year. For 2001, the net income goal was met, and the average level of achievement of the other performance measures exceeded the targets. However, the amounts paid out for 2001 were less than the amounts that could have been paid based on the attainment of the net income goal.

Long-term incentive compensation is based primarily on the average level of achievement under the annual incentive plans, typically over a four-year period for performance share awards, and on the average annual total shareholder return

Edgar Filing: FPL GROUP INC - Form DEF 14A

of FPL Group as compared to that of the Dow Jones Electric Utilities Index companies, typically over a three-year period for shareholder value awards. In 2001, in accordance with the terms of their Employment Agreements, performance share awards to certain executive officers (including those listed in the Summary Compensation Table) were made for one-, two-, three-, and four-year periods and shareholder value awards to those officers were made for one-, two-, and three-year periods. Targeted awards, in the form of shares granted under the Corporation's Long Term Incentive Plan, are made at the beginning of the period. Since one of the goals of the performance share program is to link directly the financial interests of FPL Group's shareholders and senior management, performance share award payouts (except for cash for the payment of incomes taxes) are made in shares of Common Stock which the recipient is expected, consistent with general guidelines, to hold for the duration of his or her employment. Long-term incentive compensation also includes stock options and restricted stock in amounts intended to ensure that the Corporation's total executive compensation program is competitive, in terms of both composition and amount, with the compensation programs of other companies with which the Corporation competes for executive talent.

Mr. Broadhead was FPL Group's Chairman during 2001 and its chief executive officer until June 11, 2001, and was Chairman and CEO of Florida Power & Light Company during 2001. For his service in those capacities Mr. Broadhead was paid \$1,100,000 in base salary, \$100,000 of which he agreed to defer, \$1,229,200 in annual incentive compensation, and \$2,246,933 (consisting of 26,051 shares of Common Stock and \$898,794 in cash) in long term incentive compensation. Mr. Broadhead was awarded options for 250,000 shares of Common Stock and 50,000 shares of restricted stock in accordance with the terms of his Employment Agreement which became effective December 15, 2000. The options and restricted stock were scheduled to vest 50% on February 12, 2002 and the balance on February 12, 2003; however, in connection with Mr. Broadhead's retirement, and partially as consideration for his services under a Consulting Agreement (described herein under "Consulting Agreement and Certain Retirement

12

Benefits") the Committee determined to accelerate vesting to January 2, 2002. Mr. Hay served as President of FPL Energy, LLC during 2001, and became FPL Group's chief executive officer beginning June 11, 2001. For his service in those capacities, Mr. Hay was paid \$607,550 in base salary, \$637,500 in annual incentive compensation, and \$416,432 (consisting of 4,828 shares of Common Stock and \$166,583 in cash) in long term incentive compensation. Mr. Hay was awarded options for 150,000 shares of Common Stock and 22,500 shares of restricted stock, all of which vest 50% on February 12, 2002 and the balance one year later, in accordance with the terms of his Employment Agreement. In addition, subsequent to his election as chief executive officer of FPL Group, and in light of his increased responsibilities in that office, the Committee awarded him options for an additional 50,000 shares of Common Stock, and 10,000 shares of restricted stock, which vest one-third each year over the period ending June 16, 2004.

The base salaries of Messrs. Broadhead and Hay as chief executive officer of FPL Group reflect the Committee's assessment of Mr. Broadhead's and Mr. Hay's overall performance and an analysis of the salaries of the chief executive officers in the comparator group. Mr. Broadhead's and Mr. Hay's annual incentive compensation for 2001 was based on the achievement of the Corporation's net income goals and the following performance measures for Florida Power & Light Company ("FPL") (weighted 75%) and the non-utility and/or new businesses (weighted 25%) and upon certain qualitative factors. For FPL, the incentive performance measures were financial indicators (weighted 50%) and operating indicators (weighted 50%). The financial indicators were operations and maintenance costs, capital expenditure levels, net income, regulatory return on equity, and operating cash flow. The operating indicators were service

Edgar Filing: FPL GROUP INC - Form DEF 14A

reliability as measured by the frequency and duration of service interruptions and service unavailability; system performance as measured by availability factors for the fossil power plants and an industry index for the nuclear power plants; employee safety; number of significant environmental violations; customer satisfaction survey results; load management installed capability; and conservation programs' annual installed capacity. For the non-utility and/or new businesses, the performance measures included total combined return on equity; non-utility net income and return on equity; corporate and other net income; creation of an asset optimization organization; employee safety; and number of significant environmental violations. The qualitative factors included measures to position the Corporation for increased competition and initiating other actions that significantly strengthen the Corporation and enhance shareholder value.

The long-term compensation payouts to Messrs. Broadhead and Hay were based on an average level of achievement of better than 100% of target with respect to the annual incentive plan for the year ended December 31, 2001.

The payout may not exceed 160% of targeted awards. No payout was made with respect to the shareholder value awards for the performance period ended December 31, 2001.

- (a) Options granted are non-qualified stock options. Mr. Hay's option grant of 50,000 options will be exercisable 33.3% per year and be fully exercisable after three years. Mr. Broadhead's options became fully exercisable on January 2, 2002. All other stock options will become exercisable 50% per year and be fully exercisable after two years. All options were granted at an exercise price per share of 100% of the fair market value of FPL Group Common Stock on the date of grant.
- (b) The hypothetical values shown were calculated using the Black-Scholes option pricing model, based on the following assumptions. For Mr. Hay's option grant of 50,000 options, the volatility rate is equal to 19.17% and the dividend yield (representing the current per share annualized dividends divided by the fair market value of the common stock on the date of grant) is equal to 4.08%. For all other options, the volatility rate is equal to 18.98% and the dividend yield is equal to 4.26%. The risk-free interest rate is equal to the interest rate on a U.S. Treasury zero-coupon bond on the date of grant with a maturity corresponding to the estimated time until exercise of seven years (for Mr. Hay's grant of 50,000 options, 5.00%, and for all other options, 5.12%). The values do not take into account risk factors such as non-transferability or risk of forfeiture.

The preceding table sets forth information concerning individual grants of common stock options during fiscal year 2001 to the executive officers named in the Summary Compensation Table. Such awards are also listed in the Summary Compensation Table of this Proxy Statement in the column entitled "Securities Underlying Options."

RETIREMENT PLANS

FPL Group maintains a non-contributory defined benefit pension plan and a supplemental executive retirement plan (SERP). The FPL Group Employee Pension Plan and SERP were amended to a cash balance style plan effective April 1, 1997. Employees who were SERP participants on that date were not affected by the change, however. The following table shows the estimated annual benefits to employees not affected by the change, which includes all of the executive officers named in the Summary Compensation table except Mr. Hay. Benefits are calculated on a straight-line annuity basis, payable on retirement in 2001 at age 65 after the indicated years of service.

The compensation covered by the plans includes the annual salaries of all of the executive officers named in the Summary Compensation Table and the annual incentive awards of all such executive officers except Mr. Olivera. No other amounts shown in that table are covered. Estimated credited years of service for five of the executive officers named in the Summary Compensation Table are: Mr. Broadhead, 13 years; Mr. Evanson, 9 years; Mr. Coyle, 12 years; Mr. Kelleher, 34 years; and Mr. Olivera, 29 years. Amounts shown in the table reflect deductions to partially cover employer contributions to social security.

Under the cash balance benefit formula, credits are accumulated in an employee's account and are determined as a percentage of the employee's monthly recognized earnings in accordance with the following formula:

Edgar Filing: FPL GROUP INC - Form DEF 14A

YEARS OF SERVICE	PERCENT OF COMPENSATION
-----	-----
0-5	4.5%
5 or more	6.0%

18

In addition, the employee's account is credited monthly with interest at an annual rate that is based upon the yield on one-year Treasury Constant Maturities. A higher rate can be provided at the Corporation's discretion.

Mr. Hay is the only named executive officer covered by the cash balance plan. His estimated age 65 annual retirement benefit payable under that plan (expressed as a joint and 50% survivor benefit) is \$391,894. This estimate assumes his 2001 pensionable earnings (which includes annual salary and annual incentive award as shown in the Summary Compensation Table) increase annually (salary by 3.5% per year, and annual incentive awards equal to 112% of salary) until the year 2020 (age 65) and a cash balance interest crediting rate of 6.0%. The estimated age 65 cash balance account was converted to an annuity based on a 5.48% discount rate and 1983 GAM Unisex mortality.

A supplemental retirement plan for Mr. Hay provides a benefit equal to 65% of Mr. Hay's highest average annual compensation (annual salary plus annual incentive award) for the three consecutive calendar year periods out of the four consecutive calendar year period ending with the calendar year in which he retires (final average pay), reduced by the then annual amount of a joint and 50% survivor benefit (which is the actuarial equivalent of the benefits to which he is entitled under the non-contributory defined benefit pension plan and the SERP). If Mr. Hay terminates his employment prior to age 65, the benefit will be reduced on a pro rata basis if he fails to complete at least fifteen years of service with FPL Group, and it will be further reduced on an actuarial basis as a result of its early distribution. The plan provides a minimum annual joint and 50% survivor benefit (50% of final average pay) payable to Mr. Hay and his surviving spouse upon his termination of employment with FPL Group on his normal retirement age (age 65), reduced on an actuarial basis if he terminates before that age. Under the supplemental plan, Mr. Hay's estimated age 65 annual retirement benefit (expressed as a joint and 50% survivor benefit, and calculated based on the same assumed increases in pensionable earnings as described in the preceding paragraph) would be increased, over the estimate described above for pension and SERP benefits, by approximately \$1,605,120.

A supplemental retirement plan for Mr. Coyle provides for benefits based on two times his credited years of service. A supplemental retirement plan for Mr. Evanson provides for benefits based on two times his credited years of service up to age 65 and one times his credited years of service thereafter.

The Corporation sponsors a split-dollar life insurance plan for certain of its senior officers, including the executive officers named in the Summary Compensation Table. Benefits under the split-dollar plan are provided by universal life insurance policies purchased by the Corporation. If the officer dies prior to retirement (defined to include age plus years of service), or for Messrs. Kelleher and Olivera during employment or after retirement but prior to age 65, the officer's beneficiaries generally receive two and one-half times the officer's annual salary at the time of death. If the officer dies after retirement, or for Messrs. Kelleher and Olivera on or after 65, but before termination of his split-dollar agreement, the officer's beneficiaries receive

Edgar Filing: FPL GROUP INC - Form DEF 14A

between 50% to 100% (100% to 180% depending upon age at time of death for Messrs. Kelleher and Olivera) of the officer's final annual salary. Upon termination of the agreement after 10 years, at age 65 or termination of employment which qualifies as retirement, whichever is later, the life insurance policies will be assigned to the officer or his beneficiary. Each officer is taxable on the insurance carrier's one-year term rate for his life insurance coverage.

EMPLOYMENT AGREEMENTS

2000 AGREEMENTS--On December 15, 2000, when the Corporation's shareholders approved a proposed merger with Entergy Corporation, previously-existing employment agreements between the Corporation and the individuals named in the Summary Compensation Table (collectively, the "named executive officers") became effective (the "2000 Agreements"). The 2000 Agreements provide that each named executive officer shall be employed by the Corporation or its affiliates for a period of four years (five years in the case of Mr. Broadhead) in a position at least commensurate with his position with the Corporation and/or its affiliates in December 2000. During the employment period, each named executive officer shall

19

be (i) paid an annual base salary at least equal to his annual base salary for 2000, with annual increases consistent with those awarded to other peer officers of the Corporation, but not less than the increases in the consumer price index; (ii) paid an annual bonus at least equal to the highest bonus paid to him for any of the three years immediately preceding 2000; (iii) given the opportunity to earn long-term incentive compensation at least as favorable as such opportunities given to other peer officers of the Corporation during 2000 or thereafter; and (iv) entitled to participate in employee benefit plans providing benefits at least as favorable as those provided to other peer officers of the Corporation during 2000 or thereafter.

In the event that during the employment period, a named executive officer's employment is terminated by the Corporation (except for death, disability, or cause) or if the named executive officer terminates his employment for good reason, as defined in the 2000 Agreement, the named executive officer is entitled to severance benefits in the form of a lump-sum payment equal to the compensation due for the remainder of the employment period or for two years, whichever is longer. Such benefits would be based on his then base salary plus an annual bonus at least equal to the bonus for the year 2000. Each named executive officer is also entitled to, among other things, the maximum amount payable under all long-term incentive compensation grants outstanding, continued coverage under all employee benefit plans, supplemental retirement benefits, and a full gross-up in respect of any excise tax incurred as a result of the benefits received pursuant to the 2000 Agreement.

AMENDMENTS TO 2000 AGREEMENTS--In February 2002, each executive officer named in the Summary Compensation Table (other than Mr. Broadhead who retired December 31, 2001) agreed to amend his 2000 Agreement, and, at the same time, enter into a new executive retention employment agreement with the Corporation (the "2002 Agreements"). The definition of good reason contained in each 2000 Agreement was amended to provide the Corporation with greater flexibility to assign different duties and responsibilities to the named executive officers without triggering the officer's rights to terminate employment and be entitled to severance and other benefits. In order to avoid duplication of benefits, each 2000 Agreement was also amended to provide that if a change of control, as defined in the named executive officer's 2002 Agreement, occurs prior to the expiration of the 2000 Agreement, the 2000 Agreement will terminate and the 2002 Agreement will become effective.

Edgar Filing: FPL GROUP INC - Form DEF 14A

2002 AGREEMENTS--If a change of control does not occur prior to the expiration of a named executive officer's 2000 Agreement, his 2002 Agreement will not become effective until the expiration of his 2000 Agreement and the subsequent occurrence of a potential change of control or a change of control, each as defined in the 2002 Agreement.

Change of control is defined in the 2002 Agreement as (i) the acquisition by any individual, entity, or group of 20% or more of either the Common Stock or the combined voting power of the Corporation other than directly from the Corporation or pursuant to a merger or other business combination which does not itself constitute a change of control, (ii) the incumbent directors of the Corporation ceasing, for any reason, to constitute a majority of the Board of Directors, unless each director who was not an incumbent director was elected, or nominated for election, by a majority of the incumbent directors and directors subsequently so elected or appointed (excluding those elected as a result of an election contest), (iii) approval by shareholders or, if specified by the Board of Directors in the exercise of its discretion, consummation of a merger, sale of assets or other business combination as a result of which (x) the voting securities of the Corporation outstanding immediately prior to the transaction do not immediately following the transaction represent more than 60% of the common stock and the voting power of all voting securities of the resulting ultimate parent entity or (y) members of the Board of Directors of the Corporation constitute less than a majority of the members of the board of directors of the resulting ultimate parent entity, or there is no assurance that they, or their nominees, will constitute at least a majority of that board of directors for at least two years, or (iv) the shareholders approve the liquidation or dissolution of the Corporation. A potential change of control is defined as (i) announcement of an intention to take or consider taking actions which, if consummated or approved by shareholders, would constitute a change of control, or (ii) the acquisition by any individual, entity, or group of 15% or more of either the Common Stock or the

20

combined voting power of the Corporation other than directly from the Corporation or pursuant to a merger or other business combination which does not itself constitute a change of control.

Once effective, each named executive officer's 2002 Agreement provides that he shall be employed by the Corporation for a period of three years (two years in the case of Mr. Olivera) in a position at least commensurate with his position with the Corporation in the ninety day period immediately preceding the effective date of the 2002 Agreement. During this three year (or two year) employment period, each named executive officer shall be (i) paid an annual base salary at least equal to his annual base salary as in effect on the effective date, with annual increases consistent with those awarded to other peer officers of the Corporation, but not less than the increases in the consumer price index; (ii) paid an annual bonus (expressed as a percentage of his annual base salary) consistent with those of peer executives of the Corporation, but at least equal to the higher of (x) his targeted annual bonus for the then current fiscal year divided by his then current annual base salary or (y) the average percentage of his annual base salary (as in effect for the applicable years) that was paid or payable as an annual bonus for each of the three fiscal years preceding the fiscal year in which the effective date occurs (or, if higher, for each of the three fiscal years immediately preceding the fiscal year in which a change of control occurs, if a change of control occurs after the effective date); (iii) given the opportunity to earn long-term incentive compensation no less favorable than such opportunities given to him at any time during the 90 days preceding the effective date or, if more favorable, those provided at any time after the effective date to peer officers of the Corporation (but without duplication of awards granted in connection with the shareholder approval of the proposed merger with Entergy Corporation); and (iv) entitled to participate in

Edgar Filing: FPL GROUP INC - Form DEF 14A

savings, retirement and other employee benefit plans providing benefits no less favorable than those provided to him at any time during the 90 days preceding the effective date or, if more favorable, those provided at any time after the effective date to peer officers of the Corporation.

In the event of a change of control, each 2002 Agreement provides that (i) 50% of a named executive officer's outstanding performance stock-based awards (performance share awards and shareholder value awards) shall be vested and earned at an achievement level equal to the higher of (x) the targeted level of performance of each such award or (y) the average level (expressed as a percentage of target) of achievement in respect of similar awards maturing over the three fiscal years immediately prior to the year in which the change of control occurred; (ii) all other outstanding stock-based awards granted to the named executive officer shall be fully vested and earned; (iii) all options and other exercisable rights granted to the named executive officer shall become exercisable and vested; and (iv) the restrictions, deferral limitations and forfeiture conditions applicable to all outstanding awards granted to the named executive officer shall lapse and such awards shall be deemed fully vested. However, no awards which were granted to a named executive officer in connection with the shareholder approval of the proposed merger with Entergy Corporation shall become vested, earned or exercisable under the 2002 Agreement as a result of a change of control.

A named executive officer will receive the remaining 50% of the outstanding performance stock-based awards (calculated in the same manner as described above) on the first anniversary of the change of control if he has remained employed by the Corporation or an affiliate through such date or upon an earlier termination of employment by the Corporation (except for death, disability or cause) or by the named executive officer for good reason (defined in the same manner as in the amended 2000 Agreement). Upon such a termination of employment following a change of control and during the employment period, the named executive officer is entitled to, among other things, a lump sum severance payment equal to three times (two times in the case of Mr. Olivera) the sum of his annual base salary plus his annual bonus; a payment in respect of three years (two years in the case of Mr. Olivera) of foregone supplemental retirement benefits; continued coverage under all employee benefit plans, and certain other benefits and perquisites, for three years (two years in the case of Mr. Olivera); and a full gross-up in respect of any excise tax incurred as a result of the benefits received pursuant to the 2002 Agreement. Such amounts and benefits would also be provided if such a termination of a named executive officer occurs

21

following a potential change of control and prior to an actual change of control, and during the employment period, except that 100% of the outstanding performance stock-based awards (calculated as described above) would be vested and earned, excluding any such awards granted in connection with the shareholder approval of the proposed merger with Entergy Corporation. In addition, each named executive officer will also receive a pro rata portion (based upon deemed employment until the end of the three year employment period (two year employment period in the case of Mr. Olivera)) of each long-term incentive compensation award granted to him on or after the date of the change of control; provided, that a named executive officer will not be eligible to receive any payment with respect to any non-vested portion of an award which was granted in connection with the shareholder approval of the proposed merger with Entergy Corporation.

CONSULTING AGREEMENT AND CERTAIN RETIREMENT BENEFITS

In December 2001, the Corporation entered into a consulting agreement with Mr. Broadhead, pursuant to which Mr. Broadhead agreed to consult with the

Edgar Filing: FPL GROUP INC - Form DEF 14A

Chairman of the Board of the Corporation regarding the Corporation's business and its general management and operation during 2002. As compensation to Mr. Broadhead for his services, options to purchase 62,500 shares of FPL Group Common Stock at an exercise price of \$61.72 during the period ending February 12, 2011, which otherwise would have expired upon his retirement on December 31, 2001, became vested and exercisable in January 2002 and 12,500 shares of FPL Group Common Stock subject to a restricted stock award, which otherwise would have lapsed upon his retirement, became vested in January 2002.

Under the Long Term Incentive Plan 1994, in connection with Mr. Broadhead's retirement he would have been entitled to a prorated portion (based on service) of the performance share awards for the two-, three-and four-year performance periods described in the Performance Share Awards table above, and the two- and three-year performance periods described in the Shareholder Value Awards table above, at the end of such periods. In February 2002, the Compensation Committee accelerated the payment of those prorated amounts, which totaled \$2,610,580 (consisting of 20,956 shares of Common Stock and \$1,526,107 in cash). Also, the Compensation Committee accelerated to January 2, 2002, the vesting of options to purchase 187,500 shares of Common Stock at a price of \$61.72 during the period ending February 12, 2011 and the vesting of 37,500 shares of restricted Common Stock that, absent Mr. Broadhead's retirement, would have vested February 12, 2002.

SHAREHOLDER PROPOSALS

After March 4, 2003, notice to FPL Group of a shareholder proposal submitted for consideration at the 2003 Annual Meeting of Shareholders, which is not submitted for inclusion in FPL Group's proxy statement and form of proxy, will be considered untimely and the persons named in the proxies solicited by FPL Group's Board of Directors for the 2003 Annual Meeting of Shareholders may exercise discretionary voting power with respect to any such proposal. Shareholder proposals may be mailed to Dennis P. Coyle, Secretary, FPL Group, Inc., Post Office Box 14000, 700 Universe Boulevard, Juno Beach, Florida 33408-0420.

The expense of soliciting proxies will be borne by FPL Group. Proxies will be solicited principally by mail, but directors, officers, and regular employees of FPL Group or its subsidiaries may solicit proxies personally, by telephone or other electronic media. HOUSEHOLDING OF ANNUAL DISCLOSURE DOCUMENTS

The Securities and Exchange Commission recently approved a new rule concerning the delivery of annual disclosure documents, called "householding." Under that rule, certain brokers, banks and other intermediaries have arranged that a single set of our annual report and proxy statement is being delivered to multiple shareholders sharing an address unless those brokers, banks and other intermediaries have received contrary instructions from one or more of the

Edgar Filing: FPL GROUP INC - Form DEF 14A

shareholders. The rule applies to FPL Group's annual reports, proxy statements or information statements. Each shareholder will continue to receive a separate proxy card or voting instruction card.

FPL Group will deliver promptly upon written or oral request a separate copy of this proxy statement or other annual disclosure documents, to a shareholder at a shared address to which a single copy of the document was sent. If you would like to receive your own set of these documents, or would like to receive your own set of FPL Group's annual disclosure documents in future years, contact us in writing at FPL Group, Shareholder Services, 700 Universe Blvd., Juno Beach, Florida, 33408 or by calling 561-694-4694. Two or more shareholders sharing an address can request delivery of a single copy of annual disclosure documents if they are receiving multiple copies by contacting FPL Group in the same manner.

If a broker or other nominee holds your FPL Group shares, please contact ADP and inform them of your request by calling them at (888) 603-5847 or writing them at Householding Department, 51 Mercedes Way, Edgewood, NY 11717. Be sure to include your name, the name of your brokerage firm and your account number.
