Table of Contents

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF
THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended March 31, 2019

Commission file number 0-24000

ERIE INDEMNITY COMPANY
(Exact name of registrant as specified in its charter)
PENNSYLVANIA 25-0466020
(State or other jurisdiction of (I.R.S. Employer
incorporation or organization) Identification No.)

100 Erie Insurance Place, Erie, Pennsylvania 16530
(Address of principal executive offices) (Zip Code)

(814) 870-2000
(Registrant's telephone number, including area code)
Not applicable
(Former name, former address and former fiscal year, if changed since last report)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit such files).

Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer Accelerated filer Non-accelerated filer

Smaller reporting company Emerging growth company

Edgar Filing: ERIE INDEMNITY CO - Form 10-Q

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange

Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes No

The number of shares outstanding of the registrant's Class A Common Stock as of the latest practicable date, with no par value and a stated value of \$0.0292 per share, was 46,189,068 at April 12, 2019.

The number of shares outstanding of the registrant's Class B Common Stock as of the latest practicable date, with no par value and a stated value of \$70 per share, was 2,542 at April 12, 2019.

NOTES TO FINANCIAL STATEMENTS (UNAUDITED)

Note 1. Nature of Operations

Erie Indemnity Company ("Indemnity", "we", "us", "our") is a publicly held Pennsylvania business corporation that has since its incorporation in 1925 served as the attorney-in-fact for the subscribers (policyholders) at the Erie Insurance Exchange ("Exchange"). The Exchange, which also commenced business in 1925, is a Pennsylvania-domiciled reciprocal insurer that writes property and casualty insurance.

Our primary function as attorney-in-fact is to perform policy issuance and renewal services on behalf of the subscribers at the Exchange. We also act as attorney-in-fact on behalf of the Exchange with respect to all claims handling and investment management services, as well as the service provider for all claims handling, life insurance, and investment management services for its insurance subsidiaries, collectively referred to as "administrative services". Acting as attorney-in-fact in these two capacities is done in accordance with a subscriber's agreement (a limited power of attorney) executed individually by each subscriber (policyholder), which appoints us as their common attorney-in-fact to transact certain business on their behalf. Pursuant to the subscriber's agreement for acting as attorney-in-fact in these two capacities, we earn a management fee calculated as a percentage of the direct and affiliated assumed premiums written by the Exchange.

The policy issuance and renewal services we provide to the Exchange are related to the sales, underwriting and issuance of policies. The sales related services we provide include agent compensation and certain sales and advertising support services. Agent compensation includes scheduled commissions to agents based upon premiums written as well as additional commissions and bonuses to agents, which are earned by achieving targeted measures. The underwriting services we provide include underwriting and policy processing. The remaining services we provide include customer service and administrative support. We also provide information technology services that support all the functions listed above. Included in these expenses are allocations of costs for departments that support these policy issuance and renewal functions.

By virtue of its legal structure as a reciprocal insurer, the Exchange does not have any employees or officers. Therefore, it enters into contractual relationships by and through an attorney-in-fact. Indemnity serves as the attorney-in-fact on behalf of the Exchange with respect to its administrative services. The Exchange's insurance subsidiaries also utilize Indemnity for these services in accordance with the service agreements between each of the subsidiaries and Indemnity. Claims handling services include costs incurred in the claims process, including the adjustment, investigation, defense, recording and payment functions. Life insurance management services include costs incurred in the management and processing of life insurance business. Investment management services are related to investment trading activity, accounting and all other functions attributable to the investment of funds. Included in these expenses are allocations of costs for departments that support these administrative functions. The amounts incurred for these services are reimbursed to Indemnity at cost in accordance with the subscriber's agreement and the service agreements. State insurance regulations require that intercompany service agreements and any material amendments be approved in advance by the state insurance department.

Our results of operations are tied to the growth and financial condition of the Exchange. If any events occurred that impaired the Exchange's ability to grow or sustain its financial condition, including but not limited to reduced financial strength ratings, disruption in the independent agency relationships, significant catastrophe losses, or products not meeting customer demands, the Exchange could find it more difficult to retain its existing business and attract new business. A decline in the business of the Exchange almost certainly would have as a consequence a decline in the total premiums paid and a correspondingly adverse effect on the amount of the management fees we receive. We also have an exposure to a concentration of credit risk related to the unsecured receivables due from the Exchange for its management fee and cost reimbursements. See Note 13, "Concentrations of Credit Risk".

Note 2. Significant Accounting Policies

Basis of presentation

The accompanying unaudited financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") for interim financial information and the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three months ended March 31, 2019 are not necessarily indicative of the results that may be expected for the year ending December 31, 2019. For further information, refer to the financial statements and footnotes included in our Form 10-K for the year ended December 31, 2018 as filed with the Securities and Exchange Commission on February 21, 2019.

Table of Contents

Use of estimates

The preparation of financial statements in conformity with GAAP requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Recently adopted accounting standards

In February 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Codification ("ASC") 842, "Leases", which requires lessees to recognize assets and liabilities arising from operating leases on the Statements of Financial Position and to disclose certain information about leasing arrangements. We adopted ASC 842 on January 1, 2019 using the optional transition method, which permits entities to apply the new guidance prospectively with certain practical expedients available. We elected the package of practical expedients which among other things allowed us to carry forward the historical lease classifications. We did not elect the hindsight practical expedient in determining the lease term for existing leases.

The adoption of the new standard resulted in the recognition of operating lease assets of \$32.7 million and operating lease liabilities of \$32.1 million on the Statement of Financial Position at January 1, 2019. The adoption of this standard did not have a material impact on our Statement of Operations and had no impact on our net cash flows.

Recently issued accounting standards

In August 2018, the FASB issued Accounting Standards Update ("ASU") 2018-15, "Intangibles-Goodwill and Other Internal-Use Software", which aligns the requirements for capitalizing implementation costs incurred in a hosting arrangement that is a service contract with the requirements for capitalizing implementation costs incurred to develop or obtain internal-use software. ASU 2018-15 is effective for fiscal years beginning after December 15, 2019 and interim periods within those fiscal years. The amendments under ASU 2018-15 may be applied either retrospectively or prospectively to all implementation costs incurred after the date of adoption and early adoption is permitted. We plan to adopt this guidance on a prospective basis and do not expect a material impact on our financial statements or disclosures.

In June 2016, the FASB issued ASU 2016-13, "Financial Instruments-Credit Losses", which requires financial assets measured at amortized cost to be presented at the net amount expected to be collected through the use of a new forward-looking expected loss model and credit losses relating to available-for-sale debt securities to be recognized through an allowance for credit losses. ASU 2016-13 is effective for interim and annual reporting periods beginning after December 15, 2019. Early adoption for interim and annual periods beginning after December 15, 2018 is permitted. We have evaluated the impact of this guidance on our invested assets. Our investments are not measured at amortized cost, and therefore do not require the use of a new expected loss model. Our available-for-sale debt securities will continue to be monitored for credit losses which would be reflected as an allowance for credit losses rather than a reduction of the carrying value of the asset. Other financial assets subject to this guidance include our receivables from Erie Insurance Exchange and its subsidiaries and agent loans. Given the financial strength of the Exchange, demonstrated by its strong surplus position and industry ratings, it is unlikely these receivables would have significant, if any, credit loss exposure. Accordingly, we do not expect a material impact on our financial statements or related disclosures as a result of this guidance.

Other assets

Other assets include agent loans, operating lease assets and other long-term prepaid assets. Agent loans are carried at unpaid principal balance with interest recorded in investment income as earned. It is our policy to charge the loans that are in default directly to expense. We do not record an allowance for credit losses on these loans, as the majority of the loans are senior secured and historically have had insignificant default amounts.

The determination of whether an arrangement is a lease, and the related lease classification, is made at inception of a contract. Our leases are classified as operating leases. Operating lease assets and liabilities are recorded at inception based on the present value of the future minimum lease payments over the lease term at commencement date. When an implicit rate for the lease is not available, we use our incremental borrowing rate based on the information available at commencement date to determine the present value of future payments. Lease terms include options to extend or terminate the lease when it is reasonably certain that we will exercise that option. Most of our lease contracts contain lease and non-lease components. Non-lease components are expensed as incurred. Operating lease assets are included in other assets, and the current and noncurrent portions of the operating lease liabilities are included in accounts payable and accrued expenses and other long-term liabilities, respectively, in the Statement of Financial Position.

Table of Contents

Note 3. Revenue

The majority of our revenue is derived from the subscriber's agreement between us and the subscribers (policyholders) at the Exchange. Pursuant to the subscriber's agreement, we earn a management fee calculated as a percentage, not to exceed 25%, of all direct and affiliated assumed written premiums of the Exchange.

We allocate a portion of our management fee revenue, currently 25% of the direct and affiliated assumed written premiums of the Exchange, between the two performance obligations we have under the subscriber's agreement. The first performance obligation is to provide policy issuance and renewal services to the subscribers (policyholders) at the Exchange, and the second is to act as attorney-in-fact on behalf of the Exchange, as well as the service provider for its insurance subsidiaries, with respect to all administrative services. The transaction price, including management fee revenue and administrative service reimbursement revenue, is allocated based on the estimated standalone selling prices developed using industry information and other available information for similar services. We update the transaction price allocation annually based upon the most recent information available. There was no material change to the allocation in 2019.

The first performance obligation is to provide policy issuance and renewal services that result in executed insurance policies between the Exchange or one of its insurance subsidiaries and the subscriber (policyholder). Our customer, the subscriber (policyholder), receives economic benefits when substantially all the policy issuance or renewal services are complete and an insurance policy is issued or renewed by the Exchange or one of its insurance subsidiaries. It is at the time of policy issuance or renewal that the allocated portion of revenue is recognized.

The Exchange, by virtue of its legal structure as a reciprocal insurer, does not have any employees or officers. Therefore, it enters into contractual relationships by and through an attorney-in-fact. Indemnity serves as the attorney-in-fact on behalf of the Exchange with respect to its administrative services in accordance with the subscriber's agreement. The Exchange's insurance subsidiaries also utilize Indemnity for these services in accordance with the service agreements between each of the subsidiaries and Indemnity. Collectively, these services represent a second performance obligation under the subscriber's agreement and the service agreements. The revenue allocated to this performance obligation is recognized over time as these services are provided. The portion of revenue not yet earned is recorded as a contract liability in the Statements of Financial Position. The administrative services expenses we incur and the related reimbursements we receive are recorded gross in the Statements of Operations.

Indemnity records a receivable from the Exchange for management fee revenue when the premium is written or assumed by the Exchange. Indemnity collects the management fee from the Exchange when the Exchange collects the premiums from the subscribers (policyholders). As the Exchange issues policies with annual terms only, cash collections generally occur within one year.

A constraining estimate exists around the management fee received as consideration related to the potential for management fee to be returned if a policy were to be cancelled mid-term. Management fees are returned to the Exchange when policyholders cancel their insurance coverage mid-term and unearned premiums are refunded to them. We maintain an estimated allowance to reduce the management fee to its estimated net realizable value to account for the potential of mid-term policy cancellations based on historical cancellation rates. This estimated allowance has been allocated between the two performance obligations consistent with the revenue allocation proportions.

The following table disaggregates revenue by our two performance obligations:

	Three months ended March 31,	
(in thousands)	2019	2018
Management fee revenue - policy issuance and renewal services, net	\$430,983	\$405,978

Edgar Filing: ERIE INDEMNITY CO - Form 10-Q

Management fee revenue - administrative services, net	13,951	13,074
Administrative services reimbursement revenue	142,480	145,963
Total administrative services	\$156,431	\$159,037

Table of Contents

Note 4. Earnings Per Share

Class A and Class B basic earnings per share and Class B diluted earnings per share are calculated under the two-class method. The two-class method allocates earnings to each class of stock based upon its dividend rights. Class B shares are convertible into Class A shares at a conversion ratio of 2,400 to 1. See Note 11, "Capital Stock".

Class A diluted earnings per share are calculated under the if-converted method, which reflects the conversion of Class B shares to Class A shares. Diluted earnings per share calculations include the dilutive effect of assumed issuance of stock-based awards under compensation plans that have the option to be paid in stock using the treasury stock method.

A reconciliation of the numerators and denominators used in the basic and diluted per-share computations is presented as follows for each class of common stock:

(dollars in thousands, except per share data)	Three months ended March 31,					
	2019			2018		
	Allocated net income (numerator)	Weighted shares (denominator)	Per-share amount	Allocated net income (numerator)	Weighted shares (denominator)	Per-share amount

Note 5. Fair Value

Financial instruments carried at fair value

Our available-for-sale debt securities and equity securities are recorded at fair value, which is the price that would be received to sell the asset in an orderly transaction between willing market participants as of the measurement date.

Valuation techniques used to derive the fair value of our available-for-sale debt securities and equity securities are based upon observable and unobservable inputs. Observable inputs reflect market data obtained from independent sources. Unobservable inputs reflect our own assumptions regarding fair market value for these securities. Although virtually all of our prices are obtained from third party sources, we also perform an internal pricing review on outliers. The outlier review includes securities with price changes that vary from current market conditions or independent third party price sources. Financial instruments are categorized based upon the following characteristics or inputs to the valuation techniques:

• Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity can access at the measurement date.

• Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

• Level 3 – Unobservable inputs for the asset or liability.

Estimates of fair values for our investment portfolio are obtained primarily from a nationally recognized pricing service. Our Level 1 category includes those securities valued using an exchange traded price provided by the pricing service. The methodologies used by the pricing service that support a Level 2 classification of a financial instrument include multiple verifiable, observable inputs including benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers, and reference data. Pricing service valuations for Level 3 securities are based upon proprietary models and are used when observable inputs are not available or in illiquid markets.

In limited circumstances we adjust the price received from the pricing service when, in our judgment, a better reflection of fair value is available based upon corroborating information and our knowledge and monitoring of market conditions such as a disparity in price of comparable securities and/or non-binding broker quotes. In other circumstances, certain securities are internally priced because prices are not provided by the pricing service.

We perform continuous reviews of the prices obtained from the pricing service. This includes evaluating the methodology and inputs used by the pricing service to ensure that we determine the proper classification level of the financial instrument. Price variances, including large periodic changes, are investigated and corroborated by market data. We have reviewed the pricing methodologies of our pricing service as well as other observable inputs, such as market data, and transaction volumes and believe that the prices adequately consider market activity in determining fair value.

When a price from the pricing service is not available, values are determined by obtaining broker/dealer quotes and/or market comparables. When available, we obtain multiple quotes for the same security. The ultimate value for these securities is determined based upon our best estimate of fair value using corroborating market information. Our evaluation includes the consideration of benchmark yields, reported trades, issuer spreads, two-sided markets, benchmark securities, bids, offers, and reference data.

Table of Contents

The following tables present our fair value measurements on a recurring basis by asset class and level of input:

At March 31, 2019				
Fair value measurements using:				
(in thousands)	Total	Quoted prices in active markets for identical assets Level 1	Observable inputs Level 2	Unobservable inputs Level 3

Total equity securities	11,853	1,809	10,044	0
Other limited partnership investments ⁽²⁾	3,206	—	—	—
Total	\$763,582	\$ 1,809	\$ 745,990	\$ 12,577

- In the fourth quarter of 2018, we began selling off our municipal bonds as part of a portfolio rebalancing.
- (1) We intend to sell the remaining municipal bonds in the second quarter of 2019. We have currently invested proceeds from these sales primarily in U.S. Treasuries.

The limited partnership investment measured at fair value represents one real estate fund included on the balance sheet as a limited partnership investment reported under the fair value option using the net asset value (NAV) practical expedient, which is not required to be categorized in the fair value hierarchy. The fair value of this investment is based on our proportionate share of the NAV from the most recent partners' capital statements received from the general partner, which is generally one quarter prior to our balance sheet date. We consider

(2) observable market data and perform a review validating the appropriateness of the NAV at each balance sheet date. Liquidation of this fund was completed in January 2019. There were no unfunded commitments related to the investment at December 31, 2018. During the three months ended March 31, 2019, distributions totaling \$3.2 million were received from this investment. During the year ended December 31, 2018, no contributions were made and distributions totaling \$1.2 million were received from this investment.

Table of Contents

The following table presents our fair value measurements on a recurring basis by pricing source:

(in thousands)	At March 31, 2019			
	Total	Level 1	Level 2	Level 3
Available-for-sale securities:				
Priced via pricing services	\$673,729	\$0	\$661,299	\$12,430
Priced via market comparables/broker quotes	125	0	0	125
Priced via internal modeling	1,065	0	0	1,065
Total available-for-sale securities	674,919	0	661,299	13,620
Equity securities priced via pricing services	12,410	1,966	10,444	0
Total	\$687,329	\$1,966	\$671,743	\$13,620

Quantitative and Qualitative Disclosures about Unobservable Inputs

The following table presents quantitative information about the significant unobservable inputs utilized in the fair value measurements of Level 3 assets. Level 3 securities where cost is the best estimate of fair value totaled \$1.1 million at March 31, 2019 and are excluded from the table below. When a non-binding broker quote was the only input available, the security was classified within Level 3. The quantitative detail of the unobservable inputs is neither provided nor reasonably available to us and therefore has not been included in the table below. These investments totaled \$0.1 million at March 31, 2019 and \$12.6 million at December 31, 2018. The weighted average is calculated based on estimated fair value.

(dollars in thousands)	At March 31, 2019					
	Fair value	Valuation techniques	Unobservable input	Range (basis points)	Weighted average (basis points)	Impact of increase in input on estimated fair value
Corporate debt securities - bank loans	\$11,373	Market approach	Market residual yield ⁽¹⁾	-186 - +1,479	+33	Decrease
Commercial mortgage-backed securities	1,057	Market approach	Credit spread ⁽²⁾	+42 - +275	+181	Decrease

Values for bank loans classified as Level 3 are determined by our pricing vendor based on model yield curves (1) adjusted for observable inputs. The market residual yield represents a net adjustment to the model yield curve for unobservable input factors.

(2) Values for commercial mortgage-backed securities classified as Level 3 include adjustments to the base spread over the appropriate U.S. Treasury yield assuming no prepayments until penalty provisions have expired.

We review the fair value hierarchy classifications each reporting period. Transfers between hierarchy levels may occur due to changes in available market observable inputs.

Level 3 Assets – Year-to-Date Change:

Total available-for-sale securities	\$757,395	\$ 2,358	\$ 11,230	\$748,523

In the fourth quarter of 2018, we began selling off our municipal bonds as part of a portfolio rebalancing.

- (1) We intend to sell the remaining municipal bonds in the second quarter of 2019. We have currently invested proceeds from these sales primarily in U.S. Treasuries.

The amortized cost and estimated fair value of available-for-sale securities at March 31, 2019 are shown below by remaining contractual term to maturity. Mortgage-backed securities are allocated based upon stated maturity dates. Expected maturities may differ from contractual maturities because borrowers may have the right to call or prepay obligations with or without call or prepayment penalties.

(in thousands)	At March 31, 2019	
	Amortized cost	Estimated fair value
Due in one year or less	\$123,334	\$123,200
Due after one year through five years	320,044	319,564
Due after five years through ten years	133,675	132,586
Due after ten years	99,794	99,569
Total available-for-sale securities ⁽¹⁾	\$676,847	\$674,919

- (1) The contractual maturities of our municipal bond portfolio are included in the table. However, given our intent to sell this portfolio, municipal bond securities are classified as current assets in our Statements of Financial Position.

Table of Contents

Net investment income

Investment income, net of expenses, was generated from the following portfolios:

	Three months ended March 31,	
(in thousands)	2019	2018
Fixed maturities ⁽¹⁾	\$6,161	\$6,110
Equity securities	141	142
Cash equivalents and other	2,465	1,008
Total investment income	8,767	7,260
Less: investment expenses	250	440
Investment income, net of expenses	\$8,517	\$6,820

- (1) Includes interest earned on note receivable from Erie Family Life Insurance Company of \$0.4 million for the three months ended March 31, 2018. The note was repaid in full in December 2018.

Realized investment gains (losses)

Realized gains (losses) on investments were as follows:

	Three months ended March 31,	
(in thousands)	2019	2018
Available-for-sale securities:		
Gross realized gains	\$2,258	\$340
Gross realized losses	(340)	(685)
Net realized gains (losses) on available-for-sale securities	1,918	(345)
Equity securities	585	(120)
Net realized investment gains (losses)	\$2,503	\$(465)

The portion of net unrealized gains and losses recognized during the reporting period, related to equity securities still held at the reporting date, is calculated as follows:

	Three months ended March 31,	
(in thousands)	2019	2018
Equity securities:		
Net gains (losses) recognized during the period	\$ 585	\$ (120)
Less: net losses recognized on securities sold	0	(34)
Net unrealized gains (losses) recognized on securities held at reporting date	\$ 585	\$ (86)

Other-than-temporary impairments on available-for-sale securities recognized in earnings were \$0.1 million for the three months ended March 31, 2019. There were no other-than-temporary impairments on available-for-sale securities recognized in earnings for the three months ended March 31, 2018. We have the intent to sell all credit-impaired available-for-sale debt securities; therefore, the entire amount of the impairment charges were included in earnings and no non-credit impairments were recognized in other comprehensive income.

Limited partnerships

The majority of our limited partnership holdings are considered investment companies where the general partners record assets at fair value. These limited partnerships are recorded using the equity method of accounting and are generally reported on a one-quarter lag; therefore, our year-to-date limited partnership results through March 31, 2019 are comprised of partnership financial results for the fourth quarter of 2018. Given the lag in reporting, our limited partnership results do not reflect the market conditions of the first quarter of 2019. Cash contributions made to and distributions received from the partnerships are recorded in the period in which the transaction occurs. At December 31, 2018 we also owned one real estate limited partnership that did not meet the criteria of an investment company. This partnership prepared audited financial statements on a cost basis. We elected to report this limited partnership under the fair value option, which was based on the NAV from our partner's capital statement reflecting the general partner's estimate of fair value for the fund's underlying assets. Fair value provides consistency in the evaluation and financial reporting for these limited partnerships and limited partnerships accounted for under the equity method. This real estate limited partnership was fully liquidated in January 2019.

Table of Contents

Equity in losses of limited partnerships by method of accounting were as follows:

(in thousands)	Three months ended March 31,	
	2019	2018
Equity in (losses) earnings of limited partnerships - equity method	\$(1,147)	\$195
Change in fair value of limited partnerships - fair value option	0	(387)
Equity in losses of limited partnerships	\$(1,147)	\$(192)

The following table summarizes limited partnership investments by sector:

(in thousands)	At	At
	March 31, 2019	December 31, 2018
Private equity	\$26,691	\$ 28,271
Mezzanine debt	1,118	1,152
Real estate	2,229	2,192
Real estate - fair value option	0	3,206
Total limited partnership investments	\$30,038	\$ 34,821

See also Note 14, "Commitments and Contingencies" for investment commitments related to limited partnerships.

Note 7. Leases

Lease assets and liabilities recorded on our Statement of Financial Position were as follows:

(in thousands)	March 31, 2019
Operating lease assets	\$ 28,611
Operating lease liabilities - current	\$ 12,466
Operating lease liabilities - long-term	16,589
Total operating lease liabilities	\$ 29,055

We currently have leases for real estate, technology equipment, copiers, and vehicles. Our largest operating lease asset at March 31, 2019 of \$16.2 million is for office space leased from the Exchange, including the home office. Under this lease, rent is based on rental rates of like property and all operating expenses are the responsibility of the tenant (Indemnity). The lease agreement expires December 31, 2021.

Operating lease costs for the three months ended March 31, 2019 were \$3.6 million. Of this amount, the Exchange and its subsidiaries reimbursed us \$1.5 million, which represents the allocated share of lease costs supporting administrative services activities.

Note 8. Borrowing Arrangements

Bank line of credit

As of March 31, 2019, we have access to a \$100 million bank revolving line of credit with a \$25 million letter of credit sublimit that expires on October 30, 2023. As of March 31, 2019, a total of \$99.1 million remains available under the facility due to \$0.9 million outstanding letters of credit, which reduce the availability for letters of credit to \$24.1 million. We had no borrowings outstanding on our line of credit as of March 31, 2019. Investments with a fair value of \$109.4 million were pledged as collateral on the line at March 31, 2019. The investments pledged as collateral have no trading restrictions and are reported as cash and cash equivalents and available-for-sale securities in the Statements of Financial Position as of March 31, 2019. The banks require compliance with certain covenants, which include leverage ratios and debt restrictions, for our line of credit. We are in compliance with all covenants at March 31, 2019.

Term loan credit facility

In 2016, we entered into a credit agreement for a \$100 million senior secured draw term loan credit facility ("Credit Facility") for the acquisition of real property and construction of an office building that will serve as part of our principal headquarters.

Table of Contents

On January 1, 2019, the Credit Facility converted to a fully-amortized term loan with monthly payments of principal and interest at a fixed rate of 4.35% over a period of 28 years. Investments with a fair value of \$115.0 million were pledged as collateral for the facility and are reported as cash and cash equivalents and available-for-sale securities in the Statements of Financial Position as of March 31, 2019. The bank requires compliance with certain covenants, which include leverage ratios, debt restrictions and minimum net worth, for our Credit Facility. We are in compliance with all covenants at March 31, 2019.

The remaining unpaid balance from the Credit Facility is reported at carrying value on our Statements of Financial Position, net of unamortized loan origination and commitment fees. See Note 5, "Fair Value" for the estimated fair value of these borrowings.

Annual principal payments

The following table sets forth future principal payments:

(in thousands)

Year	Principal payments
2019	\$1,410
2020	1,953
2021	2,040
2022	2,130
2023	2,225
Thereafter	89,782

Note 9. Postretirement Benefits

Pension plans

Our pension plans consist of a noncontributory defined benefit pension plan covering substantially all employees and an unfunded supplemental employee retirement plan for certain members of executive and senior management. Although we are the sponsor of these postretirement plans and record the funded status of these plans, the Exchange and its subsidiaries reimburse us for approximately 59% of the annual benefit expense of these plans, which represents pension benefits for employees performing administrative services and their allocated share of costs for employees in departments that support the administrative functions.

The cost of our pension plans are as follows:

(in thousands)	Three months ended March 31,	
	2019	2018
Service cost for benefits earned	\$8,463	\$9,513
Interest cost on benefits obligation	9,827	8,846
Expected return on plan assets	(11,871)	(12,815)
Prior service cost amortization	349	338
Net actuarial loss amortization	1,278	3,202
Pension plan cost ⁽¹⁾	\$8,046	\$9,084

(1) The components of pension plan costs other than the service cost component are included in the line item "Other income" in the Statements of Operations after reimbursements from the Exchange and its subsidiaries.

Note 10. Income Taxes

Income tax expense is provided on an interim basis based upon our estimate of the annual effective income tax rate, adjusted each quarter for discrete items. For the three months ended March 31, 2019 and 2018, our effective tax rate is 21.2% and 21.0%, respectively.

Table of Contents

Note 11. Capital Stock

Class A and B common stock

Holders of Class B shares may, at their option, convert their shares into Class A shares at the rate of 2,400 Class A shares per Class B share. There were no shares of Class B common stock converted into Class A common stock during the three months ended March 31, 2019 and the year ended December 31, 2018. There is no provision for conversion of Class A shares to Class B shares, and Class B shares surrendered for conversion cannot be reissued.

Stock repurchases

In 2011, our Board of Directors approved a continuation of the current stock repurchase program of \$150 million, with no time limitation. There were no shares repurchased under this program during the three months ended March 31, 2019 and the year ended December 31, 2018. We had approximately \$17.8 million of repurchase authority remaining under this program at March 31, 2019.

During the three months ended March 31, 2019, we purchased 9,725 shares of our outstanding Class A nonvoting common stock outside of our publicly announced share repurchase program at a total cost of \$1.5 million. Of this amount, we purchased 3,246 shares for \$0.4 million, or \$132.35 per share, for stock-based awards in conjunction with our equity compensation plan, for which the shares were delivered to plan participants in January 2019. We purchased 2,304 shares for \$0.4 million, or \$183.62 per share, to fund the rabbi trust for the outside director deferred stock compensation plan. The shares were transferred to the rabbi trust in February 2019. The remaining 4,175 shares were purchased at a total cost of \$0.7 million, or \$175.23 per share, to fund the rabbi trust for the incentive compensation deferral plan. The shares were transferred to the rabbi trust in February and March 2019.

During the year ended December 31, 2018, we purchased 27,120 shares of our outstanding Class A nonvoting common stock outside of our publicly announced share repurchase program at a total cost of \$3.2 million. Of this amount, we purchased 5,830 shares for \$0.7 million, or \$117.39 per share, for stock-based awards in conjunction with our equity compensation plan. We purchased 9,285 shares for \$1.1 million, or \$122.19 per share, to fund the rabbi trust for the outside director deferred stock compensation plan. The remaining 12,005 shares were purchased at a total cost of \$1.4 million, or \$119.28 per share, to fund the rabbi trust for the incentive compensation deferral plan. These shares were delivered in 2018.

Table of Contents

Note 12. Accumulated Other Comprehensive Income (Loss)

Changes in accumulated other comprehensive income ("AOCI") (loss) by component, including amounts reclassified to other comprehensive income ("OCI") (loss) and the related line item in the Statements of Operations where net income is presented, are as follows:

(in thousands)	Three months ended March 31, 2019			Three months ended March 31, 2018

⁽¹⁾ ASU 2016-01 required a reclassification of unrealized losses of equity securities from AOCI to retained earnings at January 1, 2018.

⁽²⁾ Effective January 1, 2019, amounts reclassified from AOCI related to amortization of prior service costs and net actuarial loss were recorded during interim periods. Prior to 2019, amounts reclassified for these items were recorded on an annual basis. These components are included in the computation of net periodic pension cost. See Note 9, "Postretirement Benefits", for additional information.

Note 13. Concentrations of Credit Risk

Financial instruments could potentially expose us to concentrations of credit risk, including unsecured receivables from the Exchange. A large majority of our revenue and receivables are from the Exchange and its subsidiaries. See also Note 1, "Nature of Operations". Management fee amounts and other reimbursements due from the Exchange and its subsidiaries were \$456.1 million and \$449.9 million at March 31, 2019 and December 31, 2018, respectively.

Note 14. Commitments and Contingencies

We have contractual commitments to invest up to \$9.8 million related to our limited partnership investments at March 31, 2019. These commitments are split among private equity securities of \$4.4 million and mezzanine debt securities of \$5.4 million. These commitments will be funded as required by the limited partnership agreements.

We are involved in litigation arising in the ordinary course of conducting business. In accordance with current accounting standards for loss contingencies and based upon information currently known to us, we establish reserves for litigation when it is probable that a loss associated with a claim or proceeding has been incurred and the amount of the loss or range of loss can be reasonably estimated. When no amount within the range of loss is a better estimate than any other amount, we accrue the minimum amount of the estimable loss. To the extent that such litigation against us may have an exposure to a loss in excess of the amount we have accrued, we believe that such excess would not be material to our financial condition, results of operations, or cash flows. Legal fees are expensed as incurred.

We believe that our accruals for legal proceedings are appropriate and, individually and in the aggregate, are not expected to be material to our financial condition, results of operations, or cash flows.

Table of Contents

We review all litigation on an ongoing basis when making accrual and disclosure decisions. For certain legal proceedings, we cannot reasonably estimate losses or a range of loss, if any, particularly for proceedings that are in their early stages of development or where the plaintiffs seek indeterminate damages. Various factors, including, but not limited to, the outcome of potentially lengthy discovery and the resolution of important factual questions, may need to be determined before probability can be established or before a loss or range of loss can be reasonably estimated. If the loss contingency in question is not both probable and reasonably estimable, we do not establish an accrual and the matter will continue to be monitored for any developments that would make the loss contingency both probable and reasonably estimable. In the event that a legal proceeding results in a substantial judgment against, or settlement by, us, there can be no assurance that any resulting liability or financial commitment would not have a material adverse effect on the financial condition, results of operations, or cash flows.

Note 15. Subsequent Events

No items were identified in this period subsequent to the financial statement date that required adjustment or additional disclosure.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion of financial condition and results of operations highlights significant factors influencing Erie Indemnity Company ("Indemnity", "we", "us", "our"). This discussion should be read in conjunction with the historical financial statements and the related notes thereto included in Part I, Item 1. "Financial Statements" of this Quarterly Report on Form 10-Q, and with Item 7. "Management's Discussion and Analysis of Financial Condition and Results of Operations" for the year ended December 31, 2018, as contained in our Annual Report on Form 10-K filed with the Securities and Exchange Commission on February 21, 2019.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION

"Safe Harbor" Statement under the Private Securities Litigation Reform Act of 1995:

Statements contained herein that are not historical fact are forward-looking statements and, as such, are subject to risks and uncertainties that could cause actual events and results to differ, perhaps materially, from those discussed herein. Forward-looking statements relate to future trends, events or results and include, without limitation, statements and assumptions on which such statements are based that are related to our plans, strategies, objectives, expectations, intentions, and adequacy of resources. Examples of forward-looking statements are discussions relating to premium and investment income, expenses, operating results, and compliance with contractual and regulatory requirements. Forward-looking statements are not guarantees of future performance and involve risks and uncertainties that are difficult to predict. Therefore, actual outcomes and results may differ materially from what is expressed or forecasted in such forward-looking statements. Among the risks and uncertainties, in addition to those set forth in our filings with the Securities and Exchange Commission, that could cause actual results and future events to differ from those set forth or contemplated in the forward-looking statements include the following:

- dependence upon our relationship with the Exchange and the management fee under the agreement with the subscribers at the Exchange;

- dependence upon our relationship with the Exchange and the growth of the Exchange, including:

- general business and economic conditions;
- factors affecting insurance industry competition;
- dependence upon the independent agency system; and
- ability to maintain our reputation for customer service;

- dependence upon our relationship with the Exchange and the financial condition of the Exchange, including:

- the Exchange's ability to maintain acceptable financial strength ratings;
- factors affecting the quality and liquidity of the Exchange's investment portfolio;
- changes in government regulation of the insurance industry;

emerging claims and coverage issues in the industry; and
severe weather conditions or other catastrophic losses, including terrorism;
costs of providing policy issuance and renewal services to the Exchange under the subscriber's agreement;
credit risk from the Exchange;
ability to attract and retain talented management and employees;
ability to ensure system availability and effectively manage technology initiatives;
difficulties with technology or data security breaches, including cyber attacks;
ability to maintain uninterrupted business operations;
factors affecting the quality and liquidity of our investment portfolio;

Table of Contents

our ability to meet liquidity needs and access capital; and
outcome of pending and potential litigation.

A forward-looking statement speaks only as of the date on which it is made and reflects our analysis only as of that date. We undertake no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events, changes in assumptions, or otherwise.

RECENT ACCOUNTING STANDARDS

See Part I, Item 1. "Financial Statements - Note 2, Significant Accounting Policies, of Notes to Financial Statements" contained within this report for a discussion of recently adopted as well as other recently issued accounting standards and the impact on our financial statements if known.

OPERATING OVERVIEW

Overview

We serve as the attorney-in-fact for the subscribers (policyholders) at the Exchange, a reciprocal insurer that writes property and casualty insurance. Our primary function as attorney-in-fact is to perform policy issuance and renewal services on behalf of the subscribers at the Exchange. We also act as attorney-in-fact on behalf of the Exchange, as well as the service provider for its insurance subsidiaries, with respect to all administrative services.

The Exchange is a reciprocal insurance exchange, which is an unincorporated association of individuals, partnerships and corporations that agree to insure one another. Each applicant for insurance to the Exchange signs a subscriber's agreement, which contains an appointment of Indemnity as their attorney-in-fact to transact the business of the Exchange on their behalf. Pursuant to the subscriber's agreement for acting as attorney-in-fact in these two capacities, we earn a management fee calculated as a percentage of the direct and affiliated assumed premiums written by the Exchange.

Our earnings are primarily driven by the management fee revenue generated for the services we provide to the Exchange. The policy issuance and renewal services we provide to the Exchange are related to the sales, underwriting and issuance of policies. The sales related services we provide include agent compensation and certain sales and advertising support services. Agent compensation includes scheduled commissions to agents based upon premiums written as well as additional commissions and bonuses to agents, which are earned by achieving targeted measures. Agent compensation generally comprises approximately two-thirds of our policy issuance and renewal expenses. The underwriting services we provide include underwriting and policy processing. The remaining services we provide include customer service and administrative support. We also provide information technology services that support all the functions listed above. Included in these expenses are allocations of costs for departments that support these policy issuance and renewal functions.

By virtue of its legal structure as a reciprocal insurer, the Exchange does not have any employees or officers. Therefore, it enters into contractual relationships by and through an attorney-in-fact. Indemnity serves as the attorney-in-fact on behalf of the Exchange with respect to its administrative services. The Exchange's insurance subsidiaries also utilize Indemnity for these services in accordance with the service agreements between each of the subsidiaries and Indemnity. Claims handling services include costs incurred in the claims process, including the adjustment, investigation, defense, recording and payment functions. Life insurance management services include costs incurred in the management and processing of life insurance business. Investment management services are related to investment trading activity, accounting and all other functions attributable to the investment of funds.

Included in these expenses are allocations of costs for departments that support these administrative functions. The amounts incurred for these services are reimbursed to Indemnity at cost in accordance with the subscriber's agreement and the service agreements. State insurance regulations require that intercompany service agreements and any material amendments be approved in advance by the state insurance department.

Our results of operations are tied to the growth and financial condition of the Exchange as the Exchange is our sole customer, and our earnings are largely generated from management fees based on the direct and affiliated assumed premiums written by the Exchange. The Exchange generates revenue by insuring preferred and standard risks, with personal lines comprising 71% of the 2018 direct and affiliated assumed written premiums and commercial lines comprising the remaining 29%. The principal personal lines products are private passenger automobile and homeowners. The principal commercial lines products are commercial multi-peril, commercial automobile and workers compensation.

Table of Contents

Financial Overview

(dollars in thousands, except per share data)	Three months ended March 31,		
	2019	2018	% Change
	(Unaudited)		
Operating income	\$86,122	\$77,567	11.0 %
Total investment income	9,795	6,163	58.9
Interest expense, net	449	553	(18.7)
Other income	47	44	7.3
Income before income taxes	95,515	83,221	14.8
Income tax expense	20,204	17,463	15.7
Net income	\$75,311	\$65,758	14.5 %
Net income per share - diluted	\$1.44	\$1.26	14.5 %

Operating income increased in the first quarter of 2019, compared to the first quarter of 2018, as the growth in total operating revenue outpaced the growth in total operating expenses. Management fee revenue for policy issuance and renewal services increased \$25.0 million to \$431.0 million in the first quarter of 2019, compared to the first quarter of 2018. Management fee revenue for administrative services increased \$0.9 million to \$14.0 million in the first quarter of 2019, compared to the first quarter of 2018. Management fee revenue is based upon the management fee rate we charge, and the direct and affiliated assumed premiums written by the Exchange. The management fee rate was 25% for both 2019 and 2018. The direct and affiliated assumed premiums written by the Exchange increased 6.0% to \$1.8 billion in the first quarter of 2019, compared to the the first quarter of 2018. The administrative services reimbursement revenue and corresponding cost of operations increased both total operating revenue and total operating expenses by \$142.5 million in the first quarter of 2019 and \$146.0 million in the first quarter of 2018, but had no net impact on operating income in either period.

Cost of operations for policy issuance and renewal services increased 4.8% in the first quarter of 2019, compared to the first quarter of 2018, primarily due to higher commissions driven by direct written premium growth and technology investments.

Total investment income increased \$3.6 million in the first quarter of 2019, compared to the first quarter of 2018. The increase was driven by net realized gains on investments and higher net investment income, somewhat offset by losses generated from limited partnership investments.

General Conditions and Trends Affecting Our Business

Economic conditions

Unfavorable changes in economic conditions, including declining consumer confidence, inflation, high unemployment, and the threat of recession, among others, may lead the Exchange's customers to modify coverage, not renew policies, or even cancel policies, which could adversely affect the premium revenue of the Exchange, and consequently our management fee. Further, unanticipated increased inflation costs including medical cost inflation, construction and auto repair cost inflation, and tort issues may impact the estimated loss reserves and future premium rates. If any of these items impacted the financial condition or continuing operations of the Exchange, it could have an impact on our financial results.

Financial market volatility

Our portfolio of fixed maturity, equity security, and limited partnership investments is subject to market volatility especially in periods of instability in the worldwide financial markets. Over time, net investment income could also

be impacted by volatility and by the general level of interest rates, which impact reinvested cash flow from the portfolio and business operations. Depending upon market conditions, which are unpredictable and remain uncertain, considerable fluctuation could exist in the fair value of our investment portfolio and reported total investment income, which could have an adverse impact on our financial condition, results of operations, and cash flows.

Table of Contents

RESULTS OF OPERATIONS

Management fee revenue

We have two performance obligations in the subscriber's agreement, providing policy issuance and renewal services and acting as attorney-in-fact for the Exchange, as well as the service provider for its insurance subsidiaries, with respect to all administrative services. We earn management fees for acting as the attorney-in-fact for the subscribers at the Exchange in these two capacities, and allocate our revenues between our performance obligations.

The management fee is calculated by multiplying all direct and affiliated assumed premiums written by the Exchange by the management fee rate, which is determined by our Board of Directors at least annually. The management fee rate was set at 25%, the maximum rate, for both 2019 and 2018. Changes in the management fee rate can affect our revenue and net income significantly. The transaction price, including management fee revenue and administrative service reimbursement revenue, is allocated based on the estimated standalone selling prices developed using industry information and other available information for similar services. We update the transaction price allocation annually based upon the most recent information available. There was no material change to the allocation in 2019.

The following table presents the allocation and disaggregation of revenue for our two performance obligations:

(dollars in thousands)	Three months ended March 31,			
	2019	2018	% Change	
	(Unaudited)			
Policy issuance and renewal services				
Direct and affiliated assumed premiums written by the Exchange	\$1,784,520	\$1,682,794	6.0	%
Management fee rate	24.2	%24.2	%	
Management fee revenue	431,854	407,236	6.0	
Change in allowance for management fee returned on cancelled policies ⁽¹⁾	(871) (1,258) 30.8	
Management fee revenue - policy issuance and renewal services, net	\$430,983	\$405,978	6.2	%
Administrative services				
Direct and affiliated assumed premiums written by the Exchange	\$1,784,520	\$1,682,794	6.0	%
Management fee rate	0.8	%0.8	%	
Management fee revenue	14,276	13,462	6.0	
Change in contract liability ⁽²⁾	(310) (374) 17.1	
Change in allowance for management fee returned on cancelled policies ⁽¹⁾	(15) (14) (5.8)	
Management fee revenue - administrative services, net	13,951	13,074	6.7	
Administrative services reimbursement revenue	142,480	145,963	(2.4)	
Total revenue from administrative services	\$156,431	\$159,037	(1.6) %

(1) Management fees are returned to the Exchange when policies are cancelled mid-term and unearned premiums are refunded. We record an estimated allowance for management fees returned on mid-term policy cancellations. This estimated allowance has been allocated between the two performance obligations consistent with the revenue allocation proportion.

(2) Management fee revenue - administrative services is recognized over time as the services are performed. See Part I, Item 1. "Financial Statements - Note 3, Revenue, of Notes to Financial Statements" contained within this report.

Direct and affiliated assumed premiums written by the Exchange

Direct and affiliated assumed premiums include premiums written directly by the Exchange and premiums assumed from its wholly owned property and casualty subsidiaries. Direct and affiliated assumed premiums written by the

Exchange increased 6.0% to \$1.8 billion in the first quarter of 2019, from \$1.7 billion in the first quarter of 2018, driven by increases in both policies in force and average premium per policy. Year-over-year policies in force for all lines of business increased 3.1% in the first quarter of 2019 driven by continuing strong policyholder retention, compared to 3.5% in the first quarter of 2018. The year-over-year average premium per policy for all lines of business increased 3.5% at March 31, 2019, compared to 2.6% at March 31, 2018.

Premiums generated from new business decreased 2.5% to \$212 million in the first quarter of 2019. While year-over-year average premium per policy on new business increased 6.3% at March 31, 2019, new business policies written decreased 7.6% in the first quarter of 2019. Premiums generated from new business increased 7.6% to \$217 million in the first quarter of 2018. Underlying this trend in new business premium was a 1.3% increase in new business policies written in the first quarter of 2018 and a year-over-year average premium per policy on new business increase of 4.7% at March 31, 2018. Premiums generated

Table of Contents

from renewal business increased 7.3% to \$1.6 billion in the first quarter of 2019, compared to an increase of 6.9% to \$1.5 billion in the first quarter of 2018. Underlying the trend in renewal business premiums was an increase in year-over-year average premium per policy of 3.0% at March 31, 2019 and steady policy retention ratios. Year-over-year average premium per policy increased 2.3% at March 31, 2018.

Personal lines – Total personal lines premiums written increased 6.3% to \$1.2 billion in the first quarter of 2019, from \$1.1 billion in the first quarter of 2018, driven by an increase of 3.1% in total personal lines policies in force and an increase of 3.2% in the total personal lines year-over-year average premium per policy.

Commercial lines – Total commercial lines premiums written increased 5.6% to \$565 million in the first quarter of 2019, from \$535 million in the first quarter of 2018, driven by a 2.7% increase in total commercial lines policies in force and a 4.4% increase in the total commercial lines year-over-year average premium per policy.

Future trends-premium revenue – The Exchange plans to continue its efforts to grow premiums and improve its competitive position in the marketplace. Expanding the size of its agency force through a careful agency selection process and increased market penetration in our existing operating territories is expected to contribute to future growth as existing and new agents build their books of business.

Changes in premium levels attributable to the growth in policies in force and rate changes directly affect the profitability of the Exchange and have a direct bearing on our management fee. Our continued focus on underwriting discipline and the maturing of pricing sophistication models has contributed to the Exchange's steady policy retention ratios and increased average premium per policy.

Policy issuance and renewal services

(dollars in thousands)	Three months ended March 31,		
	2019	2018	% Change
Management fee revenue - policy issuance and renewal services, net	\$430,983	\$405,978	6.2 %
Service agreement revenue	6,692	7,145	(6.3)
	437,675	413,123	5.9
Cost of policy issuance and renewal services	365,504	348,630	4.8
Operating income - policy issuance and renewal services	\$72,171	\$64,493	11.9 %

Policy issuance and renewal services

We allocate a portion of the management fee, which currently equates to 24.2% of the direct and affiliated assumed premiums written by the Exchange, for providing policy issuance and renewal services. This portion of the management fee is recognized as revenue when the policy is issued or renewed because it is at that time that the services we provide are substantially complete and the executed insurance policy is transferred to the customer. The increase in management fee revenue for policy issuance and renewal services was driven by the increase in the direct and affiliated assumed premiums written by the Exchange discussed previously.

Service agreement revenue

Service agreement revenue includes service charges we collect from subscribers/policyholders for providing extended payment terms on policies written and assumed by the Exchange, and late payment and policy reinstatement fees. The service charges are fixed dollar amounts per billed installment. The decrease in service agreement revenue reflects the continued shift to payment plans that do not incur service charges or offer a premium discount for certain payment methods.

Table of Contents

Cost of policy issuance and renewal services

(dollars in thousands)	Three months ended March 31,		
	2019	2018	% Change
	(Unaudited)		
Commissions:			
Total commissions	\$242,982	\$234,094	3.8 %
Non-commission expense:			
Underwriting and policy processing	\$38,685	\$38,594	0.2 %
Information technology	39,430	33,949	16.1
Sales and advertising	12,810	14,772	(13.3)
Customer service	8,316	8,245	0.9
Administrative and other	23,281	18,976	22.7
Total non-commission expense	122,522	114,536	7.0
Total cost of policy issuance and renewal services	\$365,504	\$348,630	4.8 %

Commissions – Commissions increased \$8.9 million in the first quarter of 2019 compared to the first quarter of 2018. The increase was driven by the growth in direct and affiliated assumed premiums written by the Exchange of 6.0% in the first quarter of 2019, slightly offset by lower agent incentive costs related to less profitable growth, compared to the first quarter of 2018. The estimated agent incentive payout at March 31, 2019 is based on actual underwriting results for the two prior years and current year-to-date actual results and forecasted results for the remainder of 2019. Therefore, fluctuations in the current quarter underwriting results can impact the estimated incentive payout on a quarter-to-quarter basis.

Non-commission expense – Non-commission expense increased \$8.0 million in the first quarter of 2019 compared to the first quarter of 2018. Information technology costs increased \$5.5 million primarily due to increased professional fees. Sales and advertising costs decreased \$2.0 million primarily due to decreased personnel costs and agent-related costs. Administrative and other expenses increased \$4.3 million primarily driven by an increase in long-term incentive plan cost due to an increase in the company stock price during the first quarter of 2019 compared to a decrease in the company stock price during the first quarter of 2018. Personnel costs in all expense categories in the first quarter of 2018 were impacted by additional bonuses awarded to all employees as a result of tax savings realized from the lower corporate income tax rate.

Administrative services

(dollars in thousands)	Three months ended March 31,		
	2019	2018	% Change
	(Unaudited)		
Management fee revenue - administrative services, net	\$13,951	\$13,074	6.7 %
Administrative services reimbursement revenue	142,480	145,963	(2.4)
Total revenue allocated to administrative services	156,431	159,037	(1.6)
Administrative services expenses			
Claims handling services	124,199	128,105	(3.0)
Investment management services	8,783	8,288	6.0
Life management services	9,498	9,570	(0.8)
Operating income - administrative services	\$13,951	\$13,074	6.7 %

Administrative services

We allocate a portion of the management fee, which currently equates to 0.8% of the direct and affiliated assumed premiums written by the Exchange, to the administrative services. This portion of the management fee is recognized as revenue over a four-year period representing the time over which the services are provided. We also report reimbursed costs as revenues, which are recognized monthly as services are provided. The administrative services expenses we incur and the related reimbursements we receive are recorded gross in the Statements of Operations.

Cost of administrative services

By virtue of its legal structure as a reciprocal insurer, the Exchange does not have any employees or officers. Therefore, it enters into contractual relationships by and through an attorney-in-fact. Indemnity serves as the attorney-in-fact on behalf of the Exchange with respect to its administrative services in accordance with the subscriber's agreement. The Exchange's insurance subsidiaries also utilize Indemnity for these services in accordance with the service agreements between each of the

Table of Contents

subsidiaries and Indemnity. The amounts incurred for these services are reimbursed to Indemnity at cost in accordance with the subscriber's agreement and the service agreements. We record these reimbursements due from the Exchange and its insurance subsidiaries as a receivable.

Total investment income

A summary of the results of our investment operations is as follows:

(dollars in thousands)	Three months ended			% Change
	March 31,			
	2019	2018		
	(Unaudited)			
Net investment income	\$8,517	\$6,820	24.9	%
Net realized investment gains (losses)	2,503	(465)		NM
Net impairment losses recognized in earnings	(78)	0		NM
Equity in losses of limited partnerships	(1,147)	(192)		NM
Total investment income	\$9,795	\$6,163	58.9	%

NM = not meaningful

Net investment income

Net investment income primarily includes interest and dividends on our fixed maturity and equity security portfolios, net of investment expenses. Net investment income increased by \$1.7 million in the first quarter of 2019, compared to the first quarter of 2018 primarily due to increased income generated from cash and cash equivalents driven by higher invested balances and rates and an increase in income earned on agent loans due to higher rates and outstanding loan balances.

Net realized investment gains (losses)

A breakdown of our net realized investment gains (losses) is as follows:

(in thousands)	Three months ended March	
	2019	2018
	(Unaudited)	
Securities sold:		
Fixed maturities	\$1,918	\$(345)
Equity securities	0	(59)
Equity securities change in fair value ⁽¹⁾	585	(61)
Net realized investment gains (losses) ⁽²⁾	\$2,503	\$(465)

(1) The fair value of our equity portfolio is based upon exchange traded prices provided by a nationally recognized pricing service.

(2) See Part I, Item 1. "Financial Statements - Note 6, Investments, of Notes to Financial Statements" contained within this report for additional disclosures regarding net realized investment gains (losses).

Net realized gains during the first quarter of 2019 reflected gains from sales of fixed maturity securities and increases in fair value of equity securities, while net realized losses in the first quarter of 2018 reflected losses from sales of fixed maturity and equity securities as well as decreases in fair value of equity securities.

Net impairment losses recognized in earnings

Edgar Filing: ERIE INDEMNITY CO - Form 10-Q

Net impairment losses were \$0.1 million for the three months ended March 31, 2019. There were no impairment losses in the first quarter 2018. Impairments were related to securities in an unrealized loss position where we determined the loss was other-than-temporary based on credit factors.

Equity in losses of limited partnerships

The components of equity in losses of limited partnerships are as follows:

(in thousands)	Three months ended March 31,	
	2019	2018
	(Unaudited)	
Private equity	\$(1,195)	\$336
Mezzanine debt	(5)	78
Real estate	53	(606)
Equity in losses of limited partnerships	\$(1,147)	\$(192)

Table of Contents

Limited partnership earnings pertain to investments in U.S. and foreign private equity, mezzanine debt, and real estate partnerships. Valuation adjustments are recorded to reflect the changes in fair value of the underlying investments held by the limited partnerships. These adjustments are recorded as a component of equity in losses of limited partnerships in the Statements of Operations.

Limited partnership earnings tend to be cyclical based upon market conditions, the age of the partnership, and the nature of the investments. Generally, limited partnership earnings are recorded on a quarter lag from financial statements we receive from our general partners. As a consequence, earnings from limited partnerships reported at March 31, 2019 reflect investment valuation changes resulting from the financial markets and the economy in the fourth quarter of 2018.

Equity in earnings of limited partnerships decreased by \$1.0 million in the first quarter of 2019, compared to the first quarter of 2018 primarily due to losses in the private equity sector.

Financial condition of Erie Insurance Exchange

Serving in the capacity of attorney-in-fact for the Exchange, we are dependent on the growth and financial condition of the Exchange, who is our sole customer. The strength of the Exchange and its wholly owned subsidiaries is rated annually by A.M. Best Company. Higher ratings of insurance companies generally indicate financial stability and a strong ability to pay claims. The ratings are generally based upon factors relevant to policyholders and are not directed toward return to investors. The Exchange and each of its property and casualty subsidiaries are rated A+ "Superior". The last outlook for the financial strength rating, as of June 2018, was affirmed as stable. According to A.M. Best, this second highest financial strength rating category is assigned to those companies that, in A.M. Best's opinion, have achieved superior overall performance when compared to the standards established by A.M. Best and have a superior ability to meet obligations to policyholders over the long term. As of December 31, 2018, only approximately 12% of insurance groups are rated A+ or higher, and the Exchange is included in that group.

The financial statements of the Exchange are prepared in accordance with statutory accounting principles prescribed by the Commonwealth of Pennsylvania. Financial statements prepared under statutory accounting principles focus on the solvency of the insurer and generally provide a more conservative approach than under U.S. generally accepted accounting principles. Statutory direct written premiums of the Exchange and its wholly owned property and casualty subsidiaries grew 6.0% to \$1.8 billion in the first quarter of 2019 from \$1.7 billion in the first quarter of 2018. These premiums, along with investment income, are the major sources of cash that support the operations of the Exchange. Policyholders' surplus, determined under statutory accounting principles, was \$9.0 billion at March 31, 2019, \$8.6 billion at December 31, 2018, and \$8.8 billion at March 31, 2018. The Exchange and its wholly owned property and casualty subsidiaries' year-over-year policy retention ratio continues to be high at 90.2% at March 31, 2019, 90.1% at December 31, 2018, and 89.6% at March 31, 2018.

Table of Contents

FINANCIAL CONDITION

Investments

Our investment portfolio is managed with the objective of maximizing after-tax returns on a risk-adjusted basis.

Distribution of investments

(dollars in thousands)	Carrying value at March 31, 2019 (Unaudited)		Carrying value at December 31, 2018	
		% to total		% to total
Fixed maturities	\$674,919	87 %	\$ 748,523	88 %
Equity securities:				
Preferred stock	12,410	2	11,853	1
Limited partnerships:				
Private equity	26,691	3	28,271	3
Mezzanine debt	1,118	0	1,152	0
Real estate	2,229	0	5,398	1
Other investments ⁽¹⁾	62,316	8	58,394	7
Total investments	\$779,683	100 %	\$ 853,591	100 %

(1) Other investments primarily include agent loans. Agent loans are included with other assets in the Statements of Financial Position.

We continually review our investment portfolio to evaluate positions that might incur other-than-temporary declines in value. We record impairment write-downs on investments in instances where the fair value of the investment is substantially below cost, and we conclude that the decline in fair value is other-than-temporary, which includes consideration for intent to sell. For all investment holdings, general economic conditions and/or conditions specifically affecting the underlying issuer or its industry, including downgrades by the major rating agencies, are considered in evaluating impairment in value. In addition to specific factors, other factors considered in our review of investment valuation are the length of time the fair value is below cost and the amount the fair value is below cost.

We individually analyze all positions with emphasis on those that have, in our opinion, declined significantly below cost. In compliance with impairment guidance for debt securities, we perform further analysis to determine if a credit-related impairment has occurred. Some of the factors considered in determining whether a debt security is credit impaired include potential for the default of interest and/or principal, level of subordination, collateral of the issue, compliance with financial covenants, credit ratings and industry conditions. We have the intent to sell all credit-impaired debt securities; therefore, the entire amount of the impairment charges are included in earnings and no impairments are recorded in other comprehensive income. We believe our investment valuation philosophy and accounting practices result in appropriate and timely measurement of fair value and recognition of impairment.

Fixed maturities

Under our investment strategy, we maintain a fixed maturity portfolio that is of high quality and well diversified within each market sector. This investment strategy also achieves a balanced maturity schedule. Our fixed maturity portfolio is managed with the goal of achieving reasonable returns while limiting exposure to risk. Our municipal bond portfolio accounts for \$27.5 million, or 4%, of the total fixed maturity portfolio at March 31, 2019. As part of a rebalancing of our portfolio, we began selling off our municipal bond portfolio and reinvesting the proceeds in U.S. Treasury securities in the fourth quarter of 2018. We intend to liquidate the remaining municipal bond portfolio during

the second quarter of 2019.

Fixed maturities classified as available-for-sale are carried at fair value with unrealized gains and losses, net of deferred taxes, included in shareholders' equity. Net unrealized losses on fixed maturities, net of deferred taxes, amounted to \$1.5 million at March 31, 2019, compared to net unrealized losses of \$7.0 million at December 31, 2018.

32

Table of Contents

The following table presents a breakdown of the fair value of our fixed maturity portfolio by sector and rating: ⁽¹⁾

(in thousands)	At March 31, 2019 (Unaudited)					
	AAA	AA	A	BBB	Non-investment grade	Fair value

Total	\$185,909	\$246,193	\$30,237	\$55,506	\$157,074	\$674,919

(1) Ratings are supplied by S&P, Moody's, and Fitch. The table is based upon the lowest rating for each security.

(2) Structured securities include residential mortgage-backed securities, commercial mortgage-backed securities, collateralized debt obligations, and asset-backed securities.

Equity Securities

Our equity securities consist of nonredeemable preferred stock and are carried at fair value in the Statements of Financial Position with all changes in unrealized gains and losses reflected in the Statements of Operations.

The following table presents an analysis of the fair value of our preferred stock securities by sector:

(in thousands)	At	
	At March 31, 2019	December 31, 2018
	(Unaudited)	
Financial	\$12,410	\$11,853
Total	\$12,410	\$11,853

Limited partnerships

At March 31, 2019, investments in limited partnerships decreased from the investment levels at December 31, 2018. Changes in partnership values are a function of contributions and distributions, adjusted for market value changes in the underlying investments. The decrease in limited partnership investments was primarily due to net distributions received from the partnerships. We have made no new limited partnership commitments since 2006, and the balance of limited partnership investments is expected to decline over time as additional distributions are received. The results from our limited partnerships are based upon financial statements received from our general partners, which are generally received on a quarter lag. As a result, the market values and earnings recorded during 2019 reflect the partnership activity experienced in the fourth quarter of 2018.

Table of Contents

LIQUIDITY AND CAPITAL RESOURCES

Sources and Uses of Cash

Liquidity is a measure of a company's ability to generate sufficient cash flows to meet the short- and long-term cash requirements of its business operations and growth needs. Our liquidity requirements have been met primarily by funds generated from management fee revenue and income from investments. Cash provided from these sources is used primarily to fund the costs of our management operations including commissions, salaries and wages, pension plans, share repurchases, dividends to shareholders, and the purchase and development of information technology. We expect that our operating cash needs will be met by funds generated from operations.

Volatility in the financial markets presents challenges to us as we do occasionally access our investment portfolio as a source of cash. Some of our fixed income investments, despite being publicly traded, are illiquid. Volatility in these markets could impair our ability to sell certain fixed income securities or cause such securities to sell at deep discounts. Additionally, our limited partnership investments are significantly less liquid. We believe we have sufficient liquidity to meet our needs from sources other than the liquidation of securities.

Cash flow activities

The following table provides condensed cash flow information for the three months ended March 31:

(in thousands)	2019	2018
	(Unaudited)	
Net cash provided by (used in) operating activities	\$24,240	\$(40,230)
Net cash provided by (used in) investing activities	63,758	(16,739)
Net cash used in financing activities	(42,370)	(39,125)
Net increase (decrease) in cash and cash equivalents	\$45,628	\$(96,094)

Net cash provided by operating activities was \$24.2 million in the first three months of 2019, compared to cash used of \$40.2 million in the first three months of 2018. This change was primarily due to the fact that we had no pension contribution coupled with lower bonuses paid to agents in the first three months of 2019. In 2018, our Board approved an \$80 million accelerated pension contribution, of which \$40 million was contributed in January 2018. We are reimbursed approximately 59% of the net periodic benefit cost of the pension plans from the Exchange and its subsidiaries, which includes pension benefits for employees performing administrative services and their allocated share of costs for employees in departments that support the administrative functions. Cash paid for agent bonuses decreased \$17.9 million in the first three months of 2019, compared to the first three months of 2018, due to less profitable underwriting results.

Net cash provided by investing activities was \$63.8 million in the first three months of 2019, compared to cash used of \$16.7 million in the first three months of 2018. In the first quarter of 2019, more proceeds were generated from investment activity. The higher proceeds were somewhat offset by higher purchases of available-for-sale securities and fixed asset purchases due to construction in progress related to the home office expansion. Also impacting our future investing activities are limited partnership commitments, which totaled \$9.8 million at March 31, 2019, and will be funded as required by the partnerships' agreements. Of this amount, the total remaining commitment to fund limited partnerships that invest in private equity securities was \$4.4 million and mezzanine debt securities was \$5.4 million. Additionally, we have committed to incur future costs related to the construction of the building that will serve as part of our principal headquarters, which is expected to cost \$100 million and is being funded by the senior secured draw term loan credit facility of the same amount. As of March 31, 2019, \$78.1 million of costs have been incurred related to this project.

Net cash used in financing activities totaled \$42.4 million in the first three months of 2019, compared to \$39.1 million in the first three months of 2018. The increase in cash used was due to dividends paid to shareholders and principal payments on the senior secured draw term loan credit facility, which commenced January 1, 2019. Dividends paid to shareholders totaled \$41.9 million in the first three months of 2019 and \$39.1 million in the first three months of 2018. We increased both our Class A and Class B shareholder regular quarterly dividends by 7.1% for 2019, compared to 2018. There are no regulatory restrictions on the payment of dividends to our shareholders. Future financing activities will include the principal payments due annually over the term of the senior secured draw term loan credit facility, of which \$1.4 million will be paid the remainder of 2019.

There were no repurchases of our Class A nonvoting common stock in the first three months of 2019 and 2018 in conjunction with our stock repurchase program. In 2011, our Board of Directors approved a continuation of the current stock repurchase program of \$150 million with no time limitation. This repurchase authority includes, and is not in addition to, any unspent

Table of Contents

amounts remaining under the prior authorization. We had approximately \$17.8 million of repurchase authority remaining under this program at March 31, 2019, based upon trade date.

In the first three months of 2019, we purchased 9,725 shares of our outstanding Class A nonvoting common stock outside of our publicly announced share repurchase program at a total cost of \$1.5 million. Of this amount, we purchased 3,246 shares for \$0.4 million, or \$132.35 per share, for stock-based awards in conjunction with our equity compensation plan, for which the shares were delivered to plan participants in January 2019. We purchased 2,304 shares for \$0.4 million, or \$183.62 per share, to fund the rabbi trust for the outside director deferred stock compensation plan. The shares were transferred to the rabbi trust in February 2019. The remaining 4,175 shares were purchased at a total cost of \$0.7 million, or \$175.23 per share, to fund the rabbi trust for the incentive compensation deferral plan. The shares were transferred to the rabbi trust in February and March 2019.

In the first three months of 2018, we purchased 17,291 shares of our outstanding Class A nonvoting common stock outside of our publicly announced share repurchase program at a total cost of \$2.1 million. Of this amount, we purchased 3,250 shares for \$0.4 million, or \$119.83 per share, for stock-based awards in conjunction with our equity compensation plan, for which the shares were delivered to plan participants in January 2018. We purchased 2,284 shares for \$0.3 million, or \$114.87 per share, to fund the rabbi trust for the outside director deferred stock compensation plan. The shares were transferred to the rabbi trust in March 2018. The remaining 11,757 shares were purchased at a total cost of \$1.4 million, or \$119.17 per share, to fund the rabbi trust for the incentive compensation deferral plan. The shares were transferred to the rabbi trust in March 2018.

Capital Outlook

We regularly prepare forecasts evaluating the current and future cash requirements for both normal and extreme risk events. Should an extreme risk event result in a cash requirement exceeding normal cash flows, we have the ability to meet our future funding requirements through various alternatives available to us.

Outside of our normal operating and investing cash activities, future funding requirements could be met through: 1) cash and cash equivalents, which total approximately \$312.0 million at March 31, 2019, 2) a \$100 million bank revolving line of credit, and 3) liquidation of unpledged assets held in our investment portfolio, including preferred stock and investment grade bonds, which totaled approximately \$305.8 million at March 31, 2019. Volatility in the financial markets could impair our ability to sell certain fixed income securities or cause such securities to sell at deep discounts. Additionally, we have the ability to curtail or modify discretionary cash outlays such as those related to shareholder dividends and share repurchase activities.

As of March 31, 2019, we have access to a \$100 million bank revolving line of credit with a \$25 million letter of credit sublimit that expires on October 30, 2023. As of March 31, 2019, a total of \$99.1 million remains available under the facility due to \$0.9 million outstanding letters of credit, which reduce the availability for letters of credit to \$24.1 million. We had no borrowings outstanding on our line of credit as of March 31, 2019. Investments with a fair value of \$109.4 million were pledged as collateral on the line at March 31, 2019. The investments pledged as collateral have no trading restrictions and are reported as cash and cash equivalents and available-for-sale securities in the Statements of Financial Position. The banks require compliance with certain covenants, which include leverage ratios and debt restrictions. We were in compliance with our bank covenants at March 31, 2019.

Off-Balance Sheet Arrangements and Contractual Obligations

Off-balance sheet arrangements include those with unconsolidated entities that may have a material current or future effect on our financial condition or results of operations, including material variable interests in unconsolidated entities that conduct certain activities. We have no material off-balance sheet obligations. As of March 31, 2019, there were no material changes to our future contractual obligations as previously reported in our Annual Report on Form 10-K for the year ended December 31, 2018.

Table of Contents

CRITICAL ACCOUNTING ESTIMATES

We make estimates and assumptions that have a significant effect on the amounts and disclosures reported in the financial statements. The most significant estimates relate to investment valuation and retirement benefit plans for employees. While management believes its estimates are appropriate, the ultimate amounts may differ from estimates provided. Our most critical accounting estimates are described in Item 7. "Management's Discussion and Analysis of Financial Condition and Results of Operations" for the year ended December 31, 2018 of our Annual Report on Form 10-K as filed with the Securities and Exchange Commission on February 21, 2019. See Part I, Item 1. "Financial Statements - Note 5, Fair Value, of Notes to Financial Statements" contained within this report for additional information on our valuation of investments.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Our exposure to market risk is primarily related to fluctuations in prices and interest rates. Quantitative and qualitative disclosures about market risk resulting from changes in prices, interest rates, and other risk exposures for the year ended December 31, 2018 are included in Item 7A. "Quantitative and Qualitative Disclosures About Market Risk", of our Annual Report on Form 10-K as filed with the Securities and Exchange Commission on February 21, 2019.

Although the components of the investment portfolio have changed, there have been no material changes to our reported market risks during the three months ended March 31, 2019. For a recent discussion of conditions surrounding our investment portfolio, see the "Operating Overview", "Results of Operations", and "Financial Condition" discussions contained in Part I, Item 2. "Management's Discussion and Analysis of Financial Condition and Results of Operations" contained within this report.

ITEM 4. CONTROLS AND PROCEDURES

We carried out an evaluation, with the participation of management, including the Chief Executive Officer and Chief Financial Officer, of the effectiveness of our disclosure controls and procedures (pursuant to Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended) as of the end of the period covered by this report. Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective.

Our management evaluated, with the participation of the Chief Executive Officer and Chief Financial Officer, any change in our internal control over financial reporting and determined there has been no change in our internal control over financial reporting during the three months ended March 31, 2019 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Table of Contents

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

State Court Lawsuit Against Erie Indemnity Company

Erie Indemnity Company (“Indemnity”) was named as a defendant in a complaint filed on August 1, 2012 by alleged subscribers of the Erie Insurance Exchange (the “Exchange”) in the Court of Common Pleas Civil Division of Fayette County, Pennsylvania captioned Erie Insurance Exchange, an unincorporated association, by Joseph S. Sullivan and Anita Sullivan, Patricia R. Beltz, and Jenna L. DeBord, trustees ad litem v. Erie Indemnity Co. (the “Sullivan” lawsuit).

As subsequently amended, the complaint alleges that, beginning on September 1, 1997, Indemnity retained “Service Charges” (installment fees) and “Added Service Charges” (late fees and policy reinstatement charges) on policies written by Exchange and its insurance subsidiaries, which allegedly should have been paid to Exchange, in the amount of approximately \$308 million. In addition to their claim for monetary relief on behalf of Exchange, Plaintiffs seek an accounting of all so-called intercompany transactions between Indemnity and Exchange from 1996 to date. Plaintiffs allege that Indemnity breached its contractual, fiduciary, and equitable duties by retaining Service Charges and Added Service Charges that should have been retained by Exchange. Plaintiffs bring these same claims under three separate derivative-type theories. First, Plaintiffs purport to bring suit as members of Exchange on behalf of Exchange. Second, Plaintiffs purport to bring suit as trustees ad litem on behalf of Exchange. Third, Plaintiffs purport to bring suit on behalf of Exchange pursuant to Rule 1506 of the Pennsylvania Rules of Civil Procedure, which allows shareholders to bring suit derivatively on behalf of a corporation or similar entity.

Indemnity filed a motion in the state court in November 2012 seeking dismissal of the lawsuit. On December 19, 2013, the court granted Indemnity’s motion in part, holding that the Pennsylvania Insurance Holding Company Act “provides the [Pennsylvania Insurance] Department with special competence to address the subject matter of plaintiff’s claims” and referring “all issues” in the Sullivan lawsuit to the Pennsylvania Insurance Department (the “Department”) for “its views and any determination.” The court stayed all further proceedings and reserved decision on all other grounds for dismissal raised by Indemnity. Plaintiffs sought reconsideration of the court’s order, and on January 13, 2014, the court entered a revised order affirming its prior order and clarifying that the Department “shall decide any and all issues within its jurisdiction.” On January 30, 2014, Plaintiffs asked the court to certify its order to permit an immediate appeal to the Superior Court of Pennsylvania and to stay any proceedings in the Department pending completion of any appeal. On February 18, 2014, the court issued an order denying Plaintiffs’ motion. On March 20, 2014, Plaintiffs filed a petition for review with the Superior Court, which was denied by the Superior Court on May 5, 2014.

The Sullivan matter was assigned to an Administrative Judge within the Department for determination. The parties agreed that an evidentiary hearing was not required, entered into a stipulated record, and submitted briefing to the Department. Oral argument was held before the Administrative Judge on January 6, 2015. On April 29, 2015, the Department issued a declaratory opinion and order: (1) finding that the transactions between Exchange and Indemnity in which Indemnity retained or received revenue from installment and other service charges from Exchange subscribers complied with applicable insurance laws and regulations and that Indemnity properly retained charges paid by Exchange policyholders for certain installment premium payment plans, dishonored payments, policy cancellations, and policy reinstatements; and (2) returning jurisdiction over the matter to the Fayette County Court of Common Pleas.

On May 26, 2015, Plaintiffs appealed the Department’s decision to the Pennsylvania Commonwealth Court. Oral argument was held before the Commonwealth Court en banc on December 9, 2015. On January 27, 2016, the Commonwealth Court issued an opinion vacating the Department’s ruling and directing the Department to return the case to the Court of Common Pleas, essentially holding that the primary jurisdiction referral of the trial court was improper at this time because the allegations of the complaint do not implicate the special competency of the

Department.

On February 26, 2016, Indemnity filed a petition for allowance of appeal to the Pennsylvania Supreme Court seeking further review of the Commonwealth Court opinion. On March 14, 2016, Plaintiffs filed an answer opposing Indemnity's petition for allowance of appeal; and, on March 28, 2016, Indemnity sought permission to file a reply brief in further support of its petition for allowance of appeal. On August 10, 2016, the Pennsylvania Supreme Court denied Indemnity's petition for allowance of appeal; and the Sullivan lawsuit returned to the Court of Common Pleas of Fayette County.

On September 12, 2016, Plaintiffs filed a motion to stay the Sullivan lawsuit pending the outcome of the Federal Court Lawsuit they filed against Indemnity and former and current Directors of Indemnity on July 8, 2016. (See below.) Indemnity filed an opposition to Plaintiff's motion to stay on September 19, 2016; and filed amended preliminary objections seeking dismissal of the Sullivan lawsuit on September 20, 2016. The motion to stay and the amended preliminary objections remain pending. On June 27, 2018, Plaintiffs filed a motion for a status conference in the Sullivan lawsuit.

37

Table of Contents

On July 30, 2018, the Court held a status conference and thereafter lifted the stay of proceedings. On September 28, 2018, Indemnity filed a Motion to Enforce the Federal Judgment in the Beltz II lawsuit, seeking dismissal of the Sullivan lawsuit with prejudice. On October 26, 2018, Plaintiffs filed an opposition to that Motion; and Indemnity filed a reply in further support on November 5, 2018. Oral argument was held on Indemnity's Motion to Enforce the Federal Judgment on November 20, 2018. The Motion to Enforce the Federal Judgment remains pending.

Indemnity believes that it continues to have meritorious legal and factual defenses to the Sullivan lawsuit and intends to vigorously defend against all allegations and requests for relief.

Federal Court Lawsuit Against Erie Indemnity Company and Directors

On February 6, 2013, a lawsuit was filed in the United States District Court for the Western District of Pennsylvania, captioned Erie Insurance Exchange, an unincorporated association, by members Patricia R. Beltz, Joseph S. Sullivan and Anita Sullivan, and Patricia R. Beltz, on behalf of herself and others similarly situated v. Richard L. Stover; J. Ralph Borneman, Jr.; Terrence W. Cavanaugh; Jonathan Hirt Hagen; Susan Hirt Hagen; Thomas B. Hagen; C. Scott Hartz; Claude C. Lilly, III; Lucian L. Morrison; Thomas W. Palmer; Martin P. Sheffield; Elizabeth H. Vorsheck; and Robert C. Wilburn (the "Beltz" lawsuit), by alleged policyholders of Exchange who are also the plaintiffs in the Sullivan lawsuit. The individuals named as defendants in the Beltz lawsuit were the then-current Directors of Indemnity.

As subsequently amended, the Beltz lawsuit asserts many of the same allegations and claims for monetary relief as in the Sullivan lawsuit. Plaintiffs purport to sue on behalf of all policyholders of Exchange, or, alternatively, on behalf of Exchange itself. Indemnity filed a motion to intervene as a Party Defendant in the Beltz lawsuit in July 2013, and the Directors filed a motion to dismiss the lawsuit in August 2013. On February 10, 2014, the court entered an order granting Indemnity's motion to intervene and permitting Indemnity to join the Directors' motion to dismiss; granting in part the Directors' motion to dismiss; referring the matter to the Department to decide any and all issues within its jurisdiction; denying all other relief sought in the Directors' motion as moot; and dismissing the case without prejudice. To avoid duplicative proceedings and expedite the Department's review, the Parties stipulated that only the Sullivan action would proceed before the Department and any final and non-appealable determinations made by the Department in the Sullivan action will be applied to the Beltz action.

On March 7, 2014, Plaintiffs filed a notice of appeal to the United States Court of Appeals for the Third Circuit. Indemnity filed a motion to dismiss the appeal on March 26, 2014. On November 17, 2014, the Third Circuit deferred ruling on Indemnity's motion to dismiss the appeal and instructed the parties to address that motion, as well as the merits of Plaintiffs' appeal, in the parties' briefing. Briefing was completed on April 2, 2015. In light of the Department's April 29, 2015 decision in Sullivan, the Parties then jointly requested that the Beltz appeal be voluntarily dismissed as moot on June 5, 2015. The Third Circuit did not rule on the Parties' request for dismissal and instead held oral argument as scheduled on June 8, 2015. On July 16, 2015, the Third Circuit issued an opinion and judgment dismissing the appeal. The Third Circuit found that it lacked appellate jurisdiction over the appeal, because the District Court's February 10, 2014 order referring the matter to the Department was not a final, appealable order.

On July 8, 2016, the Beltz plaintiffs filed a new action labeled as a "Verified Derivative And Class Action Complaint" in the United States District Court for the Western District of Pennsylvania. The action is captioned Patricia R. Beltz, Joseph S. Sullivan, and Anita Sullivan, individually and on behalf of all others similarly situated, and derivatively on behalf of Nominal Defendant Erie Insurance Exchange v. Erie Indemnity Company; Kaj Ahlmann; John T. Baily; Samuel P. Black, III; J. Ralph Borneman, Jr.; Terrence W. Cavanaugh; Wilson C. Cooney; LuAnn Datesh; Patricia A. Goldman; Jonathan Hirt Hagen; Thomas B. Hagen; C. Scott Hartz; Samuel P. Katz; Gwendolyn King; Claude C. Lilly, III; Martin J. Lippert; George R. Lucore; Jeffrey A. Ludrof; Edmund J. Mehl; Henry N. Nassau; Thomas W. Palmer; Martin P. Sheffield; Seth E. Schofield; Richard L. Stover; Jan R. Van Gorder; Elizabeth A. Hirt Vorsheck; Harry H. Weil; and Robert C. Wilburn (the "Beltz II" lawsuit). The individual defendants are all present or former Directors of Indemnity (the "Directors").

The allegations of the Beltz II lawsuit arise from the same fundamental, underlying claims as the Sullivan and prior Beltz litigation, i.e., that Indemnity improperly retained Service Charges and Added Service Charges. The Beltz II lawsuit alleges that the retention of the Service Charges and Added Service Charges was improper because, for among other reasons, that retention constituted a breach of the Subscriber's Agreement and an Implied Covenant of Good Faith and Fair Dealing by Indemnity, breaches of fiduciary duty by Indemnity and the other defendants, conversion by Indemnity, and unjust enrichment by defendants Jonathan Hirt Hagen, Thomas B. Hagen, and Elizabeth A. Hirt Vorsheck, at the expense of Exchange. The Beltz II lawsuit requests, among other things, that a judgment be entered against the Defendants certifying the action as a class action pursuant to Rule 23 of the Federal Rules of Civil Procedure; declaring Plaintiffs as representatives of the Class and Plaintiffs' counsel as counsel for the Class; declaring the conduct alleged as unlawful, including, but not limited to, Defendants' retention of the Service Charges and Added Service Charges; enjoining Defendants from continuing to retain the Service Charges and Added Service Charges; and awarding compensatory and punitive damages and interest.

Table of Contents

On September 23, 2016, Indemnity filed a motion to dismiss the Beltz II lawsuit. On September 30, 2016, the Directors filed their own motions to dismiss the Beltz II lawsuit. On July 17, 2017, the Court granted Indemnity's and the Directors' motions to dismiss the Beltz II lawsuit, dismissing the case in its entirety. The Court ruled that "the Subscriber's Agreement does not govern the separate and additional charges at issue in the Complaint" and, therefore, dismissed the breach of contract claim against Indemnity for failure to state a claim. The Court also ruled that the remaining claims, including the claims for breach of fiduciary duty against Indemnity and the Directors, are barred by the applicable statutes of limitation or fail to state legally cognizable claims. On August 14, 2017, Plaintiffs filed a notice of appeal to the United States Court of Appeals for the Third Circuit.

On May 10, 2018, the United States Court of Appeals for the Third Circuit affirmed the District Court's dismissal of the Beltz II lawsuit. On May 24, 2018, Plaintiffs filed a petition seeking rehearing of their appeal before the Third Circuit. The Third Circuit denied that petition on June 14, 2018.

Federal Court Lawsuit Against Erie Indemnity Company and Directors

On December 28, 2017 a lawsuit was filed in the United States District Court for the Western District of Pennsylvania captioned Lynda Ritz, individually and on behalf of all others similarly situated and derivatively on behalf of Nominal Defendant Erie Insurance Exchange v. Erie Indemnity Company, J. Ralph Borneman, Jr., Terrence W. Cavanaugh, Eugene C. Connell, LuAnn Datesh, Jonathan Hirt Hagen, Thomas B. Hagen, C. Scott Hartz, Brian A. Hudson, Sr., Claude C. Lilly, III, George R. Lucore, Thomas W. Palmer, Martin P. Sheffield, Richard L. Stover, Elizabeth A. Hirt Vorsheck, and Robert C. Wilburn, and Erie Insurance Exchange (Nominal Defendant) (the "Ritz" lawsuit). The individual named as Plaintiff is alleged to be a policyholder (subscriber) of the Erie Insurance Exchange (the "Exchange"). With the exception of Terrence W. Cavanaugh and Robert C. Wilburn, the individuals named as Defendants comprise the current Board of Directors of Indemnity. Messrs. Cavanaugh and Wilburn are former Directors of Indemnity (the "Directors").

The Complaint alleges that since at least 2007, Erie Indemnity Company has taken "unwarranted and excessive" management fees as compensation for its services under the Subscriber's Agreement. Count I of the Complaint purports to allege a claim for breach of alleged fiduciary duties against Indemnity and the Directors on behalf of Plaintiff and a putative class of subscribers. Count II purports to allege a claim for breach of alleged fiduciary duties against Indemnity and the Directors on behalf of Exchange. Count III purports to allege a claim for breach of contract and an alleged implied covenant of good faith and fair dealing against Indemnity on behalf of Plaintiff and a putative class. Count IV purports to allege a claim of unjust enrichment against several Directors.

The Complaint seeks compensatory and punitive damages and requests the Court to enjoin Indemnity from continuing to retain excessive management fees; and order such other relief as may be appropriate.

On March 5, 2018, Indemnity filed a motion to dismiss the Ritz lawsuit. The Directors also filed their own motions to dismiss the Ritz lawsuit on March 5, 2018. Plaintiff filed her responses to both motions on April 26, 2018; and Indemnity and the Directors filed their replies in support of their motions on May 25, 2018. On February 4, 2019, the Court granted Indemnity's and the Directors' motions to dismiss the Ritz suit in its entirety, with prejudice, on the basis that all of the alleged claims in the Ritz suit are barred and precluded as a matter of law by the judgment entered in favor of Indemnity and the Directors in the Beltz II suit.

On March 4, 2019, Plaintiff filed a Motion for Reconsideration of the Court's ruling dismissing the suit with prejudice. On April 5, 2019, Indemnity and the Directors filed their opposition to the Motion for Reconsideration. The Motion for Reconsideration remains pending.

Indemnity believes it has meritorious legal and factual defenses and intends to vigorously defend against all allegations and requests for relief in the Ritz lawsuit. The Directors have advised Indemnity that they intend to

vigorously defend against the claims in the Ritz lawsuit and have sought indemnification and advancement of expenses from the Company in connection with the Ritz lawsuit.

For additional information on contingencies, see Part I, Item 1. "Financial Statements - Note 14, Commitments and Contingencies, of Notes to Financial Statements".

ITEM 1A. RISK FACTORS

There have been no material changes from the risk factors previously disclosed in our Annual Report on Form 10-K for the fiscal year ended December 31, 2018 as filed with the Securities and Exchange Commission on February 21, 2019.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

Issuer Purchases of Equity Securities

In 2011, our Board of Directors approved a continuation of the current stock repurchase program, authorizing repurchases for a total of \$150 million with no time limitation. This repurchase authority included, and was not in addition to, any unspent amounts remaining under the prior authorization. There were no repurchases of our Class A common stock under this program during the quarter ending March 31, 2019. We had approximately \$17.8 million of repurchase authority remaining under this program at March 31, 2019.

During the quarter ending March 31, 2019, we purchased 9,725 shares of our outstanding Class A nonvoting common stock outside of our publicly announced share repurchase program at a total cost of \$1.5 million. Of this amount, we purchased 3,246 shares for \$0.4 million, or \$132.35 per share, for stock-based awards in conjunction with our equity compensation plan, for which the shares were delivered to plan participants in January 2019. We purchased 2,304 shares for \$0.4 million, or \$183.62 per share, to fund the rabbi trust for the outside director deferred stock compensation plan. The shares were transferred to the rabbi trust in February 2019. The remaining 4,175 shares were purchased at a total cost of \$0.7 million, or \$175.23 per share, to fund the rabbi trust for the incentive compensation deferral plan. The shares were transferred to the rabbi trust in February and March 2019.
