Media Release

Syngenta to launch long-dated Euro-denominated bond

Basel, Switzerland, 4 April 2005

Syngenta announced today that it intends to launch a Euro-denominated Eurobond of benchmark size with a maturity of at least 15 years subject to market conditions. The company also intends to make a public tender offer on April 4 for its outstanding 5.5% Eurobond, due July 10 2006. Proceeds from the Eurobond issue will be partially utilized further to strengthen the Group's major pension funds which were 85 per cent funded at the end of 2004.

"This balance sheet optimization further enhances our financial position and underpins our commitment to return more than \$1 billion to shareholders by end 2006 through the combination of a progressive dividend policy and share repurchase programme", said Domenico Scala, Chief Financial Officer. He added: "This is an opportune time to issue new debt, extend the maturity profile and, at the same time, significantly improve the funding of our major pension funds."

Further information on these transactions is available at www.bondcom.com/syngentabond.

Syngenta is a world-leading agribusiness committed to sustainable agriculture through innovative research and technology. The company is a leader in crop protection, and ranks third in the high-value commercial seeds market. Sales in 2004 were approximately \$7.3 billion. Syngenta employs some 19,000 people in over 90 countries. Syngenta is listed on the Swiss stock exchange
