ITEM 5. OTHER EVENTS AND REGULATION FD DISCLOSURE

The Board of Directors of Cordia Corporation, a Nevada corporation, held a Board Meeting on January 7, 2004, during which the Board decided the current market price of Cordia's common stock does not adequately reflect the underlying value of the company. Therefore, it is in the best interest of the company to allow the company's management to re-purchase company's common stock when market conditions are favorable for that purpose.

The Board has authorized Cordia's management to spend an aggregate of \$100,000

during 2004 to re-purchase common stock so long as the market price does not exceed \$1. Under this proposal, Cordia would re-purchase a minimum of 100,000 shares of Cordia's common stock. The shares purchased shall be treated as authorized un-issued shares that the company, in its discretion, may reissue at a future date.

The Board's decision was made after careful deliberation and review of Cordia's cash flow and profit and loss projections and the Board believes that the company has sufficient capital resources for the proposed re-purchase.
