REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Trustees of the

BOWNE & CO., INC.
401(k) SAVINGS PLAN:

We have audited the accompanying statements of net assets available for benefits of Bowne & Co., Inc. 401(k) Savings Plan as of December 31, 2003 and 2002 and the related statement of changes in net assets available for benefits for the year ended December 31, 2003. These financial statements are the responsibility of the Plan's Trustees. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Trustees, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Bowne & Co., Inc. 401(k) Savings Plan at December 31, 2003 and 2002 and the changes in net assets available for benefits for the year ended December 31, 2003 in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule H, Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2003 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Effective December 31, 2002, the Company merged the Bowne & Co., Inc. 401(k) Plan into the Plan. Participants from the merged plan retained the same benefit rights as they had prior to the merger.

(b) Eligibility

During the years ended December 31, 2003 and 2002, the Plan covered all employees of the participating companies who were full-time employees and who were not covered by collective bargaining agreements. Effective January 1, 2004 the Plan was amended to include employees of the participating companies that are covered by collective bargaining agreements. Employees are eligible to participate as of the first day of employment.

(c) Contributions

Edgar Filing: BOWNE & CO INC - Form 11-K

Effective January 1, 2003, participants were able to direct the Company to deposit contributions withheld through automatic payroll deductions, subject to certain limitations of up to 50% of annual compensation on a pre-tax basis and up to 15% of annual compensation on an after-tax basis (up to 10% on an after-tax basis for highly compensated employees). Prior to January 1, 2003, participants could defer up to 8% of annual compensation, on a pre-tax or after-tax basis. For calendar years ended December 31, 2003 and 2002, no participant was permitted to make pre-tax contributions to the Plan in excess of \$12,000 and \$11,000, respectively, (annually adjusted as provided by the Plan and the Internal Revenue Code (the Code)).

NOTES TO FINANCIAL STATEMENTS (Continued)

Effective January 1, 2003, the Company began matching 100% of the first 3% of the participant's compensation plus 50% of the next 2% of compensation after one year of eligible service. Annual discretionary profit-sharing contributions are determined by the Board of Directors of each participating company's business segment, based on company performance, and cannot exceed the maximum amounts allowable under the Code. There were no discretionary contributions for the years ended December 31, 2003 and 2002.

A participant not covered by a collective bargaining agreement may make a rollover contribution to the Plan of amounts which he or she has received from another qualified plan.

(d) Vesting

Participants are fully vested at all times in their contribution account, rollover account, and any investment earnings related to those accounts, if applicable. The Plan provides cliff vesting in which participants become fully vested in the Company's discretionary profit-sharing contributions after five years of credited service. Additionally, regardless of years of credited service, participants automatically become vested in company profit-sharing contributions upon the occurrence of the following events: reaching normal retirement age, plan termination, death, or permanent and total disability.

Participants were 100% vested for employer matching contributions if they were employed by the Company as of December 31, 2002. All employees hired after January 1, 2003 must complete one year of service to be eligible for the match, and are 100% vested in the matching contributions.

Effective January 1, 2004, a participant not covered by a collective bargaining agreement that transferred amounts to the Plan from the ESPP will be 100% vested in the value of his/her previous ESPP matching contributions and employer matching contributions made on or after January 1, 2004.

Effective February 1, 2004, a participant covered by a collective bargaining agreement that transferred amounts to the Plan from the ESPP will be 100% vested in the value of his/her previous ESPP matching contributions and employer matching contributions made on or after February 1, 2004.

(e) Participants' Accounts

Separate accounts are maintained for each participant and are credited with the participant's elective contributions, company contributions, and plan earnings on both employer and employee contributions to the various investment funds. Participants can elect to have their accounts in one or more of the following funds:

Participants covered by collective bargaining agreements can only invest in the Company's common stock fund.

(f) Participant Distributions

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive the value of the participant's vested interest in his or her account in a lump-sum amount.

Effective January 1, 2004, amounts transferred to the Plan from the ESPP on behalf of participants not covered by a collective bargaining agreement will be able to be withdrawn in whole or in part, subject to certain Plan provisions.

Effective February 1, 2004, pre-tax contributions to the plan on behalf of participants covered by collective bargaining agreements are eligible to be withdrawn prior to termination of employment subject to certain Plan provisions.

(g) Forfeitures

The nonvested portion of a participant's account will be forfeited upon the participant's separation from service before age 65 for reasons other than death or disability. In 2002, forfeited amounts were reallocated on the last day of the plan year to all participants who were employed by the Company on the last day of the plan year based on the ratio of each participant's compensation to total eligible compensation. In 2003 forfeited amounts were used to reduce employer contributions made during such plan year or succeeding plan years and to pay the expenses of the Plan. Forfeitures used to reduce employer contributions totaled \$2,288,709 for the year ended December 31, 2003. At December 31, 2003, forfeited nonvested accounts totaled approximately \$199,000.

(h) Loans

The Plan provides two types of loans to participants not covered by collective bargaining agreements: general loans and home purchase loans. Participants not covered by collective bargaining agreements are limited to one outstanding loan of each type at any time. Participants not covered by collective bargaining agreements may borrow the lesser of 50% of their vested account balance or \$50,000, with an annual interest rate of prime plus 1% on the outstanding balance. General loans are subject to a maximum repayment term of 5 years. Home purchase loans may extend the repayment term to fifteen years. Loan repayment is through payroll deductions.

Amounts transferred to the Plan from the ESPP are not available to be taken as a loan, however, the amounts will be included in determining the maximum amount available for a loan under the Plan.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual amounts could differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as determined by quoted market prices. The fair value of investments in limited partnership are determined by the Investment Manager. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Participant loans are valued at their outstanding balances, which approximate fair value.

(d) Payment of Benefits

Benefit payments are recorded when paid.

(e) Concentration of Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of assets available for plan benefits.

(3) Administrative Expenses

All investment and administrative expenses of the Plan have been paid from the assets of the Plan to the extent not paid by the Company.

(4) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan by action of its board of directors, subject to the provisions of ERISA. In the event of plan termination, participants will

become 100% vested in their accounts.

(8) Assets Transferred in from Other Qualified Plans

In connection with the acquisition of DecisionQuest, Inc. (DecisionQuest) by the Company in 2002, employees of DecisionQuest were offered participation in the Plan and afforded the ability to transfer their account balances from DecisionQuest to this Plan. In addition, as described in Note 1 to the financial statements, the Company merged the Bowne & Co., Inc. Employee Stock Purchase Plan into the Plan.
