INTRODUCTORY NOTE

On July 17, 2002, we issued a press release reporting our results for the second quarter ended June 29, 2002 and this press release was included in Item 5 of our Current Report on Form 8-K dated July 17, 2002. Subsequent to the

Edgar Filing: CHAMPION ENTERPRISES INC - Form 8-K/A

filing of this Form 8-K, we issued a Management Report on August 8, 2002, which was included in Item 5 of our Current Report on Form 8-K dated August 8, 2002, in which we announced the closing or consolidation of 64 retail sales centers and seven homebuilding facilities as well as employee reductions estimated at 1,500. We also announced in the August 8, 2002 Management Report that we expected to record in our third quarter ended September 28, 2002, restructuring and asset impairment charges that included a pretax retail goodwill impairment charge of \$97 million and the recording of a deferred tax valuation allowance of \$110 million to \$120 million. After further review and advice from our independent accountants, we concluded that the retail goodwill impairment charges and deferred tax asset valuation allowance will be recorded in our second quarter ended June 29, 2002 rather than in the third quarter ending September 28, 2002 and this will be reflected in our Form 10-Q for the quarterly period ended June 29, 2002. Accordingly, we are filing this amendment to Form 8-K to reflect the recording of the pretax \$97 million retail goodwill impairment charge and a \$120 million deferred tax valuation allowance in our discussion of results for the second quarter and the financial information that was included in the Form 8-K dated July 17, 2002. We also removed all references to a press release, as no new or amended press release was issued.

ITEM 5. OTHER EVENTS.

Item 5 is amended and restated to read in its entirety as follows:

Champion Enterprises, Inc. (NYSE: CHB), the nation's leading housing manufacturer, reported results for its second quarter ended June 29, 2002. For the three-month period, Champion had net sales of \$362 million and a net loss of \$9.4 million, or \$0.20 per diluted share, excluding gains of \$0.07 per diluted share for debt retirement, charges of \$0.06 per diluted share to close 33 retail sales centers, goodwill impairment charges of \$1.45 per diluted share and deferred tax asset valuation allowance of \$2.46 per diluted share. During the quarter a Texas homebuilding facility was consolidated. In the first six months of 2002, the company reported net sales of \$668 million and a net loss of \$21.2 million, or \$0.45 per diluted share, excluding the gain on debt retirement, closing-related expenses, goodwill impairment charges and deferred tax asset valuation allowance.

In the comparable quarter a year ago, the company reported net sales of \$428 million and net income of \$1.1 million, or \$0.02 per diluted share, excluding costs to close two homebuilding facilities. In the first six months of 2001, Champion's net sales were \$755 million, which resulted in a loss of \$20.2 million, or \$0.43 per diluted share, before closing-related costs. These expenses were \$0.01 per diluted share for the quarter and \$0.11 per diluted share for the year-to-date period. Pretax goodwill

amortization expense for the three and six months ended June 30, 2001 was \$2.9 million (\$2.2 million after tax or \$0.04 per diluted share) and \$5.8 million (\$4.4 million after tax or \$0.09 per diluted share), respectively.

The company has re-evaluated its goodwill and deferred tax assets and, in the second quarter ended June 29, 2002, recorded non-cash charges of \$97 million pretax for retail goodwill impairment and \$120 million for a deferred tax valuation allowance.

Operations

Edgar Filing: CHAMPION ENTERPRISES INC - Form 8-K/A

Manufacturing- For the three-month period, wholesale revenues decreased 11% to \$314 million from \$351 million one year earlier. Segment income was \$10.4 million compared to \$20.4 million, which excludes \$1 million of impairment charges, in the second quarter of 2001. For the six-month period, the manufacturing segment reported \$580 million in revenues, which resulted in segment income of \$11.7 million. Champion had unfilled wholesale orders of \$26 million at the end of this year's second quarter at 46 plants, compared to \$43 million at 49 plants a year earlier.

Losses related to retailer defaults dropped to \$500,000 in the first six months of 2002 from \$3.3 million in the comparable period a year ago. The company said that the transition from Conseco floor plan lending is progressing smoothly for its independent retailers. Champion-produced homes at independent retailers that are financed by Conseco are down from \$134 million in March of this year to \$49 million today, with \$19 million still under contingent repurchase obligations. The company believes that any potential losses related to these contingent repurchase obligations will not materially affect earnings.

Retail- Year-over-year retail revenues dropped 25% for the quarter and 26% for the six-month period. Excluding costs associated with closing retail locations and the retail goodwill impairment charge, the segment reported a loss of \$8.9 million for the second quarter of this year compared to a loss of \$1.8 million a year earlier. In June 2002 the company closed 33 under performing retail locations, which had losses from operations totaling \$2.1 million in the second quarter. Pretax closing charges of \$4.9 million, including \$1.9 million of non-cash fixed asset impairment charges, were recorded as a result of these closings.

Finance- Following the April purchase of CIT's manufactured housing loan origination operations, Champion began originating retail consumer loans through its wholly owned subsidiary, HomePride Finance Corp. For the quarter, the company originated \$6 million of loans and applied \$2.4 million of these loans to its warehouse facility, resulting in \$2.1 million of proceeds.

Liquidity and Capital Structure

Champion ended the quarter with \$86 million in unrestricted cash and \$36 million in restricted cash for letter of credit collateral. Cash flow from operations was

\$13.5 million for the three-month period. Since the beginning of the year, the company has reduced its floor plan liability by \$60 million and at the end of June had \$11 million outstanding on its \$30 million of total available floor plan credit lines. Excluding the gain on debt retirement, closing-related expenses, EBITDA losses at closed retail locations and the consolidated homebuilding facility and goodwill impairment charges, the company had EBITDA of \$340,000 for the second quarter of 2002. On a comparable basis EBITDA was \$19.3 million in the same quarter a year ago.

The company had \$358 million of total debt outstanding at June 29, 2002. During the three-month period, \$30 million in Senior Notes due 2009 were retired for \$23.8 million, resulting in a gain of \$0.07 per diluted share. In April 2002 Champion issued \$25 million of convertible preferred stock and \$150 million of Senior Notes due 2007 with an 11.25% annual interest rate. The company has also established a \$150 million warehouse line to support HomePride's operations.

Industry View

In the first five months of 2002, year-over-year industry shipments

Edgar Filing: CHAMPION ENTERPRISES INC - Form 8-K/A

declined 2.6%. For 2002 the company estimates industry wholesale shipments of 180,000 homes (previously 185,000), down 7% from 2001 levels, and industry retail sales of 195,000 new homes (previously 200,000), down 8% from 2001 levels. These estimates are based on industry new home inventory dropping by 15,000 homes this year. Champion estimates that industry repossessions will be 90,000 homes in 2002, which will be flat with 2001 levels, and begin to trend down next year to 80,000 repossessions (previously 70,000). The company estimates that cash and real estate mortgages now represent at least 60% of industry funding.

Outlook

For this year's third quarter, we see relative improvement from second quarter results, but still expect to report a loss. Until the industry shows consistent year-over-year improvements, we intend to continue to manage the business for cash and to keep tight controls over inventory levels and working capital needs. We plan to keep capacity and inventories aligned with demand and will carefully monitor retail lot performance and make adjustments if necessary.

Because inventories at our independent retailers are generally in good shape, our wholesale order rates should respond quickly when industry retail sales improve. We are positioned to benefit from an industry upturn, with retail customer traffic levels holding steady, HomePride Finance operations growing and the strength of our Champion Home Center distribution network. In addition, we have our Genesis distribution, which shows a lot of long-term potential. However, it has not ramped up as quickly as we had hoped with sales increasing slightly from a year ago. We expect sales to builders and developers to be about 3,000 homes this year.

Champion Enterprises, Inc., headquartered in Auburn Hills, Michigan, is the industry's leading manufacturer and has produced nearly 1.6 million homes since the company was founded. The company operates 46 homebuilding facilities in 16 states and two Canadian provinces and 181 retail locations in 27 states. Independent retailers, including 604 Champion Home Center locations, and approximately 400 builders and developers also sell Champion-built homes. The company also provides financing for retail purchasers of its homes. Further information can be found at the company's website, www.championhomes.net.
