Edgar Filing: SCANSOFT INC - Form 8-K/A

1

On August 22, 2003, ScanSoft, Inc. (the "Registrant" or the "Company") filed a current report on Form 8-K to report the completion of its acquisition of SpeechWorks International, Inc. ("SpeechWorks"). On October 16, 2003, the Company filed amendment no. 1 to the original current report on Form 8-K, and thereby amended Item 7 thereof to include certain financial statements and pro forma information. By this amendment to such Form 8-K, the Registrant hereby further amends and restates such current report on Form 8-K/A as set forth herein.

Item 4.02

During the second quarter of fiscal 2004, as a result of information obtained in the resolution of a customer dispute, the Audit Committee of ScanSoft commenced an investigation of certain transactions recorded in the historical financial statements of SpeechWorks. As a result of the investigation, which was completed on or about August 9, 2004, ScanSoft identified several transactions which were not recorded in accordance with generally accepted accounting principles and accordingly, determined to restate the financial statements of SpeechWorks for fiscal years 2000, 2001, and 2002 and for the first six months of fiscal 2003. The individuals involved in these transactions are former officers of SpeechWorks and are no longer employed by or affiliated with ScanSoft. The following is a summary of the transactions that the Audit Committee concluded, in consultation with its independent advisors and its auditors, necessitated the restatement:

In one transaction in which \$900,000 of license fees were recorded as revenue during the first quarter of fiscal 2001, which under SpeechWorks' revenue recognition policy would have required delivery to end users, information obtained in the investigation caused ScanSoft to conclude that the sale of licenses to a customer were not intended to be and were not sold through or delivered to end users. Rather, the sale was made in return for SpeechWorks' concurrent amendment to the exercise provisions of a warrant to purchase its common stock held by the customer. As a result, what was originally reported as license fees should have been reported as equity. In a second set of transactions, information obtained in the investigation again caused ScanSoft to conclude that certain licenses were not sold through or delivered to end users at the time that the revenue was recorded by SpeechWorks. As a result, license fees totalling \$2,000,000, or \$1,000,000, \$500,000 and \$500,000 in the second, third and fourth quarters of 2001, respectively, should have been reported as deferred revenue and recorded as license revenue when sold through to end users in later periods. This correction resulted in the reduction of revenue for each of the three quarters and full year in 2001 as stated above and incremental license revenue of \$301,000, \$40,000 and \$118,000 in the second, third and fourth quarters of fiscal 2002 (\$459,000 for the year ended December 31, 2002); and \$138,000 and \$259,000 in the three and six month periods ended June 30, 2003.

ScanSoft also identified two transactions with the customer which were not originally accounted for under the provisions of Accounting Principles Board Opinion No. 29, Accounting for Nonmonetary Transactions ("APB No. 29"). Information obtained in the investigation caused ScanSoft to conclude that these transactions should have been accounted for under APB No. 29. Upon evaluation of the facts and circumstances surrounding the transactions, ScanSoft concluded that the transactions did not meet the requirements of APB No. 29, and therefore the transactions should have been recorded at cost which would have resulted in reduction of license revenue of \$1,037,000 in the year ended December 31, 2000 and reduction of cost of goods sold and a corresponding increase to prepaid and other current assets of \$478,000 and \$559,000 in the years ended December 31, 2000 and 2001, respectively.

Edgar Filing: SCANSOFT INC - Form 8-K/A

In addition, the restatement reflects the adjustment to correct the recognition of revenue and classification of costs associated with a transaction recorded under the percentage of completion method of accounting for which the total costs to complete were not properly reflected in the estimates to complete by SpeechWorks in the historical financial statements. As a result, revenue has been reduced by \$601,000 in the year ended December 31, 2001; \$664,000 in the year ended December 31, 2002; \$188,000 and \$587,000 in the three and six months ended June 30, 2002; and \$20,000 and \$78,000 in the three and six months ended June 30, 2003.

(b) and (c) Not applicable.

ITEM 9.01 FINANCIAL STATEMENTS AND EXHIBITS
