- DIP Debtor in Possession
- REIT Real Estate Investment Trust
- EUR Euro
- GBP British Pound Sterling
- * In U.S. dollars unless otherwise indicated.
- (1) Senior floating-rate interests (Senior Loans) often require prepayments from excess cash flows or permit the borrowers to repay at their election. The degree to which borrowers repay, whether as a contractual requirement or at their election, cannot be predicted with accuracy. As a result, the actual remaining maturity may be substantially less than the stated maturities shown. However, Senior Loans will have an expected average life of approximately two to four years. The stated interest rate

represents the weighted average interest rate of all contracts within the senior loan facility. Senior Loans typically have rates of interest which are redetermined either daily, monthly, quarterly or semi-annually by reference to a base lending rate, plus a premium. These base rates are primarily the London-Interbank Offered Rate (LIBOR), and secondarily the prime rate offered by one or more major United States banks (the Prime Rate) and the certificate of deposit (CD) rate or other base lending rates used by commercial lenders.

- (2) Represents a payment-in-kind security which may pay all or a portion of interest/dividends in additional par/shares.
- (3) Defaulted security. Currently the issuer is in default with respect to interest payments.
- (4) Unfunded or partially unfunded loan commitments. The Trust may enter into certain credit agreements all or a portion of which may be unfunded. The Trust is obligated to fund these commitments at the borrower s discretion.
- (5) Security valued at fair value using methods determined in good faith by or at the direction of the Trustees.
- Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be sold in transactions exempt from registration, normally to qualified institutional buyers. At February 28, 2009, the aggregate value of these securities is \$8,305,371 or 2.4% of the Trust s net assets.
- (7) Variable rate security. The stated interest rate represents the rate in effect at February 28, 2009.
- (8) Affiliated investment company available to Eaton Vance portfolios and funds which invests in high quality, U.S. dollar denominated money market instruments. The rate shown is the annualized seven-day yield as of February 28, 2009. Net income allocated from the investment in Cash Management Portfolio for the fiscal year to date ended February 28, 2009 was \$112,071.

A summary of financial instruments outstanding at February 28, 2009 is as follows:

Forward Foreign Currency Exchange Contracts Sales

Settlement Date	Deliver	In Exchange For	Ap	Unrealized preciation preciation)
	British Pound Sterling	United States Dollar	` ·	, í
3/31/09	9,813,942	13,911,362	\$	(92,035)
	Euro	United States Dollar		
3/31/09	18,171,429	23,054,092		52,743
			\$	(39,292)

At February 28, 2009, the Trust had sufficient cash and/or securities to cover commitments under these contracts.

The cost and unrealized appreciation (depreciation) of investments of the Trust at February 28, 2009, as determined on a federal income tax basis, were as follows:

Aggregate cost	\$ 874,260,068
Gross unrealized appreciation Gross unrealized depreciation	\$ 430,252 (301,791,523)
Net unrealized depreciation	\$ (301,361,271)

The Trust adopted Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157 (FAS 157), Fair Value Measurements, effective June 1, 2008. FAS 157 established a three-tier hierarchy to prioritize the assumptions, referred to as inputs, used in valuation techniques to measure fair value. The three-tier hierarchy of inputs is summarized in the three broad levels listed below.

Level 1 quoted prices in active markets for identical investments

Level 2 other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)

Level 3 significant unobservable inputs (including a fund s own assumptions in determining the fair value of investments)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

At February 28, 2009, the inputs used in valuing the Trust s investments, which are carried at value, were as follows:

	Valuation Inputs	Investments i Securities		Other Financial Instruments*	
Level 1	Quoted Prices	\$	14,092,902	\$	
Level 2	Other Significant Observable Inputs		557,877,021		(39,292)
Level 3	Significant Unobservable Inputs		928,874		
Total		\$	572,898,797	\$	(39,292)

* Other financial instruments are forward foreign currency exchange contracts not reflected in the Portfolio of Investments, which are valued at the unrealized appreciation (depreciation) on the instrument.

The following is a reconciliation of Level 3 assets for which significant unobservable inputs were used to determine fair value:

Investments in

Balance, as of May 31, 2008		Securities		
		462,500		
Realized gains (losses)		(433)		
Change in net unrealized appreciation (depreciation)		(1,572,650)		
Net purchases (sales)		(19,012)		
Accrued discount (premium)		9,410		
Net transfer to (from) Level 3		2,049,059		
Balance, as of February 28, 2009	\$	928,874		
Change in net unrealized appreciation (depreciation) in investments still held as				
of February 28, 2009	\$	(1,572,650)		

For information on the Trust s policy regarding valuation of investments and other significant accounting policies, please refer to the Trust s most recent financial statements included in its semiannual or annual report to shareholders.

Item 2. Controls and Procedures

(a) It is the conclusion of the registrant s principal executive officer and principal financial officer that the effectiveness of the registrant s current disclosure controls and procedures (such disclosure controls and procedures having been evaluated within 90 days of the date of this filing) provide reasonable assurance that the information required to be disclosed by the registrant on this Form N-Q has been recorded, processed, summarized and reported within the time period specified in the Commission s rules and forms and that the information required to be disclosed by the registrant on this Form N-Q has been accumulated and communicated to the registrant s principal executive officer and principal financial officer in order to allow timely decisions regarding required disclosure.

(b) There have been no changes in the registrant s internal controls over financial reporting during the fiscal quarter for which the report is being filed that have materially affected, or are reasonably likely to materially affect the registrant s internal control over financial reporting.

Signatures

Pursuant to the requirements of the Securities Exchange Act of 1934 and the Investment Company Act of 1940, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
