We have hired a new President and have issued shares to him which must be returned to the company if he does not meet certain employment and acquisition milestones.  NOTES TO FINANCIAL STATEMENTS
 (UNAUDITED)

Edgar Filing: COMBINED PROFESSIONAL SERVICES INC - Form 10QSB

1. Basis of Presentation

The accompanying unaudited financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB and Regulation S-B of the Securities and Exchange Commission. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements and should be read in conjunction with Notes to Financial Statements contained in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2001. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the six months ended June 30, 2002 are not necessarily indicative of the results that may be expected for the year ended December 31, 2002.

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. The Company has sustained recurring operating losses and has minimal assets. These factors raise substantial doubt as to the Company's ability to continue as a going concern. The Future of the Company is dependent upon its ability to raise additional working capital and to seek potential merger candidates.

3. Subsequent Event

On July 18, 2002, the Company elected a new director and president. On that same day, the Company cancelled the outgoing president's 4,500,000 shares of common stock and issued 4,000,000 shares to the new president.
