## **Section 1 Registrant's Business and Operations**

### **Item 1.01. Entry into a Material Definitive Agreement.**

This Current Report on Form 8-K/A amends the Form 8-K filed with the Commission on June 10, 2005, relating to the acquisition by Sunair Electronics, Inc. (the Company), through its subsidiary, Sunair Southeast Pest Holdings, Inc. (Sunair Southeast), of 100% of the issued and outstanding capital stock of Middleton Pest Control, Inc., a Florida corporation (Middleton) for an aggregate purchase price of: (i) \$35.0 million in cash; (ii) \$5.0 million in the form of a subordinated promissory note; and (iii) 1,084,599 shares of the Company's common stock, in accordance with a stock purchase agreement, dated June 7, 2005, among Sunair Southeast and the selling shareholders of Middleton.

Following the closing of the Middleton acquisition, the Company and the selling shareholders of Middleton determined that the final number of shares of the Company's common stock to be issued to the selling shareholders of Middleton should be 1,028,807 shares pursuant to the stock purchase agreement, not 1,084,599 shares as previously contemplated. Accordingly, new stock certificates representing an aggregate amount of 1,028,807 shares of the Company's common stock were issued to the selling shareholders of Middleton, and the original stock certificates representing an aggregate of 1,084,599 shares of the Company's common stock were cancelled. The newly issued stock certificates bear the restrictive legend contained on the original stock certificates, and are dated June 7, 2005, the date of the closing of the stock purchase agreement.

1. To reflect a Bank Line of Credit acquired by Sunair of \$11,000,000 less \$96,000 in closing costs to complete the acquisition of Middleton.
2. Reflects common stock of Sunair issued at \$.10 par value and additional paid-in capital as a result of the issuance, the promissory note given and the cash disbursed in connection with the acquisition of Middleton. Also included in the investment and recorded to accounts payable are acquisition costs of \$1,700,000 and the estimated tax effect of built-in capital gains of 1,400,000 as a result of Middleton relinquishing its status as an S-Corporation.

3. To reflect consolidation of the common stock, additional paid-in capital and retained earnings of Middleton and to reflect adjustment from book value to market value. The excess of purchase price over the book value was allocated first to customer lists at the appraised value on the date of purchase. The remainder was allocated to goodwill.
4. Middleton Pest Control, Inc. had elected in 1998 to be taxed as a Small Business Corporation under Subchapter S of the Internal Revenue Code. All taxable income was apportioned to the shareholders for inclusion in their individual income tax returns. The Company is reflecting the effect of Federal and State income taxes at a blended rate of 39%, as if Middleton was combined with Sunair as a C corporation.
